CCS Critical Comprehension Skills

CCS courses focus on reading and study skills essential for college success.

Students enrolling for the first time in a course requiring college-level reading skills must first take the reading assessment test. They will then be placed in a CCS course or be exempt based on their performance on the test.

Students who have appropriate standardized test scores such as ACT or SAT or who are transferring credit in two reading-intensive courses will be placed directly into college-level reading classes without taking the Parkland assessment test.

For more information, call 217/351-2217.
