### **Mission / Vision Statement**

We are Central Illinois' Premier Eco-Edu-Art Creative Reuse Marketplace! A place where artists, educators, recyclers, and friends can find re-use materials for the projects that fill our lives. A place where eco-friendly is more than an idea – it's what we do. Come check out our stocks of safe, clean, materials ripe for re-use. From the everyday to the every-which-way, re-purposed materials are our greatest and greenest resource for projects of every kind – and The I.D.E.A. Store is the place to find them!
