## Withdraw from a Class

You may withdraw from any class until 5 pm on the last business day of the week before the last week of instruction (this does not include final exams). Check the **College Calendar** for specific dates. A withdraw will show a W on your transcript and there is no refund for tuition.

Speak to your instructor before you decide to withdraw. Many times students withdraw from a class when they are still able to successfully complete the course, but do not have accurate information on their progress.

### To withdraw, you must do the following:

1. Download and complete the **withdraw form**.
2. Obtain a signature from your instructor(s) for the classes in which you'd like to withdraw.
3. Obtain a signature from Financial Aid and Veterans Services.
4. Return the fully completed form to the Admissions Office (U214) or email it to **registration@parkland.edu**.

A signature from Financial Aid is required on all withdraw requests to make sure that all students understand that there may be financial consequences for withdrawing from the class. We do not want any students to be missed. If a student is receiving financial aid, changing their class schedule may affect it. Please check with the Office of Financial Aid and Veteran Services, U286, prior to making schedule changes or withdrawing from classes.

**A withdraw can't be completed through the my.Parkland.edu site.**

# Additional Course Information

## Reading Assessment

Students enrolling at Parkland must demonstrate college-level reading proficiency. Students may demonstrate reading proficiency by any of the following measures:

1. Performance on Parkland's reading assessment test
2. ACT or SAT scores
3. High-school cumulative GPA of 3.0 or higher on an unweighted scale
4. Completion (grade of C or higher) of an appropriate transitional high-school course in English
5. GED score of 165 or comparable score on other high school equivalency tests
6. Completion (grade of C or higher) of an appropriate developmental course in reading at another regionally accredited college or university
7. Completion (grade of C or higher) of two non-mathematics IAI-approved GECC courses

*(Contact the director of reading for questions about interpretation.)*

Students who do not demonstrate college-level reading proficiency are required to take one or more CCS courses. Students whose reading skills are assessed at a level below Parkland's admission requirement will be referred to other resources.

See [Parkland College Placement Manual](#) for more information.

## English 102 Options

Parkland College offers two options of research-based composition (ENG 102): Liberal Arts Sections and Career-Oriented Sections. Both options fulfill freshman composition requirements for all Parkland College degree programs, and both transfer to other colleges and universities.

### Liberal Arts Sections of ENG 102

The even-numbered sections are a good choice for students majoring in humanities, arts, and social science fields, especially those who plan to complete a bachelor's degree and perhaps continue on to graduate or professional school. In liberal arts sections of ENG 102, students practice the skills required in academic research-based writing, including analysis, synthesis, interpretation, and evaluation of information and points of view from a variety of print and electronic sources. In several shorter research-based essays during the first part of the course, students develop the skills required for the longer research paper completed later in the course.

### Career-Oriented Sections of ENG 102

The odd-numbered sections are a good choice for students who plan careers in business, technical, and scientific fields, as well as some other careers such as law enforcement and health professions. In career-oriented sections of ENG 102, students practice the kinds of writing used in the workplace such as memoranda, business letters, proposals, and formal reports. Students research topics through a variety of methods and sources to develop the skills required for the final extended research paper.

## Mathematics Placement

Parkland College uses a multiple measures approach to math placement. Students are required to have valid placement through a prerequisite course or other placement measures prior to registering in any mathematics course. Measures for placement include high school GPA and successful completion of a 4th year of math, high school transitional math courses, scores from GED, SAT, ACT, PARRC, AP, and ALEKS, and previous coursework. Placement using high school GPA, standardized tests, transitional math courses, and developmental math courses is valid for two years. Placement from successfully completed college level courses is valid for five years.

## Computer Technology Center

Learn computers *at your own pace*: Word, Excel, Access, PowerPoint, computer basics, web technology, and more! Take classes online or in a supervised computer lab.

For CTC hours, semester course schedule, and other information, visit [parkland.edu/ctc](http://parkland.edu/ctc) or call **217/353-2165**.

## Fitness Center

The Parkland College Fitness Center is available to Parkland students, employees, and community members enrolled in credit classes KIN 103, KIN 147, KIN 203, or KIN 247. Anyone in these classes may use the facility whenever the Fitness Center is open. To sign up to use the Fitness Center, registrants must have a Parkland ID and complete the center's online orientation on Cobra Learning prior to first usage (or if the orientation was never taken). See [parkland.edu/fitnesscenter](http://parkland.edu/fitnesscenter) for hours and requirements. Additionally, due to COVID-19 it is imperative that we adhere to CDC and state health department guidelines. Fitness center users are currently required to schedule their workouts online at the following link – **Fitness Center Sign Up**. This will allow us to manage user population in the facility and follow all guidelines that have been put in place to keep the Fitness Center a safe environment to workout in. Upon entry everyone will be required to fill out a symptom survey and have their temperature checked before use.
