INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Parkland College District #505
Champaign, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of Parkland College District #505 (the College) and its discretely presented component unit (Parkland College Foundation) as of and for the years ended June 30, 2019 and 2018, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP); this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of Parkland College Foundation were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the College and of its discretely presented component unit as of June 30, 2019 and 2018 and the respective changes in financial position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 13, the Schedule of Proportionate Share of Net Pension Liability – SURS and Schedule of Contributions – SURS on page 57, the Schedule of Proportionate Share of OPEB Liability- CIP on page 59, and the Schedule of Contributions – CIP on page 60 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements of the College and its discretely presented component unit as of and for the years ended June 30, 2019 and 2018. The combining financial statements and other data in Schedules 1 through 19 are presented for purposes of additional analysis and are not a required part of the basic financial statements. The uniform financial statements in Schedules 20 through 24 and the certificate of chargeback reimbursement (Schedule 25) are presented for purposes of additional analysis as required by the Illinois Community College Board and are also not a required part of the basic financial statements. The accompanying Schedules 53 through 55, including the Schedule of Expenditures of Federal Awards, are presented for the purpose of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards,* and are also not a required part of the basic financial statements. The accompany schedules 37 through 52 are also presented for purposes of additional analysis required by the Illinois Grant Accountability and Transparency Act and are not a required part of the basic financial statements. As described in Note 21, Schedules 1 through 3, Schedules 6 through 9, Schedules 14 through 16, Schedule 20, and Schedules 22 through 24 are reported using the modified accrual basis of accounting, which is a comprehensive basis of accounting other than GAAP for a special-purpose government engaged only in business-type activities.

Schedules 1 through 25 and Schedules 37 through 55, including the schedule of expenditures of federal awards, are the responsibility of management. Schedules 1 through 25, except Schedule 19, and Schedules 37 through 55, were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Information on Schedules 1 through 25, except Schedule 19, and Schedules 37 through 55, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of American. In our opinion, the information in Schedules 1 through 25, except Schedule 19, and Schedules 37 through 55, including the schedule of expenditures of federal awards, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole, except for differences between GAAP for a special-purpose government engaged only in business-type activities and the modified accrual basis of accounting used for the schedules noted above.

Schedule 19 has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on Schedule 19.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards,* we have also issued a report dated October 2, 2019, on our consideration of the College's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Parkland Community College's (the "College" or "Parkland") Annual Financial Report presents management's discussion and analysis (MD&A) of the College's financial activities, and its component unit, the Parkland College Foundation (the "Foundation"), for the fiscal years ended June 30, 2019, 2018 and 2017. Since this management's discussion and analysis is designed to focus on current activities, resulting change and currently known facts, please read it in conjunction with the College's basic financial statements and footnotes. Management has prepared the financial statements and the related footnote disclosures along with the discussion and analysis. Responsibility for the completeness and fairness of this information rests with the College.

The MD&A contains comparisons between fiscal years 2019, 2018 and 2017 only.

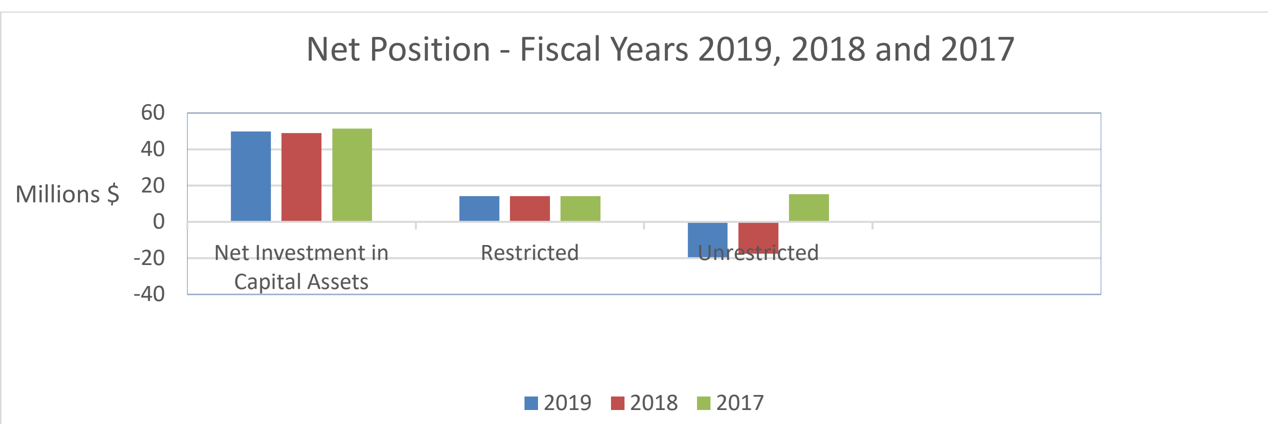
Using This Annual Report

The College's basic financial statements are designed to emulate corporate presentation models whereby all College activities are consolidated into one total. The focus of the Statements of Net Position is designed to be similar to bottom line results for the College. The Statements of Revenues, Expenses, and Changes in Net Position focus on the costs of the College's activities which are mainly supported by property taxes, State revenues, and tuition. This approach is intended to summarize and simplify the user's analysis of the cost of various College services to students and the public. In addition, Generally Accepted Accounting Principles (GAAP) requires the financial statement presentation to include the Foundation, which is defined as a component unit.

The Management Discussion and Analysis contains financial activity of Parkland. The College's component unit, the Foundation, has separately issued financial statements. These statements should be used for detailed information on the Foundation's financial activity for the year ending June 30, 2019. Copies of the Foundation's annual audit can be obtained from the Foundation office at Parkland College.

Primary Institution Financial Highlights

Comparative Net Position Chart



The Statement of Net Position

Net position is divided into three major categories. The first category, net investment in capital assets, provides the College's equity in property, plant, and equipment owned by the College. The next category is restricted net position, which is available for expenditure by the College but must be spent for purposes as determined by external entities that have placed time or purpose restrictions on the use of the assets, or enabling legislation. The final category is unrestricted net position. These assets are available for use by the College for any legal purpose.

Financial Analysis of the College as a Whole

Statement of Net Position
As of June 30
(in millions)

	2019	2018	2017
Current Assets	$ 51.7	$ 51.2	$ 48.6
Non-Current Assets:			
Capital Assets, Net of Depreciation	99.5	102.7	108.0
Total Assets	151.2	153.9	156.6
Deferred Outflows of Resources	1.0	0.6	0.3
Total Assets and Deferred Outflows of Resources	152.2	154.5	156.9
Current Liabilities	13.5	13.3	14.7
Non-Current Liabilities	89.4	92.9	61.4
Total Liabilities	102.9	106.2	76.1
Deferred Inflows of Resources	4.9	2.9	-
Net Position:			
Net Investment in Capital Assets	49.8	48.9	51.4
Restricted	14.1	14.1	14.2
Unrestricted	(19.5)	(17.6)	15.2
Total Net Position	$ 44.4	$ 45.4	$ 80.8

This schedule is prepared from the College's statement of net position which is presented on an accrual basis of accounting whereby assets are capitalized and depreciated.

Fiscal Year 2019 Compared to 2018

Net position decreased $1.0 million during fiscal year 2019. This decrease was due to a decrease in unrestricted net position of $1.9 million, offset by an increase of $0.9 million in net investment in capital assets.

Total liabilities decreased by $3.3 million to $102.9 million. This decrease was due to non-current liabilities decreasing by $3.5 million offset by current liabilities increasing by $0.2 million.

The change in Net Position is explained after the Analysis of Net Position chart.

Fiscal Year 2018 Compared to 2017

In FY2018, the College implemented GASB 75 that includes recording of Other Post-Employment Benefits (OPEB). This requires recording the liability relating to these benefits. See Note 13 for additional information.

Net position decreased $35.4 million during fiscal year 2018. This decrease was due to a decrease in unrestricted net position related to OPEB of $36.4 million, offset by a $3.6 million increase in other unrestricted net position, and by decreases in net investment in capital assets and restricted net position of $2.5 million and $0.1 million, respectively.

Total liabilities increased by $30.1 million to $106.2 million. This increase was due to non-current liabilities increasing by $31.5 million and current liabilities decreasing by $1.4 million.

The change in Net Position is explained after the Analysis of Net Position chart.

The Statement of Revenues, Expenses, and Changes in Net Position

The Statement of Revenues, Expenses, and Changes in Net Position presents the operating results of the College, and the non-operating revenues and expenses. Annual State appropriations and local property taxes, while budgeted for operations, are considered non-operating revenues according to GAAP. The Supplemental Information following the Financial Statements illustrates actual performance relative to the College's initial budget.

Operating Results For Year Ended June 30 (in millions)			
	2019	**2018**	**2017**
Operating Revenue:			
Tuition and Fees	$ 20.0	$ 20.7	$ 19.8
Auxiliary Enterprises	3.8	4.0	4.2
Other	1.5	1.4	1.6
Total	25.3	26.1	25.6
Less: Operating Expenses	107.9	109.6	102.6
Operating Loss	(82.6)	(83.5)	(77.0)
Non-Operating Revenue (Expenses):			
State Grants and Contracts	6.9	7.7	7.0
Local Property Taxes	32.1	31.0	30.6
Federal Grants and Contracts	18.6	19.7	20.0
On-Behalf Payments	26.8	25.4	24.2
Interest Expense	(2.6)	(2.7)	(2.6)
Debt Issuance Costs	(1.0)	-	-
Interest Income	0.2	-	-
Investment Income	0.6	0.4	0.2
Total	81.6	81.5	79.4
Increase (Decrease) in Net Position	(1.0)	(2.0)	2.4
Net Position, Beginning of Year	45.4	80.8	78.4
Cumulative Effect of GASB 75 Adoption	-	(33.4)	-
Net Position, End of Year	$ 44.4	$ 45.4	$ 80.8

Fiscal Year 2019 Compared to 2018

Operating revenues decreased $0.8 million from the prior year. Operating revenue decreased by $0.7 million and $0.2 million in the tuition & fees and auxiliary enterprises categories, respectively, and was offset by a $0.1 million increase in other revenues. The decrease in tuition and fees revenue reflects the decrease in tuition and fee revenue of $1.7 million combined with an increase of $0.4 million in scholarship allowance from the prior year. This resulted in the decrease in operating revenue as mentioned above.

In total, operating expenses decreased by $1.7 million. This is due to decreases in scholarship and grants of $0.9 million, other postemployment benefits of $1.0 million, academic support of $0.4 million, and auxiliary expenses of $0.8 million, offset by an increase of $1.4 million in on-behalf payments.

The non-operating revenues increased $0.1 million. This is due to increases in local property taxes of $1.1 million and $1.4 million in on behalf payments from the State of Illinois for the SURS pension plan (see note 12), offset by decreases in State Grants and Contracts of $0.8 million and federal grants (financial aid) of $1.1 million.

There are currently no other known facts, decisions, or conditions that will have a significant effect on the financial position (net position) or results of operation (revenue, expenses, and changes in net position).

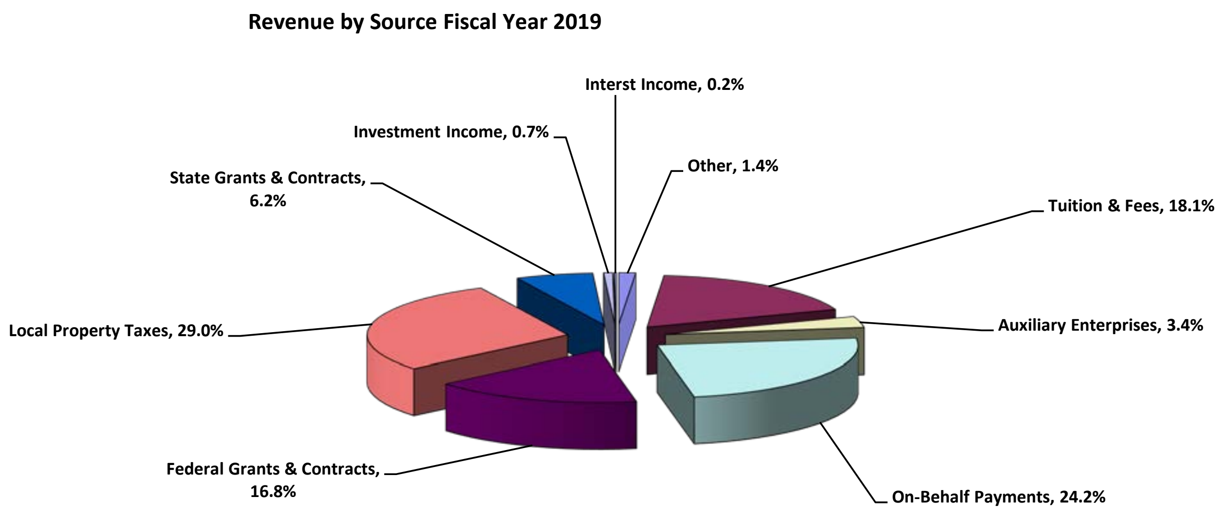
Fiscal Year 2018 Compared to 2017

Operating revenues increased $0.5 million from the prior year. Operating revenue increased by $0.9 million in the tuition & fees category and was offset by a $0.2 million decrease in other revenues along with a $0.2 million decrease in auxiliary revenues. The increase in tuition and fees revenue reflects the increase in fee revenue of $0.2 million combined with a decrease of $0.3 million in scholarship allowance from the prior year. This resulted in the increase in operating revenue as mentioned above.

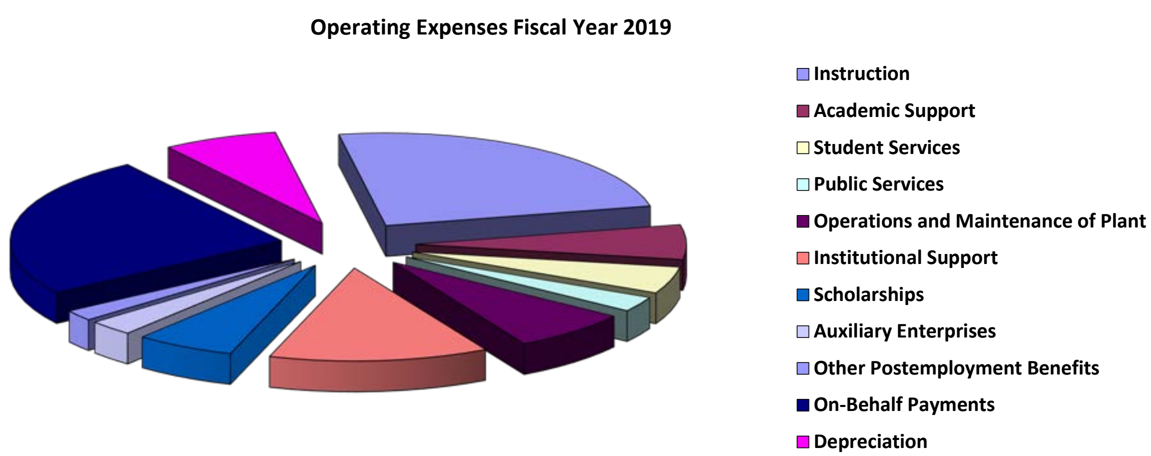
In total, operating expenses increased by $7.0 million. This is due to an increase in academic support of $1.2 million and institutional support of $1.2 million along with an increase in on-behalf payments of $1.2 million and an increase in other postemployment benefits of $3.0 million.

The non-operating revenues increased by $2.2 million. This is due to the increase in on-behalf payments of $1.2 million along with increases in investment income earned of $0.2 million and increases in State Grants and Contracts of $0.7 million. As for the non-operating revenue, the increase is due to receiving State funding along with local property tax increases.

There are currently no other known facts, decisions, or conditions that will have a significant effect on the financial position (net position) or results of operation (revenue, expenses, and changes in net position).

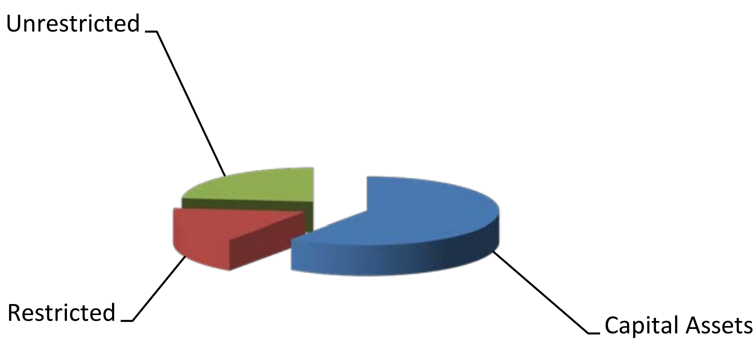


Operating Expenses For Year Ended June 30 (in millions)			
	2019	**2018**	**2017**
Operating Expenses:			
Instruction	$ 26.3	$ 26.8	$ 26.6
Academic Support	6.5	6.9	5.7
Student Services	5.0	4.9	5.0
Public Service	2.8	2.7	2.4
Operations and Maintenance of Plant	7.7	7.1	6.8
Instutitional Support	14.1	14.2	13.1
Scholarships	6.4	7.3	7.3
Auxiliary Enterprises	2.9	3.8	3.8
On-Behalf Payments	26.8	25.4	24.2
Other Postemployment Benefits	2.0	3.0	-
Depreciation	7.4	7.5	7.7
Total	$ 107.9	$ 109.6	$ 102.6



Analysis of Net Position June 30 (in millions)			
	2019	2018	2017
Net Position:			
Net Investment in Capital Assets	$ 49.8	$ 48.9	$ 51.4
Restricted	14.1	14.1	14.2
Unrestricted	(19.5)	(17.6)	15.2
Total	$ 44.4	$ 45.4	$ 80.8

Analysis of Net Position Fiscal Year 2019



Fiscal Year 2019 Compared to 2018

Total net position decreased by $1.0 million from fiscal year 2018 to fiscal year 2019. The net investment in capital assets increased $0.9 million, or 1.9% over the previous year. This increase was due mainly to the sum of capital asset additions funded with non-debt resources (see Note 6) and payments of principal on outstanding bonds related to capital assets exceeding depreciation. Restricted net position remained constant compared to the previous year and the unrestricted net position decreased by $1.9 million during fiscal year 2019.

Fiscal Year 2018 Compared to 2017

Total net position decreased by $35.4 million from fiscal year 2017 to fiscal year 2018. This included an equity restatement of $33.4 million. The net investment in capital assets decreased $2.5 million, or 4.9% over the previous year. This decrease was due mainly to depreciation exceeding the sum of capital asset additions funded with non-debt resources (see Note 6) and payments of principal on outstanding bonds related to capital assets. Restricted net position decreased by $0.1 million compared to the previous year and the unrestricted net position increased by $3.6 million during fiscal year 2018.

The Statement of Cash Flows

Another way to assess the financial health of an institution is to look at the Statement of Cash Flows. Its primary purpose is to provide relevant information about the cash receipts and cash disbursements of an entity during a period. The statement also helps users assess the College's ability to generate net cash flows, its ability to meet obligations as they come due, and its need for external financing. The College's Statement of Cash Flows is the final basic financial statement in the audited financial report.

Capital Asset Administration

At the end of fiscal year 2019, the College had $99.5 million invested in a broad range of capital assets (see table below). This amount represents a net decrease (including additions and depreciation) of $3.2 million. More detailed information about capital assets can be found in Note 6 to the Basic Financial Statements.

Capital Assets
As of June 30
(Net of Depreciation in millions)

	2019	2018	2017
Land	$ 1.8	$ 1.8	$ 1.8
Construction in Progress	0.6	2.3	1.2
Buildings	72.8	75.1	82.9
Land Improvements	20.6	20.4	22.3
Equipment	3.7	3.1	3.8
Total	$ 99.5	$ 102.7	$ 112.0

This year's major addtions included (in millions) excluding deletions:

PHS Fire Alarm Phase II	$ 1.9
Parking Lots M2&M3	1.6
Computer Equipment	0.9
IT Server/Hardware Upgrades	0.4
Total	$ 4.8

The College's fiscal year 2020 operating capital budget is $5.6 million. This capital budget will be used to finish the facility master plan and continue facility improvements.

Long-Term Debt Activity

The College's long-term debt decreased during 2019 from $97.4 million to $94.5 million. Bond premium of $4.2 million was recorded during fiscal year 2019 as a result of the bond refinancing. The general obligation bonds payable decreased $6.6 million during the year while the retirement obligation decreased $0.9 million. The decrease in bond obligations was due to the annual bond principal payments made during the fiscal year and the bond refinancing. In August 2019, S&P

reaffirmed Parkland's rating of AA Stable. Moody's most recent rating of Aa3 is from December 2017. More detailed information about long-term debt can be found in Note 8 to the Basic Financial Statements.

The College's master plan includes using available debt funds for additional facilities such as a student services building, automotive instructional facility and various deferred maintenance projects.

<u>Economic Factors That Will Affect the Future</u>

In August of 2018, the College refinanced all of its outstanding bond debt. The Refunding Bond sale was very successful which is attributed to several factors including the College's health credit rating and financial position, strong market conditions at the time of the sale and marketing efforts of the underwriting team. The Refunding Bonds did not extend the payment schedule and saved nearly $6.6 million in aggregate.

For fiscal year 2020, the Parkland College Board of Trustees increased tuition and fees $7 per credit hour for a total of $171 in-district per credit hour. This equates to a reasonable increase in tuition and fee revenues assuming the enrollment and residency mix stay constant for the upcoming fiscal year. The College also expects a modest increase in local property tax revenue due to 4% - 5% EAV growth. With the passage of a FY20 State budget, the College budgeted $5.0 million in State funding.

Parkland College continues to diligently monitor expenses. The College will continue to thoroughly review positions to decide whether each position is considered mission critical prior to filling vacancies. Also, the College has entered the fourth year with its health insurance administrator. The first several years yielded significant savings that will hopefully continue in FY20. The College continues to work with healthcare experts to determine the required actions of the College in the short and long term. The College hopes continue to realize savings on utilities through various green initiatives such as LED lighting, HVAC scheduling and a new waste hauling contract. Also, Parkland continues to realize savings on gas and electric use through guaranteed contracts with suppliers. The College's Administration and its Board will monitor other major factors related to its financial state including student enrollment and State funding in the upcoming years.

In fiscal year 2014, the College completed the student portion of the major administrative computing upgrade, which began in fiscal year 2008. The finance module went live July 1, 2008. The payroll/human resource module went live January 1, 2009. In conjunction with the software provider the College performed an audit of its administrative software in fiscal year 2011. This audit provided a roadmap of initiatives (including additional training and software enhancements) to continue to increase the efficiency of the system as a whole. The College in fiscal 2014 engaged an information technology consultant (Moran Technology) to evaluate the College's information systems. In fiscal year 2015, the College hired a Chief Information Officer who was charged with implementing various aspects of the technology master plan. Several items that have been completed are the transition to a new email system, singular password system and completion of the College website redesign. The College will continue to implement the technology master plan over the next several years with an emphasis on cybersecurity. The College recently had a cybersecurity consultation and is working toward employing specific recommendations from the report.

Parkland will continue capital improvements in its grounds and facilities. As noted earlier, this includes finishing the master plan remodeling. The College has two approved Capital Development Board projects which includes the S building rehab and the fountain courtyard rehab and restructure. The College also plans use PHS dollars to fund the campus electronic door lock upgrade phase I project.

The College's approved operating budget for fiscal year 2020 is $58.4 million. The total College budget is $102.7 million.

The Parkland Foundation will continue to raise money for the College's needs as described in its mission statement. This will include raising funds for scholarships and future capital projects.

The College received its 10-year accreditation from the Higher Learning Commission in late 2012. Also, the College submitted the assurance argument to Higher Learning Commission during FY18. The Higher Learning Commission responded that no follow-up is required and no official Commission action needs to be taken.

Dr. Ramage has informed the Board of Trustees of his planned retirement in Fall 2022. Through his leadership, the College has built an outstanding team of faculty and staff, built new facilities that inspire engagement in learning, maintained a strong financial standing, and yielded positive student outcomes. The College and Board of Trustees are confident Dr. Ramage will continue to pursue and accomplish ambitious goals that will propel the institution forward over the next three years.

Other than the above, the College is not aware of any currently known facts, decisions, or conditions that are expected to have a significant effect on the financial position or results of operations during the new fiscal year.

See Accompanying Notes

Parkland College District #505 (the College) is a governmental unit that provides post-secondary school education and vocational training for the people of East Central Illinois. The summary of accounting policies is presented to assist you in understanding the College's financial statements.

1. Reporting Entity

The College is a community college governed by an elected eight-member Board of Trustees. The College's district includes the counties of Champaign, Coles, DeWitt, Douglas, Edgar, Ford, Iroquois, Livingston, McLean, Moultrie, Piatt, and Vermilion. The College's mission is to provide affordable vocational, technical, and academic education.

As required by accounting principles generally accepted in the United States of America (GAAP), these financial statements present the financial reporting entity of the College, which consists of the College (the primary government of the reporting entity) and Parkland College Foundation (the Foundation), a discretely presented component unit of the College. The Foundation is a discretely presented component unit because the resources received and held by the Foundation are entirely for the direct benefit of the College, the College has the ability to access those resources through common Board members, and those resources are significant to the College.

The assets, liabilities, net assets, revenue, and expenses of the Foundation are included in the basic financial statements presented in Exhibits B and D.

Copies of the separately issued financial statements of the Foundation are available at the Foundation's office in Champaign, Illinois. There are no other entities for which the nature and significance of their relationship with the College are such that exclusion would cause the College's financial statements to be materially misstated or incomplete.

2. Basis of Accounting and Significant Accounting Policies

a. The financial statements of the College are prepared in accordance with GAAP. The Government Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments. GAAP includes all relevant GASB pronouncements plus other sources of accounting and financial reporting guidance noted in GASB Statement 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*.

b. The College has disclosed pension information based on the requirements of GASB Statement Number 68, *Accounting and Financial Reporting for Pensions*.

c. For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

d. Certain assets are classified as restricted on the statement of net position because their use is limited by tax levies, grant agreements, or other contractual agreements.

e. For purposes of preparing the statements of cash flows, restricted and unrestricted currency, demand deposits, money market accounts, and highly-liquid investments with a maturity of three months or less at issuance are considered cash and cash equivalents.

f. The College is authorized to invest in instruments outlined under Chapter 30, Section 235 of the Illinois Compiled Statutes. Such instruments include: direct obligations of federally insured banks and savings and loan associations; insured obligations of Illinois credit unions; securities issued or guaranteed by the U.S. Government; money market mutual funds investing only in U.S. Government based securities; commercial paper of U.S. corporations with assets over $500 million; short-term obligations as defined in the Public Fund Investment Act; and the investment pools managed by the State Treasurer of Illinois. The investments consist of negotiable and non-negotiable certificates of deposit with initial maturity terms in excess of three months, which are held at cost. The difference between the cost and fair value of the negotiable certificates of deposit is insignificant.

g. Accounts receivable include uncollateralized student obligations, which generally require payment by the first day of classes. Accounts receivable are stated at the invoice amount.

   Account balances unpaid at the middle of the term are considered past due. Collection costs may be applied to account balances still outstanding 30 days following the end of the semester. Payments of accounts receivable are applied to the specific invoices identified on the students' remittance advice or, if unspecified, to the earliest unpaid invoices.

   The carrying amount of accounts receivable for student tuition is reduced by a valuation allowance that reflects management's best estimate of amounts that will not be collected. The allowance for doubtful accounts is based on management's assessment of the collectability of accounts based on the aging of the accounts receivable by semesters. If the actual defaults are higher than the historical experience, management's estimates of recoverability of amounts due could be adversely affected. All accounts or portions thereof deemed to be uncollectible or to require an excessive collection cost are written off to the allowance for doubtful accounts. The total allowance as of June 30, 2019 and 2018 was $3,064,307 and $2,821,986, respectively.

   Accounts receivable also includes outstanding balances from federal and state funding sources and other miscellaneous items. No allowance has been provided for these receivables, as management believes these are fully collectible based on past experience with these funding sources.

h. The College levies property taxes each year, on all taxable real property located within the College's district, on or before the last Tuesday in December. The 2018 tax levy was passed by the Board of Trustees on December 2018. Property taxes attach as an enforceable lien on property as of January 1 and are typically payable in two installments on June 1 and September 1. The College receives significant distributions of tax receipts approximately one month after these due dates. Revenue from property taxes is recognized in the period for which they are intended to finance. The Board of Trustees resolved that the 2018 tax levy be allocated and recognized 55 percent in fiscal year 2019 and 45 percent in fiscal year 2020.

Property tax revenue for the years ended June 30, 2019 and 2018 were from the 2018 and 2017 levies and the 2017 and 2016 levies, respectively. Property tax receivables have not been reduced for an allowance as the College's historical collection experience indicates this amount is insignificant. However, at June 30, 2019 and 2018, the College has recorded an allowance of $1,978,547 for a potential property tax refund identified by the Champaign County Treasurer.

The College's tax levy rate for education and operations, building, and maintenance purposes is limited by Illinois statute to $0.75 and $0.10, respectively, per $100 of equalized assessed valuation. However, a local referendum allows only a maximum total of $0.36 per $100 of equalized assessed value for these two purposes. The College is also limited by Illinois statute to levy no more than $.005 and $.05 per $100 of equalized assessed value for audit purposes and protection, health and safety operations, and maintenance purposes, respectively.

i. Operating revenues include all activities that have the characteristics of exchange transactions, such as student tuition and fees, and sales and services of auxiliary enterprises, net of scholarship discounts and allowances. All other revenues are considered non-operating or other revenues.

j. Non-operating revenues include non-exchange transactions, in which the College receives value without directly giving equal value in return; this includes property taxes, federal, state, and local grants, state appropriations, and other contributions. On an accrual basis, the revenues from property taxes are recognized in the period for which they are intended to finance. Revenues from grants, state appropriations, and other contributions are recognized in the year which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when the use is first permitted, matching requirements, in which the College must provide local resources to be used for a specified purpose, or expenditure requirements, in which the resources are provided to the College on a reimbursement basis.

k. Inventories are stated at the lower of average cost or market. Cost is determined on a first-in, first-out (FIFO) basis.

l. Capital assets consist of property and equipment, which are recorded at cost. Major additions and those expenditures that substantially increase the useful life of a capital asset are capitalized. The College's capitalization threshold for property and equipment is $2,500 per unit and for site improvements and buildings is $25,000 per project. Maintenance, repairs, and minor additions and expenditures are expensed when incurred. Donated capital assets are recorded at estimated acquisition value at the date of donation.

   Major outlays for capital assets and improvements are capitalized as projects are constructed. The College provides for depreciation using the straight-line method over the estimated useful lives of the assets. The useful lives used by the College include 50 years for buildings, ten years for land improvements, and a range of three to ten years for equipment.

   Depreciation and amortization on the Statement of Revenues, Expenses and Changes in Net Position includes amortization for capital leases.

m. The financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The College has three items that qualify for reporting in this category. These items, deferred charge on refunding and deferred retirement plan contributions subsequent to measurement date, and deferred other postemployment benefit (OPEB) contributions subsequent to measurement date are reported in the Statements of Net Position. The deferred charge on refunding represents the excess of cash paid to the refunded bond escrow agent over the amount of refunded principal payments. The amount is deferred and recognized as an outflow of resources (expense) over the shorter of the remaining life of the refunded debt or the life of the refunding debt. The retirement plan contributions subsequent to measurement date deferred outflow item is the amount of contributions made by the College to the State Universities Retirement System (SURS or the System) for retirement benefits on grant funded salaries during the years ended June 30, 2019 and 2018. The OPEB contributions subsequent to measurement date deferred outflow item is the amount of contributions made by the College to the Community College Health Insurance Security Fund (CIP) for health insurance benefits on grant funded salaries during the years ended June 30, 2019 and 2018. These contributions occurred after the SURS and CIP measurement dates of June 30, 2018 and 2017 for the net pension liability and net OPEB liability and will be included in the net pension liability and net OPEB liability measurement at June 30, 2019 and 2018, and pension expense and other postemployment expense in fiscal years 2019 and 2018, respectively.

   The financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Other postemployment benefit related deferred inflows qualify for reporting in this category at June 30, 2019 and 2018. The other postemployment benefit deferred inflow consists of the unamortized portion of changes in assumptions and the net difference between projected and actual experience of the total OPEB liability.

n. Unearned revenue includes amounts received which represent payments for services to be provided in future periods for which asset recognition criteria has been met, but for which revenue recognition criteria have not been met. These amounts consist of unexpended grant funds and tuition and fee charges for a portion of the in-progress Summer semester and all of the upcoming Fall semester. The tuition and fee charges are prorated according to the timing of the semester.

o. Accrued compensated absences consist of accumulated unused vacation days up to a maximum of 56 days that employees are allowed to accumulate. Those days are guaranteed to be paid to employees upon termination of employment. The rate of accrued compensated absence is calculated based on the employee’s equivalent hourly rate as of Statement of Net Position date.

p. The College’s net position is classified as follows:

   Net Position

   - Net Investment in Capital Assets – This represents the College’s total investment in capital assets net of accumulated depreciation and related debt that has been used as of the statement of net position date to finance capital additions.

- Restricted Net Position – This includes resources that the College is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties or enabling legislation.

- Unrestricted Net Position – This includes resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources may be used for transactions relating to the educational and general operations of the College and may be used at the discretion of the governing board to meet current expenses for any purpose.

When both restricted and unrestricted resources are available to finance expenses for which restricted resources exist, it is the College's policy to first apply restricted resources to such expenses.

q. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the plan net position of the State Universities Retirement System (SURS or the System) and additions to/deduction from SURS' plan net position has been determined on the same basis as they are reported by SURS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For purposes of measuring the net other postemployment benefit (OPEB) liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the plan net position of the Community College Health Insurance Security Fund (CIP) and additions to/deduction from CIP's plan net position has been determined on the same basis as they are reported by CIP. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For the purposes of financial reporting, the State of Illinois and participating employers are considered to be under a special funding situation. A special funding situation is defined as a circumstance in which a non-employer entity is legally responsible for making contributions directly to a pension plan that is used to provide pensions to the employees of another entity or entities and either (1) the amount of the contributions for which the non-employer entity is legally responsible is not dependent upon one or more events unrelated to pensions or (2) the non-employer is the only entity with a legal obligation to make contributions directly to a pension plan. The State of Illinois is considered a non-employer contributing entity. Participating employers are considered employer contributing entities.

r. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

The most sensitive estimates affecting the financial statements were:

1. Valuation of the self-insured health benefit obligation

2. The valuation of the student tuition receivable

3. The useful lives of depreciable capital assets

4. The valuation of the early retirement obligation

3. Over Expenditure of Legal Budgets

The College over expended its legally adopted budget for the following fund in fiscal year 2019. Even though the fund was over expended, the fund's activity still resulted in a surplus for the year.

- The Audit Fund budget was over expended by $513. The over expenditure was due to audit expenses being higher than expected.

4. Deposits and Investments

Investments

At June 30, 2019 and 2018, the College held the following investments:

	2019	2018
Certificates of Deposit		
Non-Negotiable	$ 3,521,476	$ 3,166,886
Negotiable	2,728,674	2,978,165
Total Investments	$ 6,250,150	$ 6,145,051

Custodial Credit Risk – Bank Deposits

Custodial credit risk is the risk that in the event of a bank failure, the College's deposits may not be returned to it. The College's deposit policy requires that funds on deposit in excess of federal deposit insurance limits must be secured by collateral pledged by the financial institution. At June 30, 2019, $18,317,958 of the College's $18,867,506 bank balance, including certificates of deposit, was exposed to custodial credit risk. The assets exposed to custodial credit risk were fully collateralized by securities pledged by the depository banks, but such securities are not held in the name of the College.

Credit Risk and Interest Rate Risk – External Investment Pools

At June 30, 2019 and 2018, the College held $14,975,208 and $13,049,989, respectively, in the Illinois Funds Money Market Fund. The value of the College's position in this fund is equal to the value of the College's fund shares, which maintain a $1 net asset value. The portfolio is regulated by oversight of the Treasurer of the State of Illinois and private rating agencies. The portfolio has an AAAm rating from Standard and Poor's. The assets of the fund are mainly invested in securities issued by the United States government or agencies related to the United States and valued at amortized cost. Assets of the fund that are not invested in United States government securities are fully collateralized by pledged securities. The time to maturity of the investments in this external investment pool averages less than one year. The College has no restrictions on withdrawing funds from this external investment pool.

At June 30, 2019 and 2018, the College held a total of $0 and $1,893, respectively, in the Illinois School District Liquid Asset Fund Plus and MAX classes. The reported value of the College's position in this fund is equal to the value of the College's fund shares, which maintain a $1 net asset value. The Illinois School District Liquid Asset Fund is regulated by private rating agencies. The portfolios have an AAAm rating from Standard and Poor's. The assets of the fund are mainly invested in money market instruments having maximum remaining maturities of one year or less, except investments in U.S. Government securities, which may have up to two years remaining to maturity and are valued at amortized cost. Assets of the fund are fully collateralized by pledged securities. The time to maturity of the investments in this external investment pool averages less than one year. The College has no restrictions on withdrawing funds from this external investment pool.

Interest Rate Risk – Investments

Interest rate risk is the risk that a change in the market rate of interest for a category of debt securities will negatively impact the market value of a debt security. Interest rate risk is not directly addressed by the College's investment policy except for the general goal to "provide sufficient liquidity to pay obligations as they come due."

At June 30, 2019 and 2018, the District held the following investments subject to interest rate risk:

	Carrying Value	Weighted Average Maturity (Years)
Negotiable Certificates of Deposit	$ 2,728,674	1.09

5. Accounts Receivable, Net

Accounts Receivable, Net consists of the following at June 30:

	2019	2018
Tuition Receivables from Students, Net	$ 800,487	$ 901,219
State Replacement Tax	349,460	334,434
Tuition Receivables from Agencies	351,139	309,617
Grants from Federal and State Sources	743,699	782,796
Unrestricted State Funding	-	55,500
Other Receivables	191,881	189,579
Total Accounts Receivable, Net	$ 2,436,666	$ 2,573,145
Unrestricted	$ 1,692,967	$ 1,790,349
Restricted	743,699	782,796
Total Accounts Receivable, Net	$ 2,436,666	$ 2,573,145

6. Property and Equipment, Net

The following is a summary of changes in property and equipment for the year ended June 30, 2019:

	June 30, 2018	Additions	Disposals	June 30, 2019
Assets Not Being Depreciated:				
Land	$ 1,841,745	$ -	$ -	$ 1,841,745
Construction in Progress	2,327,680	2,191,685	(3,898,574)	620,791
Assets Being Depreciated:				
Buildings	116,623,250	-	-	116,623,250
Land Improvements	46,761,985	3,898,574	-	50,660,559
Equipment	24,109,119	2,030,998	-	26,140,117
Total Property and Equipment	191,663,779	8,121,257	(3,898,574)	195,886,462
Less: Accumulated Depreciation				
Buildings	(41,527,908)	(2,330,465)	-	(43,858,373)
Land Improvements	(26,458,852)	(3,623,500)	-	(30,082,352)
Equipment	(21,004,651)	(1,424,312)	-	(22,428,963)
Total Accumulated Depreciation and Amortization	(88,991,411)	(7,378,277)	-	(96,369,688)
Property and Equipment, Net	$ 102,672,368	$ 742,980	$ (3,898,574)	$ 99,516,774

The following is a summary of changes in property and equipment for the year ended June 30, 2018:

	June 30, 2017	Additions	Disposals	June 30, 2018
Assets Not Being Depreciated:				
Land	$ 1,841,745	$ -	$ -	$ 1,841,745
Construction in Progress	2,906,998	1,521,984	2,101,302	2,327,680
Assets Being Depreciated:				
Buildings	117,169,948	-	546,698	116,623,250
Land Improvements	44,660,683	2,101,302	-	46,761,985
Equipment	22,887,066	1,222,053	-	24,109,119
Total Property and Equipment	189,466,440	4,845,339	2,648,000	191,663,779
Less: Accumulated Depreciation				
Buildings	(37,938,789)	(3,589,119)	-	(41,527,908)
Land Improvements	(24,150,255)	(2,308,597)	-	(26,458,852)
Equipment	(19,402,414)	(1,602,237)	-	(21,004,651)
Total Accumulated Depreciation	(81,491,458)	(7,499,953)	-	(88,991,411)
Property and Equipment, Net	$ 107,974,982	$ (2,654,614)	$ 2,648,000	$ 102,672,368

7. Unearned Revenue

Unearned revenue consists of the following at June 30:

	2019	2018
Unearned Student Tuition and Fees	$ 1,877,721	$ 2,076,864
Other Unearned Revenue	979,623	586,155
Total Unearned Revenue	$ 2,857,344	$ 2,663,019

8. Long-Term Debt

The following is a summary of changes in long-term debt for the year ended June 30, 2019:

	June 30, 2018	Additions	Retired	June 30, 2019	Due Within One Year
Compensated Absences	$ 1,613,549	$ 1,430,000	$ 1,365,051	$ 1,678,498	$ -
Bonds	56,080,000	49,510,000	56,080,000	49,510,000	2,970,000
Unamortized Bond Premium	-	4,200,523	222,755	3,977,768	381,866
Retirement Obligation	5,831,725	699,665	1,596,593	4,934,797	1,778,703
Other Postemployment Benefit	33,871,311	749,605	240,643	34,380,273	-
Total Long-Term Debt	$ 97,396,585	$ 56,589,793	$ 59,505,042	$ 94,481,336	$ 5,130,569

The following is a summary of changes in long-term debt for the year ended June 30, 2018:

	June 30, 2017	Additions	Retired	June 30, 2018	Due Within One Year
Compensated Absences	$ 1,600,878	$ 1,430,000	$ 1,417,329	$ 1,613,549	$ -
Bonds	58,575,000	-	2,495,000	56,080,000	2,830,000
Retirement Obligation	5,357,185	2,169,379	1,694,839	5,831,725	1,672,952
Other Postemployment Benefit	33,802,905	310,655	242,249	33,871,311	-
Capital Lease Obligations	19,717	-	19,717	-	-
Total Long-Term Debt	$ 99,355,685	$ 3,910,034	$ 5,869,134	$ 97,396,585	$ 4,502,952

The College issued general obligation community college bonds in March 2009 to refund three outstanding debt certificates. The debt certificate was refunded with the proceeds from the general obligation community college bonds described below.

The College issued 2010A general obligation community college bonds in February 2010 to refund the College's outstanding debt certificate. The general obligation bond was refunded with the proceeds from the general obligation community college bonds described below.

The College issued 2010B general obligation community college bonds (alternative revenue source) in February 2010 to fund building construction projects. The general obligation bond was refunded with the proceeds from the general obligation community college bonds described below.

On December 1, 2018, the College issued General Obligation Refunding Bonds 2018A and 2018B and General Obligation Refunding Bond (Alternative Revenue Source) 2018C to refund all outstanding bonds held by the College. No defeasance of debt occurred during the transaction and all existing deferred refunding expenses were carried at existing amortization periods. The refunding resulted in a bond premium of $4,200,523, of which $222,755 was amortized into interest income in fiscal year 2019. The remaining $3,977,768 is amortized over 10 years.

The College has pledged future revenues to repay the principal and interest of the 2018C general obligation community college bonds (alternative revenue source). Principal and interest on these bonds are payable through December 2029 from the College's student fees and other lawfully available funds of the College, which essentially consists of the operating revenue of the College's Education and Operations and Maintenance-Operational sub-funds. Annual principal and interest payments on the bonds are expected to require approximately a maximum of 3.54 percent of such revenues. The principal and interest payments for alternative revenue source bonds for fiscal years 2019 and 2018 were $661,407 and $743,978, respectively. The College's pledged revenues totaled $19,579,063 and $20,588,647 for fiscal years 2019 and 2018, respectively. At June 30, 2019, pledged future revenues totaled $7,540,150, which is the amount of the remaining principal and interest on the bonds.

Maturities of the bonds are as follows:

Fiscal Year Ending June 30	Principal	Interest	Total
2020	$ 2,970,000	$ 2,016,010	$ 4,986,010
2021	3,395,000	1,888,710	5,283,710
2022	3,845,000	1,743,910	5,588,910
2023	4,330,000	1,580,410	5,910,410
2024	4,860,000	1,396,610	6,256,610
2025-2029	29,445,000	2,983,210	32,428,210
2030	665,000	16,625	681,625
	$ 49,510,000	$ 11,625,485	$ 61,135,485

The deferred refunding expense, which is included in deferred outflows of resources on the statement of net position, will be amortized as follows:

Fiscal Year Ending June 30	
2020	$ 65,220
2021	22,030
	$ 87,250

Total amortization for the year ended June 30, 2019 and 2018 was $77,170. This amount is included in interest expense.

Total interest incurred for all long term debt for the year ended June 30, 2019 and 2018 was $2,565,939 and $2,680,536, respectively, including the amortization of the refunding expense. The remaining interest has been expensed on the statement of revenues, expenses, and changes in net position.

In Fiscal Year 2009, the College defeased debt certificates by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old debt.

Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the College's financial statements. At June 30, 2019 and 2018, $1,795,000 and $2,500,000 of debt principal is considered defeased.

In August 2018, S&P reaffirmed Parkland's rating of AA Stable. Moody's most recent rating of Aa3 is from April 2016.

9. Lease Revenue

The College is the lessor of office and rooftop space, as well as a wireless frequency area, under eight operating leases. Two of the office leases expired on September 30, 2018 without formal renewal but are continuing to be leased under a rollover clause month-to-month, one expired on June 30, 2019 without formal renewal, and the other two expire on June 30, 2023 and July 1, 2029. The rooftop space lease expired in August 2019. The wireless frequency lease expires on November 1, 2025. Each lease has an early termination clause at the option of the lessee. The cost of the office facility leased was $3,600,000 at June 30, 2019 and 2018. The carrying value was $2,966,400 and $3,024,000 at June 30, 2019 and 2018, respectively. The College also has a lease for an AT&T wireless frequency area expiring in July 2029 with options to renew for up to an additional ten years.

Minimum future rentals to be received on these leases, including periods subject to early termination, are as follows:

Fiscal Year Ending June 30,		
2020	$	108,960
2021		110,505
2022		110,505
2023		110,505
2024		60,630
Thereafter		114,355
Total	$	615,460

10. Lease Commitments

The College is obligated under various non-cancellable operating leases for office equipment with terms expiring at various dates from April 2021 through June 2022. The College is obligated under one non-cancellable lease for a communications tower running through July 2028. Additionally, the College is obligated for one cancellable operating lease for the airplanes used in its aviation program, with terms running through August 2020. An operating lease does not give rise to property rights or purchase obligations and, therefore these lease agreements are not reflected in the college's capital assets.

Future minimum lease payments under these operating leases are as follows:

Fiscal Year Ending June 30,		
2020	$	113,876
2021		110,695
2022		30,131
2023		12,442
2024		14,723
Thereafter		60,964
Total	$	342,831

Total rental expense for leased equipment and facilities for the years ending June 30, 2019 and June 30, 2018, was $117,766 and $114,364, respectively.

11. Early Retirement Plan

The College offers an early retirement incentive program to its employees. For an employee to be eligible, the employee must have been employed at the College on a full-time basis for at least 15 years and be at least 55 years old at retirement, or employed on a full-time basis for a least 25 years with no age requirement. For the health, safety and security officers and the professional academic staff, upon reaching eligibility, the bargaining unit member has five years following the date in which he/she achieved eligibility to retire under the plan and must declare by November 15 at least one and half contract years preceding the retirement date. For professional support staff, the employee must declare six months prior to the desired retirement date. When an employee declares retirement as specified above, he/she will receive a one-time stipend of 10 percent of their final base salary, which is paid on the retirement date. An amount equal to the final base salary will be paid in equal monthly payments over the four-year period beginning the month following the retirement date. The employee will also receive an annual stipend for four years following retirement equal to the College Insurance Plan indemnity plan annual premium rate divided by 69 percent, readjusted annually according to the new yearly rate. The rate was $5,833 for the years ended June 30, 2019 and 2018. The initial stipend will be based on the July 1 rate closest to the retiree's retirement date. At June 30, 2019 and 2018, this early retirement plan had 82 and 88 active participants, respectively.

Effective August 15, 2013, the College started a new retirement plan for academic employees, which includes all full-time faculty, professors who have previously been employed as full-time faculty for at least 15 years, full-time counselors, and full-time librarians. As of June 30, 2019 and 2018, this early retirement plan had 19 and 26 active participants, respectively.

Early retirement plan expense was $699,665 and $2,169,379 for fiscal years 2019 and 2018, respectively. At June 30, 2019 and 2018, the College had accrued a liability of $4,934,797 and $5,831,725, respectively, for future required payments for the College's declared retirees under the plans described above. The liability was calculated based on the present value of future payments discounted at the Wall Street Journal Prime Rate, which was 5.5 and 5 percent at June 30, 2019 and 2018, respectively. A static College Insurance Plan indemnity plan annual rate was used in calculating the liability.

12. Pension Plan

Plan Description

The College contributes to SURS, a cost-sharing multiple-employer defined benefit pension plan with a special funding situation whereby the State of Illinois makes substantially all actuarially determined required contributions on behalf of the participating employers. SURS was established July 21, 1941 to provide retirement annuities and other benefits for staff members and employees of state universities, certain affiliated organizations, and certain other state educational and scientific agencies and for survivors, dependents, and other beneficiaries of such employees. SURS is considered a component unit of the State of Illinois' financial reporting entity and is included in the state's financial reports as a pension trust fund. SURS is governed by Chapter 40, Act 5, Article 15 of the *Illinois Compiled Statutes*. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at www.SURS.org.

Benefits Provided

A traditional benefit plan was established in 1941. Public Act 90-0448 enacted effective January 1, 1998, established an alternative defined benefit program known as the portable benefit package. The traditional and portable plan Tier 1 refers to members that began participation prior to January 1, 2011. Public Act 96-0889 revised the traditional and portable benefit plans for members who begin participation on or after January 1, 2011, and who do not have other eligible Illinois reciprocal system services. The revised plan is referred to as Tier 2. New employees are allowed six months after their date of hire to make an irrevocable election. A summary of the benefit provisions as of June 30, 2018 can be found in the System's comprehensive annual financial report (CAFR) Notes to the Financial Statements.

Contributions

The State of Illinois is primarily responsible for funding the System on behalf of the individual employers at an actuarially determined amount. Public Act 88-0593 provides a Statutory Funding Plan consisting of two parts: (i) a ramp-up period from 1996 to 2010 and (ii) a period of contributions equal to a level percentage of the payroll of active members of the System to reach 90 percent of the total Actuarial Accrued Liability by the end of Fiscal Year 2045. Employer contributions from "trust, federal, and other funds" are provided under Section 15-155(b) of the Illinois Pension Code and require employers to pay contributions which are sufficient to cover the accruing normal costs on behalf of applicable employees. The College normal cost for fiscal year 2018 and 2019 respectively, was 12.46 percent and 12.29 percent of employee payroll. The normal cost is equal to the value of current year's pension benefit and does not include any allocation for the past unfunded liability or interest on the unfunded liability. Plan members are required to contribute 8.0 percent of their annual covered salary. The contribution requirements of plan members and the College are established and may be amended by the Illinois General Assembly.

The College makes contributions toward separately financed specific liabilities under Section 15.139.5(e) of the Illinois Pension Code (relating to contributions payable due to the employment of "affected annuitants" or specific return to work annuitants), Section 15.155(g) (relating to contributions payable due to earning increases exceeding 6 percent during the final rate of earnings period), and Section 15-155(j-5) (relating to contributions payable due to earnings exceeding the salary set for the Governor).

Net Pension Liability

At June 30, 2018, SURS reported a net pension liability (NPL) of $27,494,556,682.

Employer Proportionate Share of Net Pension Liability

The amount of the proportionate share of the net pension liability to be recognized for the College is $0. The proportionate share of the State's net pension liability associated with the College is $252,207,568 or 0.9173 percent. This amount should not be recognized in the financial statements. The net pension liability was measured as of June 30, 2018, and the total pension used to calculate the net pension liability was determined based on the June 30, 2017 actuarial valuation rolled forward. The basis of allocation used in the proportionate share of net pension liability is the actual reported pensionable contributions made to SURS during fiscal year 2018.

Pension Expense

At June 30, 2018, SURS reported a collective net pension expense of $2,685,322,700.

Employer Proportionate Share of Pension Expense

The College's proportionate share of collective pension expense should be recognized similarly to on-behalf payments as both revenue and matching expenditure in the financial statements. The basis of allocation used in the proportionate share of collective pension expense is the actual reported pensionable contributions made to SURS during fiscal year 2018. As a result, the College recognized on-behalf revenue and pension expense of $24,632,465 for the fiscal year ended June 30, 2019.

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Deferred Outflows of Resources are the consumption of net position by the system that is applicable to future reporting periods.

SURS Collective Deferred Outflows and Deferred Inflows of Resources by Sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	$65,521,614	$181,032,053
Changes in assumption	1,286,257,095	123,218,306

Net difference between projected and actual earnings on pension plan investments	26,810,634	0
Total	$ 1,378,589,343	$ 304,250,359

SURS Collective Deferred Outflows and Deferred Inflows of Resources by Year to be Recognized in Future Pension Expenses

Fiscal Year Ending June 30	
2019	$ 763,171,084
2020	540,443,042
2021	(192,612,398)
2022	(36,662,744)
Total	$1,074,338,984

Employer Deferral of Fiscal Year 2018 Pension Expense

The College paid $62,972 in federal, trust or grant contributions for the fiscal year ended June 30, 2019. These contributions were made subsequent to the pension liability measurement date of June 30, 2018 and are recognized as Deferred Outflows of Resources as of June 30, 2019.

Assumptions and Other Inputs

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period June 30, 2014 – 2017. The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

- Inflation: 2.25 percent
- Salary increases: 3.25 to 12.25 percent, including inflation
- Investment rate of return: 6.75 percent beginning with the actuarial valuation as of June 30, 2018

Mortality rates were based on the RP2014 Combined Mortality Table with projected generational mortality and a separate mortality assumption for disabled participants.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant(s) and actuary(s). For each major asset class that is included in the pension plan's target asset allocation as of June 30, 2018, these best estimates are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. Equity	23%	5.00%
Private Equity	6%	8.50%
Non-U.S. Equity	19%	6.45%
Global Equity	8%	6.00%
Fixed Income	19%	1.50%
Treasury-Inflation Protected Securities	4%	0.75%
Emerging Market Debt	3%	3.65%
Real Estate REITS	4%	5.45%
Direct Real Estate	6%	4.75%
Commodities	2%	2.00%
Hedged Strategies	5%	2.85%
Opportunity Fund	1%	7.00%
Total	100%	
Weighted Average		4.55%
Inflation		2.75%
Expected Arithmetic Return		7.30%

Discount Rate

A single discount rate of 6.65 percent was used to measure the total pension liability. This single discount rate was based on an expected rate of return on pension plan investments of 6.75 percent and a municipal bond rate of 3.62 percent (based on the weekly rate closest to but not later than the measurement date of the 20-Year Bond Buyer Index as published by the Federal Reserve). The projection of cash flows used to determine this single discount rate were the amounts of contributions attributable to current plan members and assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the statutory contribution rates under the System’s funding policy. Based on these assumptions, the pension plan’s fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2075. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2075, and the municipal bond rate was applied to all benefit payments after that date.

Sensitivity of the System's Net Pension Liability to Changes in the Discount Rate

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate of 6.65 percent, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is one percentage point lower or one percentage point higher:

1% Decrease 5.65%	Current Single Discount Rate Assumption 6.65%	1% Increase 7.65%
$33,352,188,584	$27,494,556,682	$22,650,651,520

Additional information regarding the SURS basic financial statements including the Plan Net Position can be found in the SURS comprehensive annual financial report by accessing the website at www.SURS.org.

13. Post-Employment Benefits Other Than Pension (OPEB)

Plan Description

The College participates in the State of Illinois Community College Health Insurance Security Fund (CCHISF) (also known as the College Insurance Program "CIP"). CIP is a non-appropriated trust fund held outside the State Treasury, with State Treasurer as custodian. Additions deposited into the Trust are for the sole benefit of providing the health benefits to retirees, as established under the plan, and associated administrative costs. CIP is a cost-sharing multiple-employer defined benefit post-employment healthcare plan that covers retired employees and their dependents of Illinois community college districts throughout the State of Illinois, excluding the City Colleges of Chicago. The Department of Central Management Services (Department) administers the plan with the cooperation of SURS and the boards of trustees of the various community college districts.

Plan Membership

All members receiving benefits from the SURS who have been full-time employees of a community college district or an association of a community college who have paid the required active member CIP contributions prior to retirement are eligible to participate in CIP. Survivors of an annuitant or benefit recipient eligible for CIP coverage are also eligible for coverage under CIP.

Benefits Provided

CIP health coverage includes provisions for medical, prescription drugs, vision, dental, and behavioral health benefits. Eligibility to participate in the CIP is defined in the State Employees Group Insurance Act of 1971 (Act) (5 ILCS 375/3). The Act (5 ILCS 375/6.9) also establishes health benefits for community college benefit recipients and dependent beneficiaries.

Contributions

The Act requires every active contributor (employee) of SURS to contribute .5 percent of covered payroll and every community college district to contribute .5 percent of covered payroll. Retirees pay a premium for coverage that is also determined by the ILCS. The State Pension Funds Continuing Appropriation Act (40/ILCS 15/1.4) requires a special funding situation whereby the State of Illinois to make an annual appropriation to the CIP to cover any expected expenditures in excess of the contributions by active employees, employers, and retirees. The result is pay as you go financing of the plan. The employer contributions made by the state of Illinois on behalf of the District to CIP and the College's contributions for the years ended June 30, 2019 and 2018 were and $164,448 and $159,254, respectively.

Net OPEB Liability

At June 30, 2018, CIP reported a net pension liability of $1,885,251,764.

Employer Proportionate Share of Net OPEB Liability

The proportionate share of the net OPEB liability reported by the College is $34,380,273. The State of Illinois is considered a non-employer contributing entity and the state's contribution meets the definition of special funding situation. The net OPEB liability was measured as of June 30, 2018. The total OPEB liability used to calculate the net OPEB liability was determined based on the June 30, 2018 actuarial valuation rolled forward. The College's proportion of the net OPEB liability was based on the College's share of contributions to the OPEB plan relative to the contributions of all participating employers and the state of Illinois. At June 30, 2018, the College's proportion was 1.823644 percent.

OPEB Expense

At June 30, 2017, CIP reported a collective net OPEB expense of $125,287,478.

Employer Proportionate Share of OPEB Expense

For the year ended June 30, 2019, the College recognized proportionate share of collective OPEB expense of $2,285,095. The basis of allocation used in the proportionate share of collective OPEB expense is the actual reported contributions made to CIP during fiscal year 2018.

Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

Deferred Outflows of Resources are the consumption of net position by the system that is applicable to future reporting periods.

Deferred Inflows of Resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

Deferred Outflows and Deferred Inflows of Resources by Sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	$505,306	$75,299
Changes in assumption	0	4,303,396
Net difference between projected and actual earnings on pension plan investments	169,987	1,123
Changes in proportion and differences between employer contributions and share of contributions	0	557,415
Total deferred amounts to be recognized in OPEB expense in future periods	675,293	4,937,233
OPEB contributions made subsequent to the measurement date	164,448	0
Total deferred amounts related to OPEB	$839,741	$4,937,233

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense in future periods as follows:

Fiscal Year Ending June 30	Deferred Outflows of Resources	Deferred Inflows of Resources
2019	$ 135,059	$ 987,447
2020	135,059	987,447
2021	135,059	987,447
2022	135,058	987,446
2023	135,058	987,446
Total	$ 675,293	$ 4,937,233

Employer Deferral of Fiscal Year 2018 OPEB Expense

The State of Illinois paid $164,448 in OPEB contributions on-behalf of the College for the fiscal year ended June 30, 2019. These contributions were made subsequent to the OPEB liability measurement date of June 30, 2018 and are recognized as Deferred Outflows of Resources as of June 30, 2019.

Assumptions and Other Inputs

The total CIP plan's net OPEB liability was determined by an actuarial valuation as of June 30, 2017 using the following actuarial assumptions, applied to all periods included in the measurement date, unless otherwise specified.

- Inflation – 2.75 percent
- Salary increases – depends on service and ranges from 10.00 percent at less than 1 year of service to 3.75 percent at 34 or more years of service. Salary increases include a 3.75 percent wage inflation assumption.
- Investment rate of return – 0 percent, net of OPEB plan investment expense, including inflation
- Healthcare cost rend rates – actual trend used for fiscal year 2018. For fiscal years on or after 2019, trend starts at 8.00 percent and 9.00 percent for non-Medicare costs and post Medicare costs, respectively, and gradually decreases to an ultimate trend rate of 4.50 percent. Additional trend rate of 0.41 percent is added to non-Medicare cost on and after 2022 to account for the Excise tax.

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table. For disabled annuitants, mortality rates were based on the RP-2014 Disabled Annuitant Table. Mortality rates for pre-retirement were based on RP-2014 White Collar Table. Tables were adjusted for SURS experience. All tables reflect future mortality improvements using Projection Scale MP-2014.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period of June 30, 2010 to June 30, 2014.

Discount Rate

Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since CIP is financed on a pay-as-you-go basis, a discount rate consistent with the 20-year general obligation bond index has been selected. The discount rates are 3.56 percent as of June 30, 2017 and 3.62 percent as of June 30, 2018.

Sensitivity of total CIP's net OPEB liability to changes in the Single Discount Rate

The following presents the College's proportional share of the net OPEB liability, calculated using a Single Discount Rate of 3.62 percent, as well as what the total CIP's plan net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.62 percent) or 1-perctnage-point higher (4.62 percent) than the current discount rate:

1% Decrease 2.62%	Current Single Discount Rate Assumption 3.62%	1% Increase 4.62%
$39,845,852	$35,675,833	$30,955,432

Sensitivity of the total CIP's plan Net OPEB liability to changes in the healthcare cost trend rates

The following presents the College's share of the net OPEB liability, calculated using the healthcare cost trend rates as well as what the total CIP's net OPEB liability would be if it were calculated using healthcare cost trend rates. The key trend rates are 8.00 percent in 2019 decreasing to an ultimate trend rate of 4.91 percent in 2026, for non-Medicare coverage and 9.00 percent in 2019 decreasing to an ultimate trend rate of 4.5 percent in 2028 for Medicare coverage.

1% Decrease	Current Healthcare Cost Trend Rate Assumption	1% Increase
$28,501,026	$34,380,281	$42,118,271

- One percentage point decrease in healthcare trend rates are 7.00 percent in 2019 decreasing to an ultimate trend rate of 3.91 percent in 2026, for non-Medicare coverage and 8.00 percent in 2019 decreasing to an ultimate trend rate of 3.5 percent in 2028 for Medicare coverage.

- One percentage point increase in healthcare trend rates are 9.00 percent in 2019 decreasing to an ultimate trend rate of 5.91 percent in 2026, for non-Medicare coverage and 10.00 percent in 2019 decreasing to an ultimate trend rate of 5.5 percent in 2028 for Medicare coverage.

The College provides no other financially significant postemployment benefit to employees.

14. On-Behalf Payments for Fringe Benefits

For the years ending June 30, 2019 and 2018, payments for fringe benefits made by the State of Illinois on behalf of the College to SURS were $24,632,465 and $22,408,771 for pensions and to CIP were $2,174,699 and $2,953,777 for other postemployment benefits, respectively.

15. Related-Party Transactions

The Foundation is a nonprofit corporation organized for the purpose of furthering the excellence of education at the College. The Foundation is considered a related party due to common Board members. The College and Foundation have the following related-party transactions:

- The College holds the Foundation's cash in a College bank account and records a liability equal to the cash balance held. In addition, the College advances operating funds to the Foundation under a non-interest-bearing, working-cash loan agreement. Any receivable balance for this working-cash loan is netted against the cash balance held for the Foundation. At June 30, 2019 and 2018, the net amount owed to the Foundation was $469,224 and $732,425, respectively.

- During the years ended June 30, 2019 and 2018, the College incurred costs for the Foundation in the form of donated in-kind services in the amount of $146,635 and $148,865, respectively.

- The Foundation donates scholarships as well as certain in-kind items to the College to support the students and programs of the College. The total value of these items, as calculated by the Foundation, for the years ended June 30, 2019 and 2018, was $1,174,684 and $851,365, respectively. Included in these in-kind items is the annual lease value of agricultural equipment used by the College through the Foundation. The annual value of this lease was $350,000 for each fiscal year. The College has not recorded revenue or equivalent expense for this lease in fiscal years 2019 or 2018.

16. Self-Insurance

The College sponsors a health, dental, and accidental death and dismemberment insurance plan for its employees. The College pays a minimum premium to provide for administration of the health plan and claims up to the aggregate maximum liability. The College carries insurance to limit its excess liability. Aggregate maximum liability under the policy is a factor of the group census. The College is contingently liable for any deficit the health, dental, and accidental death and dismemberment plan may incur.

Claim liabilities are based on the requirements of GASB Statements which require that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. At June 30, 2019 and 2018, the submitted and estimated accrued claims were $720,000 and are included in the accrued liabilities on the Statement of Net Position.

The stop-loss limit for the health insurance plan at June 30, 2019 and 2018 was $200,000. This liability is based on estimates and the ultimate liability may be greater or less than the amount estimated. The methods used to calculate such estimates are continually reviewed, and any adjustments will be reflected in a future period.

The change in the claim liability over the past two fiscal years was as follows:

	2019	2018
Accrued Claims, Beginning of Year	$ 720,000	$ 720,000
Incurred Claims	4,818,248	4,604,976
Claim Payments	(4,818,248)	(4,604,976)
Accrued Claims, End of Year	$ 720,000	$ 720,000

17. Other Risk Management Issues

The College is exposed to various risks of loss due to torts, theft, or damage to assets, errors and omissions, and natural disasters. The College purchases commercial insurance for these risks. There has been no significant reduction in coverage over the past two years and settlements have not exceeded insurance coverage in any of the past three years.

18. Inter-Sub-Fund Balances and Transfers

The College maintains various sub-funds to track the activity of the primary government. Following is a summary of the balances and transactions among these sub-funds as of and for the year ended June 30, 2019.

	Due to	Due from
Education Fund	$ -	$ 95,054
Restricted Purposes Fund	95,054	-
Total Inter-Sub-Fund Balances	$ 95,054	$ 95,054

	Transfer in	Transfer out
Education Fund	$ 8,224	$ 939,059
Bond and Interest Fund	669,419	-
Operations and Maintenance Fund - Restricted	-	669,419
Working Cash Fund	-	8,224
Auxiliary Athletics Fund	752,000	-
Auxiliary Reprographics	50,000	-
Auxiliary Business Development Center Fund	59	-
Auxiliary Student Government Fund	-	-
Auxiliary Prospectus Fund	-	-
Auxiliary Child Care Services Fund	137,000	-
Total Transfers	$ 1,616,702	$ 1,616,702

Following is a summary of the balances and transactions among these sub-funds as of and for the year ended June 30, 2018.

	Due to	Due from
Education Fund	$ -	$ 498,699
Restricted Purposes Fund	498,699	-
Total Inter-Sub-Fund Balances	$ 498,699	$ 498,699

	Transfer in	Transfer out
Education Fund	$ 8,912	$ 1,004,773
Bond and Interest Fund	710,031	-
Operations and Maintenance Fund - Restricted	-	710,031
Working Cash Fund	-	8,912
Auxiliary Athletics Fund	732,000	-
Auxiliary Reprographics	50,000	-
Auxiliary Business Development Center Fund	773	-
Auxiliary Student Government Fund	86,000	-
Auxiliary Prospectus Fund	11,000	-
Auxiliary Child Care Services Fund	125,000	-
Total Transfers	$ 1,723,716	$ 1,723,716

The inter-sub-fund balances and transactions are eliminated for the preparation of the basic financial statements of the primary government of the College.

19. Other Commitments

The College has three uncompleted major construction contracts in progress through the date of the Independent Auditor’s Report. The remaining commitment on the three contracts was approximately $1,118,000 at June 30, 2019.

The College has a contract for the purchase of electricity through December 2020. The contract contains a set rate of $.04272 per kilowatt hours. Total electricity charges for the fiscal year ending June 30, 2019, were $1,121,372.

The College entered into a three-year software contract through August 2020 with annual fees of approximately $64,000. The College also entered into a seven-year software maintenance renewal agreement through June 30, 2024. Year one fees are approximately $280,000, with an increase not to exceed 4 percent each year following. The remaining commitment on these contracts was approximately $1,639,000 at June 30, 2019.

20. New Government Accounting Standard

In June 2017, GASB issued GASB Statement 87 (GASB 87), Leases. The provisions of GASB 87 require that certain lessees recognize a lease liability and asset for all leases greater than 12 months. GASB 87 is effective for the College’s fiscal year 2021. The College’s management is currently reviewing what impact, if any, this new standard will have on its future financial statements and disclosures.

21. Subsequent Event

Effective September 2019, the College was awarded a grant for $1.5 million. Through this grant, the College will create the Support for Workforce Training project that will serve 150 participants from September 2019 through September 2020.

22. Discretely Presented Component Unit

The following notes are provided for the College's component unit, the Foundation:

A. Nature of Organization

Parkland College Foundation (the Foundation) is a nonprofit corporation organized under the laws of the State of Illinois for the purpose of furthering the excellence of education at Parkland Community College, Community College District #505 (the College). The Foundation is considered a component unit of the College under the accounting standards followed by the College; however, the Foundation is a separate legal entity.

The Foundation operates to secure gifts that support the mission of the College, its students, faculty and programs through scholarships and other forms of institutional support. The Foundation's major sources of revenue and support are contributions from donors and investment income.

B. Summary of Significant Accounting Policies

a. The Foundation's financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States. Net assets of the Foundation and changes therein are classified and reported as follows:

   Net Assets Without Donor Restrictions – Net assets that are not subject to donor-imposed stipulations.

   Net Assets With Donor Restrictions – Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Board of Directors and/or the passage of time, or that must be maintained perpetually by the Foundation. When a restriction expires, assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the state of activities as net assets released from restrictions.

b. Investments consist of managed investment accounts comprised of various mutual funds, fixed income investments that include corporate and government-backed bond funds, and cash equivalents. These investments are stated at fair market value based on quoted markets prices. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

c. Land investment is recorded at fair market value. The use obligation was removed during Fiscal Year 2019 and accordingly the investment was reclassified to net assets without donor restrictions, which represents the reclassification of net assts on Exhibit D.

d. Promises to give consist of unconditional promises to give to the Foundation for operating and restricted activities. Long-term promises to give are discounted to present value based on expected payment schedules and interest rates. The effective interest rate used to discount promises to give at June 30, 2019 and 2018, was 5.50 and 5.00 percent, respectively, for promises to give of ten years or less. Promises to give of ten years or more are discounted at an effective interest rate of 4.38 percent, which is equal to a ten-year average of the prime rate. The carrying amount of promises to give is reduced by a valuation allowance based on management's assessment of the collectability of specific promise to give balances. The allowance for doubtful accounts is $0 at June 30, 2019 and 2018, respectively.

e. Property and equipment expenditures in excess of $2,500 are capitalized and recorded at cost or, if donated, at fair market value at the time of donation. Depreciation is computed using the straight-line method over the estimated useful life of assets.

f. The Foundation holds special events throughout the year. A portion of the revenue raised at these events is considered reciprocal and is not tax deductible to the donor. This revenue is segregated from regular contributions and presented net of related expenses as special events revenue.

g. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

   The Foundation has estimated the fair market value of the land investment. Due to the estimation of the value of land, it is at least reasonably possible that the value of the land investment will be revised.

   The Foundation has estimated the value of net promises to give. Due to the estimation of future collection of promises to give, it is at least reasonable that the value of promises to give, the discounted present value, and the related allowance, will be revised.

h. Contributions of facilities and services are recognized if the benefit received (a) creates or enhances non-financial assets or (b) requires specialized skills provided by individuals possessing those skills and (c) would typically need to be purchased if not provided by donation. Such contributions are recorded at fair market value on the date of the contribution, and presented as in-kind contributions.

i. The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Expenses that can be identified with a specific program and support service are allocated directly according to their natural expenditure classification. Other expenses that are common to several functions are allocated among the programs and supporting services benefited.

j. The financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The following are the Foundation's expense sand allocation methodologies:

Expense Classification	Method of Allocation
Salaries and Benefits	Time and Effort
In-Kind Facilities Miscellaneous Depreciation	Square Footage / Usage

All other expenses are charged to each function based on direct expenditures incurred.

k. The Foundation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

l. The Foundation has evaluated subsequent events through September 23, 2019, the date which the financial statements were available to be issued.

m. The Foundation adopted Accounting Standards Update (ASU) 2016-14, Not-for-Profit Entities (Topic 958) *Presentation of Financial Statement of Not-for-Profit Entities*, during Fiscal Year 2019. ASU 2016-14 has been retrospectively applied to the classifications of net assets as of June 30, 2018, therefore resulting in reclassifications related to the statement of activities due to changing net asset classifications from three to two sections. However, this had no impact on the total net assets as of that date.

C. Promises to Give

Promises to give at June 30, 2019, consist of amounts due in:

Less than One Year	$	35,624
One to Five Years		40,000
More than Five Years		513,174
Gross Promises to Give		588,798
Less: Discount on Long Term Promises to Give		(227,620)
Total Promises to Give, Net	$	361,178

Promises to give at June 30, 2018, consist of amounts due in:

Less than One Year	$	144,679
One to Five Years		40,000
More than Five Years		538,674
Gross Promises to Give		723,353
Less: Discount on Long Term Promises to Give		(229,346)
Total Promises to Give, Net	$	494,007

D. Liquidity and Availability of Financial Assets

Financial Assets:		
Due from Related Party	$	469,224
Promises to Give, Current Portion		35,624
Investments		8,969,931
Total Financial Assets		9,474,779
Unavailable for General Expenditures within One Year:		
Donor-imposed Endowment Fund		(4,868,217)
Restricted by Donor with Time or Purpose Restriction		(4,606,562)
Financial Assets Available for General Expenditures within One Year	$	-

Income from donor-restricted endowments is restricted for specific purposes, with the exception of amounts available for general use. Principal of donor-restricted endowment funds is not available for general expenditure.

The Foundation's goal is generally to maintain financial assets sufficient to meet operating expenses. As part of its liquidity plan, excess cash is invested. As discussed in Note I, the Foundation maintains an operating line of credit with the College. See further discussion of availability of financial assets in Note K.

E. Investments

Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value under generally accepted accounting principles. Topic 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. Topic 820 requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. Topic 820 also establishes a fair value hierarchy, which prioritizes the valuation inputs into three broad levels.

Level 1 Inputs to the valuation methodology are based on unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2019.

Cash and Cash Equivalents – Valued at the cash balance available to the Foundation as of June 30, 2019.

Mutual Funds and Fixed Income Funds/Bonds – Valued at unadjusted quoted prices for identical assets in active markets that the Foundation has the ability to access.

The following table sets forth by level within the fair value hierarchy, the Foundation's investments at fair value as of June 30, 2019:

	Cost	Market	Fair Value Level
Cash and Cash Equivalents	$ 1,804,167	$ 1,804,167	1
Fixed Income Funds/Bonds	2,399,175	2,477,506	1
Mutual Funds	3,445,732	4,688,258	1
Total	$ 7,649,074	$ 8,969,931	

The following table sets forth by level within the fair value hierarchy, the Foundation's investments at fair value as of June 30, 2018:

	Cost	Market	Fair Value Level
Cash and Cash Equivalents	$ 953,990	$ 953,990	1
Fixed Income Funds/Bonds	2,399,175	2,327,695	1
Mutual Funds	3,417,242	4,561,323	1
Total	$ 6,770,407	$ 7,843,008	

Land Investment – While the land investment is presented separately on the statement of financial position, the value of this item is also based on fair market value. The land investment value is based on various inputs, including sale prices for similar land sales in Champaign County, and was estimated to be valued at $1,972,582 at June 30, 2019.

These valuation methods fall within Level 2 of the fair value hierarchy as described above. There has been no change in the valuation approach or valuation technique in the year ended June 30, 2019.

Endowments

The Foundation maintains endowment funds, which represent gifts that have been accepted with the donor stipulation that the principal be maintained intact in perpetuity. Income from these assets is purpose restricted to provide scholarships, department funds, and management fees. Accordingly, earnings are recognized as purpose restricted net assets. As required by generally accepted accounting principles, net assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, if any, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Foundation's management believes it is following the Uniform Prudent Management of Institutional Funds Act adopted by the State of Illinois, although the Foundation has not sought the opinion of legal counsel on the appropriateness of this assertion. As a result, the Foundation classifies as perpetually restricted net assets (a) the original value of gifts donated to the perpetual endowment, (b) the original value of subsequent gifts to the perpetual endowment, and (c) accumulations to the perpetual endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in perpetually restricted net assets is classified as purpose restricted net assets until those assets are appropriated for expenditure by the Foundation. The Foundation has not adopted a policy for appropriation and approval by the Board of Directors of endowment expenses. However, approval of expenditures by the Board of Directors constitutes an approval of endowment expenses.

The objective of the Foundation is to maintain the purchasing power of the endowment assets as well as to provide additional real growth through investment return to meet cash flow needs while minimizing risk. To achieve that objective, the Foundation has adopted an investment policy that attempts to maximize total return consistent with an acceptable level of risk. Endowment assets are invested in a well-diversified asset mix, which includes targets of 60 percent equity and 40 percent fixed income securities that is intended to result in a consistent inflation-protected rate of return. Actual returns in any given year may vary. Investment risk is measured in terms of the total endowment fund; investment assets and allocation between asset classes and strategies are managed to expose the fund to acceptable levels of risk.

During the years ended June 30, 2019 and 2018, the Foundation did not liquidate investments for the purpose of appropriation for spending and instead funded this appropriation with current year cash receipts. In addition, the current donor agreement allows the Foundation to charge certain fees including investment manager fees as well as an amount equal to a percent per annum of the fair market value of the endowment, from investment income. This amount will be determined by the Board of Directors annually and will not exceed 10 percent. This policy may be changed from time to time provided that any changes are applied uniformly to all funds administered by the Foundation. For the years ended June 30, 2019 and 2018, the Board elected not to charge such a fee.

Endowment investment composition and changes in investments as of and for the year ended June 30, 2019, by type of fund, is as follows:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Beginning of Year, July 1, 2018	$ -	$3,652,663	$4,190,345	$7,843,008
Contributions (Distributions)	300,000	(34,972)	399,000	664,028
Interest and Dividends	885	211,552	-	212,437
Net Realized and Unrealized Gain	-	258,098	-	258,098
Fees	(39)	(7,601)	-	(7,640)
Net Transfers Between Funds	-	(7,658)	7,658	-
End of Year, June 30, 2019	$ 300,846	$4,072,082	$4,597,003	$8,969,931

Endowment investment composition and changes in investments as of and for the year ended June 30, 2018, by type of fund, is as follows:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Beginning of Year, July 1, 2017	$ -	$3,039,975	$4,106,160	$7,146,135
Contributions (Distributions)	-	152,180	85,245	237,425
Interest and Dividends	-	217,230	-	217,230
Net Realized and Unrealized Gain	-	249,235	-	249,235
Fees	-	(7,017)	-	(7,017)
Net Transfers Between Funds	-	1,060	(1,060)	-
End of Year, June 30, 2018	$ -	$3,652,663	$4,190,345	$7,843,008

F. Collateralization of Investments

The Foundation maintains its investments at two local and nationwide financial institutions. Investments are financial instruments that potentially subject the Foundation to a concentration of credit risk.

The insurance level at all Securities Investor Protection Corporation (SIPC) insured financial institutions is $500,000 per institution, per account holder. As of June 30, 2019, the Foundation has investments in financial institutions in excess of the amounts insured by the SIPC in the amount of $8,469,931. Of the uninsured balance, $8,398,473, is held in a trust management company. In the event of failure of a trust management company, the Foundation retains all rights to the held investments, which are transferred to an acceptable alternative company.

G. Property and Equipment

Property and equipment at June 30, 2019, consist of the following:

Furniture & Fixtures	$	32,431
Equipment		15,886
Less: Accumulated Depreciation		(48,317)
Property and Equipment, Net	$	-

Property and equipment at June 30, 2018, consist of the following:

Furniture & Fixtures	$	32,431
Equipment		15,886
Less: Accumulated Depreciation		(47,026)
Property and Equipment, Net	$	1,291

H. Net Assets With Donor Restrictions

Purpose restricted net assets at June 30, 2019 are available for the following purposes:

Purpose Restricted For:		
Institutional Programs and Support	$	2,462,761
Unallocated Cumulative Investment Income		2,714,458
Scholarships		1,800,064
Other		107,011
Total	$	7,084,294

Purpose restricted net assets at June 30, 2018 are available for the following purposes:

Purpose Restricted For:		
Institutional Programs and Support	$	2,533,807
Land Investment		2,529,754
Unallocated Cumulative Investment Income		2,026,109
Scholarships		1,470,876
Promises to Give, Net Allowance and Discount		67,325
Land Investment Use Obligation		54,738
Other		(298,145)
Total	$	8,384,464

Perpetually restricted net assets at June 30, 2019, are restricted with earnings to be used for the following purposes:

Perpetually Restricted For:		
Scholarships	$	3,616,780
Institutional Programs and Support		954,974
Other		296,463
Total	$	4,868,217

Perpetually restricted net assets at June 30, 2018, are restricted with earnings to be used for the following purposes:

Perpetually Restricted For:		
Scholarships	$	3,219,904
Institutional Programs and Support		949,974
Promises to Give, Net Allowance and Discount		283,911
Other		25,249
Total	$	4,330,010

I. Related-Party Transactions

The Foundation's cash balance is automatically swept to a cash account owned by the College. In addition, the Foundation has an informal verbal guarantee with the College that the College will provide support to the Foundation by way of a related-party loan to replenish restricted funds for operating expenditures. The balances in these accounts was $469,224 and $732,425 at June 30, 2019 and 2018, respectively, and have been classified as "Due from Related Party" in the Statement of Financial Position.

In addition, the College provided donated services to the Foundation consisting of salaries, benefits, utilities, and materials. For the years ended June 30, 2019 and 2018, the amount contributed and included as in-kind revenues totaled $146,635: $108,043 in salaries, $21,346 in benefits, $16,606 in facility space and utilities, and $640 in materials, and $148,865: $113,291 in salaries, $17,609 in benefits, $16,606 in facility space and utilities, and $1,359 in materials, respectively.

During the years ended June 30, 2019 and 2018 the Foundation donated certain in-kind items to the College totaling $581,804 and $490,873, respectively, including the annual lease value of agricultural equipment of $350,000 each year. In addition, the Foundation paid for certain items on behalf of the College, totaling $592,880 and $360,492, respectively. These items are classified as Institutional Support in the statement of activities.

J. Concentration of Revenue

The Foundation received $350,000 or 12 percent, of its total support and revenue from two donors, and $610,000 or 27 percent, of its total support and revenue from two donors for the years ended June 30, 2019 and 2018, respectively, of which was the in-kind use of agricultural equipment, in both years.

K. Negative Unrestricted Net Assets

The Foundation receives a substantial number of gifts that are purpose or perpetually restricted by the donors. However, the Foundation does not typically receive enough unrestricted donations to offset annual management and general and fundraising expenses. Cumulatively this has resulted in a shortfall of assets to comply with donor restrictions of approximately $125,162 as of June 30, 2019. This amount is reflected as the negative net asset without donor restriction balance on the statements of financial position.

The College has verbally guaranteed to support the Foundation's cash flow needs if they cannot be met with existing cash on hand, held in a custodial account with the College. The College recognizes there may be a need in the future to support more of the Foundation's unrestricted operations. This is not an uncommon practice for Illinois Community College Foundations.

The Foundation Board of Directors and the College Administration are aware of the Foundation's net asset without donor restrictions deficit and have begun taking steps towards establishing a formal management fee structure and appropriations policy. Both the Foundation Board and College Administration will continue to monitor this situation closely and work together to maintain the Foundation's financial viability.

L. Recent Accounting Pronouncements

In May 2014, the FASB issued Accounting Standard update (ASU) 2014-09, *Revenue from Contracts from Customers (Topic 606),* and subsequently issued clarifying ASUs 2015-14, 2016-08, 2016-10 through 2016-12, and 2017-13, hereafter referred to as "the clarifying ASUs." The provisions of ASU 2014-09 and the clarifying ASUs require an entity to recognize the amount of revenue to which it expects to be entitled for the transfer or promised goods or services to customers. The updated standard will replace most existing revenue recognition guidance, except as related to contributions and grants, in U.S. GAAP when it becomes effective. The standard will be effective for Fiscal Year 2020.

In June 2018, the FASB issued ASU 2018-08, Not-for-Profit Entities (Topic 958) *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. The provisions of the ASU update existing guidance related to the recognition of revenue from contributions and grants. The standard will be effective for Fiscal Year 2020.

The Foundation has yet to select a transition method and is currently evaluating the effect, if any, that the updated standard will have on future financial statements.

23. Supplementary Information

Schedules 1 through 3, Schedules 6 through 9, Schedules 14 through 16, Schedule 20, and Schedules 22 through 24 are reported using the modified accrual basis of accounting, which is a comprehensive basis of accounting other than GAAP for a special-purpose government engaged only in business-type activities.

In the schedules noted, the modified accrual basis of accounting differs from GAAP for a special-purpose government engaged only in business-type activities because:

- Capital assets are not depreciated and depreciation expense is not presented in the schedules, except for funds considered to be proprietary operations.

- Payments of principal on long-term debt are reported as expenditures in the schedules.

- In the schedules, the full amount of summer school revenue is recognized in the fiscal year in which the related term is completed.

- Expenditures in the schedules include the cost of capital asset acquisitions, except for funds considered to be proprietary operations.

- Debt service expenditures in the schedules, as well as expenditures related to early retirement benefits, are recorded only when payment is due, except for funds considered to be proprietary operations.

- The schedules exclude accrued interest on long-term debt.

- Property taxes receivable and unearned revenue in the schedules include property taxes not yet earned and not yet received as of June 30.

- Expenditures in the schedules include SURS payments made by the College in fiscal year 2019, which are subsequent to the SURS net pension liability measurement date of June 30, 2018.

NOTE: The system implemented GASB No. 68 in fiscal year 2015. The information is presented for as many years as available. The schedules are intended to show information for 10 years.

Changes of Benefit Terms

There were no benefit changes in the Total Pension Liability as of June 30, 2018.

Changes of Assumptions

In accordance with Illinois Compiled Statutes, an actuarial review is to be performed at least once every three years to determine the reasonableness of actuarial assumptions regarding the retirement, disability, mortality, turnover, interest, and salary of the members and benefit recipients of SURS. An experience review for the years June 30, 2014 to June 30, 2017 was performed in February 2018, resulting in the adoption of new assumptions as of June 30, 2018.

- Salary increase. Decrease in the overall assumed salary increase rates, ranging from 3.25 percent to 12.25 percent based on years of service, with underlying wage inflation of 2.25 percent.
- Investment return. Decrease the investment return assumption to 6.75 percent. This reflects maintaining as assumed real rate of return of 4.50 percent and decreasing the underlying assumed price inflation to 2.25 percent.
- Effective rate of interest. Decrease the long-term assumption for the ERI for crediting the money purchase accounts to 6.75 percent (effective July 2, 2019).
- Normal retirement rates. A slight increase in the retirement rate at age 50. No change to the rates for ages 60-61, 67-74, and 80+, but a slight decrease in rates at all other ages. A rate of 50 percent if the member has 40 or more years of services and is younger than age 80.
- Early retirement rates. Decrease in rates for all Tier 1 early retirement eligibility ages (55-59).
- Turnover rates. Change rates to produce lower expected turnover for members with less than 10 years of services and higher turnover for members with more than 10 years of service.
- Mortality rates. Maintain the RP-2014 mortality tables with projected generational mortality improvement. Update the projection scale from the MP-214 to the MP-2017 scale.
- Disability rates. Decrease current rates to reflect that certain members who receive disability benefits do not receive the benefits on a long-term basis.

Required Supplementary Information
Schedule of Contributions- CIP
For the Year Ended June 30, 2019
(Unaudited)

Year Ended June 30	Statutorily Required Contributions*	Covered Payroll	Actual Contribution as a % of Covered Payroll
2019	$ 164,448	$ 32,889,600	0.50%
2018	159,254	31,850,706	0.50%
2017	161,139	32,227,736	0.50%
2016	167,066	33,413,130	0.50%
2015	163,306	32,661,156	0.50%
2014	161,017	32,203,368	0.50%
2013	152,456	30,491,122	0.50%

* Statutorily required contributions equal actual contributions recognized by the plan.

NOTE: The fund implemented GASB No. 75 in fiscal year 2018. The information is presented for as many years as available. The schedules are intended to show information for 10 years.

Changes of Benefit Terms

There were no benefit changes in the Total OPEB Liability as of June 30, 2018.

Assumptions Used

- Actuarial Cost Method – Entry Age Normal, used to measure the Total OPEB Liability
- Contribution Policy – Benefits are financed on a pay-as-you go basis. Contribution rates are defined by statute. For fiscal year end June 30, 2018, contribution rates are 0.50 percent of pay for active members, 0.50 percent of pay for community colleges and 0.50 percent of pay for the State. Retired members contribute a percentage of premium rates. The goal of the policy is to finance current year costs plus a margin for incurred but note paid plan costs.
- Asset Valuation Method – Market value
- Investment Rate of Return – 0 percent, net of OPEB plan investment expense, including inflation
- Inflation – 2.75 percent
- Salary Increases – Depends on service and ranges from 10.00 percent at less than 1 year of service to 3.75 percent at 34 or more years of service. Salary increase includes a 3.75 percent wage inflation assumption
- Retirement Age – Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the June 30, 2014, actuarial valuation.
- Mortality – Retirement and Beneficiary Annuitants: RP-2014 White Collar Annuitant Mortality Table. Disabled Annuitants: RP-2014 Disabled Annuitant Table. Pre-Retirement: RP-2014 White Collar Table. Tables are adjusted for SURS experience. All tables reflect future mortality improvements using Projection Scale MP-2014.
- Healthcare Cost Trend Rates – Actual trend used for fiscal year 2018 based on premium increases. For fiscal years on and after 2019, trend starts at 8.00 percent and 9.00 percent for non-Medicare costs and post-Medicare costs, respectively, and gradually decreases to an ultimate trend of 4.50 percent. Additional trend rate of 0.41 percent is added to non-Medicare cost on and after 2022 to account for the Excise tax.
- Aging Factors – Based on the 2013 Study “Health Care Costs – From Birth to Death”
- Expenses – Health administrative expenses are included in the development of the per-capita claims cost. Operating expenses are included as a component of the Annual OPEB Expense.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH STATE REQUIREMENTS FOR CAREER AND TECHNICAL EDUCATION-PROGRAM IMPROVEMENT GRANT AND ADULT EDUCATION AND FAMILY LITERACY GRANTS

Board of Trustees
Parkland College District #505
Champaign, Illinois

Report on the Financial Statements

We have audited the accompanying balance sheets of the Career and Technical Education Improvement and Adult Education and Family Literacy Grants of Parkland College District #505 (the College) as of June 30, 2019, and the related statements of revenues, expenditures, and changes in fund balance for the year then ended.

Management's Responsibility for the Financial Statements and Compliance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and the financial reporting provisions of the Illinois Community College Board (ICCB). Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud. Management is also responsible for compliance with the requirements of the ICCB.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the grant policy guidelines of the ICCB 's *Fiscal Management Manual*. Those standards and guidelines require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. Our audit also included a review of compliance with the provisions of laws, regulations, contracts, and grants between the College and the State of Illinois and the ICCB.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Career and Technical Education-Program Improvement grant and Adult Education and Family Literacy grants of the College at June 30, 2019, and the results of their operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Information

The accompanying balance sheets and statements of revenue and expenditures were prepared for the purpose of complying with the terms of the ICCB Grants and are not intended to be a complete presentation of the College's revenue and expenditures in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic grant program financial statements taken as a whole. The supplementary ICCB compliance schedule for the Adult Education and Family Literacy Grant (Schedule 28) is presented for purposes of additional analysis as required by the ICCB and is not a required part of the basic grant program financial statements. This schedule is the responsibility of the College's management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic grant program financial statements. This schedule has been subjected to the auditing procedures applied in the audit of the basic grant program financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic grant program financial statements taken as a whole.

Report on Compliance

In connection with our audit, nothing came to our attention that caused us to believe that the College failed to comply with terms, covenants, provisions, or conditions of the Career and Technical Education-Program Improvement grant and Adult Education and Family Literacy grants as presented in the policy guidelines of the ICCB's *Fiscal Management Manual*, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures; other matters may have come to our attention regarding the College's noncompliance.

The Career and Technical Education-Program Improvement and Adult Education and Family Literacy Grant Programs were established as special revenue sub-funds of Parkland College District #505 (the College) to account for revenues and expenditures of the respective programs. These programs are administered by the Illinois Community College Board (ICCB). The following is a summary of the significant accounting policies followed by the College in respect to these funds.

Basis of Accounting

The statements have been prepared on the accrual basis of accounting. Expenditures include all accounts payable representing liabilities for goods and services actually received as of June 30, 2019. Funds obligated for goods prior to June 30 for which the goods are received prior to August 31 are recorded as encumbrances. Unexpended funds are reflected as a reduction to fund balance and a liability due to the ICCB by October 15.

Budgets and Budgetary Accounting

Each year the College prepares a budget for the grants. The budget is prepared on the same basis of accounting as the records are maintained.

Capital Outlay

Capital outlay is charged to expenditure in the period which it is purchased instead of being recognized as an asset and depreciated over its useful life. As a result, the expenditures reflected in the statements include the cost of capital outlay purchased during the year rather than a provision for depreciation.

Certain capital outlay expenditures are accumulated in the General Fixed Assets Account Group of the College, for reporting specific to ICCB and in capital assets for external financial reporting on the statement of net position.

INDEPENDENT AUDITOR'S REPORT ON THE SCHEDULE OF ENROLLMENT DATA AND OTHER BASES UPON WHICH CLAIMS ARE FILED

Board of Trustees
Parkland College District #505
Champaign, Illinois

We have audited the Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed of Parkland College District #505 (the College) for the year ended June 30, 2019.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statement in accordance with the financial reporting provisions of the Illinois Community College Board. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement, which is free from material misstatement, whether due to error or fraud.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the guidelines of the Illinois Community College Board's *Fiscal Management Manual,* and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards and guidelines require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims are Filed of the College for the year ended June 30, 2019 is fairly presented in accordance with the aforementioned guidelines.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statement noted above. The information on Schedules 32 through 36 is presented for purposes of additional analysis as required by the Illinois Community College Board and is not a required part of the financial statement. These schedules are the responsibility of the College's management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statement. These schedules have been subjected to the auditing procedures applied in the audit of the financial statement and, in our opinion, are fairly stated, in all material respects, in relation to the financial statement taken as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated October 2, 2019, on our consideration of the College's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

PARKLAND COLLEGE DISTRICT #505
Documentation of Residency Verification Steps
For the Year Ended June 30, 2019

The following procedures detail the process for verifying the residency status of the students of Parkland College District #505.

Applicants

The residency status on application forms is normally determined by the address the student uses on their application form for admission. If the address is an in-district address, then the student is tagged by the College's Admissions Office as "D" for in-district. Likewise, if there is an out-of-district or out-of-state address, then a code of "I" or "U" is used, respectively.

However, there are some exceptions to the above procedures. If a student indicates an in-district address on the application but lists an out-of-district high school and the student is still in high school or a recent high school graduate, then the student will be tagged as an out-of-district student. The student will then have to provide residency proof, such as a copy of a driver's license, voter registration card, property tax statement, or other valid item providing verification of the student's address. If the emergency contact is listed at an address out-of-district and the student is less than 21 years of age, the same procedures listed above must be followed.

Students

If a student who is already in the College's computer system is changing an address from out-of-district to in-district, the College will change the address but not change the residency code. In order to change an out-of-district status to an in-district status, the student must complete the Request for Change of Residency paperwork and provide the required documentation. The request is then reviewed by the Director of Admissions and Enrollment Management, the Associate Director, or one of the Assistant Directors who makes the decision based upon suitable documentation provided by the student as listed in the previous section. This documentation will also include a letter from an employer stating that the student has been employed for at least 35 hours per week prior to registering for courses for the term in which the adjustment is to be made. For students under age 21, a notarized affidavit of non-support is also required.

Returned Mail

When mail is returned to the College in which the post office has provided a label indicating the forwarding address is out-of-district or out-of-state, the College will correct the address in the computer system.

PARKLAND COLLEGE DISTRICT #505
Background Information on State Grant Activity
For the Year Ended June 30, 2019

Unrestricted Grants

Base Operating Grants – General operating funds provided to colleges based upon credit enrollment.

Equalization Grants – Grants provided to institutions with less than the statewide average local tax dollars available per full-time equivalent student.

Restricted Grants

Career and Technical Education – Program Improvement Grant – Grant funding recognizes that keeping career and technical education programs current and reflective of the highest quality practices in the workplace is necessary to prepare students to be successful in their chosen careers and to provide employers with the well-trained workforce they acquire. The grant funds are dedicated to enhancing instruction and academic support activities to strengthen and improve career and technical programs and services.

Statewide Initiatives

Other Grants – These other grants are additional contractual grants provided for special or specific system-related initiatives. These grants are supported by signed contracts between the College and the State of Illinois. A description of the grants supported by grant agreements may be found in the appendix of the grant agreement governing these grants.

Restricted Adult Education Grants/State

State Basic – Grant awarded to Adult Education and Family Literacy providers to establish special classes for the instruction of persons of age 21 and over or persons under the age of 21 and not otherwise in attendance in public school for the purpose of providing adults in the community, and other instruction as may be necessary to increase their qualifications for employment or other means of self-support and their ability to meet their responsibilities as citizens including courses of instruction regularly accepted for graduation from elementary or high schools and for Americanization and General Education Development Review classes. Included in this grant are funds for support services, such as student transportation and child care facilities or provision.

Performance – Grant awarded to Adult Education and Family Literacy providers based on performance outcomes.

PARKLAND COLLEGE DISTRICT #505
Notes to the Schedule of Expenditures of Federal Awards
For the Year Ended June 30, 2019

1. Summary of Significant Accounting Policies

The accompanying Schedule of Expenditures of Federal Awards (Schedule 53) includes the federal grant activity of Parkland College District #505 (the College) for the year ended June 30, 2019. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements of the College, which are presented in conformity with accounting principles generally accepted in the United States of America.

The College did not use the 10 percent de minimis indirect cost rate.

2. Basis of Accounting

The schedule has been prepared on the accrual basis of accounting. Expenditures include all accounts payable representing liabilities for goods and services actually received as of June 30, 2019.

3. Property and Equipment

Property and equipment purchases that are presented as expenditures in the schedule may be capitalized by the College, if applicable.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Trustees
Parkland College District #505
Champaign, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Parkland College District #505 (the College) and its discretely presented component unit as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the College's basic financial statements and have issued our report thereon dated October 2, 2019.

The financial statements of the College's discretely presented component unit were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the College's discretely presented component unit.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Trustees
Parkland College District #505
Champaign, Illinois

Report on Compliance for Each Major Federal Program

We have audited Parkland College District #505's (the College) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the College's major federal programs for the year ended June 30, 2019. The College's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the College's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the College's compliance.

Opinion on Each Major Federal Program

In our opinion, the College, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of the College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
