classes for personal and professional development

it's time.

You're ready to try something new.

Learn a new skill.

Explore your creativity.

Kick your career up a notch.

Maybe even change jobs.

With Community Education, you'll find valuable personal and professional development opportunities, from career-enhancing workshops and certification programs to educational travel, personal enrichment, classes for kids, and more. Our programs work around your busy schedule, with many online options. At Parkland College, we're here to offer rich possibilities for all ages, all stages of life.

Endless opportunities. Expertise you trust.

ATPARKLAND COLLEGE

contents

4 Cover Story Khalid Alamin builds confidence at Camp Monarch.

6 YOUTH PROGRAMS Explore chess and archery; gain confidence through a camp for kids with dyslexia.

7 COLLEGE FOR KIDS Two-week sessions of fun, interactive classes! Get messy with science, create a video game, cook meals, code games, make friends, and learn robotics, jazz, storytelling, and more.

14 SUMMER DISCOVERY Teens and preteens can spark their curiosity and build skills in music, science, technology, automotive, culinary, with NEW ag and girls' STEM camps.

18 PERSONAL DEVELOPMENT

18 Health & Wellness Take a slow forest walk, try Persian dance, and share Alzheimer's experiences in all NEW classes; enjoy yoga, water aerobics, cycling, core, intuitive eating, and the fitness center.

20 Arts & Crafts NEW classes in basket weaving, mixed media, ink art PLUS photography, knitting and crocheting, painting, ceramics, glassblowing, macramé, and improv.

23 Music Fast-track your piano and guitar skills!

23 Culinary Bake mouthwatering croissants, pizza, and beautiful cakes in all NEW classes! Try your hand at strawberry pie or spring cupcake decorating.

24 Languages & Writing Express yourself in French and Spanish.

25 Home & Garden NEW classes in birding and wreath making, PLUS bee and poultry keeping, forever-home design.

26 Money Matters Bring a friend to a women's financial workshop or plan your funeral in NEW classes. Explore Medicare and Social Security planning.

27 History All NEW classes covering the University of Illinois' during the Cold War and the War of 1812 PLUS genealogy.

27 Recreation Pick up bridge tips and celebrate the film music of Elvis Presley.

28 Travel All NEW armchair travel and day trips! Explore Belize, Scotland, Italy, with trips to Funks Grove, the Red Skelton Museum, area wineries, and Hannibal, Missouri.

30 COMPUTERS & TECHNOLOGY

30 Basics Organize your computer files PLUS intermediate computers.

30 Desktop Applications Learn Adobe Photoshop, InDesign, and Illustrator; database and networking training PLUS NEW classes in Azure, Microsoft 365.

32 PROFESSIONAL DEVELOPMENT Explore the voiceover industry, learn broker's pre-license principles, or prepare for a commercial license to fly drones.

33 Workplace Safety Gain skills OSHA safety and health PLUS food protection manager certification.

34 Business & Management NEW courses: grant writing, WordPress, HR skills, nonprofits, business analytics, podcasting, game design, Six Sigma; PLUS, project management series, bookkeeping, QuickBooks, Leading EDGE.

39 Transportation & Logistics Basic and advanced forklift, freight broker/agent training, and WIOA truck driving PLUS a NEW CDL class for transporting hazardous materials

41 Health NEW classes in mental health first aid; CPR for health care providers.

44 PARKLAND PRESENTS Spring shows and programs from the Parkland Theatre, Giertz Gallery, and the William M. Staerke Planetarium.

Dyslexic and Determined

Khalid Alamin builds confidence at Camp Monarch

Calling himself a “proud dyslexic,” Khalid Alamin says he gained some of his confidence from a new Parkland College summer youth camp designed specifically for students with dyslexia.

“I wanted a chance to increase my knowledge in art and reading,” says the homeschooled student from Champaign, who then chose to try Camp Monarch along with a College for Kids class, “Comics, Cartoons, and Zines,” this past summer.

Khalid’s mother, Takeya, who helped him pick out his summer activities, says he gained much more.

“I wanted a camp that ensured my child could be supported with his academic needs but not defined by his academic struggles,” she said.

“Camp Monarch provided everything I was in search of. I am so glad Parkland College Community Education could host a first of its kind as far as local camps serving dyslexic students. It really was revolutionary.”

Camp Monarch: Evolving With Dyslexia helps students ages 7–14 gain confidence in reading, math, and writing through individualized tutoring using multisensory and Orton-Gillingham-based teaching methods. Small-group activities encourage students to build friendships with peers who have similar learning styles.

The summer camp strengthens students’ knowledge of dyslexia, a learning disorder which involves difficulty in

how a person reads, writes, and spells. It strengthens their parents’ knowledge as well.

“I have learned the importance of using research-based instruction for students with dyslexia,” Takeya says. “One in five students have dyslexia. So, in a class of 25, my child is not the only student who is challenged in the classroom. Camp Monarch was able to show how using the appropriate curriculum can allow students to gain true success.”

Both Khalid and Takeya appreciate Parkland’s safe environment and caring, qualified youth instructors.

“I still communicate with Ms. Angie today,” Khalid says about one of his Camp Monarch instructors. But it was Justin Farkas, his Comics, Cartoons, and Zines teacher, who was one of his favorites. “He would play music during drawing time. His class felt really peaceful. He also was

really encouraging.”

Takeya advises parents to check out this summer’s Community Education youth camps and classes with their kids and encourage them to try something new.

“CFK really is a great place to allow children to step out of their comfort zone but also gain knowledge in subjects they are interested in,” she says. “Parkland has always supported the student and been a true example of education being accessible to all. I see it as a valuable resource for our community that offers a wealth of opportunities.”

“CFK really is a great place to allow children to step out of their comfort zone but also gain knowledge in subjects they are interested in.”

youth programs

Grasp the Bow: Archery, Level 1, ages 10–15

Master the sport of target archery with experienced coaches. Learn the fundamentals of archery, including range safety skills, proper shooting techniques, and equipment care. Along the way, you will discover that archery helps your focus, builds confidence, improves your patience, and even develops your math skills. Get ready to participate in local archery clubs by taking this class.

Bow and arrows provided.

3/21–4/11 Tue 5–6:15 PM Class ID: 13481
Deadline: 3/14 Location: CEA-Y113 \$89

Grasp the Bow: Archery, Level 2, ages 10–15

Take your archery skills to the next level. While continuing to work on the fundamentals of the sport, you'll finesse your form, improve your accuracy, and build your confidence. Practice range safety skills as you fix your aim, improve your shot, and watch your mental discipline grow.

Equipment, including bow and arrows, provided. This class is intended for those who participated in beginner classes or have some prior experience.

3/21–4/11 Tue 6:30–7:45 PM Class ID: 13483
Deadline: 3/14 Location: CEA-Y113 \$95

Intermediate Chess, ages 10–13

Prepare for competitive chess at the scholastic level. Opening ideas, middlegame ideas and themes, and advanced endgame strategies will be covered. The master game will be reviewed to reinforce these new ideas.

For this intermediate level, you should have a mastery of how the pieces move and be familiar with basic checkmates.

3/25–5/13 Sat 10–11:30 AM Class ID: 13485
Deadline: 3/18 Location: PC-X115 \$89

Camp Monarch: Evolving With Dyslexia, ages 7–14

Is your child a struggling reader? Then take a leap forward with this camp open to those who have an IEP or 504 plan or are in a reading intervention program. Gain confidence in reading, math, and writing using multisensory and Orton-Gillingham-based teaching methods. Trained instructors will provide individual tutoring and small-group instruction. Camp includes fun brain breaks, multisensory games, and activities to build confidence and encourage friendships.

Documentation of diagnosis or other reading services should be provided upon enrollment. Free pre-camp assessment is provided. This camp is priced below similar services by private tutors. Bring a lunch, water bottle and two nut-free snacks.

Students entering grades 1–8 in fall 2023 may participate.

6/5–6/15 Mon–Thu 8 AM–4 PM Class ID: 14827
Deadline: 5/22 Location: E building \$990
6/19–6/29 Mon–Thu 8 AM–4 PM Class ID: 14828
Deadline: 6/5 Location: E building \$990

adventure & discovery

Babysitting 101 and Beyond, ages 11–13

Do you love children? Are you ready to take on new responsibilities as a babysitter or parent helper? Learn basic and advanced skills for keeping children safe in your care. Practice first-aid basics and discover ways to handle emergencies. Learn childcare routines, including diaper changing, bottle feeding, and managing age-appropriate behavior. Create a toolkit with games and activities and customize your business materials so you stand out as a well-prepared babysitter.

This class does not include CPR certification.

6/19–6/29 Mon–Thu 12:45–2:45 PM Class ID: 14402
Deadline: 6/5 \$179

Brain Busting Bonanza, ages 8–11

Challenge yourself with mental gymnastics and brain-building workouts. Tumble your way through puzzling brain teasers and compete as you solve daily logic problems. Work individually and in teams tackling games that test your logical skills in friendly competitions. You will use your logical powers and creativity to match your wits with others.

6/19–6/29 Mon–Thu 3–5 PM Class ID: 14403
Deadline: 6/5 \$179

Checkmate! Learn to Play Chess

Get ready to capture your opponent's king or queen in an exciting game of chess, one of the world's most popular strategy games. As a beginner, you'll learn opening principles, basic checkmates, how the pieces move, and how to notate a chess game. Play against friends and watch your confidence and problem-solving skills grow. Each day includes practice time and resources to use outside of class.

All equipment provided.

Ages 6–9
7/10–7/20 Mon–Thu 3–5 PM Class ID: 14405
Deadline: 6/26 \$179

Ages 10–13
6/19–6/29 Mon–Thu 3–5 PM Class ID: 14404
Deadline: 6/5 \$179

Chemistry Matters, ages 11–13

Warning: This is not your average science class! Get ready for a fast-paced class with daily hands-on experiments that lead you to discover why chemistry matters. Explore what makes a chemical element and why and how reactions occur. Using your newfound power of scientific observation, you'll conduct various experiments in chromatography, polymers, flame testing, and the chemical structure of water.

Wear closed-toe shoes. The class emphasizes lab safety. All experiments will be conducted under the adult supervision of the instructor and classroom assistant.

6/19–6/29 Mon–Thu 12:45–2:45 PM Class ID: 14409
Deadline: 6/5 \$179
6/19–6/29 Mon–Thu 3–5 PM Class ID: 14410
Deadline: 6/5 \$179

Engineering With Legos

This foundational Lego class will inspire curious students and future engineers. Begin with reading diagrams and then progress to learning how motion and force work. You'll use hands-on investigation and problem-solving to build with Lego bricks, discover how simple motion sensors work, and gain basic computing and coding skills.

Lego equipment provided.

Ages 6–7
6/19–6/29 Mon–Thu 12:45–2:45 PM Class ID: 14767
Deadline: 6/5 \$179
7/10–7/20 Mon–Thu 12:45–2:45 PM Class ID: 14769
Deadline: 6/26 \$179

Ages 8–10
6/19–6/29 Mon–Thu 3–5 PM Class ID: 14768
Deadline: 6/5 \$179
7/10–7/20 Mon–Thu 3–5 PM Class ID: 14770
Deadline: 6/26 \$179

new Free 2B Me, ages 8–10

Get ready to learn about you in a fun and engaging way! Using watercolors, positivity boards, light yoga, mindful stones, and more, you'll learn valuable skills to navigate this thing called life! Parkland is collaborating with Blueprint Counseling & Coaching to host our first kids' summer wellness camp!

6/19–6/29 Mon–Thu 12:45–2:45 PM Class ID: 14779
Deadline: 6/5 \$179
7/10–7/20 Mon–Thu 12:45–2:45 PM Class ID: 14780
Deadline: 6/26 \$179

Kids in the Kitchen, ages 7–10

Do you dream of becoming a world-class chef? Or would you like to learn how to use something in the kitchen other than the microwave? Join this CFK favorite and discover how math, science, and art all play a role in cooking! Master basic cooking skills, perfect the precision of yummy baking, and gain an understanding of kitchen and food safety skills. A variety of dishes will be prepared, including a few CFK traditions.

Allergy alert. Bring a 3-cup container each day for leftovers.

6/19–6/29	Mon–Thu 12:45–2:45 PM	Class ID: 14407
Deadline: 6/5	\$179	
7/10–7/20	Mon–Thu 12:45–2:45 PM	Class ID: 14408
Deadline: 6/26	\$179	

new CFK’s Master Chef, ages 10–13

Do you prefer watching cooking shows over cartoons? Do you find yourself feeding others and preparing a new dish in the kitchen in your free time? Join us and put your culinary skills to the test! You should already understand basic measurement techniques, basic knife skills, and basic cooking techniques. You’ll be preparing more advanced recipes that will require you to work at a faster pace than those in Kids in the Kitchen, so you should be familiar with how to read a recipe. We recommend you have completed Kids in the Kitchen or another culinary class before enrollment.

Allergy alert. Bring a 3-cup container each day for leftovers.

6/19–6/29	Mon–Thu 3–5 PM	Class ID: 14413
Deadline: 6/5	\$179	
7/10–7/20	Mon–Thu 3–5 PM	Class ID: 14414
Deadline: 6/26	\$179	

Messy Scientists

It’s time to get messy and have fun exploring the world of science! You will investigate the properties of science through wacky experiments. Explore chemistry by making dancing pasta and jelly volcanoes. Learn about the properties of water by designing an aqua filter. Investigate how molecules work by making elephant toothpaste. Prepare to make a mess and discover how the world around us works.

Bring a smock or an old T-shirt to get messy!

Ages 6–9		
6/19–6/29	Mon–Thu 3–5 PM	Class ID: 14398
Deadline: 6/5	\$179	
Ages 9–11		
7/10–7/20	Mon–Thu 3–5 PM	Class ID: 14399
Deadline: 6/26	\$179	

Pawsitively Pets, ages 10–13

Looking for ways to show your family that you will be a responsible pet owner or caregiver? Become an expert in understanding your pet’s daily needs and keeping your pet healthy. Observe and interact with animal ambassadors from the Champaign County Humane Society so you’ll understand pets’ body language and emotions.

Allergy alert: interaction with animals and pet dander.

7/10–7/20	Mon–Thu 12:45–2:45 PM	Class ID: 14411
Deadline: 6/26	\$179	

INSTRUCTOR SPOTLIGHT Cheyenne Warman-Neal

Originally from Charleston, Illinois, Cheyenne Warman-Neal has lived in the Champaign-Urbana community with her husband, young son, and three dogs for the past seven years. Cheyenne holds a master’s degree in nutrition and dietetics from Eastern Illinois University (2021) and a bachelor’s degree in food science and human nutrition from the University of Illinois (2017). Cheyenne brings four years of experience as a high school family and consumer science teacher and nearly seven years of experience working in the restaurant industry, where she familiarized herself with every aspect of the trade. Cooking and teaching are her two passions in life; she jumps at every opportunity to share her love of cooking with others.

build & compute

new Creative Coding: Games, Storytelling, and Simulations

Using Microsoft's MakeCode Arcade and MIT's Scratch, you'll use these free online coding systems to create various interactive programs. These platforms use Blockly code, colorful connectible shapes that snap together and stand for common programming statements and flows. With a click of a button, the system allows you to view the actual Python code that the blocks represent. Design and construct a variety of creations, including games, interactive stories, and even simulations using your imagination and new coding skills.

Ages 8–10

6/19–6/29 Mon–Thu 12:45–2:45 PM Class ID: 14417
Deadline: 6/5 \$179

Ages 11–13

6/19–6/29 Mon–Thu 3–5 PM Class ID: 14418
Deadline: 6/5 \$179

new Minecraft: Architects and Engineers

Develop your cultural, historical, and geographical knowledge and skills in electronics and invention. Design and build a connected network of small villages styled with internationally inspired buildings such as Japanese pagodas, French chateaus, and Islamic courtyards and gardens. Next, populate the spaces with regionally specific plants, animals, and other geographic features. Finally, use Redstone dust and devices to create automated doors, lighting effects, transportation systems, and other machine-like creations.

Ages 8–10

7/10–7/20 Mon–Thu 12:45–2:45 PM Class ID: 14415
Deadline: 6/26 \$179

Ages 11–13

7/10–7/20 Mon–Thu 3–5 PM Class ID: 14416
Deadline: 6/26 \$179

Make Your First Video Game, ages 8–10

Calling all gamers! Make your first video game, learning the steps for designing a 2D platformer game. You'll explore key design elements such as conceptualization, play experience, level design, graphics, sounds, and simple coding. No prior experience necessary, just a desire to have fun. Your projects will be available on a password-protected Black Rocket website to share with friends and family. Games are compatible on PC computers only.

Returning students can create more advanced projects that build on previous work.

6/19–6/29 Mon–Thu 3–5 PM Class ID: 14777
Deadline: 6/5 \$179

ROBLOX Coders & Entrepreneurs, ages 11–13

Discover the Lua language through a visual block coding system while designing worlds in ROBLOX, an online universe where you can create anything you imagine. You'll learn game design concepts and gain coding skills and methods for publishing your own games in ROBLOX. Your games will be available on a password-protected Black Rocket website to share with friends and family.

Compatible with Mac and Windows OS only.

7/10–7/20 Mon–Thu 3–5 PM Class ID: 14778
Deadline: 6/26 \$179

STACK 'EM!

design & create

Dare to Draw, ages 11–13

Build your sketchbook drawing skills by daring yourself to use various drawing tools and processes. Experiment with graphite, pastels, watercolor pencils, sharpies, gel pens, and surfaces. Expand your knowledge by learning different point perspectives and ways to draw using grid methods. Your artwork will leap off the page as you learn about perspective, scale, and design.

6/19–6/29 Mon–Thu 12:45–2:45 PM Class ID: 14771
Deadline: 6/5 \$179

Dare to Paint, ages 6–8

Let your imagination fill your canvas as you dare to paint! Your instructor will teach you to use a variety of paint types, including acrylics, tempera, and watercolor. Learn to properly hold and use brushes, mix your own palette of colors, and use common and non-typical surfaces to create exciting works of art.

7/10–7/20 Mon–Thu 12:45–2:45 PM Class ID: 14772
Deadline: 6/26 \$179

Mix It Up, ages 7–9

Let's mix it up! This creative class is a blast for young artists. Roll up your sleeves and get ready to dabble in painting, sculpture, and collage. Explore various art materials, tools, and processes by mixing colors and applying paint to textures and surfaces. Watch your creativity and imagination grow with the 2D and 3D projects you create.

6/19–6/29 Mon–Thu 12:45–2:45 PM Class ID: 14391
Deadline: 6/5 \$179
6/19–6/29 Mon–Thu 3–5 PM Class ID: 14392
Deadline: 6/5 \$179

Comics, Cartoons, and Zines, ages 10–13

Have you ever wanted to create your own comic book? As a comic artist and writer, you can star in your own comic book! Learn to tell stories, design characters, and put it all together in your very own comic zine. You'll be guided through the process of developing skills in illustration, visual style, and editing of drawings. No prior drawing experience necessary.

6/19–6/29 Mon–Thu 12:45–2:45 PM Class ID: 14823 \$179

Adventures with Paper, ages 8–13

Discover traditional printmaking techniques to create your own stamps, posters, greeting cards and more!

6/19–6/29 Mon–Thu 3–5 PM Class ID: 14826 \$179

Sculpt It

There are endless possibilities when it comes to sculpting! Use fun and interesting materials to shape, construct, and create large and small sculptures. Discover how to construct with cardboard, recyclable materials, wire, and papier mache. Gain inspiration from famous artists and use your creativity to design all kinds of amazing sculptures.

new Dungeons and Dragons and Dice, Oh My, ages 8–13

Ever wanted to learn how to play Dungeons and Dragons? Or find out what tabletop roleplaying games (TTRPG) are all about? Join us for an introduction to roleplaying games geared specifically for kids. Discover the basics of RPGs with a “rules light” version of the ever-popular Dungeons and Dragons. Led by an experienced game master, you’ll learn about making characters, rolling the dice, and starting your adventure into roleplaying. Tabletop roleplaying is an amazing activity that teaches creativity, problem-solving, and social skills.

No previous knowledge of the game is required.

7/10–7/20 Mon–Thu 3–5 PM Class ID: 14412
Deadline: 6/26 \$179

Beat Basics: Music Production Studio, ages 11–13

Turn up the volume, press record, and you’re on your way to becoming the next top music artist! As a budding music producer, you’ll learn to create, mix, and edit your own music in Parkland’s state-of-the-art Midi Music Computer Lab. Using Garageband, Incredibox, and Chrome Music Lab, you’ll experiment with finding your own beat and composing and producing music. You’ll quickly learn how to apply cool effects to make a unique sound.

Basic computer skills are required.

6/19–6/29 Mon–Thu 3–5 PM Class ID: 14397
Deadline: 6/5 \$179

Lights, Camera, Action, ages 8–13

It’s your chance to make a real TV show! Learn the fundamentals of TV production with hands-on training in camera operation, switching, script writing, titling, and audio. Work with the crew to create and star in a TV program, which may be broadcast on Parkland College’s television channel, PCTV.

6/19–6/29 Mon–Thu 3–5 PM Class ID: 14400
Deadline: 6/5 \$179
7/10–7/20 Mon–Thu 3–5 PM Class ID: 14401
Deadline: 6/26 \$179

Jazz Clinic, ages 10–13

Shake, rattle, and roll with CFK’s very own jazz combo. Under the direction of Stacey Peterik, you will learn the fundamentals of the jazz style. Try improvisation and learn about the big band sound and other forms of jazz as you improve your skills. This class is perfect for those who play a band instrument as well as those who play drums, piano, bass, or guitar. *All levels of musicians are welcome. At least one year of band instruction or private lessons is recommended but not required. Bring your instrument to class each day. Music provided.*

6/19–6/29 Mon–Thu 12:45–2:45 PM Class ID: 14406
Deadline: 6/5 \$179

Be a Puppeteer, ages 8–13

Did you know puppetry, an ancient form of theatre, is very popular today? Learn basic puppet building and design techniques for bringing your unique hand puppets to life. You’ll practice puppetry performance techniques and learn to manipulate and move puppets in expressive ways. You’ll also gain experience in puppeteering for television and discover the ins and outs of creating puppetry performances.

Monday, June 26, for classes offered July 10–20

Early Bird Discount

Enroll your child before March 14 to receive \$15 off each class. Discount will be applied only to those classes for which you register during the early-bird period and may not be transferred to other classes.

Registration Tips

Improve your chances of enrolling your child in their favorite classes by registering them online and early.

Please enroll your child in age-appropriate classes. All students must meet the required age by the class start date.

The cost is \$179 per class, unless otherwise noted.
Confirmation will be emailed once your registration is complete.

Class Cancellation

College for Kids reserves the right to cancel any class not meeting the minimum enrollment. Cancellations will be made the day after the registration deadline. In the event of a cancellation, we will attempt to place your child into an available class with your permission.

Safety and Security

In an effort to maintain high standards of safety, College for Kids requires all students to have a Parkland College photo taken on the first day of class.

Staff will provide supervision during and between class times for all College for Kids students.

If your child has any special needs and/or allergies, be sure to indicate these at the time of registration.

Reduced Tuition

Reduced tuition is available for students who receive free or reduced-cost lunch at school. For those who qualify, the cost is reduced by \$30 per class. Proof of eligibility for free or reduced-cost lunch is required; you may request documentation from your child's school. Documentation must be provided within one week of registration or the child will be dropped from the class.

To register and receive the reduced tuition, please use our online registration system. When checking out, enter the code **LUNCH**. Select APPLY CLASS CODE and the price will be automatically adjusted. Continue by selecting CHECKOUT.

Scholarships

Scholarships are available for those who qualify for reduced tuition. Please print the scholarship form from parkland.edu/youth, or email communityeducation@parkland.edu for more information. Online registration is not available for scholarship applicants. Only one scholarship for one class will be awarded per student. Refunds will not be provided for classes awarded by scholarship. Community Education gratefully acknowledges financial support for scholarships from the Parkland College Foundation and others.

Drop-Off and Pick-Up

Classes begin at 12:45 pm and 3 pm. Students should be dropped off between 12:30 pm and 12:45 pm, or between 2:45 pm and 3 pm. No students may be dropped off before 12:30 pm. Parents/guardians must check their child in on the first day of class.

Classes end at 2:45 pm and 5 pm. Late fees will be assessed at \$1 per minute after 2:45 pm or 5 pm. If you know you will be late for pick-up, please call 217/351-2235 to notify staff. Those attending classes at both times will be supervised between classes.

Please see the map in this brochure for the drop-off and pick-up location. Students may sign themselves out at the end of the day, or a parent/guardian must sign them out. Indicate your preference at the time of registration.

four easy ways to register

ONLINE Visit parkland.edu/ceRegister. Click Search for a class... and enter the class ID or class title. Note: You must set up a household profile and list the parent or guardian as the primary account holder. Add your child and register him or her. Credit card payments only.

IN PERSON Fill out the registration form, sign it, and bring it to 1315 N. Mattis Avenue in Champaign. Credit card/check/cash accepted. Monday–Friday, 8 am–5 pm.

BY MAIL Fill out the registration form, sign it, and mail it to 1315 N. Mattis Avenue, Champaign, IL 61821. Checks only or call to complete credit card transaction at 217/351-2235.

BY FAX Fill out the registration form, sign it, and fax it to 217/351-5928. Please call 217/351-2235 to complete credit card transaction or appear in person to pay by check or cash.

Payment must be received before registration is confirmed.

summer discovery spark. ignite. launch.

The Summer Discovery program offers older students exciting, hands-on learning experiences that encourage them to explore potential careers and expand their skills and talents.

Community Education gratefully acknowledges financial support provided by Parkland's Division of Career and Technical Education (CTE), the Carl D. Perkins Career and Technical Education Grant.

Registration Information

Drop-Off and Pick-Up

Students may arrive 15 minutes before class. Parents/guardians must check their teen in on the first day of class if they are a minor. Students may sign themselves out at the end of the day or parent/guardian must sign them out. Indicate your preference at the time of registration.

Students must be picked up promptly at the end of camp each day. Late fees will be assessed in the amount of \$1 per minute after camp concludes. If you know you will be late for pick-up, please call 217/351-2235 to notify staff.

Safety and Security

In an effort to maintain high standards of safety, all Summer Discovery students are required to have a Parkland College photo taken on the first day of camp.

Staff will provide supervision during class times for all Summer Discovery students.

If your child has any special needs and/or allergies, be sure to indicate these at the time of registration.

Reduced Tuition

Reduced tuition is available for students who receive free or reduced-cost lunch at school. For those who qualify, the registration fee is reduced by \$25 per camp. Proof of eligibility for free or reduced-cost lunch is required; you may request this documentation from your teen's school. Documentation must be provided within seven days of registration, or the teen will be dropped from the class. To register and receive the reduced tuition, please use our online registration system. When checking out, enter the code **LUNCH**. Select APPLY CLASS CODE and the price will be automatically adjusted. Continue by selecting CHECKOUT.

Scholarships

Scholarships are available for those who qualify for reduced tuition. Please print the scholarship form from parkland.edu/youth, or email communityeducation@parkland.edu for more information. Online registration is not available for scholarship applicants. Only one scholarship for one camp will be awarded per student. Refunds will not be provided for camps awarded by scholarship.

Community Education gratefully acknowledges financial support for scholarships from the Parkland College Foundation and others.

Class Cancellation

Community Education reserves the right to cancel any camp not meeting the minimum enrollment. Cancellations will be made the day after the registration deadline. In the event of a cancellation, we will attempt to place your teen into an available camp with your permission.

new **Culinary Thyme: Advanced Baking, ages 14–17**

Are you inspired to become an amazing baker? Whisk, fold, and practice other essential baking techniques that result in braided breads, laminated doughs, and beautiful tarts. Learn how advanced ingredients work together as you make challenging but achievable recipes. You'll leave with recipes so you can re-create these delicious foods at home.

T-shirt provided. Allergy alert. All ingredients and equipment provided. Bring a 3-cup container each day for leftovers. Bring a water bottle and wear closed-toe shoes.

6/12–6/15 Mon–Thu 9 AM–12 PM Class ID: 14759
Deadline: 5/29 Location: PC-X118 \$185

Culinary Thyme: International Cuisine, ages 14–17

Taste the adventure of travel as you learn to make signature dishes from around the world. You'll practice various cooking techniques and knife skills and learn kitchen safety. Share your excitement for trying new flavors, ingredients, and cuisines with new friends as you make artful and delicious ramen bowls; dishes infused with the traditional Indian spice of curry; and Canadian poutine, a traditional dish of hand-cut fries and local cheese curds. You'll be inspired to re-create these dishes at home to share with family or friends.

T-shirt provided. Allergy alert. All ingredients and equipment provided. Bring a 3-cup container each day for leftovers. Bring a water bottle and wear closed-toe shoes.

7/24–7/27 Mon–Thu 2–5 PM Class ID: 14760
Deadline: 7/10 Location: PC-X118 \$185

First Gig Rock 'n' Roll Camp, ages 10–17

Play in a band! Jam with the pros! Be a rock star! Led by musicians who have years of studio and live performance experience, you will find this camp stands out from any other summer program. Immerse yourself in the life of a rock star as you rehearse with your band and work with a professional band leader to develop your band's live show. Make friends, fuel your passion for music, and have fun! Camp includes lunch, lunch talks with guest speakers, and conversations with local and regional artists in the field of music. Camp will conclude with a live performance on Saturday, June 10, at a local venue. Details will be provided during camp. *Lunch is provided. Allergy alert. Camp ends at 3 pm on Friday, June 9. Register early if you are a drummer. There are limited spaces for drummers. What to bring: Guitarists should bring an electric guitar, guitar strap, small amp, extra strings, guitar picks, and a cable. Bass players should bring an electric guitar, guitar strap, small amp, extra strings, guitar picks, and a cable. Drummers should bring a kit the first day (it will remain secure for the duration of the camp), drumsticks, and a practice pad. Keyboardists should bring a keyboard and stand.*

6/5–6/9 Mon–Fri 9 AM–5 PM Class ID: 14761
Deadline: 5/22 Location: PC-U140 \$359

Girls Rock! C-U, ages 8–18

Get ready to jam with the best. Girls Rock! C-U is an exciting and safe place for you to explore the musical, technical, and creative aspects of being a musician. Individual music lessons and playing in a band are all parts of this camp experience, as well as learning to team-build, communicate with peers, and comfortably express yourself. You will help form a band, write and record your own music, and play a gig in a real music venue. No music experience is necessary; beginning and intermediate levels are welcome. This camp is open to girls, transgendered folks, and gender nonconforming folks, and is led by the talented women who make up Girls Rock! C-U.

You may bring your own instruments, amps, drumsticks, and such but are not required to have an instrument. Some loaner instruments will be available. Students will be placed in bands according to band needs and may not be able to play their first choice of instrument. Lunch and T-shirt are provided. Allergy alert. Camp ends on Friday, July 28, at 1 pm. A special and mandatory festival will be held at the end of camp on Saturday, July 29, at the Rose Bowl Tavern for the campers to showcase what they've learned. More details to follow. To inquire about financial assistance from Girls Rock!, please contact girlsrockcu@gmail.com

7/24–7/28 Mon–Fri 8 AM–4 PM Class ID: 14762
Deadline: 7/10 Location: PC-C148 \$265

new **Girls Quest Biology Camp, ages 12–15**

Do you want to know how living things work? Then let's dive into dissection! Did you know that earthworms breathe through their skin and their intestines span over half their bodies? Did you know that mussels help clean water and are a good indicator of water quality? Did you know that a starfish can eject its stomach to digest food outside its body? Or that perch have an air-filled sac that helps control their depth in the water? Learn about each of these amazing creatures and their ecological significance while you gain confidence in performing a new dissection each day of camp.

All equipment and materials provided, including safety goggles. Experiments are conducted under the supervision of a professional educator. T-shirt provided. Bring a water bottle and wear closed-toe shoes.

6/5–6/8 Mon–Thu 9 AM–12 PM Class ID: 14763
Deadline: 5/22 Location: PC-M229 \$179

Girls Quest Chemistry Camp, ages 12–15

Bring your curiosity and dive into hands-on lab experiments at Girls' Quest Camp! This summer, you will discover the origins of matter. Prepare to investigate the world of Madame Marie Curie, a pioneer in the field of chemistry and physics. Like Madame Curie, you'll explore how and why reactions take place. You'll investigate the many facets of polymer chemistry, identify unknown chemicals using a flame test, and use your knowledge of atomic structure to save the world in a chemistry escape room.

All equipment and materials provided, including safety goggles. Experiments are conducted under the supervision of a professional educator. T-shirt provided. Bring a water bottle and wear closed-toe shoes.

6/12–6/15 Mon–Thu 9 AM–12 PM Class ID: 14764
Deadline: 5/29 Location: PC-M229 \$179

new Ag Tech Academy, ages 14–17

Cultivate your career in agriculture! Central Illinois is surrounded by lush fields. Discover how to plant those greens in your pocket with various agri-tech opportunities. Whether you like to play in the dirt, drive trucks, fix things, or program computers, you'll sample the technology behind this industry that feeds the world. Topics include agronomy and horticulture, applicators, diesel motor trucks, construction equipment, agriculture mechanics, and precision agriculture. Put on your work boots and get behind the wheel or in the field as you meet local experts.

Lunch and T-shirt provided. Allergy alert. Bring a water bottle and wear closed-toe shoes.

6/6–6/8	Tue–Thu 9 AM–4 PM	Class ID: 14766
Deadline: 5/23	Location: PC-W115	\$149

Drone Camp, ages 14–17

Take to the skies for an unforgettable summer at Parkland College's drone camp packed with adventure and hands-on activities. You will learn the internal workings of a drone and practice flying one in a simulated environment. Discover basic FAA flying rules and the many uses for drones, including racing, videography, and search and rescue, furthering your interest in one of today's fastest-growing industries. Show off your flying skills as you race your drone through an obstacle course.

T-shirt provided. Bring a water bottle, wear closed-toe shoes, and bring a hat for sun protection.

7/10–7/13	Mon–Thu 9 AM–12 PM	Class ID: 14765
Deadline: 6/26	Location: PC-W112	\$179

Automotive Camp

Do you love cars? Do you have the drive to learn how to maintain your own vehicle or explore a career as an automotive technician? Tinker with us at Parkland's state-of-the-art facility, the Parkland Applied Technology Center, where you will learn the basics of automotive technology. This hands-on camp will teach you how to complete a vehicle safety inspection and perform basic maintenance tasks.

Lunch and T-shirt provided. Allergy alert.

Ages 13–15

6/12–6/15	Mon–Thu 9 AM–3 PM	Class ID: 14386
Deadline: 5/29	Location: PC-T117	\$235

6/19–6/22	Mon–Thu 9 AM–3 PM	Class ID: 14387
Deadline: 6/5	Location: PC-T117	\$235

Ages 16–18

6/26–6/29	Mon–Thu 9 AM–3 PM	Class ID: 14388
Deadline: 6/12	Location: PC-T117	\$235

Machining and Welding, ages 13–18

Do you want to learn to bend metal with your hands like Superman? We can't teach you how to do that, but we can teach you to use a manual lathe to manipulate metal. We can also show you how to weld metal together and harden steel using heat-treatment methods. If you are "maker-minded," you will be challenged by what this camp features: hands-on, high-tech lab work using the latest technology in the manufacturing industry. Design and take home several projects.

Lunch and T-shirt provided. Allergy alert.

6/5–6/15	Mon–Thu 9 AM–3 PM	Class ID: 14384
Deadline: 5/22	Location: PC-T132	\$399

6/19–6/29	Mon–Thu 9 AM–3 PM	Class ID: 14385
Deadline: 6/5	Location: PC-T132	\$399

Stethoscopes and Scrubs: Health Professions Exploration, ages 14–17

Interested in a medical career? Immerse yourself in several clinical specialties in this interactive summer workshop. You'll learn about the fields of medical assisting, respiratory care, surgical technology, and certified nursing assistant. Participate in hands-on activities that introduce these fields and tour Parkland College's up-to-date labs. Gain an understanding of medical careers and the path that leads you to working in hospitals, clinics, surgical centers, operating rooms, and home health care centers.

Lunch and T-shirt provided. Allergy alert. Bring a water bottle and wear closed-toe shoes.

6/12–6/13	Mon & Tue 9 AM–3 PM	Class ID: 14389
Deadline: 5/29	Location: PC-L143	\$169

7/10–7/11	Mon & Tue 9 AM–3 PM	Class ID: 14390
Deadline: 6/26	Location: PC-L143	\$169

Vet Med Camp, ages 14–17

Experience the exciting world of veterinarian medicine and discover what it takes to become a veterinarian or veterinarian technician. You will discover what modern veterinary medicine is all about through presentations, demonstrations, and interactive work. Gain hands-on experience conducting physical exams, performing lab work, reading x-rays, and studying blood and other samples through the lens of a microscope. As an aspiring veterinarian professional, you will get to practice basic surgical skills, including proper gowning and gloving procedures, suturing skills, and giving injections. What to bring? Your passion for animals and science. We'll provide the rest!

T-shirt provided.

7/10–7/13	Mon–Thu 8 AM–12 PM	Class ID: 14382
Deadline: 6/26	Location: PC-L160	\$179

7/17–7/20	Mon–Thu 8 AM–12 PM	Class ID: 14383
Deadline: 7/3	Location: PC-L160	\$179

new A Conversation About Alzheimer's in Your Community

Join us for a session to share your experience with Alzheimer's disease, learn more, and discuss how to help enhance care and support resources for those facing the disease. Presentation by Alzheimer's Association Illinois Chapter.

6/13 Tue 6–7:30 PM Class ID: 14379
Deadline: 6/6 Location: CE FREE

new A Slow Walk in the Woods: Introducing Forest Therapy

Forest therapy, inspired by the Japanese practice of forest bathing, is a gentle practice of wondering and wandering that has been shown to reduce blood pressure, steady heart rates, and increase exposure to immune-boosting aerosols from trees. During this two-hour session, certified forest therapy guide Eileen Gebbie will offer a series of invitations designed to bring your full senses present in the moment. Unlike a naturalist lecture, with the expectation of facts and learning, this time will allow you to explore and encounter the “more than human world” as it is and you are. The walk will not be more than 1.5 miles, though it is over unpaved paths. Feel free to bring walking sticks or hiking chairs. Tea and snacks are provided at the conclusion.

Class meets at Allerton Park, Monticello, IL. Transportation not provided. Directions to meeting location will be provided upon registration. In case of inclement weather (rain or temps below 40 degrees), you will be notified of a rain date.

5/6 Sat 10 AM–12 PM Class ID: 13791
Deadline: 4/29 Location: Allerton Park \$19

Core and More

The core muscles (abs, back, and other muscle groups around the midsection) are responsible for posture, balance, and stability. With AFAA-certified instructor Rena Leake, learn and practice exercises that strengthen your middle muscles.

Bring a yoga mat.

3/22–5/10 Wed 5:30–6:30 PM Class ID: 13513
Deadline: 3/15 Location: PC-P105 \$79

Introduction to Intuitive Eating

Are you ready to make peace with food and your body? Intuitive eating might be for you. This is not another diet; in fact, it's the opposite. Intuitive eating is an approach developed by registered dietitians to help people break out of the dominant diet culture and reconnect with their bodies and natural hunger cues. Join holistic health coach Lisa Merrifield as she helps you develop a healthier relationship with food by exploring hunger cues, use healthy techniques to reframe your thinking about food, and use supportive techniques to live with health and happiness.

5/2–5/16 Tue 6–7:30 PM Class ID: 13755
Deadline: 4/25 Location: CE \$49

new Learn Persian Dance

Add grace and elegance to your body and movements with Persian classical dance. Emphasizing flowing, soft, graceful movements and poses, you'll improve posture and graceful body coordination. To understand this type of dance, instructor Maria Mobasseri will also integrate information about Iranian culture and music. You'll be able to comfortably perform a short dance choreography and walk away with a greater appreciation of world culture.

No previous dance experience is required. Wear comfortable clothing that won't restrict your movement.

4/3–5/8 Mon 5:30–6:30 PM Class ID: 13780
Deadline: 3/27 Location: PC-P105 \$59

Deadline: 3/16 Location: ES \$75

Yoga Basics

Suitable for everyone, this class will refresh your fundamental yoga skills or help you learn what this proven form of exercise is all about. Certified instructor Jaclyn Jones will carefully take you through postures, paying close attention to detail to make sure you maximize your form and breath awareness. Increase strength, flexibility, balance, and focus. You'll also learn relaxation techniques and stress reducers to apply to daily life. *Bring a yoga mat and two yoga blocks to class.*

3/21–5/9 Tue 5:30–6:30 PM Class ID: 13509
Deadline: 3/14 Location: PC-P105 \$79

Fitness Center

Exercise on your own schedule! You will have access to cycles, treadmills, free weights, universal equipment, and more.

- Cardio equipment: treadmills, ellipticals, upright and recumbent cycles, StepMills, Waves, VersaClimber, and rowing machines (most include an iPod docking station, built-in cable TV, and touch screen)
- Strength training: Keiser power rack, inlaid Olympic platform, bumper plates, sandbells, PowerBlocks, turf area, dumbbells, kettlebells, ropes, medicine balls, and push-pull systems
- Upper-level walking track that's free to anyone during fitness center hours

If you have completed the online orientation quiz with a score of 100% since 2013, you do not need to complete it again. The computer system will verify that you took this course and automatically credit your online orientation in the Fitness Center program.

Fitness Center Hours

May 15–August 18

Monday–Thursday 8 AM–2 PM; Friday 8 AM–1 PM

Saturday 9 AM–12 PM; Sunday CLOSED

Closed: May 29 and July 4

arts & crafts

Digital SLR Photography

Show the world what you see through the lens of your digital SLR camera. Professional photographer Mike Heiniger will offer suggestions and guidance on capturing beautiful details, unique angles, and perfect perspectives with various subject matter in this interactive, hands-on experience. Equipment discussions and group critiques will help you shoot with greater confidence and a keener eye.

Bring your single-lens reflex camera, lenses, and accessories.

3/21–4/4 Tue 6–8:30 PM Class ID: 13499
Deadline: 3/14 Location: CE \$89

Photographing Nature With Your Digital Camera

Nature photography can be a fun, relaxing, and exciting hobby! Learn about the many aspects of outdoor photography as well as how to master your digital camera's controls and features. With the knowledge you gain, you'll be taking exceptional nature photos in no time. You'll explore composition and lighting issues, delve into your camera's shutter speed and aperture controls, and discover how to use your computer to process your photos and digitally correct the most common problems.

Register at ed2go.com/pc.

5/17–6/23 24 hours ONLINE \$100
6/14–7/21 24 hours ONLINE \$100

Macramé Wall Hanging

Learn how to begin a macramé piece, the knots needed for macramé work, and how to incorporate beads into your design led by fiber artist Macy McCall of TwinFringe. You'll leave with a finished wall hanging and the know-how to design and create more pieces.

Macramé supplies included. No prior experience is needed. You will be mostly standing for the duration of this class.

3/27 Mon 6–8:30 PM Class ID: 13506
Deadline: 3/20 Location: CE \$45

Make Your Own Macramé Plant Hanger

Learn to make your own plant hanger for spring. Fiber artist Macy McCall of TwinFringe welcomes all skill levels as she leads you through different macramé knots and the materials needed for macramé projects. Leave with a finished plant hanger that fits a 4-inch pot and the know-how to design and create more pieces on your own. Improve your skills with each macramé project you take on.

All macramé supplies included. Plants and pots are not included. The instructor will have plants from Plantify, a local plant shop, available for purchase after class.

5/8 Mon 6–8 PM Class ID: 13760
Deadline: 5/1 Location: CE \$39

Basket Weaving: Bumble Basket

Get ready for spring and summer with a new multipurpose basket. The possibilities are endless! Start by weaving a filled base. Techniques include twining, start/stop weaving, decreased weaving, and triple twining. Feet are glued on after the basket is woven. Accent colors are yellow and black, and a rusty bee charm adorns the front of the basket. Suitable for all weaving levels.

All materials included. Dress for a mess. Water and dyed reed will be used. Baskets will not be stained during class, but staining techniques will be discussed.

5/5 Fri 12:30–4:30 PM Class ID: 13783
Deadline: 4/28 Location: CE \$69

Learn to Crochet With Christina

Crocheted items are on trend for clothing and home décor. Start with learning the basic stitches and reading patterns. Discover how this creative and therapeutic handcraft can engage you for hours, ending with wearable items, comfy coverlets, and home décor. Each week you'll work on a new project to take home. Instructor Christina Donovan brings more than 20 years of crochet experience to the classroom.

You will be required to purchase a beginner kit of hooks and yarn for \$11 from the instructor at the first meeting.

6/1–6/29 Thu 10 AM–12 PM Class ID: 13761
Deadline: 5/25 Location: CE \$109

Crochet More With Christina

Interested in a project but don't know where to begin? If you need more guidance for your crochet project or are ready to advance your skills, this class is for you! Instructor and crafter Christina Donovan will help you learn more detailed techniques, such as working in the round for amigurumi, and be there to help you problem-solve and get started on that next project.

Bring your crochet materials and any patterns you're working on or are interested in.

3/23-4/20 Thu 6-8 PM Class ID: 13505
Deadline: 3/16 Location: CE \$109

Learn to Knit

Designed for beginners, this class will show you how to cast on and off, drop and pick up a stitch, yarn over, and master the purl stitch. Pick up tips and tricks for repairing mistakes, and learn how to read a pattern. Learn proper knitting terminology and receive assistance as you get started in this small class setting. You'll leave with a small project completed and the skills to keep working on your own.

All supplies and materials are included. This class is suitable for both right- and left-handed people.

4/18-5/16 Tue 6-8 PM Class ID: 13765
Deadline: 4/11 Location: CE \$139

Basic Calligraphy

Artist Daniel Tice will show you calligraphy is easier than you thought. Learn basic skills and techniques for producing calligraphic alphabets right away. Tackle two of the most popular alphabets (uncial and black letters) emphasizing personal expression and improvisation. Enjoy discussions; hands-on experimentation in ink, paper, and tool varieties; and the interaction and happy accidents that can occur. You'll work on making a project box for keeping your tools and supplies neat and handy, making practice easier and more fun. Leave class with the knowledge and inspiration for continuing calligraphy on your own.

5/18-6/8 Thu 6-8 PM Class ID: 13767
Deadline: 5/11 Location: PC-X115 \$79

Beginning Painting

Designed for those who want to learn or review the basics of painting. You'll cover the care and use of brushes, fundamental factors of color, color mixing, palette layout, painting surfaces, terminology, and more. Work from a still life and a limited palette.

Acrylic or oil painters are welcome. A supply list of approximately \$85 will be provided.

5/31-6/21 Wed 6-8:30 PM Class ID: 13770
Deadline: 5/24 Location: PC-C190 \$139

Colored Pencils

Add another dimension to your original drawings with colored pencils. Artist instructor Jackie Tice will introduce you to color theory and practical techniques for colored pencils. Through the use of still life, photo, and observation, she will help you develop your skills and eye for color, allowing you to nurture your own vision.

A supply list will be provided.

5/18-6/8 Thu 6-8:30 PM Class ID: 13768
Deadline: 5/11 Location: PC-C186 \$109

Drawing Fundamentals II

Continue to discover and improve your drawing techniques with artist Jackie Tice. Apply what you've learned by exploring more of your personal style and preferred materials. This class is the next best step for those interested in broadening their understanding of ways to express individual ideas through this familiar medium. You'll discover new techniques and challenges.

First level of Drawing Fundamentals is not required but helpful. A supply list will be provided.

4/13-5/4 Thu 6-8:30 PM Class ID: 13519
Deadline: 4/6 Location: PC-C186 \$109

INSTRUCTOR SPOTLIGHT Shoshie Bauer

Shoshie Bauer is an internationally acclaimed miniature painter and teacher. She received her BA in 2D studio art and was a professional fine art watercolorist for 7 years before she began painting miniatures professionally in 2013. Shoshie has taught painting to a global audience and gained a large social media following. Learn more at <https://ShoshiesMinis.com>.

You can follow her on these platforms:

[instagram.com/ShoshiesMinis](https://www.instagram.com/ShoshiesMinis)
[tiktok.com/ShoshiesMinis](https://www.tiktok.com/ShoshiesMinis)

Mixed Media on Canvas

Record your story, feelings, and ideas through photos, images, paints, and more. Create a 9- by 12-inch canvas that represents you through various techniques in this fun, relaxing class. Reduce stress, overcome imperfections, and connect with your creative self. Mixed-media art is for everyone. You do not need to be an artist to participate—it's all about the process, not the outcome. You'll walk away with deeper self-awareness and reduced stress.

Canvas provided. A supply list will be provided.

5/3 Wed 6–7:30 PM Class ID: 13772
Deadline: 4/26 Location: CE \$29

Alcohol Ink Art

Try this fun and vibrant art form that anyone can do, no matter your artistic skill level. Let instructor Sherry Hodges lead you through the process as you create unique art pieces using alcohol ink and a blending solution. Learn how to manipulate the colors, use gradients, and gain tips and tricks to make it easier to practice on your own.

Beginners welcome. A supply list of approximately \$50 will be provided.

5/20 Sat 8:30 AM–12:30 PM Class ID: 14419
Deadline: 5/13 Location: PC-C186 \$69

Bravo! Improvisational Theatre

In an entertaining format, improve your acting skills for your next performance or work to gain positive thinking, creativity, and mindfulness skills. Improv theatre involves playing out scenes without written dialogue. Even if you are not a theatre buff, improv can help you improve your listening skills and ability to work with others in a collaborative environment. Learn the basics of improvisation and practice fun class exercises in a safe environment.

No previous theatre experience is required.

4/11–5/2 Tue 6–8 PM Class ID: 13758
Deadline: 4/4 Location: PC-D151 \$79

Encore! Intermediate-Level Improvisational Theatre

Continue to fine-tune your skills in improv with this intermediate-level course. In addition to working on character development, relationships, and interactions, you'll practice object work and scene initiation through short-form improv theatre games. This safe, welcoming environment will allow you to open up and challenge your skills.

Completion of a beginner-level improv workshop is recommended.

5/16–6/20 Tue 6–8 PM Class ID: 13759
Deadline: 5/9 Location: PC-D151 \$109

Miniature Painting: A Very Basic Basics Class

During the first two hours of class, artist and instructor Shoshie Bauer will walk you through painting a miniature from start to finish. You'll learn priming, base coating, highlights, and shadows and become familiar with the tools and supplies needed for this hobby. Break for lunch (on your own) and return for the final two hours, where you can continue working on your first miniature or choose from a selection of other minis and apply the new skills you have learned. Leave class with two miniatures you have painted.

All tools and materials provided. If you love what you did in class, Shoshie will have a selection of "beginner kits" available for purchase at the end of class. Bring a check or credit card in case you decide to purchase a kit (not required).

4/22 Sat 10 AM–3 PM Class ID: 13771
Deadline: 4/15 Location: CE \$139

Ceramics: Slab Building Functional Pottery

Over five class sessions designed for beginners, you'll learn techniques and applications of slab building to create functional forms such as cups, tumblers, or small bowls. Learn about glaze application and the firing process to finish your pieces. Return for the final class session to enjoy a snack, check out everyone's completed products on display, get final instructions on care and maintenance, and pick up your finished items to take home and enjoy. Expect to produce two to four functional vessels. *Class tool kits and clay must be purchased through Art Coop before the first class. Expect to pay approximately \$50 for supplies.*

5/6–6/10 Sat 10 AM–12 PM Class ID: 13793
Deadline: 4/29 Location: PC-C193 \$139

Introduction to Hot-Glass Lampworking

Make blown-glass objects using a benchtop torch in the private studio of glass artist Jason Mack. You will make and take home a few custom-made pieces of your own as you learn the basics. Jason will guide you through your projects while discussing the best types of tools and glass for the craft and necessary safety precautions. Your craftwork will be one of a kind, and you'll be ready to return for more.

All materials and equipment are included. Closed-toe shoes are required. Wear cotton, khaki, or denim clothing; no polyester. A water bottle is recommended.

3/28 Tue 6–7:30 PM Class ID: 13522
Deadline: 3/21 Location: Mack Glass \$79

music

Instant Piano for Busy People

In just a few hours, you can learn enough secrets of the trade to give you years of musical enjoyment. Learn to play piano the way professionals do using chords. The Zoom format allows you to sit at your piano or keyboard at home while you learn. An online book and online follow-up video lessons are included, which allow you to continue your practice and study at your own pace. An optional periodic online question-and-answer session is also included. You will receive a recording of the live Zoom session. The course is part lecture demonstration and part hands-on instruction. Topics include how chords work in a song, how to get more out of sheet music by reading less of it, how to form the three main types of chords, how to handle different keys and time signatures, how to avoid counting, and how to simplify more than 12,000 complex chords.

4/10 Mon 6:30–9:30 PM Class ID: 13776
Deadline: 4/3 ONLINE \$59

Instant Guitar for Busy People

Have you ever wanted to learn the guitar but found it challenging to find the time? In just a few hours you can learn enough about playing the guitar to give you years of musical enjoyment, and you won't have to take private lessons to do it. This crash course will teach you some basic chords and get you playing along with your favorite songs right away. Since this class is held online with Zoom, you can sit at home with your guitar and take the class without any pressure. The session includes an online book and online follow-up video lessons to allow you to continue your practice and study independently. An optional periodic online question-and-answer session and a recording of the Zoom session are also available. Topics include how chords work in a song, how to form the three main types of chords, how to tune your guitar, basic strumming patterns, how to buy a good guitar (and things to avoid), and how to play along with simple tunes.

4/11 Tue 6:30–9 PM Class ID: 13777
Deadline: 4/4 ONLINE \$59

culinary

new **Cast-Iron Skillet Pizza**

Put your cast-iron skillet to the test in a hands-on pizza class. Learn to make the perfect crust for your skillet and a delicious homemade sauce. Pick up some pizza facts and how it varies in different regions as well as tips for maintaining and storing your skillet, whether new or old. *Bring a 12-inch cast-iron skillet and hot pads with you to class.*

6/6 Tue 6–8:30 PM Class ID: 13789
Deadline: 5/30 Location: PC-X118 \$59

new **Cake Decorating Basics**

This introductory decorating class will lead you to create beautiful cakes. Techniques covered include leveling and stacking cakes, applying icing, and hand-sculpting flowers. You'll also learn how to put the finishing touches on with borders and writing on the cake.

No experience necessary. All supplies are provided, including 5-inch cakes. Bring a container to take your cake home.

4/15 Sat 1–4 PM Class ID: 13792
Deadline: 4/8 Location: PC-X118 \$59

Spring Cupcake Decorating

Make them cute. Make them cool. Make them decadent. Make them delicious. Learn a variety of buttercream piping techniques and prepare fondant for garden cupcakes. Experienced baker and cake designer Heidi Gerber will share baking and decorating tips and frosting techniques so you can surprise friends and family with your delicious creations.

This class will focus on decorating. Cupcakes will be premade by the instructor. Bring a container to carry home 5 decorated cupcakes.

4/20 Thu 6–8:30 PM Class ID: 13774
Deadline: 4/13 Location: PC-X118 \$59

Strawberry Pie With Lattice Crust

Flaky crust, spring strawberry filling, and lattice topping make the perfect pie. Learn the secrets to producing a flaky, flavorful pie crust and weaving the beautiful lattice for a finishing touch. Instructor Heidi Gerber shows you the best ingredients for taking home a piece of perfect spring-season pleasure.

This is a make-and-take-home-to-bake class. Bring a 9-inch pie pan.

5/18 Thu 6–8 PM Class ID: 13773
Deadline: 5/11 Location: PC-X118 \$59

new **Classic Croissants**

Named for their crescent shape, the laminating technique is used to layer dough and butter to achieve a flaky texture. Join pastry chef Doris Klenke in this hands-on class as you learn the techniques for working with yeasted dough, creating the butter-laminated dough, and filling and proofing the croissant to ensure the right texture. Doris will have dough prepared in various stages so you can practice every step of the process, in addition to prepping some croissants to take home for baking at the end of class.

Great for beginning to advanced bakers. Bring a 9-by-12-inch glass dish with you to class.

5/10 Wed 6–8:30 PM Class ID: 13788
Deadline: 5/3 Location: PC-X118 \$75

language & writing

Beginning Conversational French

Proper pronunciation is important to good communication. This course has been carefully crafted to ensure you will have no trouble pronouncing French words correctly. You will learn how to communicate at the airport and hotel, how to talk to hotel employees, and how to communicate in restaurants. Each lesson also includes cultural tips. Hand and body gestures mean different things in different cultures. For example, do you know the proper way to point to avoid offending people in France? This course will tell you. You will be pleased with your quick progress, and you will be prepared for your next trip!

"I have learned an incredible amount of French from this beginning class. I think that is mostly due to the class format and teaching style of the instructor. Merci beaucoup!" —Ed2Go student

Make a Wreath for Spring

Create an 18-inch wreath with a spring theme. Start with a grapevine wreath and add silk flowers to create a beautiful crescent-shaped floral arrangement. Great for your front door!

All materials are included.

3/25 Sat 1–3 PM Class ID: 13782
Deadline: 3/11 Location: PC-W120 \$79

Spring Floral Garden Arrangement

Welcome spring in full blooming beauty into your home. As you begin your floral design, Carol Kamradt, ICPF, ICD, will guide your eye to create an outstanding arrangement of your own.

All materials and tools will be provided.

4/22 Sat 1–3 PM Class ID: 13781
Deadline: 4/8 Location: PC-W120 \$79

Beginner Birding

Join more than 47 million birders nationwide and learn the basics of a lifelong hobby. In two classroom sessions, you’ll learn how to get started, where to go, and what you’ll need. Progress into identification methods and learn about 50 to 100 species that you can find in our area this season. Your final class will be field experience at a local Champaign-Urbana park, where you’ll practice identification with your instructor. Leave with the tools you need to venture into the field with confidence.

Recommended gear for field day: binoculars, notebook, pen or pencil.

4/3–4/15 Mon 6–8 PM & Sat 8–11 AM Class ID: 13762
Deadline: 3/27 Location: CE \$69

Introduction to Small-Scale Poultry Keeping

Whether you want backyard chickens or a small flock on a country plot, you’ll need to peck around to see what it takes to raise chickens. Understand the initial and ongoing expenses; egg production cycle and conditions that affect it; the chicken life cycle; and how to raise and care for your flock, from incubation to dressing out. This class will include hands-on participation at Joy of Illinois Farm in an outdoor setting. This is an ideal class if you’re considering a more self-sustained lifestyle by raising your own food and possibly earning a little extra income while you’re at it. Great for those just getting started or planning to dive into small-scale or backyard farming.

Wear long pants and closed-toe shoes.

6/17 Sat 3–5 PM Class ID: 13763
Deadline: 6/10 Location: Joy of Illinois \$59

Introduction to Welding

Learn the basics of welding on the weekend. Welding is a useful skill for car mechanics, general hobbyists, artists, or those interested in DIY home and farm repair projects. In just five Sundays, discover the welding methods and safe operating practices of stick (SMAW) and MIG (wire, GMAW). Practice what you’ve learned in the lab and work on a project of your choice.

Bring your own pair of safety glasses and gauntlet-style welding gloves.

Both items can be found reasonably priced at most home improvement stores or online. No opened-toe shoes or frayed clothing. Wear non-synthetic clothing.

5/14–6/18 Sun 3–6 PM Class ID: 14794
Deadline: 5/7 Location: T132 \$269

Introduction to Beekeeping

Keeping bees happy and healthy is essential. Get the best advice for starting up a hive, selecting suitable hive locations, and understanding the honeybee's life cycle. Basic equipment, nutrition, and disease control will also be reviewed. Would-be beekeepers, new beekeepers, and others with a lively interest in honeybees are welcome.

4/11 Tue 6–8 PM Class ID: 13775
Deadline: 4/4 Location: CE \$25

What's Happening at the Hive \$90

Master beekeeper Maggie Wachter offers both beginning and experienced beekeepers her knowledge, skills, and respect for this incredible insect as she reveals the seasonal demands of the beehive. These hands-on classes will give you practical experience with tools, hive inspection techniques, and guidance on determining the health of a hive. This series will be held once a month at Sola Gratia Farm and will cover the hive cycle throughout the season. Maggie will demonstrate and instruct on site at the hives each month. The topics will range broadly as you work through the season and take note of hive activity. This is a rare opportunity for anyone interested in beekeeping.

Register for all three and SAVE!

Through on-site instruction at a hive, Maggie will address topics relevant to the concerns of the hive during the month, from weather and hive threats to activity and behaviors.

Required supplies: hive tool (\$12–15) available at Farm and Fleet or Rural King, unscented dishwashing gloves made of rubber or durable plastic (available at any grocery store, \$3–4), and a bee veil. Bee veils are available for purchase on site directly from the instructor for \$45. Wear loose-fitting long pants or jeans, closed-toe shoes with socks, and a long-sleeved shirt. Walking on uneven ground and standing for an extended time will be required.

Managing Health Care Expenses in Retirement

With any government program, there can be confusion, opinions, and complexity leading to misinformation. This is certainly true of Medicare. Learn the basics of Medicare and how it coordinates with supplemental insurance. This course gives you what you need to decide for yourself or a loved one. For more than 20 years, Jim Lilley of Chesser Financial has been helping people understand retirement income and spending, and he knows how to make this an enjoyable and informative presentation.

This course deals with the concerns of people ages 60 and older.

5/17 Wed 6–8 PM Class ID: 13779
Deadline: 5/10 Location: CE \$9

Savvy Social Security Planning

Social Security is the largest single source of retirement income for most Americans, yet most Americans do not maximize their benefits. Learn five key factors for applying for benefits and ways to estimate your benefits, minimize taxes during retirement, coordinate benefits with your spouse, and more. Jim Lilley of Chesser Financial leads you through this informative seminar, where you will learn that the decisions you make today can have a tremendous bearing on the total amount of benefits you stand to receive over your lifetime.

Designed specifically for people ages 50 and older.

4/27 Thu 6–7:30 PM Class ID: 13778
Deadline: 4/20 Location: CE \$9

new Plan Your Own Funeral

The days after death are very stressful for survivors. They have many decisions to make and people to call. Help make their work a little easier by setting in writing some of your preferences for how you would like your body handled and your life celebrated. During this workshop with Eileen Gebbie, we will go through a packet that includes prompts for the disposition of your remains, service types, obituary elements, and more. (You'll also read funny obituaries and share stories of what has and has not worked.) Eileen worked as a Christian parish pastor for 10 years and now works with people from all faith traditions (and none) through spiritual direction.

Deadline: 3/23 Location: CE \$9

history

new Conservatism, Conformity, and the Cold War at the University of Illinois, 1946–1967

Many people have nostalgia for the “good old days” of the 1950s: the birth of the American teenager, rock 'n' roll, drive-in movie theaters, car culture, a booming postwar economy, and the images of “wholesome” family life we see in advertisements and television shows from that era. But the '50s also had a dark side: Americans of all ages dealt with the Cold War and the threat of nuclear annihilation as well as a pervasive fear—fueled by the U.S. government—that their neighbors and coworkers might be Communists. At the University of Illinois, faculty, staff, and students experienced those perils like everyone else and tried to conduct business as usual in their classrooms, labs, dorm rooms, and bars. Then, in 1957, the Soviet Union launched the first humanmade satellite, Sputnik, and extended the Cold War arms race into space. Almost overnight, there was a renewed national focus on science, technology, and mathematics research and education. The United States had to keep up with the Soviets, and the U of I, with its world-class faculty and room-sized computer, was uniquely qualified to help.

4/27 Thu 11 AM–12 PM Class ID: 14001
Deadline: 4/20 ONLINE \$5

Piecing Together the Past: Genealogy

Genealogy is an immensely popular topic, and it's easy to get swept up in the allure of finding all the answers. Rather than just an accumulation of facts, genealogy tells a story, or narrative of how we relate to the past. Each of us has a unique genealogical narrative composed of various pieces that make up the puzzle of who we are, but learning how to solve or interpret this narrative can be challenging. Learn the practical steps and concepts as a beginner genealogist to piece together your family history. Your instructor, Marlaina Lindgren, will use examples from her own family history and experience.

DAY TRIPS

new **Historic Homes: Funks Grove and Clinton, Illinois**

Travel back over 150 years in Central Illinois history to visit the Funk Prairie House for a guided tour. Next, we'll stop at Funks Grove so you can browse and purchase some pure maple sirup. After lunch, we'll continue our history with a guided tour of C.H. Moore Homestead (Dewitt County Museum) in Clinton and top it off with a visit to Country Junction, a unique 8,700-square-foot gift shop where making old things new again is their passion.

Lunch additional. No refunds after March 31. Please arrive at least 5 minutes before departure time. This tour will keep you on your feet for extended periods. If mobility is an issue for you, please contact our office with any questions before registering.

4/12 Wed 8 AM–4:30 PM Class ID: 14004
Deadline: 3/29 Bus departs from CE \$49

new **Big Laughs and Big Things: Red Skelton Museum & Casey, Illinois**

Laugh it up as we start our journey with a trip to the Red Skelton Museum of American Comedy in Vincennes, Indiana. After a guided tour, we'll stop in downtown Vincennes for lunch on your own. Next, we'll make our way back to the town of big things—Casey, Illinois, where we will explore some of the “world's biggest” items. We will be sure to include a stop for your sweet tooth before heading back home.

Lunch additional. No refunds after April 24. Please arrive at least 5 minutes before departure time. This tour will keep you on your feet for extended periods. If mobility is an issue for you, please contact our office with any questions before registering.

5/3 Wed 6:45 AM–6:30 PM Class ID: 14003
Deadline: 4/19 Bus departs from CE \$49

new **Eureka! Ronald Reagan, Chocolate, and Wine**

It's no secret that President and Mrs. Reagan enjoyed California wines and served many of them in the White House. Today, we'll celebrate both the life of the 40th president and wine by enjoying a museum tour and a local wine and chocolate tasting at Mackinaw Valley Winery. We'll also make a quick stop at Holland's Mercantile in Washington, Illinois, to prep your sweet tooth for the afternoon tasting.

Must be 21 years of age to register. Lunch additional. No refunds after May 5. Please arrive at least 5 minutes before departure time. This tour will keep you on your feet for extended periods. If mobility is an issue for you, please contact our office with any questions before registering.

5/17 Wed 8 AM–5 PM Class ID: 14005
Deadline: 5/3 Bus departs from CE \$69

new **Hannibal, Missouri**

Join us as we explore the boyhood home of Mark Twain. Unique to our group trip, upon arrival, you'll be greeted by Tom Sawyer and Becky Thatcher with a chance to pose for pictures. Next, the Mark Twain Boyhood Home and Museum will provide our group with a private history talk before you work at your own pace to tour the 7 museum buildings that include Mark Twain's boyhood home and a museum gallery that houses 15 original Norman Rockwell paintings. You'll have free time for lunch and a little shopping before we regroup to finish the day with a tour of Rockcliffe Mansion, a massive Gilded Age grand residence listed on the National Register of Historic Places. The mansion still contains many of the furnishings, fixtures, and personal effects of the original family.

Lunch additional. No refunds after June 1. Please arrive at least 5 minutes before departure time. This tour will keep you on your feet for extended periods. If mobility is an issue for you, please contact our office with any questions before registering.

6/15 Thu 6:45 AM–7:30 PM Class ID: 14006
Deadline: 6/1 Bus departs from CE \$139

Armchair Travel

Join us on adventures near and far as our presentations give you unique perspectives of travelers' experiences.

new **Belize**

In November 2022 WILL Public Media sponsored a trip to Belize. Formerly known as British Honduras, Belize offers an incredible combination of tropical natural wonders and spectacular Mayan historical sites. Join trip participant Fred Delcomyn as he describes his experiences in what has been called the jewel of Central America.

3/21 Tue 1:30–3 PM Class ID: 13493
Deadline: 3/14 Location: CE \$15

new **Scottish Splendor: The Highlands, Lowlands, and Isle of Skye**

Explore the treasures of Scotland with Robin Goettel. Enjoy Robin's fun-filled two-week journey. She'll share her fascinating adventures, including beautiful hikes, picturesque towns, ancient castles, gorgeous estates, and great stories. You'll get a taste of Scottish culture—unique foods and music along with a wee bit of Scottish folklore and history. Learn why the Scottish landscape has been such a perfect backdrop for famous films such as Harry Potter and TV shows such as Outlander. As a bonus, Robin will share some antique fans of Scotland.

4/18 Tue 1:30–3 PM Class ID: 13494
Deadline: 4/11 Location: CE \$15

new **Northern Italy: Rich in Art, Scenery, and History**

Life in northern Italy differs in many ways from that in southern Italy, but not in the love of art. Explore the amazing art and architecture of Michaelangelo in Florence, his birthplace. Pinocchio was created by Carlo Collodi near Florence. Explore northern Italy's Riviera. Visit the resort lakes and mountains on Italy's northern border with Switzerland. In Siena, see the town square where an unusual horse race is held: The jockey does not know what horse he will ride until race day, and only the winner and the loser are recognized. At Donatella's vineyard, women do all the work of growing the grapes and turning them into wine. Finish by exploring St. Mark's Square, glass blowing, and other sights on the canals of Venice.

5/16 Tue 1:30–3 PM Class ID: 13495
Deadline: 5/9 Location: CE \$15

basics

Computer File Management

Get it together! Learn efficient ways to organize your computer files along with copying, moving, and storing your documents. Jane Bateman will guide you toward the best practices for navigating your files using Microsoft Windows Explorer.

3/22–4/5 Wed 1–3 PM Class ID: 13498
Deadline: 3/15 Location: CE \$79

Intermediate Computers

You are ready to navigate the computer's more detailed functions with Jane Bateman. Find a lost file and recover deleted files, create address labels, insert clip art, and make columns. You will be able to check out the basic functions of a few more detailed programs, then discuss and use a USB flash drive. You will be well on your way to greater connections and communication.

5/3–5/24 Wed 1–3 PM Class ID: 13757
Deadline: 4/26 Location: CE \$79

desktop applications

new Microsoft 365 Fundamentals

This course introduces Microsoft 365, an integrated cloud platform that delivers industry-leading productivity apps along with intelligent cloud services and world-class security. You'll learn foundational knowledge on the considerations and benefits of adopting cloud services and the software as a service (SaaS) cloud model, with a specific focus on Microsoft 365 cloud service offerings. You will begin by learning about cloud fundamentals, including an overview of cloud computing. You will be introduced to Microsoft 365 and learn how Microsoft 365 solutions improve productivity, facilitate collaboration, and optimize communications. The course then analyzes how security, compliance, privacy, and trust are handled in Microsoft 365, and it concludes with a review of Microsoft 365 subscriptions, licenses, billing, and support. This course is for those looking to demonstrate foundation-level knowledge of cloud-based solutions to facilitate productivity and collaboration on site, at home, or in combination. You may have knowledge of cloud-based solutions or may be new to Microsoft 365.

Register by April 4 to receive a \$30 discount.

4/18–4/20 Tue & Thu 6–9 PM Class ID: 14380
Deadline: 4/11 Location: CE \$149

new Azure Fundamentals

Learn foundation-level knowledge on cloud concepts, core Azure services, and Azure management and governance features and tools. This course is suitable for IT professionals who are just beginning to work with Azure. This audience wants to learn about our offerings and get hands-on experience with the product. This course primarily uses the Azure portal and command line interface to create resources and does not require scripting skills. You will gain confidence to take other role-based courses and certifications, such as Azure Administrator. This course combines lectures, demonstrations, and hands-on labs. This course will also help prepare you for the AZ-900 exam.

5/16–5/18 Tue & Thu 6–9 PM Class ID: 14381
Deadline: 5/9 Location: CE \$149

Adobe Illustrator Essentials

Adobe Illustrator is the industry-standard computer illustration software. Use Illustrator to draw shapes and design logos, flyers, posters, banners, business cards, or any other vector graphics for print or web. Learn Adobe Illustrator fundamentals to set up a print document and use various tools to draw, type, and color all kinds of shapes and illustrations. Learn how to efficiently manage layers and artboards and create print-ready PDF documents.

You are responsible for purchasing your own software. Trial versions of Adobe software are sometimes available on the Adobe company website.

4/3–4/28 ONLINE Class ID: 13944
Deadline: 3/27 \$225

Adobe InDesign Essentials

Adobe InDesign is the industry-standard page-layout program that works with Adobe Illustrator and Photoshop seamlessly. InDesign allows you to create simple to complex multipage documents such as brochures, flyers, books, and magazines. This course is a comprehensive exploration of InDesign tools and capabilities to create professional documents. You will learn how to manage the InDesign environment and create, set up, design, enhance, and finalize multipage documents.

You are responsible for purchasing your own software. Trial versions of Adobe software are sometimes available on the Adobe company website.

4/3–4/28 ONLINE Class ID: 13946
Deadline: 3/27 \$225
6/5–6/30 ONLINE Class ID: 13947
Deadline: 5/29 \$225

Adobe Photoshop Essentials

This fundamental course covers Adobe Photoshop Creative Cloud's most commonly used tools, menus, and panels. You'll learn all the basics of Photoshop to effectively work with selection and editing tools, layers, and masks to edit, retouch, and enhance existing images or create your own composite digital artwork. Impress your business organization, friends, and family by enhancing their photos and create enhanced images like you would see on magazine covers.

You are responsible for purchasing your own software. Trial versions of Adobe software are sometimes available on the Adobe company website.

5/1–5/26 ONLINE Class ID: 13948
Deadline: 4/24 \$225

SQL Certificate

Structured Query Language (SQL) is the industry-standard database programming language. It is one of the most in-demand skills in occupations that require interaction with data and analyzing data. Through your knowledge of SQL, you will become more marketable in computer-related career fields that pertain to database administration. Learning SQL can also lead to a job that is specific to analyzing data, such as a data analyst, a quality assurance analyst, or a business analyst. You'll first learn about relational database structures; the history and uses of SQL; and how to use SQL to create a database, add records to database tables, and extract meaningful data from database tables. You will quickly progress from creating simple SQL queries that query a single table to querying multiple tables simultaneously. You'll also learn how to alter data in a database and how to gather significant statistics from data stored in a database. Finally, you'll learn techniques that will enable you to write powerful queries that perform complicated searches and sorts on your data. This certificate will enhance your competitiveness in the field of database administration and data analyst jobs.

4/3–6/30 ONLINE Class ID: 13961
Deadline: 3/27 \$595

A+, Net+, Security+

The CompTIA A+ Core Series emphasizes the technologies and skills IT pros need to support a hybrid workforce, such as increased reliance on SaaS applications for remote work; troubleshooting; and remotely diagnosing and correcting common software, hardware, and connectivity problems. The course also covers cloud virtualization and IoT device security to data management and scripting as well as the multiple operating systems that technicians encounter regularly and how to keep them running properly. CompTIA Core reflects the changing nature of the job role, where many tasks are sent to specialized providers as certified personnel need to assess whether it's best to fix something on site or to save time and money by sending proprietary technologies directly to vendors.

The CompTIA Network+ (N10-008) certification covers a wide range of knowledge and skills that apply to various networking job roles. A networking job role requires a fundamental knowledge of network terminology, components, standards, types, and configurations. In this lesson, you will identify the basic concepts of networking theory.

professional development

Introduction to Voiceovers: Getting Started in Voice Acting

“Wow, you have a great voice!” Have you heard that more times than you can count? Do you listen to your favorite audiobooks, commercials, or cartoon characters and think, I could do that! Want to earn income using your talents from the comfort of your home? If so, you could have what it takes to begin working as a professional voiceover artist. Explore the industry with your instructor, a professional voice actor from Voices For All, in a one-on-one video chat setting. Discover current trends in the voiceover industry and how easy and affordable it can be to set up and work from home. Learn about various types of voiceovers and the tools you’ll need for success. Your instructor will take notes as you read a real script and offer coaching to improve your delivery. You’ll receive a professional voiceover evaluation later. One-time, 90-minute introductory class.

Requirements: You must have Internet access and video chatting capabilities using a method such as Zoom, Skype, or iChat/FaceTime.

ONLINE class will be scheduled AFTER registration

Class ID: 13581 \$49

Broker’s Pre-License Principles 513001606

Fulfill 15 of the 75 hours of pre-license education with this state-approved course. Apply what you learned in the 60-Hour Broker Pre-License Topics, practice dealing with buyers and sellers in a safe environment using the laws and rules reviewed in Broker Pre-License Topics, and gain insight into the proper application of the laws and rules.

Sponsored by Illinois Realtors.

Prerequisite: Broker’s Pre-License Topics. Book provided at the first session.

Register by April 3 to receive a \$50 discount.

4/17–5/1 Mon & Wed 6–9 PM Class ID: 13475
Deadline: 4/10 Location: CE \$299

UAS Certification Exam Prep

Get licensed to fly drones commercially! Take your business to new heights and discover new opportunities through commercial drone use. Drones’ safety, efficiency, and cost benefits make them increasingly attractive for a range of business and government functions: marketing, agriculture, real estate, media, special events, and inspections. The Federal Aviation Administration requires drone operators to pass a UAS (unmanned aerial system) aeronautical knowledge test in order to fly drones commercially. Discover what UAS operators need to know about regulations, airspace, weather, and more.

For an additional \$175, you may also register to take the FAA certification written exam. Instructions for registering for the FAA exam will be sent approximately 3 weeks before the start of the class.

Register by May 30 to receive a \$30 discount.

Certificate in Accounting and Finance for Non-Financial Managers

Every successful person in the workplace uses financial information to aid in effective decision-making. The Certificate in Accounting and Finance for Non-Financial Managers explains the financial concepts and accounting processes used in most businesses and provides practical techniques that will increase your effectiveness and career. First, get a foundation for understanding the seven steps in the accounting cycle and using financial information in decision-making. Come away with the knowledge to analyze resource allocation and evaluate financial performance. Then find out what you need to know about cash. Cash is the non-financial manager who makes a difference in the day-to-day cash activities. Discover how to maximize cash flow, learn the importance of cash, and discover your role in the cash-flow success. Finally, acquire advanced knowledge of the financial information that drives your organization. See how business reports are assessed and analyzed. An understanding of this information will help you make smart decisions in budgeting, setting goals, and assessing performance within your own area of influence.

Three one-month courses.

new Six Sigma Green Belt Certificate

Six Sigma professionals are in strong demand by organizations around the world. On the front lines of Six Sigma efforts are Green Belts. LERN's Green Belt training teaches participants problem-solving skills, using the DMAIC (define, measure, analyze, improve, and control) model. After completing this challenging course, Six Sigma Green Belts serve their organizations as a trained specialist able to work on Six Sigma projects that benefit the organization. Although not required, participants are strongly encouraged to have a project during the course. The instructors and mentors work closely with the class not only to teach the material but to guide candidates as they work on projects.

4/3–6/30 ONLINE Class ID: 13920
Deadline: 3/27 \$495

Project Management Bundle (For Nonprofessionals) **\$255**

Not a project manager by title, but find yourself managing projects? No problem! Learn about the foundations of project management—not as a profession but as a set of techniques you can tailor to your projects. You'll start with a basic overview class and then dive deeper every two weeks in a new workshop with tips and information to take your project management skills to the next level. **Register for all five and SAVE!**

Project Management: An Overview

Learn about the foundations of project management not as a profession but as a set of techniques you can tailor to your projects. You'll go over the broad strokes of the project management life cycle: initiation, planning, execution, monitoring and controlling, and closing. The goal will be to provide an overview of project management that will improve your project predictability, communications, and outcomes. You will focus on waterfall methodologies; elements of agile methodology will also be covered. Training will touch on these aspects:

- Project processes
- Creating project goals and deliverables (and metrics for success)
- Identifying and establishing the full scope of the project work
- Identifying project participants, roles, and responsibilities
- How work will be accomplished, who will perform the work, and when
- How work is managed and controlled, and what happens if adjustments or changes to the project need to be made
- How to know when a project is complete, and how to know if it was successful

Class will build off and reference information presented in Project Management: An Overview. While this series provides valuable information, it does not count toward PMP certification, nor is it considered in the PMP application process.

4/11 Tue 8 AM–12 PM Class ID: 14022
Deadline: 4/4 Location: CE \$100

Project Management: Lessons Learned

It is important to move quickly and efficiently through projects, but you also need to step back to review processes along the way. Be sure the processes are still meeting the needs of the project, its resources, and its stakeholders. Sharing observations and suggesting changes for improvement throughout a project can lead to more successful outcomes. Sometimes the lessons learned are specific to your project, but they are also a great way to share knowledge and practices that can improve workflow and future projects.

Class will build off and reference information presented in Project Management: An Overview. While this series provides valuable information, it does not count toward PMP certification, nor is it considered in the PMP application process.

4/25 Tue 12–1:30 PM Class ID: 14023
Deadline: 4/18 Location: CE \$50

Project Management: Risks and Issues

Even with the best-laid plans, there are risks and issues within every project—some small and some catastrophic (but not for you!). Understand how to anticipate, evaluate, and manage risks, issues, and assumptions throughout the project management cycle. Planning for unexpected events is one of the keys to ensuring a successful project.

Class will build off and reference information presented in Project Management: An Overview. While this series provides valuable information, it does not count toward PMP certification, nor is it considered in the PMP application process.

5/9 Tue 12–1:30 PM Class ID: 14024
Deadline: 5/2 Location: CE \$50

Project Management: Stakeholders and Requirements

Who's responsible for this? Ensure your project's success by having the right people involved from the start. Learn how to identify key stakeholders so requirements are known and everyone can fully understand expectations and their responsibilities to the project.

Class will build off and reference information presented in Project Management: An Overview. While this series provides valuable information, it does not count toward PMP certification, nor is it considered in the PMP application process.

5/23 Tue 12–1:30 PM Class ID: 14025
Deadline: 5/16 Location: CE \$50

Project Management: Work Breakdown Structure

You've determined all the major deliverables and milestones. Where do you go from there? Discover how to deconstruct and organize project deliverables into manageable groups and understand how to see a project and all its details, also known as a work breakdown structure. This is a way to turn a mountain of work into more manageable tasks that can be assigned to resources. The results are a complete list of defined work that encompasses the full scope of your project. *Class will build off and reference information presented in Project Management: An Overview. While this series provides valuable information, it does not count toward PMP certification, nor is it considered in the PMP application process.*

6/6 Tue 12–1:30 PM Class ID: 14026
Deadline: 5/30 Location: CE \$50

Leading EDGE Certificate Series

You can be a leader, regardless of your title or role. Join your colleagues and other community professionals for tips and strategies that will improve and develop the skills of extraordinary leaders. This leadership series consists of 12 unique courses offered January to December. To qualify for the certificate, you must complete a minimum of 44 hours consisting of 5 required courses AND at least 6 of 7 electives.

**Denotes required course.*

Communication Excellence: Managing Performance with DiSC*

Expand your knowledge by exploring the differences in your natural and acquired communication styles. Recognize and learn to read the unique styles within your team while understanding we all have goals, fears, motivations, and preferences. Discover how to engage with your team, overcome fears, gain stronger commitment, and optimize results.

Online assessment must be completed by the deadline.

3/9 Thu 1–5 PM Class ID: 14796
Deadline: 3/2 Location: CE \$275

Time Mastery Skills

In today's streamlined, fast-paced workplace, increased productivity and efficiency are critical. Receive an individual skills gap analysis report that provides personal data to help you quickly determine where to focus your time-management efforts for greater professional success.

4/12 Wed 8 AM–12 PM Class ID: 13421
Deadline: 4/5 Location: CE \$275

Providing Feedback That Works*

In its simplest form, feedback is information that brings attention to an issue or potential issue, provided with a genuine desire to create an opportunity for improvement. It is best delivered with the intent to improve a situation or an individual's performance, skills, or behaviors. Learn to open the door to a productive conversation based on mutual understanding of the issue, problem-solving, and collaborative development for a plan of action.

Deadline: 5/4 Location: CE \$275

Coaching: Developing Others*

Boost employee interest and activate productivity. Uncover high-impact development opportunities that tap into your employees' strengths and motivations. Unleash and leverage individual capabilities to achieve workgroup and organizational results.

6/7 Wed 8 AM–12 PM Class ID: 13425
Deadline: 5/31 Location: CE \$275
6/7 Wed 1–5 PM Class ID: 14798
Deadline: 5/31 Location: CE \$275

STUDENT SPOTLIGHT

Bree Smith

Learning and Development Specialist, Christie Clinic

“I’m not currently in an official leadership position, but I’m a firm believer that anyone can be a leader at any level. I have coworkers who have completed the Leading EDGE Series in the past, and I have only heard them say great things about it. Plus, I absolutely love Parkland—my experiences have been so positive. Instructor Steve Welland was personable and knowledgeable on all the class topics, had clear communication, and created an inclusive environment that made it comfortable for us to open up and share personal and work examples. I’ve already begun using and sharing some of the knowledge I’ve learned in my day-to-day work and personal life.”

transportation & logistics

Basic Forklift

Be knowledgeable. Be productive. Be in demand. Forklifts are critical to keeping America's inventory in motion and are the workhorses that move goods daily. Nearly every product sold in the United States has been touched by a forklift. Become a fully knowledgeable forklift operator and a vital contributor to our economy. Grey & Associates will show you how to operate a forklift safely and effectively. Become familiar with the controls, daily checks, OSHA regulations, ANSI standards, factors in center of gravity and stability, load capacity, accident statistics, and more. *Prerequisites: You must be able to read, write, speak, and comprehend English. Dress appropriately for the weather and bring your lunch. Wear closed-toe shoes.*

4/28 Fri 8 AM–4 PM Class ID: 14027
Deadline: 4/21 Location: CE \$399

Advanced Forklift

Learn the necessary information to become a skilled, in-demand powered industrial truck (forklift) operator. In four days, gain valuable knowledge and critical hands-on experience that reflect real-life workplace scenarios in various environments. Equipment used in training includes a standard forklift, order picker (stand-up), and electric walkie pallet jack. Local employers make site visits throughout the program. Opportunities to create connections and learn about local employment are guaranteed. *Prerequisites: Be able to read, write, speak, and comprehend English. Dress appropriately for the weather because the hands-on portions will be outside. Wear closed-toe shoes and bring a lunch daily (lunch break will be provided).*

Register by March 20 to receive a \$100 discount.
4/3–4/6 Mon–Thu 8 AM–4:30 PM Class ID: 14028
Deadline: 3/27 Location: CE \$995
Register by May 29 to receive a \$100 discount.
6/19–6/22 Mon–Thu 8 AM–4:30 PM Class ID: 14029
Deadline: 6/12 Location: CE \$995

wioa Truck Driving

Train to earn your commercial driver's license and prepare for a career in the trucking industry. More than 300,000 truck driving jobs are now available in the United States. This course is specifically designed for those with little or no commercial driving experience. Learn and understand everything you need to earn a CDL. Earn your CDL learner's permit the first week of class as you learn DOT rules, regulations, and logbook requirements. The remaining three weeks are focused on driving training. Our team works with trucking industry partners to assist you with job placement. *Classes start every month. Course fee includes your physical, drug screening, and permit costs.*

Call 877/350-0884 for an appointment. \$5,195

new Entry-Level Driver Training (ELDT) for Hazardous Materials

Truck drivers with commercial driver's licenses (CDLs) are in demand in the trucking industry. The hazardous materials endorsement (H) is a specialized credential that can result in more opportunities and higher pay for drivers. This course was created in collaboration with an approved training provider listed on the Federal Motor Carrier Safety Administration's (FMCSA) Training Provider Registry (TPR). When you finish this required training course, your completion record will be uploaded to the U.S. Department of Transportation's (DOT) TPR. Then you can take your state's Hazmat Endorsement Knowledge Exam, usually administered at the state motor vehicle office. When you pass the knowledge exam, you will be issued the H endorsement.

Register at careertraining.edzgo.com/parkland.

ONLINE, self-paced; begin upon registration \$195

Freight Broker/Agent Training

Learn the skills you need to be a successful freight broker or a freight agent in this fast-growing industry. This course will educate you about the foundational aspects of brokering shipments. Learning about laws and terminology, setting up your business, valuable tools and software, contracts and forms, how to find shippers and do ratings, and much more will give you the knowledge, insight, and direction to help you stand out in this growing industry. You will learn the differences between a broker and an agent, their various duties and responsibilities, and the legal requirements for both. You will also learn how to develop important qualities and skills such as how to set your goals and market yourself, set up and organize your office, maintain records and establish back-office procedures, and choose brokerage and operating software. By course completion, you will understand the steps of setting up carrier and shipper packets and contracts, marketing and advertising avenues, rate quotes, how to interact with shippers and carriers to keep lines of communication open, and valuable negotiation skills.

ONLINE, self-paced; begin upon registration \$1,895

Instructors Wanted!

Do you have a special skill or knowledge of a certain subject matter? Have you ever thought about sharing your passion with community members or local businesses? You can become a noncredit Community Education instructor and teach in person or virtually. For more information or if you have class ideas, contact us at 217/351-2235 or email communityeducation@parkland.edu. We are looking for leaders in these areas:

- Arts & Crafts: wood carving
- Culinary: cooking, baking, mixology
- History: local, European, civil rights, sports, specific era
- Home & Garden: handyman, gardening, upcycling
- Technology: from basics to advanced
- Travel: near or far, show us where you've been
- Writing: creative, fiction, or nonfiction
- Workplace Spanish
- Youth: dance, sewing, improv, art

health

new Mental Health First Aid for Adults

One in five American adults experiences a mental health disorder in a year, and almost half of all American adults will experience a mental illness during their lifetime. Mental Health First Aid for Adults teaches how to recognize signs of mental health or substance use challenges in adults ages 18 and older, offer and provide initial help, and guide a person toward appropriate care if necessary. Topics covered include anxiety, depression, psychosis, and addictions. You will learn how to address common mental health concerns encountered by adults; reduce stigmas about mental health; learn strategies to help family members, friends, and peers recognize the signs and symptoms of mental health and substance use challenges; and self-help strategies for staying mentally well.

Register by March 17 to receive \$30 off.

4/14 Fri 9 AM–3 PM Class ID: 14020
Deadline: 4/7 Location: CE \$199

new Mental Health First Aid for Youth

In the United States, 17.1 million youth have or have had a psychiatric disorder—more than the number of children with cancer, diabetes, and AIDS combined. Mental Health First Aid for Youth teaches parents, family members, caregivers, teachers, school staff, peers, neighbors, health and human services workers, and other caring citizens how to help adolescents (ages 12–18) experiencing mental health or addiction challenges or crises. The course introduces common mental health challenges for youth, reviews typical adolescent development, and teaches a five-step action plan for helping young people in both crisis and noncrisis situations. Topics covered include anxiety, depression, substance use, disorders in which psychosis may occur, disruptive behavior disorders (including AD/HD), and eating disorders.

6/2 Fri 9 AM–3 PM Class ID: 14021
Deadline: 5/26 Location: CE \$199

INSTRUCTOR SPOTLIGHT **Leslie Shan**

Leslie Shan has worked in the mental health and teaching field for more than 30 years. She holds a master's degree in education with an emphasis in community counseling. She is also a qualified mental health professional (QMHP). Leslie is passionate about educating others on mental health issues because we are all affected. One in five individuals will experience a mental health challenge, so knowing how to recognize the signs and symptoms is critical. One of Leslie's career highlights is being triple-certified in mental health first aid (MHFA). She is certified to teach adult, youth, and teen classes. One of the most rewarding aspects of being an educator is when people who have taken her classes express how much the information has helped them—not only in the workplace but in their home lives as well.

Pharmacy Technician with Exam Voucher – Live Online

Prepare to work as a pharmacy technician in a retail or other pharmacy setting and to take the Pharmacy Technician Certification Board's PTCB exam. During the 50-hour program, you will cover pharmacy medical terminology, the history of pharmacy, the pharmacy practice in multiple environments, pharmacy calculations and measurements, reading and interpreting prescriptions and defining drugs by generic and brand names. Through classroom lectures and hands-on labs, you will review dosage calculations, drug classifications, the "top 200 drugs", I.V. flow rates, sterile compounding, dose conversions, aseptic technique, the handling of sterile products, total parenteral nutrition (TPN), dispensing of prescriptions, inventory control and billing and reimbursement.

Clinical Externship: As part of this Pharmacy Technician program, you will participate in an 80-hour clinical externship. During class, additional information will be provided about how a site is selected.

National Certification: This program meets the necessary requirements to take the Pharmacy Technician Certified Board (PTCB) – Certified Pharmacy Technician (PTCB) exam.

NWCA National Certification: This program meets the necessary requirements to take the National Workforce Career Association (NWCA) Pharmacy Technician (PTAC) Exam.

Tuition Includes:

- Book(s)
- Materials
- Background Check
- Drug Test
- Exam Voucher

CPR FAQs

How soon should I register for a CPR course?

Classes fill fast! Your program deadline will affect your certification needs. Please contact your program manager for the deadline. If you choose to complete the hybrid class, your online certificate of completion is valid for only 60 days. You must complete the hands-on skills portion within 60 days.

How long is my CPR card valid?

Your card is valid for two years.

When will I receive my CPR Card? It typically takes two to three weeks to process. If you need proof sooner, your instructor can issue you a temporary card upon successful completion of the course.

Do I need a book? Yes. Textbooks are an integral part of the instructor-led CPR education before, during, and after the course. You may reuse your textbook during renewals or updates until new science guidelines are published.

CPR for Health Care Providers: Instructor-Led

Learn to promptly recognize several life-threatening emergencies, give high-quality chest compressions, deliver appropriate ventilations, and provide early use of an AED. Upon completion, you will be issued an American Heart Association BLS Healthcare Provider Course Completion Card.

William M. Staerkel Planetarium

The William M. Staerkel Planetarium is the second-largest planetarium in the state of Illinois. The Digistar 6 digital planetarium projection system transforms the 50-foot dome ceiling into an immersive virtual environment.

The planetarium hosts numerous shows, programs, and special events. Call our show hotline at 217/351-2446 or visit us online at parkland.edu/planetarium.

- Open weekdays for school and civic groups. Virtual shows and Spanish-language shows available. Reservations required.
- Public presentations on Fridays and Saturdays at 7 and 8 pm. Tickets are \$5–6 at the door.
- Join the Friends of the Staerkel Planetarium (FOSP) and see FREE shows for a year.
- Teachers, book your field trip with us! Find a complete list of school programs by grade level, plus activities for before or after your visit, including links to the NGSS. Call the office at 217/351-2568 to set up your field trip!
- Book a unique rental space for birthday parties, weddings, and other private events under the stars.
- Join the Galaxy Club: Kids get a stamp card and begin to earn free admission to a show.
- Rent-a-Scope: 10-inch Dobsonian telescopes, \$10/night or \$15/weekend.
- Get your astro news: northern lights, eclipses, and meteor showers, plus be the first to hear of upcoming programs at the planetarium. Subscribe to our email list.

Spring Show Schedule

Prairie Skies: Fridays at 7 pm

Seeing! A Photon's Journey Across Space, Time,

and Mind: Fridays and Saturdays in April at 8 pm

The Little Star That Could: Saturdays in April at 7 pm

Expedition Reef (FOSP-funded show): Fridays and Saturdays in May at 8 pm

Amazing Stargazing: Saturdays in May and June 3 at 7 pm

new Mayan Archaeoastronomy: Fridays in June and June 3 at 8 pm

Summer Matinée Schedule

Join us for matinées in June and July. Bring the kids to presentations at 2 pm and 3 pm on Tuesdays and 9 am and 10 am on Thursdays, beginning June 6. All tickets are sold at the door. Check our online calendar for a full schedule.

Sensory-Friendly Matinées

The Staerkel Planetarium offers matinée shows with sensory-friendly settings on May 19. Sensory-friendly shows have “lights up, sound down” settings and a relaxed atmosphere where patrons can come, go, and move around as needed. Sensory-friendly shows are great for guests with autism spectrum disorder and sensory sensitivities or for young children.

Pink Floyd Shows are Back!

The sounds of Pink Floyd albums ring in the dome again, but these aren't our old light shows and they aren't laser shows. Enjoy these full dome shows from Starlight Productions on the first Friday of each month at 9 pm. Light shows will also be available at 1 pm on April 22. Please note that these aren't for those with motion sickness! Tickets are \$6 for everyone at the door.

James B. Kaler Science Lecture Series

Mainstream science from the laboratory to you. On the first Friday of each month that school is in session, the planetarium welcomes a scientist from the community into the dome to share their expertise. Past topics include geothermal energy, entomology, and fish behavior. Visit parkland.edu/planetarium for schedule. All talks are at 7 pm and tickets are \$2 at the door.

4/7: Dr. Mei Shen, UIUC Department of Chemistry,
Analytical Chemistry for Understanding Brain Function and Diseases

See the Real Sky

Join members of the C-U Astronomical Society at their rural observatory for a peek at the real sky. See the stars and planets through the many telescopes on site. All observing events are weather permitting.

April 29, May 27, and June 24 after sunset

Location: CUAS Observatory, County Road 700E, south of Monticello Road, southwest of Champaign. Visit www.cuas.org for directions.

Giertz Gallery

55th Annual Juried Student Art and Design Exhibition

April 10–May 6

Reception: Thursday, April 13, 5:30–7:30 pm, Awards Ceremony at 6:15 pm

Visitors will enjoy an impressive body of student work in photography, painting, drawing, metals and jewelry, sculpture, three-dimensional design, two-dimensional design, color theory, ceramics, and graphic design. Parkland Art and Design faculty have selected approximately 180 works from more than 300 entries for the exhibit. Students taking art classes in the current academic year, beginning with summer 2022, were eligible to submit artwork.

Around the Block IV: Artists from the Neighborhood

June 5–July 26

Reception: Thursday, June 8, 5:30–7:30 pm, Gallery Talk at 6:15 pm, additional programming TBA

Closed Tuesday, July 4

Giertz Gallery at Parkland College, in collaboration with 40 North: Champaign County Arts Council, continues hosting an exciting and ambitious contemporary juried art exhibition of regional artists. Entry is open to all artists 18 years and older residing in Champaign County and counties within the Parkland College 505 district. Submitted works may be in the following disciplines: painting, sculpture, ceramics, metals, drawing, printmaking, photography, textiles, video, and mixed media.

Visit parkland.edu/gallery for complete details and online entry form.

Spring Gallery Hours

Monday–Wednesday	10 AM–5 PM
Thursday	10 AM–7 PM
Saturday	12–2 PM

Closed on Saturdays during the summer

All events in the accessible gallery are free and open to the public. Parkland College is a section 504/ADA-compliant institution.

For accommodations, call 217/353-2338 or email accessibilityservices@parkland.edu.

For more information call 217/351-2485 or visit parkland.edu/gallery.

Giertz Gallery acknowledges support from the Illinois Arts Council Agency.

7 WAIVER AND RELEASE (REQUIRED)

IMPORTANT INFORMATION

Parkland College holds the safety of its students in high regard and is committed to conducting Community Education courses in a safe manner. Parkland College continually strives to reduce such risks and insists that all students follow safety rules and instructions that are designed to ensure everyone's safety. However, students must recognize that there is an inherent risk of injury when choosing to participate.

WARNING OF RISK

Community Education courses are intended to challenge and engage the student. Depending on the particular activity, students must understand that certain inherent risks always exist. Despite careful and proper preparation of instructors, there is still a risk when participating in courses. In this regard, it must be recognized that it is impossible for Parkland College to guarantee absolute safety.

WAIVER AND RELEASE OF ALL CLAIMS AND ASSUMPTION OF RISK

I understand that there may be certain risks of physical injury, damage or loss which I and/or my dependents may sustain as a result of participating in any and all activities associated with Parkland College courses offered by Community Education. In registering and participating in these courses, I expressly assume the risk and legal liability, waiving and releasing all claims for risk connected with said courses. Furthermore, I grant Parkland College and PCTV permission to record and/or photograph myself or my dependents for future promotion. In addition, I understand that there will be no refunds for classes canceled due to severe weather conditions, power outages, or situations that may affect the safety of the program or Parkland College.

I have read and understand the above important information, warning of risk, and waiver and release of all claims and assumption of risk.

Participant's name (PLEASE PRINT)

Signature of adult participant or parent/guardian (if participant is under 18 years old)

Date

Participation may be denied if the signature of adult participant or parent/guardian and date are not on this waiver.

CERAMICS IS BACK!

Ceramics: Slab Building Functional Pottery

Over five class sessions designed for beginners, you'll learn techniques and applications of slab building to create functional forms such as cups, tumblers, or small bowls. Learn about glaze application and the firing process to finish your pieces. Return for the final class session to enjoy a snack, check out everyone's completed products on display, get final instructions on care and maintenance, and pick up your finished items to take home and enjoy. Expect to produce two to four functional vessels.

See page 22 for more information.

ARE YOU CERTIFIED?

Food Protection Manager Certification

This program meets the eight-hour course and exam requirements by the Illinois Department of Public Health for the Certified Food Protection Manager Certification. Prepare to take the ServSafe Food Protection Manager Certification exam and cover the following topics:

- *Preventing cross-contamination*
- *Cleaning and sanitizing*
- *Safe food preparation*
- *Receiving and storing food*
- *Methods of thawing, cooking, cooling, and reheating food*
- *HACCP (Hazard Analysis and Critical Control Points)*
- *Food safety regulations*
