classes for personal and professional development
it’s time.

You’re ready to try something new.  
Learn a new skill.  
Explore your creativity.  
Kick your career up a notch.  
Maybe even change jobs.

With Community Education, you’ll find valuable personal and professional development opportunities, from career-enhancing workshops and certification programs to educational travel, personal enrichment, classes for kids, and more. Our programs work around your busy schedule, with many online options. At Parkland College, we’re here to offer rich possibilities for all ages, all stages of life.

Why wait? We’ve got a class for that!
4 **Cover Story** Abigail Combs, Summer Discoveries, Life-long Possibilities

6 **YOUTH PROGRAMS** Make pizzas and Korean dumplings from scratch, practice cupcake decorating, PLUS learn special-effects tricks, outdoor exploring, archery.

8 **COLLEGE FOR KIDS** Enjoy two-week sessions of fun, interactive classes in science, technology, art, math, coding, robotics, stagecraft, writing, more.

16 **SUMMER DISCOVERY** Teens and preteens will love hands-on learning in camps exploring skills in music, science, technology, automotive, culinary, with NEW veterinary and healthcare camps.

20 **ONLINE S.T.E.A.M. SUMMER CAMPS** Shine up your digital game design and coding skills PLUS explore JavaScript programming, Minecraft, Python, ROBLOX, YouTube content creation.

**PERSONAL DEVELOPMENT**

24 **Health & Wellness** Try a NEW, guided, interval walking class to get in shape! Improve your health with yoga, massage, cycling, core, water aerobics, and Zumba classes PLUS learn dementia-patient care.

25 **Arts & Crafts** NEW classes in improv, Photoshop, glass blowing, stained-glass art, art journaling; enjoy Zendoodling, tie-dying, drawing, painting, macramé.

28 **Music** Learn guitar PLUS NEW classes exploring Jewish history and traditions through music.

29 **Languages & Writing** Find out how to get manuscripts published and to express yourself in French and Italian. Try a NEW poetry class.

29 **Culinary** A chef shows you how to make delectable pastries from around the world in five NEW classes!

30 **Home & Garden** NEW classes in spring floral gardening, memorial wreath making, and moving toward a net-zero-energy home. PLUS beekeeping, CNC router.

32 **Money Matters** Explore the basics of Medicare and ways to avoid being scammed in NEW classes, PLUS savvy Social Security planning.

32 **Recreation** Pick up cribbage tips and enjoy classic comedy scenes set to music in NEW classes; bridge and orienteering.

33 **History** All NEW classes covering the Manhattan Project, the Israeli-Palestinian conflict, and the Red Cross in Europe during WWII.

34 **Travel** All NEW armchair travel and day trips! Explore the Holy Land, the Netherlands, Belgium, and historical Charleston, SC, or ride and walk through Allerton Park and LaSalle County.

**PROFESSIONAL DEVELOPMENT**

36 **Computers & Technology** Fast-track your IT career with an exam-prep course and apprenticeship in CompTIA A+ PLUS NEW courses in Illustrator, InDesign, Excel, and database SQL.

38 **Business & Management** NEW courses in how to start a business or run a nonprofit. Gain tips on managing remote workers PLUS Leading EDGE and Six Sigma certification.

41 **Workplace Safety** Gain skills in advanced forklift, truck driver CDL, and food service sanitation management.

41 **Real Estate** Learn broker’s pre-license principles.

42 **Health** Train to be a pharmacy tech or medical billing and coding specialist; PLUS CPR and Spanish prep for health care providers.

44 **PARKLAND PRESENTS** Spring shows and programs from the William M. Staerkel Planetarium, Giertz Gallery, and Parkland Theatre.

47 **Parkland Campus Map**

48 **Register Now!**
Finding an engaging, safe space for daughter Abigail during the summer presented a challenge at first for Mary Combs. Abigail, a preteen, had aged out of the College for Kids camps she loved, but was not yet old enough to drive or have a job.

That’s when Mary discovered Parkland Community Education’s Summer Discovery camps.

“There is a wonderfully wide variety of camps!” she said. “Abigail really enjoyed seeing all the new subjects available each summer.”

Summer Discovery became a mainstay during Abigail’s “in-between” years, and not just because of its convenience. The camps also allowed Abigail to explore potential career fields and nontraditional skill sets.

“I hadn’t thought about welding or automotive at all until I did the camps, and I enjoyed welding so much that I thought about possibly looking at it as a career,” says Abigail. “Before the Culinary Camp, I hadn’t actually tried making any dishes. It opened my eyes to a world of new things.”

Offering Summer Discovery camps to teens of all genders opens up opportunities they may not have otherwise, her mom adds. “Abigail has enjoyed participating in camps that develop skills that are not typically advertised for women, like welding. It’s nice to see that other opportunities are available.”

Along with learning new skills, students like Abigail also learn how to share those skills with others, a key development in their growth toward independence.

“It’s been a nice opportunity for Abigail to test-drive new skills and learn in a hands-on environment,” Mary says.

“I’ve seen her confidence grow tremendously from learning skills like automotive repair or sewing, and those can be really useful skills to have as you go through life. She made countless caramels from her cooking course last summer and spent a night teaching her friends how to make them, too!”

Summer Discovery is as enriching for preteens like Abigail as it is for the dedicated teachers who provide these hands-on camps, like Ryan Woodham, who instructed one of Abigail’s favorite classes, Machining and Welding.

“I love having the opportunity to introduce young people to tools and processes they might not otherwise be exposed to,” Ryan says. “Manufacturing is something I’m passionate about, and being able to pass that along to students is exciting. While it might not change their scholastic or vocational outlooks, it gives them an appreciation and understanding of the processes that make our world function.”

Although Abigail does not plan to weld as a career yet, Summer Discovery did inspire her to take dual credit classes at Parkland College.

“I encourage people to go to camps they will not only enjoy but that are new to them and could help them gain interest in something they wouldn’t have thought about otherwise,” Abigail advises.

Mary has some advice for parents.

“Be ready to sign up as soon as the camps open for registration. These are popular camps, and they fill up quickly!”

College for Kids is a two-week enrichment camp where kids ages 6-13 can explore, create, and imagine! Small classes offer kids the ability to try new experiences while exploring hands-on, innovative, and interactive topics.
INSTRUCTOR SPOTLIGHT
Ryan Woodham

Ryan Woodham has been teaching industrial technology at Monticello High School since 2009. His topics have included welding, machining, woodworking, construction, and drafting. Ryan serves to advocate for all of his students and believes that vocational training offers students many opportunities. Ryan graduated from Parkland College in 2005 and from Eastern Illinois University in 2008. He also coaches football at Monticello High School.
Handmade Korean Dumplings, ages 10–14
Discover Korean culture by learning to make Mandoo, traditional dumplings. Experience a dumpling party as Mina Cho guides you through making this traditional, family pleaser stuffed with meat and vegetables. Learn options for preparing and cooking these versatile dumplings, using flavorful ingredients. Let the party begin!
Allergy alert. Bring two 3-cup reusable containers for leftovers.
4/9 Sat 2–4 PM Class ID: 12656
Deadline: 4/2 Location: PC-X118 $65

Family Pizza Making, ages 5–10
Homemade pizza from scratch? Yes, please! Roll up your sleeves and get ready to make your own classic homemade pizza. Learn the secrets of working with yeast, rolling, and shaping your dough. Instructor Heidi Gerber will show you how to prepare the dough and make the sauce from scratch. You’ll take home a pizza that is ready to be baked in your kitchen for a delicious dinner. This class is the perfect combination of family fun and hands-on cooking!
Registration fee is per family. All youth must be accompanied by one registered adult. Allergy alert.
4/19 Tue 6–8 PM Class ID: 12657
Deadline: 4/12 Location: PC-X118 $49

Family Frosting Fun, ages 8–12
Bring your sweet tooth to this family cooking class! You’ll enjoy the simple pleasure of a yummy cupcake topped with fluffy, sweet frosting! Learn to create beautifully decorated cupcakes using buttercream frosting and simple piping techniques like stars, petals, and ruffles to make colorful designs. Experiment making your very own fondant and using it as toppers to make fun, unique cupcake designs. Enjoy making sweet memories and treats as a family!
Registration fee is per family. All youth must be accompanied by one registered adult. Allergy alert. Supplies provided.
5/17 Tue 6–8:30 PM Class ID: 12654
Deadline: 5/10 Location: PC-X118 $59

Orienteering for Families, ages 10–13
Ready, set, go! Explore the great outdoors and discover the fun of orienteering. Instructor Matt Plutz, a member of the Illinois River Valley Orienteering Club (IRVOC) and the United States Adventure Racing Association (USARA), will teach your family basic orienteering skills and guide you through this adventure. Using only a map and compass, your family will be challenged as you decide the best route to locate checkpoints along a course, learn to gauge distances with accuracy, and explore the local topography.
All equipment provided, including compasses. Each registered adult may bring up to two children. Class meets at Lake of the Woods Forest Preserve. Transportation is not provided.
4/9 Sat 2–4 PM Class ID: 12655
Deadline: 4/2 Location: Lake of the Woods $49

= More fun with a friend! = COVID-19 vaccine status or weekly COVID-19 testing REQUIRED

Location Key: CE Parkland College Community Education 1315 N Mattis Ave, C • CEA Construction Education Alliance 1317 N Mattis Ave, C • Cracked Glass 602 E High St, U • ES Eastland Suites 1907 N Cunningham Ave, U • Lake of the Woods 109 S Lake of the Woods Rd, M • Mack Glass 606 W Columbia Ave, C • PC Parkland College MAIN CAMPUS 2400 W Bradley Ave, C • Sola Gratia Farm 2200 S Philo Rd, U
**Grasp the Bow, Level 2, ages 10–15**

Take your archery skills to the next level. While continuing to work on the fundamentals of the sport, you’ll finesse your form, improve your accuracy, and build your confidence. Practice range safety skills as you fix your aim, improve your shot, and watch your mental discipline grow.

*Equipment, including bow and arrows, provided. This class is intended for those who have participated in beginner classes or have some prior experience.*

4/4–4/25  
Mon 6:30–7:45 PM  
Class ID: 11403  
Deadline: 3/28  
Location: CEA  
$95

---

**YouTube® FX Masters, ages 8–14**

In the digital age, nothing is impossible. Become a master of illusion by learning the techniques used by Hollywood masters to create FX magic. Experiment with visual effects as you learn the dynamics of camera angles, editing, graphic layering, and sound effects. Then watch as your new creations take your channel content to the next level! Your projects will be available on a password-protected Black Rocket website to share with friends and family.

*A webcam and 64-bit operating system required; program compatible with MAC and Windows OS only.*

3/21–4/13  
Mon & Wed 3:30–5 PM  
Class ID: 12473  
Deadline: 3/14  
Location: CEA  
ONLINE  
$169

3/22–4/14  
Tue & Thu 5:30–7 PM  
Class ID: 12474  
Deadline: 3/15  
Location: CEA  
ONLINE  
$169

---

**STUDENT SPOTLIGHT**

**Sarah Allison**

Of her two longtime passions, animals and art, Illinois veterinarian Sarah Allison desired to reignite the latter in her life. “For years I wanted to enroll in an art class but was too intimidated to try.” A traveler and a scrapbooker, she had found other ways to continue using art in her life, but it wasn’t exactly what she wanted—she wanted to paint again. One day, Sarah mustered the courage to enroll in a painting class, and was glad she did. Then she enrolled in another and another. “The more I practiced, the more I improved. Each one was so fun for different reasons!”—she says.
**college for kids**

College for Kids makes learning fun. Your kids will love our interactive classes in science, technology, art, math, coding, robotics, writing, and more! **Early Bird discount! $15 off each class when you register before March 13.**

**Code Breakers**

Learn the basics of coding languages like HTML, JavaScript, and CSS through a series of web projects and design challenges. Projects will be available on a Black Rocket website to share with friends and family. *Returning students can create more advanced projects that build on previous work.*

**Ages 8–10**
- 6/20–6/30 Mon–Thu 3–5 PM  
  Class ID: 12719  
  Deadline: 6/6  
  $169  
- 6/20–6/30 Mon–Thu 12:45–2:45 PM  
  Class ID: 12718  
  Deadline: 6/6  
  $169

**Ages 11–13**
- 6/20–6/30 Mon–Thu 3–5 PM  
  Class ID: 12717  
  Deadline: 6/6  
  $169

**Create Your Own Web Page, ages 10–13**

Do you dream of being a web page designer? Learn to write HTML code and CSS to enhance your web pages with text formatting, color, graphics, and multimedia sound. You will gain experience in coding and learn techniques that are ideal for those with little or no familiarity with coding or design. Work at your own pace to develop a unique website and gain skills working with friends on a group website.

- 6/20–6/30 Mon–Thu 3–5 PM  
  Class ID: 12694  
  Deadline: 6/6  
  $169  
- 7/11–7/21 Mon–Thu 12:45–2:45 PM  
  Class ID: 12695  
  Deadline: 6/27  
  $169

**Engineering with Legos, ages 6–10**

This foundational LEGO® class will inspire curious students and future engineers. Begin with reading diagrams and then progress to learning how motion and force work. You’ll use hands on investigation and problem solving to build with Lego bricks, discover how simple motion sensors work, and gain basic computing and coding skills. *Lego equipment provided.*

- 6/20–6/30 Mon–Thu 12:45–2:45 PM  
  Class ID: 12689  
  Deadline: 6/6  
  $169
- 6/20–6/30 Mon–Thu 3–5 PM  
  Class ID: 12690  
  Deadline: 6/6  
  $169

**Incredible Apps, ages 10–13**

Create powerful apps for iOS using Thunkable, a block-based coding language. Design an app from beginning to end, screen by screen. Add design elements such as buttons, text, and images to create a fully functional app for a mobile device. *Perfect for the beginner; no experience needed.*

- 6/20–6/30 Mon–Thu 12:45–2:45 PM  
  Class ID: 12697  
  Deadline: 6/6  
  $169
- 7/11–7/21 Mon–Thu 3–5 PM  
  Class ID: 12698  
  Deadline: 6/27  
  $169

**Make Your First Video Game**

Calling all gamers! Make your first video game, learning the steps for designing a 2D-platformer game. You’ll explore key design elements such as conceptualization, play experience, level design, graphics, sounds, and simple coding. No prior experience necessary, just a desire to have fun. Your projects will be available on a password-protected Black Rocket website to share with friends and family. *Returning students can create more advanced projects that build on previous work.*

**Ages 8–10**
- 6/20–6/30 Mon–Thu 12:45–2:45 PM  
  Class ID: 12716  
  Deadline: 6/6  
  $169
- 6/20–6/30 Mon–Thu 3–5 PM  
  Class ID: 12717  
  Deadline: 6/6  
  $169

**Minecraft Redstone Engineers**

Take the next step beyond simply “playing” Minecraft and become a true Redstone engineer. Expand your Redstone knowledge by constructing your own carnival with a variety of minigames, roller coasters, and attractions powered by Redstone. Learn how to use Command and Structure blocks to incorporate them into your builds. Activate your skills and take your Minecraft structures to the next level!!

**Ages 8–10**
- 7/11–7/21 Mon–Thu 3–5 PM  
  Class ID: 12713  
  Deadline: 6/27  
  $169

**Ages 11–13**
- 7/11–7/21 Mon–Thu 12:45–2:45 PM  
  Class ID: 12712  
  Deadline: 6/27  
  $169

**ROBLOX Coders & Entrepreneurs**

Discover the Lua language through a visual block coding system while designing worlds in ROBLOX®, an online universe where you can create anything you imagine. You’ll learn game design concepts, gain coding skills, and learn about publishing your own games in ROBLOX. Your games will be available on a password-protected Black Rocket website to share with friends and family.

**Ages 8–10**
- 7/11–7/21 Mon–Thu 12:45–2:45 PM  
  Class ID: 12714  
  Deadline: 6/27  
  $169

**Ages 11–13**
- 7/11–7/21 Mon–Thu 3–5 PM  
  Class ID: 12715  
  Deadline: 6/27  
  $169
Begin to Sew, ages 10–13
Have you ever thought of a career in costume design? Is “Project Runway” in your future? It all starts with an introductory sewing class. Learn how to safely operate a sewing machine, read and follow a pattern, lay out and cut fabric, and sew a simple project. Take home a completed pair of pajama pants, perfect for a pajama party!
Sewing machines are provided for in-class use. A supply list will be provided that includes items to be purchased before the first class.
6/20–6/30 Mon–Thu 3–5 PM Class ID: 12708
Deadline: 6/6 $169

Comics, Cartoons, and Zines, ages 10–13
Have you ever wanted to create your own comic book? As a comic artist and writer, you can star in your own comic book! Learn to tell stories, design characters, and put it all together in your very own comic zine. Instructor Justin Farkas guides you through the process and helps you develop skills in illustration, visual style, and editing of drawings.
No prior drawing experience necessary.
6/20–6/30 Mon–Thu 12:45–2:45 PM Class ID: 12684
Deadline: 6/6 $169

Dare to Paint, ages 6–8
Let your imagination fill your canvas as you dare to paint! Instructor Rusty Clevenger will teach you to use a variety of paint types including acrylics, tempera, and watercolor. Learn to properly hold and use brushes, mix your own palette of colors, and use common and nontypical surfaces to create exciting works of art.
6/20–6/30 Mon–Thu 3–5 PM Class ID: 12668
Deadline: 6/6 $169

Sculpt It, ages 10–13
There are endless possibilities when it comes to sculpting! Use fun and interesting materials to shape, construct, and create large and small sculptures. Discover how to construct with cardboard, recyclable materials, wire, and papier-mâché. Gain inspiration from famous artists and use your creativity to design all kinds of amazing sculptures.
7/11–7/21 Mon–Thu 12:45–2:45 PM Class ID: 12703
Deadline: 6/27 $169

Art in Motion, ages 7–10
Get ready to move while making art! You'll be inspired by contemporary and historical art to create fantastic artwork. Learn to create a sense of movement and rhythm in your artwork using color, lines, and patterns. As you dabble in a range of art media, you'll create art that moves and excites you to get up and move!
6/20–6/30 Mon–Thu 12:45–2:45 PM Class ID: 12705
Deadline: 6/13 $169
7/11–7/21 Mon–Thu 12:45–2:45 PM Class ID: 12706
Deadline: 7/4 $169

iPad Art, ages 6–9
Create your own digital art portfolio. Explore multiple forms of storytelling using photography, video, and animation. Using professional lighting and props, you’ll discover how to create and edit your own portraits. Experiment with stop-motion and other animation types and drawing techniques. Learn the foundations of video editing including sound and image capture. Cap off the class with an exhibit that you design and set up.
6/20–6/30 Mon–Thu 12:45–2:45 PM Class ID: 12666
Deadline: 6/6 $169

Dare to Draw, ages 11–13
Build your sketchbook drawing skill by daring yourself to use various drawing tools and processes. Experiment with graphite, pastels, watercolor pencils, sharpies, gel pens, and surfaces. Expand your knowledge by learning different point-perspectives and ways to draw using grid methods. Your artwork will leap off the page as you learn about perspective, scale, and design.
7/11–7/21 Mon–Thu 3–5 PM Class ID: 12709
Deadline: 6/27 $169

Location Key: CE Parkland College Community Education 1315 N Mattis Ave, C • CEA Construction Education Alliance 1317 N Mattis Ave, C • Cracked Glass 602 E High St, U • ES Eastland Suites 1907 N Cunningham Ave, U • Lake of the Woods 109 S Lake of the Woods Rd, M • Mack Glass 606 W Columbia Ave, C • PC Parkland College MAIN CAMPUS 2400 W Bradley Ave, C • Sola Gratia Farm 2200 S Philo Rd, U

= More fun with a friend! = COVID-19 vaccine status or weekly COVID-19 testing REQUIRED
Make Your Own Movie, ages 8–10
Be a part of a movie crew and write, produce, and edit your own mini movie. Start your filmmaking experience by writing your own original storyboard. Then, using an iPad, gain experience using cool apps to record your video, take fun pictures during the production stage, and edit footage into a quality movie. At the end of the session, show your movie at a premier party for family and friends.
7/11–7/21 Mon–Thu 12:45–2:45 PM Class ID: 12707
Deadline: 6/27 $169

Mix it Up, ages 6–9
Let’s mix it up! This creative class is a blast for young artists. Roll up your sleeves and get ready to dabble in painting, sculpture, and collage. Explore various art materials, tools, and processes by mixing colors, applying glue and Mod Podge, and applying paint to textures and surfaces. Watch your creativity and imagination grow with the 2D and 3D projects you create.
6/20–6/30 Mon–Thu 3–5 PM Class ID: 12671
Deadline: 6/6 $169
7/11–7/21 Mon–Thu 3–5 PM Class ID: 12672
Deadline: 6/27 $169

Sew It Up! Advanced Sewing, ages 10–13
Learn to sew with pizzazz! Sheri Doyle will help boost your sewing skills so you can sew with style! Work on sewing-machine fundamentals, learn ways to insert a zipper, and experiment with knit fabrics using advanced skills. Take home your creations including a zipper pouch, phone-charger holder, and more.
Sewing machines provided for in-class use. A supply list will be provided that includes items to be purchased before the first class.
7/11–7/21 Mon–Thu 3–5 PM Class ID: 12669
Deadline: 6/27 $169

Ancient Adventures of an Archaeologist, ages 10–13
Are you an aspiring archaeologist? Take a trip back in time to discover hidden treasures of the ancient civilizations of Egypt, China, and Mesopotamia. You’ll explore the lives of early humans by creating your own cave art, designing a unique civilization, and learning about these cultures’ traditions, inventions, and ways of living.
7/11–7/21 Mon–Thu 3–5 PM Class ID: 12667
Deadline: 6/27 $169

Arithmamagic, ages 6–9
Learn fun magic and hone your math skills, too! Enjoy out-of-the-box thinking, challenging math games, and math tricks. Create your own bag of tricks and amaze your friends! Content areas include addition, subtraction, multiplication, fractions, measurement, and geometric shapes. No previous skills required; just be ready to learn, have fun, and gain confidence in your math skills.
7/11–7/21 Mon–Thu 12:45–2:45 PM Class ID: 12670
Deadline: 6/27 $169

= More fun with a friend! = COVID-19 vaccine status or weekly COVID-19 testing REQUIRED
**Babysitting 101 and Beyond, ages 11–13**

Do you love children? Are you ready to take on new responsibilities as a babysitter or mother’s helper? Learn basic and advanced skills for keeping children safe in your care. Practice first-aid basics and discover ways to handle emergencies. Learn child-care routines including diaper changing, bottle feeding, and managing age-appropriate behavior. Create a toolkit with games and activities and customize your business materials so you stand out as a well-prepared babysitter.

*CPR certification not included.*

6/20–6/30 Mon–Thu 12:45–2:45 PM  
Class ID: 12711  
Deadline: 6/6  
$169

---

**Brain Busting Bonanza, ages 7–11**

Challenge yourself with mental gymnastics and brain-building workouts. Tumble your way through puzzling brain teasers and compete as you solve daily logic problems. Work individually and in teams, tackling games that test your logic skills in friendly competitions. You will use your logic powers and creativity to match wits with others.

6/20–6/30 Mon–Thu 3–5 PM  
Class ID: 12685  
Deadline: 6/6  
$169

---

**Checkmate! Learn to Play Chess**

Get ready to capture your opponent’s king or queen in an exciting game of chess, one of the world’s most popular strategy games. As a beginner, you’ll learn basic game skills, the role of each piece, and foundational strategies. Players with experience will move on to more challenging game tactics and strategies. Play against friends and watch your confidence and problem-solving skills grow. Each day includes practice time and resources to use outside of class.

**All equipment provided.**

*Ages 6–9*  
7/11–7/21 Mon–Thu 12:45–2:45 PM  
Class ID: 12674  
Deadline: 6/27  
$169

*Ages 10–13*  
6/20–6/30 Mon–Thu 12:45–2:45 PM  
Class ID: 12673  
Deadline: 6/6  
$169

---

**Chemistry Matters, ages 11–13**

Warning: This is not your average science class! Get ready for a fast-paced class with daily hands-on experiments that lead you to discover why chemistry matters. Explore what makes a chemical element and why and how reactions occur. Using your newfound power of scientific observation, you’ll conduct a variety of experiments in chromatography, polymers, flame testing, and the chemical structure of water.

The class emphasizes lab safety: All experiments will be conducted under the adult supervision of the instructor and classroom assistant.

*Wear closed-toe shoes.*

6/20–6/30 Mon–Thu 12:45–2:45 PM  
Class ID: 12675  
Deadline: 6/6  
$169

**Day at the Zoo, ages 6–9**

Do you like spending time at the zoo and learning about animals? Now is your chance to create your very own zoo. Design your zoo layout by learning everyday math skills in area, perimeter, addition, and subtraction. Research a variety of animals in order to decide which ones to purchase for your zoo and choose a special one to feature as the star of the show. Using ratios and foam clay, you will create a scale model of this animal and their zoo habitat!

7/11–7/21 Mon–Thu 12:45–2:45 PM  
Class ID: 12696  
Deadline: 6/27  
$169

---

**Kids in the Kitchen**

Do you dream of becoming a world-class chef? Join this CFK favorite and discover a variety of local, American, and international flavors. Master basic cooking skills, try your hand at yummy baking, and gain an understanding of kitchen and food safety skills. A variety of dishes will be prepared, including a few CFK traditions.

*Allergy alert. Bring a 3-cup container each day for leftovers.*

*Ages 7–10*

Class ID: 12682  
Deadline: 6/27  
$169
Learn to Fly a Drone, ages 11–13
Explore the thrill and excitement of learning to fly a drone. Start by learning what makes a drone fly, the principles of flight, and drone safety. Gain experience coding your drone to fly. Test your flying skills as you learn to perform a few maneuvers. Using your teamwork skills, you’ll help design an obstacle course that you and your friends will compete in at the end of camp.

Wear closed-toe shoes.
6/20–6/30 Mon–Thu 12:45–2:45 PM Class ID: 12677
Deadline: 6/6 $169

Pawsitively Pets, ages 10–13
Looking for ways to show your family that you will be a responsible pet owner or caregiver? Become an expert in understanding your pet’s daily needs and keeping your pet healthy. Observe and interact with animal ambassadors from the Champaign County Humane Society so you understand the body language and emotions of pets.

Allergy alert - interaction with animals and pet dander.
6/20–6/30 Mon–Thu 12:45–2:45 PM Class ID: 12686
Deadline: 6/6 $169
7/11–7/21 Mon–Thu 12:45–2:45 PM Class ID: 12687
Deadline: 6/27 $169

Messy Scientists
It’s time to get messy and have fun exploring the world of science! You will investigate the properties of science through wacky experiments. Explore chemistry by making dancing pasta and jelly volcanoes. Learn about the properties of water by designing an aqua filter. Investigate how molecules work by making elephant toothpaste. Prepare to make a mess and discover how the world around us works.

Bring a smock or old T-shirt to get messy!

Ages 6–9
6/20–6/30 Mon–Thu 3–5 PM Class ID: 12701
Deadline: 6/6 $169
7/11–7/21 Mon–Thu 3–5 PM Class ID: 12702
Deadline: 6/27 $169

Sense Sensations, ages 10–13
How do we make sense of our senses? Begin with investigating how the brain uses our senses to collect information about the world around us. You’ll explore messages our senses send to our brains and conduct cool, hands-on experiments that make sense of these messages. Test the DNA of a strawberry, try your hand at creating a sensory fidget, and learn how we “see” sound. Each day is filled with fun experiments that will lead you to new discoveries about your senses.

6/20–6/30 Mon–Thu 3–5 PM Class ID: 12699
Deadline: 6/6 $169
7/11–7/21 Mon–Thu 12:45–2:45 PM Class ID: 12700
Deadline: 6/27 $169

Treasure Hunting with Geocaching, ages 7–10
Grab your hiking gear and let’s go treasure hunting! Join new friends on this exciting geocaching adventure to find treasures hidden on Parkland’s campus. You will learn map-reading skills and ways to construct and hide a cache using GPS and maps. Create your own hunt that stumps your friends!

Wear closed-toe shoes, bring a hat, and apply sunscreen before arrival.
6/20–6/30 Mon–Thu 12:45–2:45 PM Class ID: 12710
Deadline: 6/6 $169
Be a Puppeteer, ages 8–13
Did you know that puppetry, an ancient form of Greek theatre, is still popular today? Learn basic puppet building and design techniques for bringing your unique hand puppets to life. You’ll practice puppetry performance techniques and learn to manipulate and move puppets in expressive ways. You’ll also gain experience in puppeteering for television and discover the ins and outs of writing for puppets.
6/20–6/30 Mon–Thu 12:45–2:45 PM Class ID: 12663
Deadline: 6/6 $169

Beat Basics: Music Production Studio, ages 11–13
Turn up the volume, press record, and you’re on your way to becoming the next top music artist! As a budding music producer, you’ll learn to create, mix, and edit your own music in Parkland’s state-of-the-art Midi Music Computer Lab. Using Garageband, Incredibox, and Chrome Music Lab, you’ll experiment with finding your own beat and composing and producing music. You’ll quickly learn how to apply cool effects for making a unique sound.
Basic computer skills are required.
7/11–7/21 Mon–Thu 12:45–2:45 PM Class ID: 12678
Deadline: 6/27 $169

CFK Jazz Clinic, ages 10–13
Shake, rattle, and roll with CFK’s very own jazz combo. Under the direction of Stacey Peterik, you will learn the fundamentals of the jazz style. Try improvisation and learn about the big band sound and other forms of jazz as you improve your skills. This class is perfect for those who play a band instrument such as drums, piano, bass, or guitar.
All levels of musicians welcome. At least one year of band instruction or private lessons is recommended, but not required. Bring your instrument. Music provided.
7/11–7/21 Mon–Thu 3–5 PM Class ID: 12679
Deadline: 6/27 $169

Dance Palooza, ages 6–13
Dance can be fun and funky, energetic, and creative. Get up and move as you start each class with upbeat warmups and stretches that get you ready to sample dance forms including hip hop, modern, fusion, and contemporary dance. Explore various elements of each dance genre all in one class. It’s the perfect introduction to dance that may lead you to try out for a dance team or join a studio! Dancers will engage in follow-along dance sequences that focus on coordination, listening, simple rhythm, and patterns. A really fun and memorable bonding experience! Wear comfortable clothing.
7/11–7/21 Mon–Thu 3–5 PM Class ID: 12679
Deadline: 6/27 $169

Improv for Kids
Get ready to be silly and share in a load of laughs. You’ll play tons of fun games that bring out your creativity, teach teambuilding and listening skills, and develop your self-confidence. Learn the building blocks of comedy, try your hand at ad-libbing silly characters, and be a part of hilarious scenarios in a relaxed, low pressure class where every minute is filled with laughter! No acting or improv experience is necessary.
Ages 6–9
6/20–6/30 Mon–Thu 12:45–2:45 PM Class ID: 12664
Deadline: 6/6 $169
Ages 9–13
7/11–7/21 Mon–Thu 12:45–2:45 PM Class ID: 12665
Deadline: 6/27 $169

Lights, Camera, Action, ages 8–13
It’s your chance to make a real TV show! Learn the fundamentals of TV production with hands-on training in camera operation, switching, lighting, titling, and audio. Work with the crew to create and star in a TV program, which may be broadcast on Parkland College’s television channel, PCTV.
6/20–6/30 Mon–Thu 3–5 PM Class ID: 12691
Deadline: 6/6 $169
7/11–7/21 Mon–Thu 3–5 PM Class ID: 12692
Deadline: 6/27 $169

Slam Poetry, ages 10–13
Slam poetry is an amazing art form that combines writing, speaking, performance, and audience participation. Local author and poet Ja Nelle Davenport-Pleasure will share her experiences in this high-energy class and help you find your voice. Gain skills in writing and speaking poetry, learn to share your ideas or story in a powerful way, and become a confident poet! Bring your willingness to try something fun and new. Camp will culminate in an exciting poetry slam!
7/11–7/21 Mon–Thu 12:45–2:45 PM Class ID: 12693
Deadline: 6/27 $169
Registration deadlines
Monday, June 6 for classes offered June 20–June 30
Monday, June 27 for classes offered July 11–22

Early Bird Discount
Enroll your child before March 13 to receive $15 off each class. Discount will only be applied to those classes for which you register during the early-bird period and may not be transferred to other classes.

Registration Tips
Improve your chances of enrolling your child in their favorite classes by registering them online and early.
Please enroll your child in age-appropriate classes. All students must meet the required age for the class by the start date of the class. The cost is $169 per class, unless otherwise noted. Confirmation will be emailed once your registration is complete.

Class Cancellation
Due to COVID-19, all programs are subject to change or cancellation based on state and local guidelines. College for Kids reserves the right to cancel any class not meeting the minimum enrollment. Cancellations will be made the day after the registration deadline. In the event of a cancellation, we will attempt to place your child into an available class with your permission.

COVID-19 Information
Parkland College is committed to keeping you safe while on campus, following state and local COVID-19 guidelines. Masks are REQUIRED on campus for all students, staff, and visitors. Programs are subject to change or cancellation based on state and local mandates.

Safety and Security
In an effort to maintain high standards of safety, College for Kids requires all students to have a Parkland College photo taken on the first day of class. Staff will provide supervision during and between class times for all College for Kids students. If your child has any special needs and/or allergies, be sure to indicate these at the time of registration.

Reduced Tuition
Reduced tuition is available for students who receive free or reduced lunch at school. For those who qualify, the cost is $139 per class. Proof of eligibility for free or reduced-cost lunch is required; you may request documentation from your child’s school. Documentation must be provided within one week of registration or the child will be dropped from the class.
To register and receive the reduced tuition, please use our online registration system. When checking out, enter the code CFKSUM22. Select APPLY CLASS CODE and the price will be automatically adjusted. Continue by selecting CHECKOUT.

Scholarships
A limited number of scholarships are available for those who qualify for reduced tuition. Please print the scholarship form from parkland.edu/youth, or email communityeducation@parkland.edu for more information. Online registration is not available for scholarship applicants. Only one scholarship for one class will be awarded per student. Refunds will not be provided for classes that are awarded by scholarship. Community Education gratefully acknowledges financial support for scholarships from the Parkland College Foundation, Champaign West Rotary, Iroquois Federal Bank, and C-U Kiwanis Club.

Drop-Off and Pick-Up
Classes begin at 12:45 pm and 3 pm. Students should be dropped off between 12:30 pm and 12:45 pm, or between 2:45 pm and 3 pm. No students may be dropped off before 12:30 pm. Classes end at 2:45 pm and 5 pm. Parents/guardians must check their child in on the first day of class. Late fees will be assessed at $1 per minute after 2:45 pm or 5 pm. If you know that you will be late for pick-up, please call 217/351-2235 to notify staff. Those attending classes at both times will be supervised between classes. Please see the map in this brochure for the drop-off and pick-up location. Students may self-sign out at the end of the day or parent/guardian must sign them out. Indicate your preference at the time of registration.

four easy ways to register

**ONLINE** Visit parkland.edu/ceRegister. Click FIND A CLASS, and enter the class ID. Note: you must set up a household profile and list the parent or guardian as the primary account holder. Add your child and register him or her. Credit card payments only.

**IN PERSON** Fill out the registration form, sign it, and bring it to 1315 N Mattis Avenue in Champaign. Credit card/check/cash accepted. Monday-Friday, 8 AM-5 PM.

**BY MAIL** Fill out the registration form, sign it, and mail it to 1315 N Mattis Avenue, Champaign, IL 61821. Checks only, or call to complete credit card transaction at 217/351-2235.

**BY FAX** Fill out the registration form, sign it, and fax it to 217/351-5928. Please call 217/351-2235 to complete credit card transaction, or appear in person to pay by check or cash.

*Payment must be received before registration is confirmed.*
The Summer Discovery program offers older students exciting, hands-on learning experiences that encourage them to explore potential careers and expand their skills and talents.

Community Education gratefully acknowledges financial support provided by Parkland’s Division of Career and Technical Education (CTE), the Carl D. Perkins Career and Technical Education Grant and the Northeast Chapter of the Illinois Professional Land Surveyor’s Association (Aurora, Illinois). This support greatly reduces costs and provides equipment for student use.

### Registration Information

**Drop-Off and Pick-Up**

Students may arrive 15 minutes before class. Parents/guardians must check their teen in on the first day of class if they are a minor. Students may self-sign out at the end of the day or parent/guardian must sign them out. Indicate your preference at the time of registration. Students must be picked up promptly at the end of camp each day. Late fees will be assessed in the amount of $1 per minute after camp concludes. If you know that you will be late for pick-up, please call 217/351-2235 to notify staff.

**COVID-19 Information**

Parkland College is committed to keeping you safe while on campus, following state and local COVID-19 guidelines. Masks are REQUIRED on campus for all students, staff, and visitors. Programs are subject to change or cancellation based on state and local mandates.

**Safety and Security**

In an effort to maintain its high standards of safety, all Summer Discovery students are required to have a Parkland College photo taken on the first day of camp. Staff will provide supervision during class times for all Summer Discovery students. If your child has any special needs and/or allergies, be sure to indicate these at the time of registration.

**Reduced Tuition**

Reduced tuition is available for students who receive free or reduced lunch at school. For those who qualify, the registration fee is reduced by $25 per camp. Proof of eligibility for free or reduced-cost lunch is required; you may request this documentation from your teen’s school. Documentation must be provided within seven days of registration, or the teen will be dropped from the class. To register and receive the reduced tuition, please use our online registration system. When checking out, enter the code SUMDIS22. Select APPLY CLASS CODE and the price will be automatically adjusted. Continue by selecting CHECKOUT.

**Scholarships**

A limited number of scholarships are available for those who qualify for reduced tuition. Please print the scholarship form from parkland.edu/youth, or email communityeducation@parkland.edu for more information. Online registration is not available for scholarship applicants. Only one scholarship for one camp will be awarded per student. Refunds will not be given for camps that are awarded by scholarship. Community Education gratefully acknowledges financial support for scholarships from the Parkland College Foundation, Champaign Rotary, Iroquois Federal Bank, and C-U Kiwanis Club.

**Class Cancellation**

Due to COVID-19, all programs are subject to change or cancellation based on state and local guidelines. Community Education reserves the right to cancel any camp not meeting the minimum enrollment. Cancellations will be made the day after the registration deadline. In the event of a cancellation, we will attempt to place your teen into an available camp with your permission.

Culinary Thyme: Cakes, Cookies, and Confections, ages 14–17
Are you inspired to become an amazing baker? In this class, you’ll whisk, fold, and practice other essential baking techniques that result in scrumptious breads, cakes, cookies, and pies. Learn how basic ingredients work together as you try your hand at challenging but achievable recipes. You’ll leave with recipes so you can recreate these delicious foods at home.
T-shirt provided. All ingredients and equipment provided. Bring a water bottle and wear closed-toe shoes. Bring a 3-cup container each day for leftovers.
6/13–6/16 Mon–Thu 9 AM–12 PM
Class ID: 12652
Deadline: 5/30
Location: PC-X118 $169

Culinary Thyme: International Cuisine, ages 14–17
Taste the adventure of travel as you learn to make signature dishes from around the world. You’ll practice various cooking techniques and knife skills and learn kitchen safety. Share your excitement for trying new flavors, ingredients, and cuisines with new friends as you make artful and delicious ramen bowls, dishes infused with the traditional Indian spice curry, and Canadian poutine, a traditional dish of hand-cut fries and local cheese curds. You’ll be inspired to re-create these dishes at home to share with family or friends.
T-shirt provided. All ingredients and equipment provided. Bring a water bottle and wear closed-toe shoes. Bring a 3-cup container each day for leftovers.
7/25–7/28 Mon–Thu 2–5 PM
Class ID: 12653
Deadline: 7/11
Location: PC-X118 $169

Electronics Camp, ages 14–17
Charge up your summer and explore the power of electricity! Consider this: The modern world runs on electric power, from computers to remote controls and from microwaves to smart watches and the Nintendo Switch! How does electricity make these systems work? Learn about electronic control systems, electrical safety, and basic circuit construction as you build a fully functional radio, part of the camp’s Radio Build Challenge. Basic soldering skills will be taught as part of the challenge. This camp will set you up on the path for successful career in electrical engineering, electronics, robotics, automation, or manufacturing.
T-shirt provided. Bring a water bottle and wear closed-toe shoes and long pants.

**Girls Rock! C-U, ages 8–17**

Girls Rock! C-U is an exciting and safe place for you to explore the musical, technical, and creative aspects of being a musician. Individual music lessons and playing in a band are all parts of this camp experience, as well as learning to team-build, communicating with peers, and comfortably expressing yourself. You will help form a band, write and record your own music, and play a gig in a real music venue. No musical experience necessary, beginning and intermediate levels are welcome. This camp is open to girls (including trans and non-binary youth) and is led by the talented women who make up Girls Rock! C-U.

You may bring your own instruments, amps, drumsticks, etc. but are not required to have an instrument. Some loaner instruments will be available.

*Lunch is provided. Allergy alert. T-shirt provided. Camp ends at noon on Friday, July 29. A special gig will be held on Saturday, July 30. Tuition assistance available from Girls Rock, contact girlsrockcu@gmail.com.*

7/25–7/29 Mon–Fri 8 AM–4 PM  
Deadline: 7/11  
Location: PC-C148  
Class ID: 12888  
Class ID: $259

**Girls’ Quest Camp, ages 12–15**

Bring your curiosity and dive into hands-on lab experiments! You will discover the origins of matter! Prepare to investigate the world of Madame Marie Curie, a pioneer in the field of chemistry and physics. Like Madame Curie, you’ll explore how and why reactions take place. You’ll investigate the many faces of polymer chemistry, identify unknown chemicals using a flame test, and use your knowledge of atomic structure to save the world in a Chemistry Escape Room! All equipment and materials provided, including safety goggles. Experiments are conducted under the supervision of a professional educator.

*T-shirt provided. Bring a water bottle and wear closed-toe shoes.*

6/6–6/9 Mon–Thu 9 AM–12 PM  
Deadline: 5/23  
Class ID: 12651  
Class ID: $169

**Drone Camp, ages 14–17**

Take to the skies for an unforgettable summer at Parkland College’s drone camp packed with adventure and hands-on activities. You will learn the internal workings of a drone and practice flying one in a simulated environment. Discover basic FAA flying rules and the many uses for drones including racing, videography, and search and rescue, furthering your interest in one of today’s fastest-growing industries. Show off your flying skills as you race your drone through an obstacle course.

*T-shirt provided. Bring a water bottle, wear closed toe shoes, and bring a hat for sun protection.*

7/25–7/28 Mon–Thu 9 AM–12 PM  
Deadline: 7/11  
Location: PC-W115  
Class ID: 12650  
Class ID: $169

**Machining and Welding, ages 13–18**

Do you want to learn to bend metal with your hands like Superman? We can’t teach you how to do that, but we can teach you to use a manual lathe to manipulate metal. We can also show you how to weld metal together and harden steel using heat-treatment methods. If you are “maker-minded,” you will be challenged by what this camp features: hands-on, high-tech lab work using the latest technology in the manufacturing industry. Design and take home several projects.

*Lunch and T-shirt provided. Allergy alert.*

6/6–6/16  
Deadline: 5/23  
Location: PC-T123  
Class ID: 12647  
Class ID: $375

6/20–6/30  
Deadline: 6/6  
Location: PC-T123  
Class ID: 12648  
Class ID: $375

7/11–7/21  
Deadline: 6/27  
Location: PC-T123  
Class ID: 12649  
Class ID: $375
Land Surveying and Mapping with Technology, ages 14–18

Do you like to be outside, experimenting using technology and doing puzzles? Have you ever looked at a map and wondered how it was made? Land surveying is a unique profession that engineers, architects, attorneys, and construction professionals depend on to do their jobs. Surveyors create detailed maps using innovative technology such as drones and lasers. We will use these tools as well as high-accuracy GPS, robots, and computer-aided drafting (CAD) software to make 3D representations of the land and buildings. Kory Allred, a licensed professional land surveyor, will give you a hands-on experience creating the maps based on measurements and data you collect. 

Lunch and T-shirt provided. Allergy alert.

6/6–6/9 Mon–Thu 9 AM–3 PM Class ID: 12646
Deadline: 5/23 Location: PC-M143 $235

Stethoscopes and Scrubs: Health Professions Exploration, ages 14–17

Interested in a medical career? Immerse yourself in several clinical specialties in this interactive summer workshop. You’ll learn about the fields of medical assisting, respiratory care, surgical technology, and certified nursing assistant. Participate in hands-on activities that introduce these fields and tour Parkland College’s up-to-date labs. You’ll gain an understanding of medical careers and the path that will take you to working in hospitals, clinics, surgical centers, operating rooms, and home health care centers.

T-shirt provided. Bring a water bottle and wear closed-toe shoes.

6/13–6/14 Mon & Tue 9 AM–12 PM Class ID: 12659
Deadline: 5/30 Location: PC-L143 $99

6/11–7/12 Mon & Tue 9 AM–12 PM Class ID: 12660
Deadline: 6/27 Location: PC-L143 $99

Vet Med Camp, ages 14–17

Experience the exciting world of veterinarian medicine and find out what it takes to become a veterinarian or veterinarian technician. Through presentations, demonstrations, and interactive work, you will discover what modern veterinary medicine is all about. Gain hands-on experience conducting physical exams, performing lab work, reading x-rays, and studying blood and other samples through the lens of a microscope. As an aspiring veterinary professional, you will get to practice basic surgical skills including proper gowning and gloving, suturing, and giving injections. Bring your passion for animals and science; we’ll provide the rest!

Lunch and T-shirt provided. Allergy alert.

6/6–6/9 Mon–Thu 9 AM–3 PM Class ID: 12644
Deadline: 5/23 Location: PC-L160 $235

6/13–6/16 Mon–Thu 9 AM–3 PM Class ID: 12645
Deadline: 5/30 Location: PC-L160 $235

Explore, engage, and experience exciting online camps in science, technology, engineering, arts, and math (S.T.E.A.M.) offered by Community Education and Black Rocket. These camps introduce kids to coding, app development, and game design and encourage them to explore their creative side. Taught in a virtual environment, S.T.E.A.M. camps bring the best out of children and fuel their imagination.

Black Rocket has 20 years of experience designing courses in the S.T.E.A.M. fields. Every program is powered by the child’s innate imagination and designed to bring their ideas to life in a fun, hands-on learning environment. All Black Rocket programs mirror real-life experiences and the collaborative nature of the design process. Online classes provide an independent experience, with an emphasis on peer-to-peer feedback to enhance the creative process.

**Class Cancellation**
Community Education reserves the right to cancel any camp not meeting the minimum enrollment. Cancellations will be made the day after the registration deadline. In the event of a cancellation, we will attempt to place your teen into an available camp with your permission.

**Scholarships**
A limited number of scholarships are available for those who qualify for reduced tuition. Please print the scholarship form from parkland.edu/youth, or email communityeducation@parkland.edu for more information. Online registration is not available for scholarship applicants. Only one scholarship for one camp will be awarded per student. Refunds will not be given for camps that are awarded by scholarship. Community Education gratefully acknowledges financial support for scholarships from the Parkland College Foundation, Champaign West, Iroquois Federal Bank, and C-U Kiwanis Club.

**Code Breakers**
Calling all future coders, programmers, and designers! Learn the basics of coding languages like HTML, JavaScript, and CSS through a series of web projects and design challenges. Whether you want to be a silicon valley CEO or the next tech star, you’ll be equipped with the essentials to begin your journey. Projects will be available on a Black Rocket website to share with friends and family.

*Returning students can create more advanced projects that build on previous work. Compatible with MAC, Windows and Chrome OS.*

Code Your Own Adventure!
Interactive Storytelling
Watch the characters in your imagination come to life as you learn to blend classic storytelling with animation techniques and coding. Start with a concept, design the characters, and choose not just one ending, but many! Learn to create your own text-based adventure games with variables, conditional logic, images, HTML, CSS, and Twine scripting syntax. Projects will be available on a password-protected Black Rocket website to share with friends and family.
Compatible with MAC, Windows, and OS only.

Ages 8–11
6/27–7/1 Mon–Fri 3:30–6 PM Class ID: 12783
Deadline: 6/20
7/18–7/22 Mon–Fri 12–2:30 PM Class ID: 12784
Deadline: 7/11

Ages 11–14
6/27–7/1 Mon–Fri 12–2:30 PM Class ID: 12781
Deadline: 6/20
7/18–7/22 Mon–Fri 3:30–6 PM Class ID: 12782
Deadline: 7/11

JavaScript Developer Jam
Learn core programming concepts and experiment with digital challenges using JavaScript, a programming tool so powerful it will amaze you! After you master creating your first animated memes, you’ll move on to more advanced skills, such as interactive 3D experiences and game creation. Projects will be available on a password-protected Black Rocket website to share with friends and family.
Compatible with MAC, Windows and Chrome OS.

Ages 8–11
6/6–6/10 Mon–Fri 12–2:30 PM Class ID: 12788

Community Education AT Parkland College 23
Boot Camp
Get yourself going, get your effort showing, and start feeling super-fit. Join certified fitness instructor Lindsay Riesel for an energizing, early morning workout to wake you up, tone all the major muscle groups, and incorporate cardio drills to strengthen your heart.
3/29–5/5 Tue & Thu 6–7 AM  Class ID: 11433
Deadline: 3/22  Location: PC-Gym  $99

Core and More
The core muscles (abs, back, and other muscle groups around the midsection) are responsible for posture, balance, and stability. With AFAA-certified instructor Rena Leake, learn and practice exercises that strengthen those middle muscles.
3/23–5/11 Wed 5:30–6:30 PM  Class ID: 11423
Deadline: 3/16  Location: PC-P105  $79

Group Cycling
Sweat a little or a lot. Either way, you will feel great as you join certified cycling instructor Tamala Everett for an energetic ride toward fitness. You control the equipment so you can make this the best weekly workout for you.
3/28–5/2 Mon 12:15–1 PM  Class ID: 12739
Deadline: 3/21  Location: PC-P210  $79

Zumba Gold
Designed for active adults looking for a lower-intensity workout, this easy-to-follow program lets you move to the beat at your own speed. Enjoy the music and get a fun workout focused on cardiorespiratory and muscular endurance, flexibility, and balance with certified instructor Rena Leake. Prepare to leave empowered and feeling strong.
3/22–5/10 Tue 5:30–6:30 PM  Class ID: 11421
Deadline: 3/15  Location: PC-P105  $79

Water Aerobics
Experience improved flexibility, strength, and endurance each week. Relieve stressed muscles and joint pain. With water aerobics pro Jo Rodriguez, participate at your own comfort level and enjoy the process.
3/15–5/3 Tue & Thu 12–12:45 AM  Class ID: 11429
Deadline: 3/8  Location: ES  $75
3/17–5/5 Thu 12–12:45 PM  Class ID: 11430  Location: ES  $75

Alzheimer’s Disease: Effective Communication Strategies
Join Elizabeth Hagemann of the Alzheimer’s Association Illinois Chapter to explore how communication takes place when someone has Alzheimer’s. Learn to decode the verbal and behavioral messages delivered by someone with dementia and identify strategies to help you connect and communicate at each stage of the disease.
6/13  Mon 6–7:30 PM  Class ID: 12747  Location: CE  FREE

Vinyasa Flow Yoga
Use your breathing and string postures together into a sequence, moving from one to another seamlessly. Certified yoga instructor Maria Mobaseri will arrange the progression of poses to your ability as she challenges you each week with a variety of poses. Vinyasa yoga helps you develop a more balanced body and prevent repetitive-motion injuries. Build strength and flexibility and create a lifelong practice of yoga.
4/11–5/16 Mon 5:30–6:15 PM  Class ID: 12724  Location: PC-P105  $79

= More fun with a friend!  = COVID-19 vaccine status or weekly COVID-19 testing REQUIRED

Guided Walking with Tamala
Whether you are interested in walking for weight loss or increasing your daily step count, you can practice interval walking suited for all fitness levels. Burn calories and strengthen your cardiovascular endurance. Instructor Tamala Everett will keep you motivated every step of the way. Guided walks will include interval training, stairs, and emphasis on proper walking form. Work at your own pace or invite a friend and challenge one other. Plan to walk 1.5-2.5 miles each session. Wear comfortable walking shoes and dress for the weather. Class will meet inside to stretch and walk outside if weather permits.

- **3/25-4/29 Fri 12:05-12:50 PM**
- **Class ID: 12757**
- **Deadline: 3/18 Location: PC-P105**
- **$39**

Art Journaling
Record your story, feelings, and ideas through photos, images, paints, and more. Create a unique art journal that represents you through various techniques in this fun, relaxing class. Unwind and decompress after a busy day by creating your journal using various mediums and techniques. Reduce stress, let go of imperfections, and connect with your creative self. Art journaling is for everyone. You do not need to be an artist to participate; it’s all about the process, not the outcome. You’ll walk away with greater self-awareness and reduced stress.

- **6/22 Wed 6–7:30 PM**
- **Class ID: 12759**
- **Deadline: 6/15 Location: CE**
- **$25**

Bravo! Improvisational Theatre
Improve your acting skills for your next performance or work to gain positive thinking, creativity, and mindfulness skills in an entertaining format. Improv theatre involves playing out scenes without written dialogue. Even if you are not a theatre buff, improv can help you improve your listening skills and ability to work with others in a collaborative environment. Learn the basics of improvisation and practice fun class exercises in a safe environment.

- **No theatre experience is required.**
- **4/13–5/4 Wed 6–8 PM**
- **Class ID: 12734**
- **Deadline: 4/6 Location: PC-D146**
- **$79**

Beginning Painting
This class is designed for those who want to learn or review the basics of painting. You’ll cover care and use of brushes, fundamental factors of color, color mixing, palette layout, painting surfaces, terminology, and more. Work from a still life and a limited palette. Acrylic or oil painters welcome. A supply list of approximately $75 will be provided.

- **5/4–5/25 Wed 6–8:30 PM**
- **Class ID: 12745**
- **Deadline: 4/27 Location: PC-C190**
- **$139**

Encore! Intermediate-Level Improvisational Theatre
Continue to fine tune your skills in improv with this intermediate-level course. In addition to working on character development, relationships, and interactions, you’ll also practice object work and scene initiation through the use of short-form improv theater games. This safe, welcoming environment will allow you to open up and challenge your skills.

- **Completion of a beginner-level improv workshop is recommended.**
- **5/17–6/21 Tue 6–8 PM**
- **Class ID: 12735**
- **Deadline: 5/10 Location: PC-D146**
- **$109**

**Fitness Center**
Exercise on your own schedule! You will have access to cycles, treadmills, free weights, Universal equipment, and more. Gain access to state-of-the art fitness equipment in a beautiful facility.

- **Cardio equipment:** treadmills, ellipticals, upright and recumbent cycles, StepMills, Waves, VersaClimber, and rowing machines. Most include an iPod docking station, built-in cable TV, and touch screen.

Drawing Fundamentals
Everyone can learn to draw. Discover how to get your vision onto paper by understanding fundamental drawing techniques and materials. Artist Jackie Tice will guide you through exploration of line and contour, shape and form, light and shadow, space and depth, and proportion and perspective. Get acquainted with a range of materials and drawing media as you discover more about the visual arts.
A supply list will be provided.
4/28–5/19 Thu 6–8:30 PM Class ID: 12737
Deadline: 4/21 Location: PC-C188 $109

Drawing Fundamentals II
Continue to discover and improve your drawing techniques with artist Jackie Tice. Apply what you’ve learned by exploring more of your personal style and preferred materials. This class is the next best step for those interested in broadening their understanding of ways to express individual ideas through this familiar medium. You’ll discover new techniques and challenges.
First level of Drawing Fundamentals is not required, but helpful. A supply list will be provided.
6/2–6/23 Thu 6–8:30 PM Class ID: 12738
Deadline: 5/26 Location: PC-C188 $109

Fiber Art: Make Your Own Macramé Plant Hanger
Learn the ins and outs of macramé-knotting techniques. Fiber artist Macy McCall of TwinFringe welcomes all skill levels as she leads you through this hands-on workshop. Leave with a finished plant hanger that fits a four-inch pot and the know-how for designing and creating more pieces on your own. Improve your skills with each macramé project you try.
3/21 Mon 6–8 PM Class ID: 11441
Deadline: 3/14 Location: CE $39

Macramé Wall Hanging
Learn how to begin a macramé piece, the knots needed for macramé work, and how to incorporate beads into your design in this workshop led by fiber artist Macy McCall of TwinFringe. You’ll leave with a finished wall hanging and the know-how for designing and creating more pieces on your own.
Macramé supplies included. No prior experience needed.
4/14 Thu 6–8 PM Class ID: 12740
Deadline: 4/7 Location: CE $45

Focus In On Photoshop
Expand your knowledge of Photoshop to enhance your photos. Learn how Photoshop works with companion applications such as Lightroom, Camera Raw, and Bridge. Practice color adjustments, text integration, and selections. Master concepts such as layers, adjustment layers, and smart objects. You’ll review compositing multiple images, backgrounds, and text as well as learn shortcuts and keystroke combinations to save time. You’ll also have the chance to explore newly released features.
You should have the current version of Adobe Photoshop for desktop installed. Designed for those familiar with Adobe Photoshop who want to expand their knowledge.
5/3–5/24 Tue 6–8 PM Class ID: 12720
Deadline: 4/26 ONLINE $99

Hot-Glass Lampworking: Make Your Own Easter Eggs
Using a benchtop torch you’ll choose from array of colors for your eggs. Expect to make 2–3 eggs about the size of a large marble. These take-home custom pieces will be a great decoration as you learn the basics of working with hot glass. Glass artist Jason Mack will guide you through your project while discussing the best tools and glass for the craft and necessary safety precautions. Your craftwork will be one of a kind, and you’ll be ready to come back for more.
All materials and equipment are included. Closed-toe shoes required.
4/26 Tue 6–7:30 PM Class ID: 12763
Deadline: 4/19 Location: Mack Glass $79

Hot-Glass Lampworking: Have You Lost Your Marbles?
Using a benchtop torch you’ll choose from an array of colors to make unique marbles. In a fun way to learn the basics of working with hot glass, Glass artist Jason Mack will guide you through your project while discussing the best tools and glass for the craft and necessary safety precautions. Your craftwork will be one of a kind, and you’ll be ready to come back for more.
All materials and equipment are included. Closed-toe shoes required.
5/3 Tue 6–7:30 PM Class ID: 12764
Deadline: 4/26 Location: Mack Glass $79
Hot-Glass Lampworking: Christmas in June
Start with two glass icicle ornaments and advance to a hollow-blown ornament by the end of class. Using a benchtop torch you’ll make and take home a few custom pieces as you learn the basics. Glass artist Jason Mack will guide you through your projects while discussing the best tools and glass for the craft and necessary safety precautions. Your craftwork will be one of a kind, and you’ll be ready to come back for more.
All materials and equipment included. Closed-toe shoes required. Wear cotton, khaki, or denim clothing; no polyester.
6/7 Tues 6–7:30 PM Class ID: 12765
Deadline: 5/31 Location: Mack Glass $79

Painting a Landscape
Discover the techniques used in creating believable depth in a landscape painting and the ways to mix various greens and simplify texture. Topics will include composition and painting development. Instructor Paula McCarty, MFA, will guide you as you work from your photos and learn the pros and cons of using them as reference material.
For advanced-beginner or intermediate-level painters. Oil or acrylic painters welcome. A supply list of approximately $130 will be provided.
3/23–4/13 Wed 6–8:30 PM Class ID: 12744
Deadline: 3/16 Location: PC-C190 $139

Painting Light and Color
Painters can gain a better understanding of the effects light has on color by taking this class. Learn how to accurately perceive color, make convincing shadows, and understand color temperature. Paint from a still life comprised of simple-shaped objects, use small canvases, and construct multiple studies from the setup under various lighting conditions.
For advanced-beginner or intermediate-level painters. Oil or acrylic painters welcome. A supply list of approximately $130 will be provided.
5/31–6/21 Tues 6–8:30 PM Class ID: 12746
Deadline: 5/24 Location: PC-C190 $139

Totally Tie-Dye
In this hands-on tie-dye process, you will learn three traditional tie design patterns as well as how to fold, tie, and dye your T-shirts. Instructor Steven Welland will guide you through the process, using fiber-reactive dyes that work on natural fibers like cotton to transform your T-shirts into unique, vibrant, and high-quality creations. The professional-grade products you will use will withstand washing and maintain their bright, tie-dye patterns for years to come. Just bring your shirts, imagination, and a happy tie-dye spirit!
This is an active dyeing class. Wear clothing you don’t mind getting wet or dyed.
6/11 Sat 10 AM–1 PM Class ID: 12736
Deadline: 6/4 Location: CEA $65

Stained Glass Art for Beginners
Turn glass into art. Designed for beginners, this class shows you how to properly use the tools and glass needed for making your very own stained-glass pieces. Learn how to cut and use copper foil and beveled glass, and discover how the grain of the glass can affect your piece. Your first project will be pre-selected so the class can complete it together to ensure everyone understands the foundational techniques. For your second project, you will choose from among a group of patterns. Material costs for the first project are included. You will purchase the kit for your second project directly from your instructor at an additional cost. Tools are additional. Wear comfortable closed-toe shoes, pants, and a shirt that covers your shoulders and middle.
5/17–6/23 Tues & Thurs 6:30–9 PM Class ID: 12731
Deadline: 5/10 Location: CEA $219

Stained Glass Art: Intermediate
Now that you’ve tackled foundational skills for producing stained-glass pieces, you can build on your skills and take on advanced projects in this class. Your first project will involve two sizes of lead and a pre-selected pattern; the class will complete it together to practice proper techniques. Your second project will include one bevel and a pattern you select from a group of options that fit your skill level. Material costs for the first project are included. You will purchase the kit for your second project directly from your instructor at an additional cost. Tools are additional. Wear comfortable closed-toe shoes, pants, and a shirt that covers your shoulders and middle.
7/12–8/18 Tues & Thurs 6:30–9 PM Class ID: 12732
Deadline: 7/5 Location: CEA $219

Zendoodling
Looking for an uplifting way to unwind after a stressful day at work? Want to improve your focus, quiet your mind, and relax? Then try Zendoodling! Nurture your inner artist, unleash your imagination, and create cool art from your doodles. Zendoodling is a form of artistic meditation. It uses a method of deliberate intention that produces non-objective drawings composed of patterns (doodles) you can view from all four sides. Zendoodling is for everyone, from people with no art experience to skilled artists. The goal is not to accomplish or create a masterpiece but to enjoy the process, be mindful, and create with others.
A supply list will be provided.
5/4 Wed 6–7:30 PM Class ID: 12741
Deadline: 4/27 Location: CE $19
Instant Guitar for Busy People
Have you ever wanted to learn the guitar but find it difficult to find the time? In just a few hours you can learn enough about playing the guitar to give you years of musical enjoyment, and you won't have to take private lessons to do it. This crash course will teach you some basic chords and get you playing along with your favorite songs right away. Since this class is being held online with Zoom, you will be able to sit at home with your guitar and take this class without any pressure. The session includes an online book and online follow-up video lessons to allow you to continue your practice and study on your own. An optional periodic online question-and-answer session as well as a recording of the Zoom session are also available. Topics include how chords work in a song, how to form the three main types of chords, how to tune your guitar, basic strumming patterns, how to buy a good guitar (and things to avoid), and how to play along with simple tunes.

4/19 Tue 6:30–9 PM
Deadline: 4/12 ONLINE $79
Class ID: 12723

Instant Piano for Busy People
In just a few hours, you can learn enough about playing the piano to give you years of musical enjoyment. Learn to play piano the way professionals do, using chords. The Zoom format allows you to sit at your piano or keyboard at home while you learn. The session includes an online book and online follow-up video lessons, which allow you to continue your practice and study on your own. An optional periodic online question-and-answer session as well as a recording of the live Zoom session are also included. Topics include how chords work in a song, how to get more out of sheet music by reading less of it, how to form the three main types of chords, how to handle different keys and time signatures, how to avoid counting, and how to simplify more than 12,000 complex chords.

4/18 Mon 6:30–9:30 PM
Deadline: 4/11 ONLINE $79
Class ID: 12722

Jewish History and Culture through Music
Explore some of the major events, holidays, and traditions in Jewish history and culture by examining the music that Jews have inspired. The class will focus on classical music with Jewish themes from Europe and Israel. You’ll enjoy a lecture interspersed with live flute performances from musician and lecturer Arielle Weinstein, who uses music as a pathway connecting you to history.

6/21 Tue 1:30–3 PM
Deadline: 6/14 ONLINE $19
Class ID: 12721

Klezmer Music: A Living Tradition
Klezmer music is the traditional celebration-event music of the Jewish communities of Eastern Europe. It is the heritage of a 1,000-year-old Yiddish culture whose geographic roots span parts of modern-day Poland, Lithuania, Latvia, Romania, Hungary, Russia, Moldova, Ukraine, Turkey, and other countries. Today, the klezmer music scene is more vibrant than ever, blossoming in both North America and Europe and even as far away as Japan and Brazil! Frances and Mitch Harris will provide an overview of this rich and varied tradition, illustrating with sound clips, video, live fiddle, and dancing.

4/26 Tue 6–8 PM
Deadline: 4/19 Location: CE $19

Spring Cupcake Decorating
Make them cute. Make them cool. Make them decadent. Make them delicious. Learn a variety of buttercream-piping techniques and prepare a fondant for garden cupcakes. Experienced baker and cake designer Heidi Gerber will share baking and decorating tips and frosting techniques, so you can surprise friends and family with your delicious creations. This class will focus on decorating. Cupcakes will be pre-made. Bring a container to transport five decorated cupcakes.

5/5 Thu 6–8:30 PM $59

Strawberry Pie with Lattice Crust
Perfect crust, spring strawberry filling, and lattice topping make the perfect pie. Learn the secrets to producing a flaky, flavorful pie crust and weaving the beautiful lattice for a finishing touch. Instructor Heidi Gerber shows you the best ingredients for taking home a piece of perfect spring-season pleasure.

This is a make-and-take-home-to-bake class. Bring a 9” pie pan.

4/7 Thu 6–8 PM $59
**International Pastries  $195**
Join Pastry Chef Doris Klenke as she leads you through culinary creations from around the globe—a tantalizing way to explore and celebrate various cultures and regions while enjoying delectable desserts! You'll gain knowledge and hands-on experience for recreating these recipes at home, leaving family and friends wanting more!

**new  English Pastries: Sticky Toffee Pudding and Lemon Posset**
A classic British dessert made with sponge cake and toffee sauce, sticky toffee pudding is quite different from what we think of as pudding in the US and can be tricky to get just right. Instructor Doris Klenke shows you how to obtain the perfect consistency in this dessert. You’ll also whip up some lemon posset that will not only satisfy your sweet tooth but will remind you of summertime with its warm-weather flavors. Impress your guests at your next gathering with your international dessert flair.

4/27 Wed 6–8:30 PM  Class ID: 12760  $75

**new  Canadian Pastries: Nanaimo Bars and Baked Bannock**
Celebrate with our neighbors to the north on Victoria Day with some of their most famous treats. The Nanaimo bar is named after the city in British Columbia. Consisting of three layers, instructor Doris Klenke will walk you through preparation to ensure a perfect sweetness and crunch. Next, you’ll work on the ancient Bannock bread. Spread to Canada by way of Scottish traders, it used to be made with Buffalo fat. Today, you’ll use more modern ingredients to make this flat quick bread which has been passed down for generations.

*Bring two lidded containers to take home any leftovers.*

5/11 Wed 6–8:30 PM  Class ID: 12761  $75

**new  Italian Pastries: Crostata and Biscotti**
Buono! Italian food tends to send our tastebuds into overdrive with their delicious flavors. June is one of the most popular times to visit Italy. But if you can’t be there, why not create a little of the flavor right here? Instructor Doris Klenke will guide you through creating a delicious crostata, a rustic open-faced fruit tart, and the famous twice-baked Italian cookie, the biscotti. You’ll have the perfect desserts to pair with a fine Italian meal when you’re done.

*Bring two lidded containers to take home any leftovers.*

6/22 Wed 6–8:30 PM  Class ID: 12762  $75

---

**home & garden**

**new  Memorial Wreath Making**
Honor your heroes and loved ones with a wreath you can personalize. Creating your own 18” version will be creatively satisfying. Start with a grapevine wreath and add silk flowers to create a beautiful crescent-shaped floral arrangement. Then, learn how to add personalized touches for greater meaning.

*All materials and supplies, plus 36” wreath stand included.*

5/21 Sat 1–3 PM  Class ID: 12749  $89

**new  Spring Floral Garden Arrangement**
Welcome spring in full blooming beauty into your home. As you begin your floral design, Carol Kamradt, ICPF, ICD, will guide your eye to create an outstanding arrangement of your own.

*All materials and tools will be provided.*

4/23 Sat 1–3 PM  Class ID: 11446  $75

**Introduction to CNC Router**
The CNC router is a 21st-century woodworking machine, used to cut parts, carve decorative details, make signs, and produce 3D relief carvings. CNC machines are becoming popular with woodworking hobbyists, artists, and crafters in home shops and makerspaces. They require special software to operate, however. Local CNC woodworker Allan Tuchman shows you the popular VCarve Pro software required for operating any CNC router. Design a project and then, by an arranged session, be trained in the safety and operation of the CNC router as you create your project on an actual CNC machine.

*Prerequisite: Comfort working with Windows PCs and using a computer mouse. Experience with design, graphics, or photo editing software is helpful.*

An additional two-hour session will be arranged at your convenience to complete your CNC router project at Champaign Woodworkers Club.

5/3–5/10 Tue & Thu 6–9 PM  Class ID: 12729  $265

**Make Your Home Closer to Net-Zero**
What is a net-zero-energy home? It’s a home that produces all the energy used in a year on site, by renewable energy and carbon-emission-free sources. A net-zero-energy home is better for your family, your pocketbook, and the planet. How can you bring your home closer to net-zero energy? Join instructor Debbie Insana to learn more. Topics may include insulation and air sealing, passive solar orientation, geothermal HVAC, renewable energy, PV solar, wind, biomass, tax rebates and financing, and SREC’s.

3/22 Tue 6–7:30 PM  Class ID: 11458  $19
What’s Happening at the Hive       $120

Designed for both the beginner and experienced beekeeper, Master Beekeeper Maggie Wachter offers her knowledge, skills, and respect for this incredible insect as she walks you through the seasonal demands of the bee hive. These hands-on classes give you practice with tools and show you how to inspect a hive and determine hive health. This series will be held once a month at Sola Gratia Farm and will cover the hive cycle throughout the season. Maggie will demonstrate and instruct on site at the hives each month. The topics will range broadly as you work through the season and take note of hive activity. This is a rare opportunity for those interested in beekeeping. Sign up for individual sessions or enjoy the entire series at a discounted rate.

Introduction to Beekeeping
Keeping bees happy and healthy is essential. Get the best advice for starting up a hive, selecting suitable hive locations, and understanding the life cycle of the honey bee. Topics cover basic equipment, nutrition, and disease control. Would-be and new beekeepers as well as those with a lively interest in honey bees are welcome.

4/5       Tue 6–8 PM  Class ID: 12750
Deadline: 3/29  Location: CE  $35

Live at the Hive
This hands-on class gives you practice with tools, shows you hive-inspection techniques, and helps you determine the health of a hive. Through on-site instruction at a hive, Maggie will address topics relevant to the concerns of the hive during the month from weather and hive threats to activity and behaviors.

Required Supplies: Hive tool ($12–15), unscented dishwashing gloves made of rubber or durable plastic, and a bee veil. Details online. Wear loose-fitting long pants, closed-toe shoes with socks, and a long-sleeved shirt. Walking on uneven ground and standing for an extended time will be required.

3/20  Sun 3–5 PM  Class ID: 12769
Deadline: 3/13  Location: Sola Gratia Farm  $35

Deadline: 6/5  Location: Sola Gratia Farm  $35
recreation

### Beginning Bridge
Discover the challenging and enjoyable card game of bridge with Gold Life Master Bob Sievers. Learn how to play the game, evaluate your hand, bid, take tricks, score, play defense, and most of all have fun.

- **3/21–4/4** Mon 3–5 PM  
  Deadline: 3/14  
  Location: CE  
  Class ID: 11415  
  $49

### Intermediate Bridge
You know the basics. Now is your chance to strengthen your hand, sharpen your strategies, and learn to play with greater skill. Bob Sievers, a Gold Life Master, helps you gain an obvious edge, whether you are interested in organized competitive play or just an evening of entertainment.

- **4/11–4/25** Mon 3–5 PM  
  Deadline: 4/4  
  Location: CE  
  Class ID: 11416  
  $49

### Comedy Gold On the Silver Screen
Whether you're recalling some of the greatest comedic actors of all time or focusing on film titles ranging from “Arsenic and Old Lace” to “Spinal Tap,” you're sure to find barrels of laughs in John LeGear’s latest film history presentation. In a live-narrated presentation, John highlights the hilarity by extracting scenes from great comedies and remixing them with relevant music beds that add as much to the enjoyment as does good writing and perfect timing. He acquaints you with behind-the-scenes stories and relevant facts along the way. A Q&A segment follows the presentation.

- **4/5** Tue 7–8:30 PM  
  Deadline: 3/29  
  Location: ONLINE  
  Class ID: 11454  
  $9

### Take a Crack at Cribbage
Learn the card game that is incredibly popular in the northern US, the UK, and with US submariners. With an average play time of just 20–30 minutes per game and the need for just two players, cribbage has remained an entertainment staple for generations. Veteran player Art Earl shows you the best board strategies and scoring options, so you can become the master of the match.

- **5/19–6/2** Thu 1–3 PM  
  Deadline: 5/12  
  Location: CE  
  Class ID: 12733  
  $49

### Introduction to Orienteering
Learn to find your way to various checkpoints with the aid of a map and compass. Orienteering truly is a sport for everyone. Courses can range from paved paths to bush-whacking courses. Join instructor Matt Plutz in the classroom for basic introductions to map and compass reading, then practice your newly acquired skills on a field course at Lake of the Woods in Mahomet, Illinois.

- **Plan to walk 3–4 miles on uneven ground for the field portion of the class. Wear comfortable shoes and pants. Bring a water bottle.**

### INSTRUCTOR SPOTLIGHT
**Matt Plutz**
Matt Plutz has been adventure racing and orienteering since 2013 when a friend asked him to attend an 18-hour adventure race. Despite a tipped canoe, torrential rain, trails so muddy that they couldn’t be ridden, and arriving at the finish an hour late, thus forfeiting all of their hard-earned check points, it was an amazing experience. When not racing or training, Matt is a firefighter for the City of Champaign.

Managing Health Care Expense in Retirement
With any government program there can be confusion, opinions, and complexity leading to misinformation. This is certainly true of Medicare. Learn the basics of Medicare and the ways it coordinates with supplemental insurance. This course gives you what you need for making decisions for yourself or a loved one. For more than 20 years, Jim Lilley of Chesser Financial has been helping people understand retirement income and spending; he will make this an enjoyable and informative presentation.

Flexible format: online and in person simultaneously. This course deals with the concerns of ages 60+.

3/29 Tue 6–7:30 PM  Class ID: 11457
Deadline: 3/22  Location: CE or ONLINE  $9

Outsmart the Scammers
Incidents of fraud are on the rise and scammers’ tactics are becoming more complex. This presentation provides the information you need for outsmarting the scammers. Learn to spot red flags that may indicate a fraudulent encounter, discover resources you can turn to in the event you or your loved one is targeted, and review steps you can take now to help protect yourself.

5/9 Mon 6–7 PM  Class ID: 12754
Deadline: 5/2  Location: CE  FREE

Savvy Social Security Planning
Social Security is the largest single source of retirement income for most Americans, yet most Americans do not maximize their benefits. Learn five key factors for applying for benefits and ways to estimate your benefits, minimize taxes during retirement, coordinate benefits with your spouse, and more. Jim Lilley of Chesser Financial leads you through this informative seminar, where you will learn that the decisions you make today can have a tremendous bearing on the total amount of benefits you stand to receive over your lifetime. Designed specifically for ages 50+.

Flexible format: online and in person simultaneously.

3/23 Wed 6–7:30 PM  Class ID: 11431
Deadline: 3/16  Location: CE or ONLINE  $9

history

Clubmobile Gal: A Story of Service with the Red Cross in Europe
During World War II, American women found many ways to be a part of the war effort. From factory workers and clerks to joining WASPS and WAACS, women across the country did their part. Many young women found that the American Red Cross offered non-nurses a unique opportunity. Join author Maureen Holtz as she takes you back to 1944 and the journey of Champaign County resident Jill Pitts Knappenberger (1918–2020) across Europe during the war.

5/16 Mon 6–7:30 PM  Class ID: 12726
Deadline: 5/9  Location: CE or ONLINE  $19

The Israeli-Palestinian Conflict
The conflict between Israel and the Palestinians continues to make headlines, but little light is ever shed on the basic issues that divide them, issues that date back to the 19th century. This class covers a summary of these issues and helps us understand what the major stumbling blocks are, why peace hasn’t been achieved, and what the prospects are today.

5/3 Tue 6–8 PM  Class ID: 12751
Deadline: 4/26  Location: CE  $19

The Manhattan Project
The creation of the atomic bomb is one of the most consequential events in human history. The Manhattan Project brought together many of the greatest scientific minds of the era. Learn about the physicists who worked for the program, the reasons the bomb was made, and the ethical implications of the project.

6/7 Tue 1–3 PM  Class ID: 12727
Deadline: 5/31  Location: CE or ONLINE  $25
travel

DAY TRIPS

LaSalle County History Tour
Explore the history of LaSalle County, Illinois, from 1876 to the 1920s. Start the day with a tour of Hegeler Carus Mansion in LaSalle, experiencing the grandeur of a bygone era and the heritage of a fascinating family. Take a scenic drive to Starved Rock Lodge for a delicious and relaxing lunch. Then, head to Ottawa for a bus tour about the Radium Girls, a group of female factory workers who contracted radiation poisoning from painting watch dials with glow-in-the-dark paint. See the factories, homes, gravesites, and monuments, and learn how the ill effects still haunt the area nearly 100 years later as well as facts the books and plays don't cover.
Lunch additional. Expect standing in one place for up to 10 minutes at a time in between walking while touring the mansion. No leaning or touching allowed in mansion for preservation. Mansion tour is approximately 75 minutes. Walking will include uneven surfaces and some stairs. Plan to embark/disembark the bus and van multiple times.
4/13 Wed 7:30 AM–6:30 PM
Deadline: 3/30
Location: CE
Class ID: 12766
$99

Celebrate Spring at Allerton Park
Enjoy the sweet smell of spring and blooming flowers at Allerton Park in Monticello, Illinois. The peonies should be popping this time of year. Begin the day with a lovely garden tour followed by a private mansion tour. Later, relax in the mansion with a private catered lunch from the Greenhouse Café. In the afternoon, take some time exploring the unique shops around the square in downtown Monticello. This is a great way to rediscover one of our local treasures and spend a day with friends.
Lunch included. Wear comfortable shoes and bring an umbrella or rain jacket in case of spring showers. Activity level is average physical activity. You should be in good health and able to climb stairs and walk reasonable distances, including over uneven ground and cobblestoned streets. Each guided tour will be 60 minutes and include walking and standing. Expect walking again during the afternoon shopping excursion.
5/18 Wed 9:20 AM–4:15 PM
Deadline: 5/4

Join us for presentations on lands both near and far. Enjoy refreshments as part of a leisurely afternoon.

**Charleston, South Carolina History Highlights**
Let us bring the best of Charleston to you in a live, virtual experience. From historic homes tucked away on picturesque, cobblestone streets to the high battery, you’ll explore Charleston’s 350-year history and view some of the most important sites of the Colonial period, Revolution, and Civil War. You’ll see through video and pictures everything that is discussed by your guide - almost like being right there with them! You will also be able to interact with your guide and ask questions. In addition, we’ll provide you with a Charleston original treat, Benne Wafers, made by Olde Colony Bakery, the oldest family-operated bakery in the historic Charleston area.

Join us in person to watch the virtual presentation and enjoy tasty treats that originate from Charleston, South Carolina or watch from home.

- **3/22 Tue 1:30–3 PM**

**The Netherlands & Belgium by Bike and Boat**
Come along as we travel via river barge with day cycling along picturesque bike paths, canals, and rivers. In Belgium, we will explore the medieval, fairy-tale towns of Bruges, home to Michelangelo’s Madonna of Bruges, and Ghent, the city of 200 bridges, as we encounter castles, moats, and towers dating to the 8th century. In the Netherlands, we’ll ride beside polder fields ingeniously reclaimed from the sea, an engineering story unveiled on our visit to the Kinderdijyk Windmills. We’ll pay our respects to WWII soldiers at the Arnhem Oosterbeek War Cemetery and the Airborne Museum, memorializing the Battle of Arnhem. In Amsterdam, surrounded by the city’s canals and enchanting gabled roofline, we’ll stop at the Rijksmuseum, home of Rembrandt’s The Night Watch, and duck into the hidden 17th-century Our Lord in the Attic Museum, a Dutch example of religious tolerance. An easy bike ride with many more stop-offs!

Flexible format: online and in person simultaneously. Join us in person and enjoy tasty sweets from the region.

computers & technology

**Beginner Beginner Computers**
Start with the basics: learn the simplest functions of a computer, important terminology, and efficient use of the mouse. Become more comfortable with the keyboard as you practice your skills each week, growing in confidence. Students rave about instructor Jane Bateman's patience and warm, helpful manner.

4/13–5/4 Wed 1–3 PM Class ID: 12730
Deadline: 4/6 Location: CE $79

**Advanced Excel**
We face various daily business decisions that can change the data we use and our financial outcomes. What workplace skills can you learn to make wiser decisions? Advanced Excel contains tools that help you accurately prepare worksheets, examine your data for authentication, and find answers to your most difficult questions. This course will help you learn these required business functions and give you the tools required for analyzing data efficiently within the workplace. Save time by protecting your valuable data, and know with assurance that the data you entered is accurate. By completing the course, you'll discover how to visualize your data attractively into meaningful information, with confidence.

4/4–4/29 ONLINE Class ID: 11617
Deadline: 3/28 $195

**Adobe Illustrator Essentials**
Adobe Illustrator is the industry standard computer illustration software. Use Illustrator to draw shapes and design logos, flyers, posters, banners, business cards or any other vector graphics for print or web. In this course, you will learn Adobe Illustrator fundamentals to set up a print document and use various tools to draw, type and color all kinds of shapes and illustrations. Learn how to efficiently manage layers and artboards, and create print-ready PDF documents.

One-month course.
Access to Adobe Illustrator software required. The online classroom is open 24 hours a day, 7 days a week with no live requirements. For the best learning, you should log into the course 2–3 days a week.

6/6–7/1 ONLINE Class ID: 12606
Deadline: 5/30 $225

**Adobe InDesign Essentials**
Adobe InDesign is the industry standard page-layout program that works with Adobe Illustrator and Photoshop seamlessly. InDesign allows you to create simple to complex multi-page documents such as brochures, flyers, books, and magazines. This course is a comprehensive exploration of InDesign tools and capabilities to create professional documents. You will learn how to manage the InDesign environment, create, setup, design, enhance and finalize multi-page documents.

One-month course.
Access to Adobe InDesign software required. The online classroom is open 24 hours a day, 7 days a week with no live requirements. For the best learning, you should log into the course 2–3 days a week.

Leading and Managing Change

Whether adopting new technology or adapting to a drastic shift in an organization’s core focus, managers play a fundamental role in effecting changes. Based on D. Quinn Mills’ book *Leadership: How to Lead, How to Live*, a text used at Harvard Business School, this course addresses the key issues managers face in a dynamic environment. By understanding the steps in effecting change and how to overcome resistance, a manager can successfully lead change at various levels of an organization.

ONLINE class begins upon registration. Class ID: 9151 $99

Event Management and Design

The event and meeting planning industry is growing at a rapid pace and creating new opportunities for professional event management professionals. Our event management program includes greener events, corporate social responsibility, international best practices, and the expanding event field. You will also learn how technology, including the use of social media, may be harnessed to improve the financial, environmental, and other strategic outcomes of a special event. This course will introduce you to the keys to selecting the best registration method to help people wanting to attend events. Learn a systematic approach to evaluating meeting objectives and group needs as they relate to menu design, pricing structures, guarantee strategies, negotiation items, and overall information about food and beverage services. This course will introduce essential tools for preparing a budget for events of all sizes and how to prepare and communicate presentations to clients.

ONLINE class begins upon registration. Class ID: 9025 $1,995

Start Your Own Event Planning Business

Whether a celebration, business conference, industry show, or convention, event planners are often an integral part of a successful event. Whatever the occasion, planners can assist in the design of the event; locating an appropriate site; determining food, beverage, and decor needs; locating entertainment; managing the invitation process; arranging travel accommodations; hiring and overseeing personnel; and supervising the event. With all there is to do, it’s no wonder that event planners are in such high demand!

ONLINE class begins upon registration. Class ID: 9357 $195

Certificate in NonProfit Administration

In many respects, today’s nonprofits must be managed like businesses: You recognize competitors, need to generate income and a surplus, and need to increase staff productivity. Get the best training on revenue generation and program evaluation for nonprofits with our Certificate in NonProfit Administration. You will come away with the best information from instructors who train nonprofit employees.

The online classroom is open 24 hours a day, 7 days a week with no live requirements. For the best learning, you should log into the course 2–3 days a week.

4/4–7/1 ONLINE Class ID: 11540 Deadline: 3/28 $595

Entrepreneur Boot Camp

Starting a business is something all of us have thought about at one time or another, yet statistics show that most new businesses fail within the first five years. This course provides insight into the characteristics, knowledge, and skills you need to become a successful entrepreneur. At the end of this course, you will be able to identify the abilities required of successful entrepreneurs and how to acquire them, develop goals to help establish your business, develop an outline for your plan, and take home techniques for successfully managing your new business.

The online classroom is open 24 hours a day, 7 days a week with no live requirements. For the best learning, you should log into the course 2–3 days a week.

6/6–7/1 ONLINE Class ID: 12547 Deadline: 5/30 $195

Six Sigma Green Belt Certificate

Six Sigma professionals are in demand by organizations around the world, and Green Belts are on the front lines of Six Sigma efforts. LERN’s Green-Belt training teaches you problem-solving skills using the DMAIC (Define, Measure, Analyze, Improve and Control) model. Certified Green Belts serve their organizations as trained specialists able to work on Six Sigma projects that benefit the organization. Although not required, you are strongly encouraged to have a project during this course. The instructors and mentors work closely with the class not only to teach the material but to guide candidates as they work on projects.

The online classroom is open 24 hours a day, 7 days a week with no live requirements. For the best learning, you should log into the course 2–3 days a week.

6/6–8/26 ONLINE Class ID: 12593 Deadline: 5/30 $495
Managing Remote Workers Certificate
Discover the keys to communicating with and managing remote workers, one of the fastest-growing sectors of the workforce. Some 80 percent of employers are keeping some or many of their employees working from home part of the week. People working from home are 25 percent more productive than those who work in an office. Working from home is here to stay. Tap into the experience of a CEO who has been managing remote workers for 22 years. He has pioneered fundamental processes and procedures you won’t get anywhere else and has consulted with organizations around North America on managing remote workers.
Two one-month courses. The online classroom is open 24 hours a day, 7 days a week with no live requirements. For the best learning, you should log into the course 2–3 days a week.

CPR for Health Care Providers: Hybrid
Learn life-saving skills through a variety of e-learning tools such as dramatizations, e-simulations, animations, self-directed learning, and interactive activities. After completing the online portion, you will attend a structured basic life skills (BLS) hands-on session with an American Heart Association (AHA) instructor. This session focuses on meaningful skills practice, debriefing, team scenarios, discussions of local protocols, and skills testing. Upon completion, you will be issued an American Heart Association BLS Healthcare Provider Course completion card. This hybrid course is for health care professionals seeking an alternative method for completing a BLS course.
You must complete HeartCode BLS at onlineaha.org, print your certificate of completion, and bring it with you to class. Fee is an additional $31 (to be paid online).
Classes held at Community Education; $89 each. Register by April 17 to receive a $10 discount.
5/3 Tue 5:30–6:30 PM Class ID: 11383
5/5 Tue 6:30–7:30 PM Class ID: 11384
Thu 7:30–8:30 PM Class ID: 11385
Thu 5:30–6:30 PM Class ID: 11386
Thu 6:30–7:30 PM Class ID: 11387
Classes held at Community Education; $89 each. Register by May 22 to receive a $10 discount.
6/7 Tue 5:30–6:30 PM Class ID: 12511
5:30–6:30 PM Class ID: 12512
6:30–7:30 PM Class ID: 12513

CPR for Health Care Providers: Instructor-Led
Learn to promptly recognize several life-threatening emergencies, give high-quality chest compressions, deliver appropriate ventilations, and provide early use of an AED. Upon completion, you will be issued an American Heart Association BLS Healthcare Provider Course Completion Card.
You will be emailed an access code for the e-book on the registration deadline. If you prefer a hard copy in exchange for an e-book, you must pick it up at Community Education at least one week before class during the hours of 8 AM–5 PM, M–F.
Register by April 22 to receive a $10 discount.
5/7 Sat 8AM–12 PM Class ID: 12511
Deadline: 4/30 Location: CE $89

CPR FAQs
How soon should I register for a CPR course? Classes fill fast! Your program deadline will affect your certification needs. Please contact your program manager for the deadline. If you choose to complete the hybrid class, your online certificate of completion is valid for only 60 days. You must complete the hands-on skills portion within 60 days.

How long is my CPR card valid? Your card is valid for two years.

When will I receive my CPR Card? It typically takes two to three weeks to process. If you need proof sooner, your instructor can issue you a temporary card upon successful completion of the course.

Do I need a book? Yes. Textbooks are an integral part of the instructor-led CPR education before, during, and after the course. You may reuse your textbook during renewals or updates until new science guidelines are published.
Medical Billing and Coding with Exam Voucher: Live Online

Medical Billing and Coding Career Prep Complete covers a growing career field with numerous job opportunities. This course combines the basics of medical coding, medical billing, and medical terminology to provide a comprehensive program that prepares you to work as a medical coding and billing specialist in a medical office. You will learn medical terminology, insurance guidelines and compliance requirements, medical billing functions, and legal and ethical issues. Upon completion, you will be prepared to take the AHIMA Certified Coding Associate (CCA) national exam. Exam registration assistance and exam voucher will be provided to you after successfully passing the course.

Prerequisites: High school diploma or GED; take and submit results from the Essential Computer Skills: Internet Basics assessment with a score of 85% or better by February 25.

Tuition Assistance available at protrainedu.org/tuition-assistance.

Register at parkland.theknowledgebase.org.

3/1–6/21 Tue & Thu 6–9 PM Class ID: 12514
Deadline: 2/22 ONLINE $3,674

Pharmacy Technician: Live Online

This program prepares you to become a professional pharmacy technician, dedicated to assisting registered pharmacists in quality pharmacy operations such as filling prescriptions according to doctor’s orders. Pharmacy technicians also participate in ordering products, controlling inventory, and billing and receiving payments. Course graduates are eligible to sit for a national certification exam and, after passing the exam, may apply for internships with national affiliate partners such as CVS and Walgreens or with their local pharmacy operators. Completing this internship tells industry employers you are ready for this in-demand job.

Tuition includes book(s), materials, background check, drug test, and exam voucher.

Prerequisites: High school diploma or GED; take and submit results from the Essential Computer Skills: Internet Basics assessment with a score of 85% or better by April 8.

Tuition assistance available at protrainedu.org/tuition-assistance.

Register and pay at parkland.theknowledgebase.org.

4/13–7/13 Mon & Wed 6–9 PM Class ID: 12516
Deadline: 4/6 ONLINE $1,835

Spanish for Medical Professionals

Are you frustrated by the communication gap between you and your Spanish-speaking patients? If you answered yes, this Spanish class, designed specifically for healthcare professionals, will help you bridge that gap. You will learn practical language skills needed to communicate with your Spanish-speaking patients and their families. Gain the basics of the language, an understanding of the culture, and the knowledge of crucial questions to ask for delivering quality healthcare. Whether you speak some Spanish and need a refresher, or speak no Spanish, you will complete the course with the Spanish-language skills you need to communicate effectively.

The online classroom is open 24 hours a day, 7 days a week with no live requirements. For the best learning, you should log into the course 2–3 days a week.

Tuition: $290

Deadline: 3/28

Instructors Wanted!

Do you have a special skill or knowledge of a certain subject matter? Have you ever thought about sharing your passion with community members or local businesses? You can become a noncredit Community Education instructor and teach in person or virtually. For more information or if you have class ideas, contact us at 217/351-2235 or email communityeducation@parkland.edu. We are looking for leaders in these areas:

- Crafts: wood carving
- Culinary: cooking, food service sanitation, mixology, baking
- History: local, European, specific era, civil rights, sports
- Home & Garden: handyman, gardening, upcycling
- Technology: are you a techie?
- Travel: near or far, show us where you’ve been
- Writing: creative, fiction, or nonfiction
- Youth: chemistry, construction, physics, robotics
The William M. Staerkel Planetarium is the second-largest planetarium in the state of Illinois. The Digistar 6 digital planetarium projection system transforms the 50-foot dome ceiling into an immersive virtual environment.

The planetarium hosts numerous shows, programs, and special events. Stay up to date by calling our show hotline at 217/351-2446 or visiting us online at parkland.edu/planetarium.

- Open weekdays for school and civic groups. Virtual shows available. Reservations required.
- Public presentations Fridays and Saturdays at 6:30 pm and 8 pm. Tickets $5-$6 at the door. Virtual shows are free!
- Sensory-friendly shows are offered on selected Saturday afternoons.
- Spanish-language shows are offered on selected Saturday afternoons.
- Join the Friends of the Staerkel Planetarium (FOSP) and see FREE shows for a year.
- Teachers, book a field trip with us! Find a complete list of school programs by grade level, plus activities for before or after your visit, including links to the NGSS. Call 217/351-2568 to set up your field trip.
- Book a unique rental space for birthday parties, weddings, and other private events under the stars.
- Join the Galaxy Club: Kids get a stamp card and begin to earn free admission to a show.
- Rent-a-Scope: 10-inch Dobsonian telescopes; $10/night or $15/weekend.
- Get your astro news: Northern lights, eclipses, and meteor showers, plus be the first to hear of upcoming programs at the planetarium. Subscribe to our email list.
- Girl Scout and Boy Scout workshops are scheduled for May 19 and 25, respectively, at 7 pm. Look online for registration forms. Advance registration is required.

Big Astronomy: People, Places, Discoveries
It takes many people with diverse backgrounds, talents, and skills to run a world-class observatory. Meet a few of these people as they share the wonders of the sky and the excitement of discovery. Explore the world-class observatories nestled in northern Chile’s mountains and learn why Chile’s beautiful mountain ranges and clear, cloudless skies create an ideal environment for studying the cosmos. This show is available in English and Spanish.

Einstein’s Gravity Playlist
Albert Einstein first predicted the existence of the ripples in spacetime known as gravitational waves in 1916. Follow Lucia, a PhD student in physics, on an exploration of gravitational-wave formation and movement through the universe, and discover how she and other scientists work to hear them. Einstein’s Gravity Playlist is a collaboration among four Montana State University institutions: the eXtreme Gravity Institute, the Department of Physics, the School of Film and Photography, and the School of Music.

Summer matinées
The planetarium offers matinées for the months of June and July. Bring the kids to presentations at 1 pm and 3 pm on Tuesdays and 9 am and 11 am on Thursdays, beginning June 7. All tickets are sold at the door. Check our online calendar for a full schedule.
James B. Kaler Science Lecture Series
Mainstream science from the laboratory to you. On the first Friday of each month that school is in session, the planetarium welcomes a scientist from the community into the dome to share their expertise. Past topics include nanosatellites, earthquakes, archeology, and pollination. Visit parkland.edu/planetarium for the schedule. All talks are at 6:30 pm, and tickets are $2 at the door.
April 1: Joaquín Rodríguez-López, Storing Energy Big Time Using Nanomaterials

See the Real Sky
Join members of the C-U Astronomical Society at their rural observatory for a peek at the real sky. See the stars and planets through the dome’s 16-inch telescope or go inside the Prairie Winds Observatory. All observing events are weather permitting.
April 9, May 7, and June 4 at 8 pm
Location: CUAS Observatory, County Road 700E, south of Monticello Road, southwest of Champaign. Visit cuas.org for directions.

Giertz Gallery

53rd Annual Parkland College Art and Design Student Juried Exhibition
Monday, April 11–Saturday, May 7
Reception: Thursday, April 14, 5:30–7:30 pm;
Awards Ceremony at 6:30 pm in the gallery lounge
This juried exhibit, which features work from Parkland College Art and Design and Visual Communication Design courses, presents a wide variety of current-student work in ceramics, sculpture, graphic design, metals, photography, two- and three-dimensional design, color theory, painting, and drawing. Art and Design faculty jury the show from nearly 400 entries and determine the award winners. The exhibition provides a wonderful opportunity to learn about the quality and breadth of the Art and Design program and serves as a springboard for students preparing for professional careers in art, design, and media. Students get to experience juried exhibition protocol and see their work shown outside the classroom and in the context of other art mediums.

Summer 2022 Exhibition to be announced!
Monday, June 6–Wednesday, July 28
Reception: Thursday, June 9, 5:30–7:30 pm, with live music and Gallery Talk at 6:30 pm

Spring Gallery Hours
Monday–Wednesday 10 AM–5 PM
Thursday 10 AM–7 PM
Saturday 12–2 PM

Summer Gallery Hours
Monday–Wednesday 10 AM–5 PM
Thursday 10 AM–7 PM
Saturday closed

Please check the gallery website for any changes in hours due to COVID-19. Thank you.

Programs at the Giertz Gallery are partially supported by a grant from the Illinois Arts Council, a state agency. Events in the accessible gallery are free and open to the public.
For more information call 217/351-2485 or visit parkland.edu/gallery.
Be sure to join our Facebook and Instagram pages for updates, events, and insights about our exhibitions and programming.
Interested in receiving our emails? Please visit the Giertz Gallery at Parkland College website to sign up!
SpongeBob the Musical

By Kyle Jarrow and Tina Landau
Directed by Chelsea Collier
Music Direction by Cheryl Forest Morganson
Choreography by Elliot Reza Emadian

The stakes are higher than ever in this dynamic stage musical, as SpongeBob and all of Bikini Bottom face the total annihilation of their undersea world. Chaos erupts. Lives hang in the balance. And just when all hope seems lost, a most unexpected hero rises and takes center stage. The power of optimism really can save the world!

SpongeBob the Musical is based on the beloved animated series created by Stephen Hillenburg and features a book by Kyle Jarrow, with original songs by Yolanda Adams, Steven Tyler and Joe Perry of Aerosmith, Sara Bareilles, Jonathan Coulton, Alexander Ebert of Edward Sharpe & the Magnetic Zeros, the Flaming Lips, Lady A, Cyndi Lauper, John Legend, Panic! at the Disco, and more.

Rating: Family
Performances:
April 14, 15, 16, 22, 23, 24, 29, 30, and May 1
Harold and Jean Miner Theatre

Tickets:
Adult $25,
Student/youth/senior/veteran $22,
Group (10 or more) $20,
Children 12 and under $12.

Opening night is half price!
Ticket Information: Parkland Theatre tickets must be purchased either in advance online or from the ticket booth at the time of the performance; ticket reservations will no longer be accepted. All sales are final. No refunds or exchanges allowed. Visit parkland.edu/theatretickets for more information.

7 WAIVER AND RELEASE (REQUIRED)

IMPORTANT INFORMATION
Parkland College holds the safety of its students in high regard and is committed to conducting Community Education courses in a safe manner. Parkland College continually strives to reduce such risks and insists that all students follow safety rules and instructions that are designed to ensure everyone's safety. However, students must recognize that there is an inherent risk of injury when choosing to participate.

WARNING OF RISK
Community Education courses are intended to challenge and engage the student. Depending on the particular activity, students must understand that certain inherent risks always exist. Despite careful and proper preparation of instructors, there is still a risk when participating in courses. In this regard, it must be recognized that it is impossible for Parkland College to guarantee absolute safety.

WAIVER AND RELEASE OF ALL CLAIMS AND ASSUMPTION OF RISK
I understand that there may be certain risks of physical injury, damage or loss which I and/or my dependents may sustain as a result of participating in any and all activities associated with Parkland College courses offered by Community Education. In registering and participating in these courses, I expressly assume the risk and legal liability, waiving and releasing all claims for risk connected with said courses. Furthermore, I grant Parkland College and PCTV permission to record and/or photograph myself or my dependents for future promotion. In addition, I understand that there will be no refunds for classes canceled due to severe weather conditions, power outages, or situations that may affect the safety of the program or Parkland College.

I have read and understand the above important information, warning of risk, and waiver and release of all claims and assumption of risk.

Participant's name (PLEASE PRINT)

Signature of adult participant or parent/guardian (if participant is under 18 years old) ___________________________ Date ___________________________

Participation may be denied if the signature of adult participant or parent/guardian and date are not on this waiver.

AT PARKLAND COLLEGE
LIVE Online Classes for a NEW Career
Online classes can be challenging, leaving you feeling alone, without help, and disconnected. Our LIVE Online classes combine the best parts of online and in-person classes. You will connect with your instructor and have weekly meetings and deadlines to stay on track, all from the comfort of your home or other convenient environment.

Medical Billing and Coding
Numerous job opportunities await! This course combines the basics of medical coding, medical billing, and medical terminology in a comprehensive program. Learn about necessary medical terminology, insurance guidelines and compliance requirements, medical billing functions, and legal and ethical issues. You will be prepared to begin work and to take the AHIMA Certified Coding Associate (CCA) national exam upon successful completion of the course.

Tuition assistance available.
Tuesdays and Thursdays, 6–9 PM, starting March 1.
Register at parkland.theknowledgebase.org

Pharmacy Technician
In just a few months, you will be prepared as a professional pharmacy technician dedicated to assisting registered pharmacists in operational procedures. You will be able to assist with filling prescriptions, ordering products and inventory control, as well as billing and receiving payments. Upon completion, you will be eligible to sit for the national certification exam which then allows you to participate in an internship program. This internship is what employers are looking for in this high-demand career.

Tuition assistance available.
Mondays & Wednesdays, 6–9 PM, starting April 13.
Register at parkland.theknowledgebase.org

KEEPING YOU SAFE
Parkland College is committed to keeping you safe while on campus, following state and local COVID-19 guidelines. Please remember:

- Masks are REQUIRED on campus for all students and staff.
- If your class has three or more meetings, you must submit vaccine status or complete weekly COVID-19 testing at Parkland College.

All programs are subject to change or cancellation based on state and local mandates. Find out more at parkland.edu/covid19. Thank you for continuing to learn with us!
