classes for personal and professional development
You’re ready to try something new. Learn a new skill. Explore your creativity. Kick your career up a notch. Maybe even change jobs.

With Community Education, you’ll find valuable personal and professional development opportunities, from career-enhancing workshops and certification programs to educational travel, personal enrichment, classes for kids, and more. Our programs work around your busy schedule, with many online options. At Parkland College, we’re here to offer rich possibilities for all ages, all stages of life.

Why wait? We’ve got a class for that!
**Cover Story**  Josh Wurmnest turns setback into comeback.

**College For Kids**  Fun, interactive classes in science, technology, art, math, coding, robotics, writing, and more!

**What’s New?**  With 78 NEW adventures, 14 NEW instructors, and NEW flexible formats, you’re sure to find something you’ll love.

**Summer Discovery**  Hands-on experiences for older students! Learn rock ’n roll and music recording, automotive, land surveying, machining & welding, drones, and girls’ STEM; **PLUS NEW** camps for veterinary medicine and farm-to-table cooking.

**Online S.T.E.A.M. Summer Camps**  Code your own adventure; esports, apps, and multiplayer XP design; **PLUS** fun with Fortnite, Minecraft, JavaScript, Python, Roblox, and VR and 3D game design.

**Health & Wellness**  **NEW** classes in Zumba, Medicare, and home care for loved ones; water aerobics, core, cycling, and fitness center; **PLUS NEW** high- and low-impact exercise classes online!

**Arts & Crafts**  Photography **PLUS NEW** classes in painting, glass blowing, tie-dye, and colored pencil art; join a music ensemble!

**Food & Beverage**  Cook and enjoy Korean cuisine in **NEW** classes.

**Home & Garden**  All-**NEW** classes on bees, making dairy goat products, chicken harvesting, and landscape care; **PLUS** auto refinishing and maintenance.

**Music Ensembles**

**History**  Explore more about Robert Allerton and the city of Monticello, **PLUS** U.S. historic events and pop culture milestones in **NEW** classes.

**Language & Writing**  Learn sign language, memoir writing styles, and manuscript publication prep; **NEW** beginner’s guide to getting published.

**Money Matters**  Learn the basics of stock investing with these **NEW** classes.

**Recreation**  Journey through 100 years of movie songs and dances in a **NEW** online class; holiday movies **PLUS** armchair travel.

**Computers & Technology**  Beginner computers **PLUS NEW** classes in PC troubleshooting; Excel; IT networking, auditing, and systems security; and database design. WIOA-approved classes in JavaScript and workplace computing.

**Marketing & Communication**  Certificate classes in digital marketing, social media, graphic design software, and business writing.

**Business & Management**  **NEW** classes in HR and modern productivity for women; **NEW** work-life workshop series and certificates in supervising, leadership, and project management; **PLUS** leading edge.

**Career Training**  Get started in voice acting, learn to become a paralegal, and understand bookkeeping for your business.

**Real Estate**  Broker’s pre-license training; real estate investing; introduction to home inspection.

**Continuing Education**  WIOA-approved customer service exam prep, certification training in food service sanitation, and accounting and finance; **NEW** contact tracing class.

**Health**  Train in CPR, Spanish for health care, or **NEW** patient care tech, telehealth coordinator, and pharmacy tech careers. WIOA-approved prep classes: home health aide, phlebotomy, dental and medical administrative assistant, and EKG tech.

**Trades**  **NEW** training programs for industrial maintenance, autoCAD, and master automotive technician are all WIOA-approved; highway construction training.

**Transportation & Distribution**  Train to earn your CDL; **PLUS** forklift and drone classes.

**PARKLAND PRESENTS**  See what’s coming this summer from the Staerkel Planetarium, Giertz Gallery, and Parkland Theatre.

**Parkland Campus Map**

**Register Now!**
INSTRUCTOR SPOTLIGHT  Mandy Briggs

Mandy has been involved in aviation for two decades, beginning with flight training at the Institute of Aviation in 2001. She graduated from the University of Illinois with a bachelor’s degree in general engineering. Mandy has worked in several areas of aviation including flight instruction, a corporate flight department, and aerial photography. Along with her flight instructor certificates she holds an airline transport pilot certificate with type ratings in the Falcon 20 and Lear 45. She began instructing at Parkland College’s Institute of Aviation in August 2014. In 2017, Parkland College was awarded a National Science Foundation grant to begin a UAS program, which Mandy spearheaded while serving as the grant PI. In her spare time, she enjoys boating, traveling, and keeping up with her two daughters.
mounting a comeback

Turning a setback into a comeback

Growing up, Josh Wurmnest always thought that he would pursue his love of music. He’d always imagined returning to his hometown of Gibson City as a band director, he said.

But life has a funny way of not working out the way we plan, and yet still placing us exactly where we need to be.

By his second semester at Parkland, Josh had realized that music wasn’t his calling, so he decided to return to his roots in a much more literal way. Having grown up on a small, 500-acre family farm outside of Sibley, it made sense for him to transfer to the agricultural business program.

It was during this semester that Josh was approached by a neighbor of his parents, who wanted Josh to work with him, and eventually take over his whole farming operation. “I was given an unheard-of opportunity,” Josh said, “and so I stepped into a nearly 1,400-acre operation.”

Before transitioning to working on the farm full-time in 2011, Josh completed his bachelor’s at the University of Illinois, and continued onto a master’s as well. Things were looking up for him.

But in 2017, after working for seven years on this farm, things went sideways. In a surprising turn of events, someone else took over the farm, leaving Josh’s future in flux.

“This was an unexpected shock,” Josh said, putting it lightly. “Our world was turned upside down.”

In the end, he lost 85 percent of his farming ground, all of his grain and equipment storage, and worst of all, his home.

So Josh took a position with ag-tech start-up Farmobile in Kansas City, KS, where he and his family would live for the next three years. But determined to make it work, he kept farming his remaining land back in Illinois with the help of his father and brother. Eventually, Josh and wife, Sarah, realized that where they really wanted to be was with their family here in central Illinois.

But in a world where big corporate farms are only getting bigger, leaving less and less for the individual family farmer, Josh needed to find a new opportunity—but one happened to find him instead, with Heritage FS, an agricultural cooperative based in Gilman, IL.

“Moving back has proved to be a great choice, being close to family and the farm,” Josh told us. “And working for Heritage FS has been a tremendous experience thus far. It’s like having a second family.”

Coming back to his roots yet again, Heritage FS asked Josh to complete the UAS (unmanned aerial systems) Certification Exam Prep at Parkland College Community Education with instructor Mandy Briggs. “Mandy did an awesome job presenting the material. If I’d had to sit down and go through the FAA book, I wouldn’t have passed the course,” Josh admitted.

Today, Josh wears a variety of different hats in his role as Agronomy Services Specialist, from implementing the new drone scouting program, to supporting sustainable growth, but all of them keep him healthily busy, and more importantly, happy. “I’m very excited to see what the future holds for HFS and what my role in that will look like,” he said.

“Mandy did an awesome job presenting the material. If I’d had to sit down and go through the FAA book, I wouldn’t have passed the course.”
## college for kids

College for Kids makes learning fun. Your kids will love our interactive classes in science, technology, art, math, coding, robotics, writing, and more!

**Code Breakers**

Learn the basics of coding languages like HTML, JavaScript, and CSS through a series of web projects and design challenges. Whether you want to be a Silicon Valley CEO or the next tech star, you’ll be equipped with the essentials to begin your journey. Returning students can create more advanced projects that build on previous work.

**Ages 8–10**

- 6/21–7/1 Mon–Thu 3–5 PM  
  Class ID: 10770
- Deadline: 6/7  
  $159

**Ages 11–13**

- 6/21–7/1 Mon–Thu 12:45–2:45 PM  
  Class ID: 10769
- Deadline: 6/7  
  $159

**Create Your Own Web Page, ages 11–13**

Do you dream of being a web page designer? Learn to write HTML code and CSS to enhance your web pages with text formatting, color, graphics, and multimedia sound. You will gain experience in coding and learn techniques that are ideal for those with little or no familiarity with coding or design. Work at your own pace to develop a unique website and gain skills working with friends to develop a group website.

- 6/21–7/1 Mon–Thu 3–5 PM  
  Class ID: 10728
- Deadline: 6/7  
  $159

- 7/12–7/22 Mon–Thu 12:45–2:45 PM  
  Class ID: 10729
- Deadline: 6/28  
  $159

**Incredible Apps, ages 11–13**

Create incredible and powerful apps for iOS using Thunkable, a block-based coding language. Design an app from beginning to end, screen by screen. Add design elements such as buttons, text, and images to create a fully functional app for a mobile device. Perfect for beginners; no experience needed!

- 6/21–7/1 Mon–Thu 12:45–2:45 PM  
  Class ID: 10736
- Deadline: 6/7  
  $159

- 7/12–7/22 Mon–Thu 3–5 PM  
  Class ID: 10737
- Deadline: 6/28  
  $159

**Minecraft Redstone Engineers**

Step beyond simply playing Minecraft and become a true Redstone engineer. Expand your Redstone knowledge by constructing your own carnival with a variety of minigames, roller coasters, and attractions powered by Redstone. Learn how to use Command and Structure blocks to incorporate them into your builds. Activate your skills and take your Minecraft structures to the next level!

**Ages 8–10**

- 7/12–7/22 Mon–Thu 12:45–2:45 PM  
  Class ID: 10771
- Deadline: 6/28  
  $159

**Ages 11–13**

- 7/12–7/22 Mon–Thu 3–5 PM  
  Class ID: 10772
- Deadline: 6/28  
  $159

**Make Your First Video Game**

Calling all gamers! Make your first video game! Learn the steps to designing a 2D platformer game. You’ll explore key design elements such as conceptualization, play experience, level design, graphics, sounds, and simple coding. No prior experience necessary, just a desire to have fun. Returning students can create more advanced projects that build on previous work.

**Ages 8–10**

- 6/21–7/1 Mon–Thu 12:45–2:45 PM  
  Class ID: 10767
- Deadline: 6/7  
  $159

**Ages 11–13**

- 6/21–7/1 Mon–Thu 3–5 PM  
  Class ID: 10768
- Deadline: 6/7  
  $159

**Roblox Makers**

Unlock the power of Roblox Studio, the world creation tool used by real-world Roblox developers! Learn how to build 3D models and create an adventure in your Roblox world. Bring characters to life with unique animations you design.

**Ages 8–10**

- 7/12–7/22 Mon–Thu 3–5 PM  
  Class ID: 10774
- Deadline: 6/28  
  $159

**Ages 11–13**

- 7/12–7/22 Mon–Thu 12:45–2:45 PM  
  Class ID: 10773
- Deadline: 6/28  
  $159
**new** Comics, Cartoons, and Zines, ages 10–13
As a comic artist and writer, you can create and star in your own comic book! Learn to tell stories, design characters, and put it all together in your very own comic 'zine. Instructor Justin Farkas guides you through the process and helps you develop skills in illustration, visual style, and editing drawings. No prior drawing experience necessary.
6/21–7/1 Mon–Thu 12:45–2:45 PM  Class ID: 10744
Deadline: 6/7  $159

**new** Dare to Draw, ages 11–13
Always doodling on your homework? Bring that passion and dare to draw! You will experiment with unusual—maybe even peculiar—drawing methods and materials. Use charcoal, watercolor pencils, pastels, sticks, and paint markers to create several unique drawings. With guidance from instructor Rusty Clevenger, watch your artistic talents and creativity grow.
6/21–7/1 Mon– Thu 12:45–2:45 PM  Class ID: 10745
Deadline: 6/7  ONLINE  $159

**new** Sculpt It, ages 10–13
There are endless possibilities when it comes to sculpting! Use a variety of fun and unique materials to shape, construct, and create sculptures, large and small. Discover how to construct with cardboard, recyclable materials, wire, and papier-mâché. Gain inspiration from famous artists and use your own creativity to design amazing sculptures of all kinds.
6/21–7/1 Mon–Thu 3–5 PM  Class ID: 10727
Deadline: 6/7  $159

**new** Art in Motion, ages 7–13
Get ready to move while making art! You’ll be inspired by contemporary and historical art to create fantastic artwork. Learn to create a sense of movement and rhythm in your artwork by using color, lines, and patterns. As you dabble in a range of art media, you’ll create art that actually moves and excites you to get up and move!
7/12–7/22 Mon–Thu 12:45–2:45 PM  Class ID: 11042
Deadline: 7/5  $159

**new** Storybooks, Fables, and Folklore, ages 10–13
What makes a story amazing? Look at how stories grow, develop, and pull you into places you have never been and connect you with people who can inspire or challenge you. Learn what it takes to make a story last a lifetime. You’ll have a chance to look at famous examples of great stories as well as make your own to share.
7/12–7/22 Mon–Thu 12:45–2:45 PM  Class ID: 10752
Deadline: 6/28  $159

**new** Watercolor Workshop, ages 11–13
Learn to shade and paint with watercolors and create beautiful works of art! Start at the beginning and learn the basics of color mixing. Under the direction of artist Rusty Clevenger, you’ll experiment with how water and paint work together. Try your hand at creating shapes, shadows, and layers of color, using both watercolor paints and pencils to practice your skills. This is a great class for those who love to draw and paint.
7/12–7/22 Mon–Thu 12:45–2:45 PM  Class ID: 10761
Deadline: 6/28  ONLINE  $159
Kapow! It’s Superhero Time, ages 7–10
Captain Marvel and Captain America fans: It’s time to use your own superpowers and imaginations to create the next great superheroes! Whom will your superhero protect or rescue? Discover the excitement of creating your own fictional characters, complete with extraordinary powers needed to make the world a better place. Write the next amazing story, design a comic book, and create a living wax museum exhibit to showcase your hero!

7/12–7/22 Mon–Thu 12:45–2:45 PM Class ID: 10757
Deadline: 6/28 $159

Fantastical Creatures, ages 7–10
Explore a variety of 2D and 3D media by creating artwork inspired by real and made-up creatures! Let your imagination go wild as you design crazy creatures, furry animals, wild monsters, or mythical birds. Under the guidance of instructor Carol Comparetto, you’ll experiment with various art materials to bring your creatures to life!

7/12–7/22 Mon–Thu 3–5 PM Class ID: 11043
Deadline: 7/5 $159

All You Knead to Know, ages 11–13
Become an expert baker as you discover how to make bread from scratch! Learn fundamental techniques of measuring and weighing each ingredient. Master the important step of kneading and learn how this affects the dough’s texture. Sweet and savory recipes will tempt you to master these techniques so you can make your own bread at home.

7/12–7/22 Mon–Thu 3–5 PM Class ID: 10735
Deadline: 6/28 ONLINE $139

Babysitting 101 and Beyond, ages 11–13
Do you love children? Are you ready to take on new responsibilities as a babysitter or parent’s helper? You will learn the basics and beyond to keep children safe in your care. Practice basic first aid and discover how to handle emergencies. Learn about child-care routines including diaper changes, bottle feeding, and age-appropriate behavior management. Create your own toolkit with games and activities, and customize your own business materials to make you stand out as a fantastic and prepared babysitter!

6/21–7/1 Mon–Thu 3–5 PM Class ID: 10748
Deadline: 6/7 $159

Brain Busting Bonanza, ages 7–11
Challenge yourself with mental gymnastics and brain-building workouts. Tumble your way through puzzling brain teasers and compete as you solve daily logic problems. Work individually and with teammates to tackle games that test your logic skills in friendly competitions. You will use your powers of logic and creativity to match wits with others!

7/12–7/22 Mon–Thu 12:45–2:45 PM Class ID: 10730
Deadline: 6/28 $159

Construction Junction, ages 7–10
Calling all kids who love to invent and build! Work in groups to build a Rube Goldberg machine and sharpen your problem-solving skills. Like the game Mousetrap, these machines are complicated but perform a very simple task. Use a variety of materials to build your own contraption, device, or invention.

6/21–7/1 Mon–Thu 12:45–2:45 PM Class ID: 10738
Deadline: 6/7 $159
7/12–7/22 Mon–Thu 3–5 PM Class ID: 10739
Deadline: 6/28 $159

= More fun with a friend!

Location Key: CE Parkland College Community Education 1315 N Mattis Ave, C • CEA Construction Education Alliance 1317 N Mattis Ave, C • ES Eastland Suites 1907 N Cunningham Ave, U • Joy of Illinois Joy of Illinois Farm, 1689 CR 400 E, C • PC Parkland College MAIN CAMPUS 2400 W Bradley Ave, C
Day at the Zoo, ages 7–10
Do you like spending time at the zoo and learning about animals? Now is your chance to create your very own zoo. Design your zoo layout by learning everyday math skills in area, perimeter, addition, and subtraction. Research a variety of animals in order to decide which ones to purchase for your zoo and choose a special one to feature as the star of the show. Using ratios and foam clay, you will create a scale model of this animal and its zoo habitat!

7/12–7/22 Mon–Thu 3–5 PM  Class ID: 10755
Deadline: 6/28  $159

Engineering with Legos, ages 7–10
This foundational Lego class will inspire future engineers! Begin with reading diagrams and progress to measuring properties as you gain experience and confidence with simple methods. Work in pairs to build mechanisms, investigate motorized machines, calibrate and capture wind, and study gearing apparatus with a simple motorized Lego set.

7/12–7/22 Mon–Thu 12:45–2:45 PM  Class ID: 10731
Deadline: 6/28  $159

Kids in the Kitchen
Do you dream of becoming a world-class chef? Join this CFK favorite and discover a variety of local, American, and international flavors. Master basic cooking skills, try your hand at some yummy baking, and gain an understanding of kitchen and food safety skills. A variety of dishes will be prepared, including a few CFK traditions.

Ages 7–10
6/21–7/1 Mon–Thu 3–5 PM  Class ID: 10762
Deadline: 6/7  $159

Ages 11–13
7/12–7/22 Mon–Thu 3–5 PM  Class ID: 10763
Deadline: 6/28  $159

Messy Scientists, ages 7–10
It’s time to get messy and have fun exploring the world of science! You will investigate the properties of science through wacky experiments. Explore chemistry by making dancing pasta and jelly volcanoes. Learn about the properties of water by designing an aqua filter. Investigate how molecules work by making elephant toothpaste. Prepare to make a mess and discover how the world around us works.

6/21–7/1 Mon–Thu 3–5 PM  Class ID: 10766
Deadline: 6/7 ONLINE  $139

Pawsitively Pets, ages 10–13
Looking for ways to show your family that you will be a responsible pet owner or caregiver? Become an expert in understanding your pet’s daily needs and keeping your pet healthy. Observe and interact with animal ambassadors from the Champaign County Humane Society so you understand the body language and emotions of pets.

6/21–7/1 Mon–Thu 12:45–2:45 PM  Class ID: 10732
Deadline: 6/7  $159

6/21–7/1 Mon–Thu 3–5 PM  Class ID: 10733
Deadline: 6/28  $159

Kids Today = Tomorrow’s Leaders, ages 11–13
Do you admire Greta Thunberg, the highly regarded teen activist who is admired around the globe for her leadership? Like Greta, you can learn to use your voice to make change and develop leadership skills. Through teamwork and interactive, fun discussions, you’ll be inspired to address a community problem that is meaningful to you and come up with ways to shape the solution.

7/12–7/22 Mon–Thu 12:45–2:45 PM  Class ID: 10754
Deadline: 6/28  $159

Sense Sensations, ages 10–13
Do you know what your sensational senses tell you about the world? Investigate how your senses—sight, sound, taste, hearing, and smell—respond to stimuli that are all around you. Come ready to conduct cool, hands-on experiments, get a little dirty, and discover how your senses work together to send messages to your brain.

6/21–7/1 Mon–Thu 12:45–2:45 PM  Class ID: 10749
Deadline: 6/7  $159

6/21–7/1 Mon–Thu 3–5 PM  Class ID: 10750
Deadline: 6/7  $159
The Inventor’s Workshop, ages 10–13
Do you love to tinker and create? Do you have the next million-dollar idea? Explore famous inventions of the past and create inventions of your own! Tackle challenges and complete projects in this Maker Space, the perfect place to turn your dreams into reality.
7/12–7/22 Mon–Thu 3–5 PM Class ID: 10753
Deadline: 6/28 $159

Treasure Hunting with Geocaching, ages 7–11
Grab your hiking gear and let's go treasure hunting! Join instructor Sara Frankie on this exciting geocaching adventure to find treasures hidden on Parkland's campus. You will learn map-reading skills and how to construct and hide a cache using GPS and maps. Create your own hunt that stumps your friends!
6/21–7/1 Mon–Thu 12:45–2:45 PM Class ID: 10740
Deadline: 6/7 $159

CFK Jazz Clinic, ages 11–13
Shake, rattle, and roll with CFK's very own jazz combo. Under the direction of Stacey Peterik, you will learn the fundamentals of the jazz style. Try improvising and learn about the big band sound and other forms of jazz while improving your skills. Perfect for those who play a band instrument such as drums, piano, bass, or guitar.
All levels of musicians welcome. Bring your instrument to class.
6/21–7/1 Mon–Thu 12:45–2:45 PM Class ID: 10743
Deadline: 6/7 $159

Lights, Camera, Action, ages 8–13
It's your chance to make a real TV show! Learn the fundamentals of TV production with hands-on training in camera operation, switching, lighting, titling, and audio. Work with the crew to create and star in a TV program, which may be broadcast on Parkland College's television channel, PCTV.
6/21–7/1 Mon–Thu 3–5 PM Class ID: 10741
Deadline: 6/7 $159

Slam Poetry! ages 10–13
Slam poetry is an amazing art form that combines writing, speaking, performance, and audience participation. Local author and poet Ashanti Files will share her experiences in this high-energy class and help you find your voice. Gain skills in writing and speaking poetry, learn to share your ideas or story in a powerful way, and become a confident poet! Bring your willingness to try something fun and new. Camp will culminate in an exciting poetry slam!
7/12–7/22 Mon–Thu 12:45–2:45 PM Class ID: 10751
Deadline: 6/28 $159

INSTRUCTOR SPOTLIGHT
Sania Zaffir
Sania is a special education teacher for the Life Skills program at Urbana Middle School. Sania received her bachelor's degree from Loyola University Chicago and is working on her master's at University of Illinois. She has experience teaching a civic summer camp to youth at Loyola University in Chicago and social change and leadership to undergraduate students. During her free time, she enjoys walking with her dog, being outside, and trying new food.
Registration information

Registration deadlines  
Monday, June 7, for classes offered June 21–July 1  
Monday, June 28, for classes offered July 12–22  

Registration Tips  
Improve your chances of enrolling your child in his/her favorite classes by registering online and early.  
Please enroll your child in age-appropriate classes. All students must meet the required age for the class by the start date of the class.  
The cost is $159 per class, unless otherwise noted.  
Confirmation will be emailed once your registration is complete.  

Class Cancellation  
Due to COVID-19, all programs are subject to change or cancellation based on state and local guidelines. College for Kids reserves the right to cancel any class not meeting the minimum enrollment.  
Cancellations will be made the day after the registration deadline. In the event of a cancellation, we will attempt to place your child into an available class with your permission.  

Safety and Security  
All students must properly wear face masks at all times. In an effort to maintain high standards of safety, College for Kids requires all students to have a Parkland College photo taken on the first day of class. Staff will provide supervision during and between class times for all College for Kids students. If your child has any special needs or allergies, be sure to indicate these at the time of registration.  

Reduced Tuition  
Reduced tuition is available for students who receive free or reduced lunch at school. For those who qualify for reduced tuition, the cost is $129 per class. Proof of eligibility for free or reduced-cost lunch is required; you may request documentation from your child’s school.  
Documentation must be provided within one week of registration or the child will be dropped from the class. To register and receive the reduced tuition, please use our online registration system. When checking out, enter the code CFK2021. Select APPLY CLASS CODE and the price will be automatically adjusted. Continue by selecting CHECKOUT.  

Scholarships  
A limited number of scholarships are available for those who qualify for reduced tuition. Please print the scholarship form from parkland.edu/cfk, or email communityeducation@parkland.edu for more information. Online registration is not available for scholarship applicants. Only one scholarship for one class will be awarded per student. Refunds will not be provided for classes that are awarded by scholarship. Community Education gratefully acknowledges financial support for scholarships from the Parkland College Foundation, Champaign West Rotary, and C-U Kiwanis Club.  

Drop-Off and Pick-Up  
Classes begin at 12:45 pm and 3 pm. Students should be dropped off between 12:30 pm and 12:45 pm, or between 2:45 pm and 3 pm. No student may be dropped off before 12:30 pm. Classes end at 2:45 pm and 5 pm. Parents or guardians must check their child in on the first day of class. Late fees will be assessed at $1 per minute after 2:45 pm or 5 pm. If you know that you will be late for pick-up, please call 217/351-2235 to notify staff. Those attending classes at both times will be supervised between classes. Please see the map in this brochure for the drop-off and pick-up location. Students may self-sign out at the end of the day, or a parent or guardian must sign them out. Indicate your preference at the time of registration.  

four easy ways to register

ONLINE  
parkland.edu/ceRegister. Click SEARCH FOR A CLASS, and enter the class ID. Note: You must set up a household profile and list the parent or guardian as the primary account holder. Add your child and register him or her. Credit card payments only.  

IN PERSON  
Fill out the registration form (one per child), sign it, and bring it to 1315 N. Mattis Avenue in Champaign. Credit card, check, or cash accepted. Monday–Friday, 10 am–2 pm.  

BY MAIL  
Fill out the registration form (one per child), sign it, and mail it to 1315 N. Mattis Avenue, Champaign, IL 61821. Checks only, or call to complete credit card transaction at 217/351-2235.  

BY FAX  
Fill out the registration form (one per child), sign it, and fax it to 217/351-5928. Please call 217/351-2235 to complete credit card transaction, or appear in person to pay by check or cash.  

Payment must be received before registration is confirmed.
what’s new?

78 new classes, 14 new instructors, 9 flexible format classes, 136 ONLINE classes, and endless adventures. There’s lots to discover!
If you’ve never tried a Community Education course, now’s the time.

summer discovery

spark your curiosity. ignite your passion. launch your career.

The Summer Discovery program offers older students exciting, hands-on learning experiences that encourage them to explore potential careers and expand their skills and talents.

Community Education gratefully acknowledges the financial support provided by Parkland’s Division of Career and Technical Education (CTE), the Carl D. Perkins Career and Technical Education Grant, and the Northeast chapter of the Illinois Professional Land Surveyors Association (Aurora, Illinois). This support greatly reduces the registration costs and provides equipment for student use.

Registration Information

Drop-Off and Pick-Up
Students may arrive 15 minutes before class. Parents or guardians must check their teen in on the first day of class, if they are a minor. Students may self-sign out at the end of the day, or parent or guardian must sign them out. Indicate your preference at the time of registration. Students must be picked up promptly at the end of camp each day. Late fees will be assessed at $1 per minute after camp concludes. If you know that you will be late for pick-up, please call 217/351-2235 to notify staff.

Safety and Security
All students must properly wear masks at all times. In an effort to maintain its high standards of safety, all Summer Discovery students are required to have a Parkland College photo taken on the first day of camp. Staff will provide supervision during class times for all Summer Discovery students. If your teen has any special needs or allergies, be sure to indicate these at the time of registration.

Reduced Tuition
Reduced tuition is available for students who receive free or reduced lunch at school. For those who qualify for reduced tuition, the registration fee is reduced by $25 per camp. Proof of eligibility for free or reduced-cost lunch is required; you may request this documentation from your teen’s school. Documentation must be provided within one week or the teen will be dropped from class. To register and receive the reduced tuition, please use our online registration system. When checking out, enter the code SUMDIS21. Select APPLY CLASS CODE and the price will be automatically adjusted. Continue by selecting CHECKOUT.

Scholarships
A limited number of scholarships are available for those who qualify for reduced tuition. Please print the scholarship form from parkland.edu/youthprograms or email communityeducation@parkland.edu for more information. Online registration is not available for scholarship applicants. Only one scholarship for one camp will be awarded per student. Refunds will not be given for camps that are awarded by scholarship. Community Education gratefully acknowledges financial support for scholarships from the Parkland College Foundation, Champaign West Rotary, and C-U Kiwanis Club.

Class Cancellation
Due to COVID-19, all programs are subject to change or cancellation based on state and local guidelines. Community Education reserves the right to cancel any camp not meeting the minimum enrollment. Cancellations will be made the day after the registration deadline. In the event of a cancellation, we will attempt to place your teen into an available camp with your permission.
First Gig + Reverb  $399
Spend the day learning what it’s like to be in a band and record your own music! First, practice your skills as a musician under the direction of professional musicians who will guide your band to develop its own show. Then, move to Parkland’s recording studio to explore what it takes to run a successful recording session. You’ll work with cutting-edge audio recording techniques and software to mix and record music at Perimeter Road Sound Recordings.

Register for both camps and save!

First Gig Rock ‘n’ Roll Camp, ages 10–17
Play in a band! Jam with the pros! Be a rock star! Led by 20-plus musicians who have years of studio and live performance experience, you will enjoy a week full of learning and fun. You will be placed in a band with other students and led by a professional musician. Work with your band and band leader to develop your band’s live show. You will find this camp stands out from any other summer program as you immerse yourself in the life of a rock star. Make friends, fuel your passion for music, and have fun! Camp includes lunch, lunch talks with guest speakers, and conversations with local and regional artists in the field of music. Camp will conclude with a live performance on Saturday, June 12, at a local venue. Bring your instrument. Lunch is provided.

6/7–6/11 Mon–Fri 9 AM–5 PM  Class ID: 10714  $349
Deadline: 5/24  Location: PC-C148

First Gig Rock ‘n’ Roll Camp, ages 16–18
Do you love cars? Do you want to learn how to maintain your own vehicle or possibly explore a career as an automotive technician?

Machining and Welding, ages 13–18
Do you want to learn to bend metal with your hands like Superman? We can't teach you how to do that, but we can teach you to use a manual lathe to manipulate metal. We can also show you how to weld metal together and harden steel using heat treatment methods. If you are “maker-minded,” you will be challenged by what this camp features: hands-on, high-tech lab work using the latest technology in the manufacturing industry. Design and take home several projects.

Land Surveying and Mapping with Technology, ages 14–18
Do you know where your backyard ends and your neighbor’s yard begins? Have you ever wondered how maps are designed? A land surveyor can tell you. Land surveyors use high-tech digital equipment to measure things on, above, and below the ground to make detailed maps. Explore using a high-accuracy GPS, lasers, telescopes, and tablet computers to make 3D digital maps of buildings and landforms. Kory Allred, a professional land surveyor, will help you experience how professional surveyors use the latest high-tech tools and drones to create maps.

Reverb: Music Recording Workshop, ages 14–17
Do you want to learn what it takes to run a successful recording session? Experience using cutting-edge audio recording techniques and software to mix and record music in Parkland College’s Perimeter Road Sound Recording Studio. Turn your musical inspiration into great-sounding music!

A light dinner will be provided.

6/8–6/9  Tue & Wed 5–7:30 PM  Class ID: 10715  $79
Deadline: 6/1  Location: PC-C140

Location Key: CE Parkland College Community Education 1315 N Mattis Ave, C  CEA Construction Education Alliance 1317 N Mattis Ave, C  ES Eastland Suites 1907 N Cunningham Ave, U  Joy of Illinois Joy of Illinois Farm, 1689 CR 400 E, C  PC Parkland College MAIN CAMPUS 2400 W Bradley Ave, C
**Culinary Thyme: Farm to Table, ages 14–17**
Discover the delicious world of farm-to-table cuisine! Leah Bodine, chef and owner of Blue Dragonfly Catering, invites you to her catering kitchen to explore a fresh and healthy way of cooking. You will learn to cook with natural ingredients and pair unique flavors to create a scrumptious and mouthwatering feast using produce from local farms.

7/26–7/29 Mon–Thu 1–5 PM Class ID: 10724
Deadline: 7/12 Location: Blue Dragonfly Catering $175

**Vet Med Camp, ages 14–17**
Experience the exciting world of veterinarian medicine and find out what it takes to become a veterinarian or veterinarian technician. Through presentations, demonstrations, and interactive work, you will discover what modern veterinary medicine is all about. Gain hands-on experience conducting physical exams, performing lab work, reading x-rays, and studying blood and other samples through the lens of a microscope. As an aspiring veterinary professional, you will get to practice basic surgical skills, including proper gowning and gloving procedures, suturing, and giving injections. Bring your passion for animals and science; we’ll provide the rest!

7/19–7/21 Mon–Wed 9 AM–12 PM Class ID: 11015
Deadline: 7/5 Location: PC-L160 $139
7/26–7/28 Mon–Wed 9 AM–12 PM Class ID: 10725
Deadline: 7/12 Location: PC-L160 $139
7/26–7/28 Mon–Wed 2–5 PM Class ID: 11044
Deadline: 7/12 Location: PC-L160 $139

**Drone Camp, ages 14–17**
Take to the skies for an unforgettable summer at Parkland College’s drone camp packed with adventure and hands-on activities. You will learn about the internal workings of a drone and how to fly in a simulated environment. Learn basic FAA flying rules and investigate the many uses of drones, including racing, videography, and search and rescue, while you further your interests in one of today’s fastest-growing industries. Show off your flying skills as you race your drone through an obstacle course.

7/26–7/29 Mon–Thu 9 AM–12 PM Class ID: 10723
Deadline: 7/12 Location: PC-W115 $159

**Girls’ Quest STEM Camp, ages 12–15**
Build! Code! Be inspired by the world of robotics! Girls’ Quest camp sparks your curiosity to learn about robotics and coding. Learn to code your robot to lift and compete in team challenges and watch how robotics can make computer science come alive! Hands-on activities and cool teamwork included. Lunch and T-shirt provided.

7/26–7/29 Mon–Thu 9 AM–3 PM Class ID: 10722
Deadline: 7/12 Location: PC-D105 $199
online S.T.E.A.M. summer camps

Explore, engage, and experience exciting online STEAM camps offered by Community Education and Black Rocket introduce kids to coding, app development, and game design, and encourage your child to explore their creative side. Taught in a virtual environment, these camps will bring the best out of your child and fuel their imagination.

Black Rocket has 20 years of experience designing courses in the STEAM fields. Every program is powered by the child’s innate imagination and brings their ideas to life in a fun, hands-on learning environment. All Black Rocket programs mirror real-life experiences and the collaborative nature of the design process. Online classes provide an independent experience with an emphasis on peer-to-peer feedback to enhance the creative process.

**Class Cancellation**
Community Education reserves the right to cancel any camp not meeting the minimum enrollment. Cancellations will be made the day after the registration deadline. In the event of a cancellation, we will attempt to place your child into an available camp with your permission.

**Scholarships**
A limited number of scholarships are available for those who qualify for reduced tuition. Please print the scholarship form from parkland.edu/youthprograms or email communityeducation@parkland.edu for more information. Online registration is not available for scholarship applicants. Only one scholarship for one camp will be awarded per student. Refunds will not be provided for camps awarded by scholarship. Community Education gratefully acknowledges financial support for scholarships from the Parkland College Foundation, Champaign West Rotary, and C-U Kiwanis Club.

= More fun with a friend!
Boot Camp
Get yourself going, get your effort showing, and start feeling super-fit. Join certified fitness instructor Lindsay Riesel for an energizing early-morning workout to wake you up, tone all the major muscle groups, and incorporate cardio drills to strengthen your heart.
8/31–10/7 Tue & Thu 6–7 AM Class ID: 10952
Deadline: 8/24 Location: PC-Gym $99

Core and More
The core muscles (abs, back, and other muscle groups around the midsection) are responsible for posture, balance, and stability. With AFAA-certified instructor Rena Leake, learn and practice exercises that strengthen those middle muscles.
Flexible format: online and in person simultaneously. Bring a yoga mat.
8/25–10/13 Wed 5:30–6:30 PM Class ID: 10947
Deadline: 8/18 Location: PC-P105 or ONLINE $79

Group Cycling
Sweat a little or sweat a lot. Either way, you will feel great as certified cycling instructor Tamala Everett motivates you on an energetic ride toward fitness. You control the equipment, so you can make this the best weekly workout for you.
9/10–10/15 Fri 12:15–1 PM Class ID: 10955
Deadline: 9/3 Location: PC-P210 $69

Shape and Tone
Ready to tone and strengthen your lower body and get a dose of core work, too? This 30-minute lunchtime workout with instructor Maria Mobasseri will help strengthen and condition your glutes, hamstrings, quads, and abs. Power your body and build muscle without weights in a fun, focused workout. Beginners welcome!
Flexible format: online and in person simultaneously.
9/15–10/20 Wed 12:15–12:45 PM Class ID: 10992
Deadline: 9/8 Location: PC-P105 or ONLINE $69

HIIT the Weights
Make strength training fun with this weighted workout. Whether you're just beginning or looking to spice up your routine, Maria Mobasseri will motivate you to challenge yourself with the amount of weight you use. With easy-to-follow circuits and movements, interval training burns calories faster. Maria will focus on proper form, and you'll learn to modify high-impact movements as needed as you watch your strength increase each week!
Recommended dumbbells: beginner: 5, 8, 10 lb; intermediate: 10, 15, 20 lb; advanced: 20, 25, 30 lb
7/26–8/30 Mon 6:30–7:15 AM Class ID: 10991
Deadline: 7/19 ONLINE $69

Lengthen and Strengthen
In this low-impact workout you won't be doing explosive exercises but rather small, deliberate movements repeatedly using your own body weight until your own limbs feel almost impossible to lift. This targeted workout led by certified instructor Maria Mobasseri will lengthen your whole body and help you find your center. It includes targeted bursts to the core, arms, and booty for a full-body workout. Beginners are welcome!
Flexible format: online and in person simultaneously. Recommended: an exercise or yoga mat and half-toe grip fitness socks.
7/27–8/31 Tue 12–12:45 PM Class ID: 10971
Deadline: 7/20 Location: PC-P105 or ONLINE $69

Zumba Gold
Designed for active adults looking for a lower-intensity workout, this easy-to-follow program lets you move to the beat at your own speed. Enjoy the music and get a fun workout focused on cardiorespiratory and muscular endurance, flexibility, and balance with certified instructor Rena Leake. Come ready to sweat, and prepare to leave empowered and feeling strong.
8/24–9/28 Tue 5:30–6:30 PM Class ID: 10970
Deadline: 8/17 Location: PC-P105 $69

= More fun with a friend!
**Water Aerobics**
Experience improved flexibility, strength, and endurance each week. Plus relieve stressed muscles and joint pain. With water aerobics pro Jo Rodriguez, participate at your own comfort level and enjoy the process.

**Introduction to Medicare and Avoiding Pitfalls**
Learn the basics of the federal Medicare program and its options such as Medicare Advantage, Medicare Supplements, and prescription drug plans. Explore Medicare timelines, requirements for qualification, ID cards, enrollment methods, and more. Presenter Jonathan Davis of Health Alliance will also provide an overview of the 10 common mistakes people make when signing up for Medicare. Great course for individuals 65+ who are aging in to Medicare, as a refresh-er course for current Medicare members, and for family members assisting those with Medicare decisions.

**When a Loved One Needs Help at Home: An Introduction to Home Care Options**
Whether for yourself or for a loved one, navigating the world of home care can be very confusing. You’ll learn about costs involved, how to know when it’s time to obtain home support, and how to advocate for care needs; differences between home care, home health, home services, and home nursing; selecting a care agency; and red flags to watch for.

*Presented by Clark Lindsay at Home. This session is designed to educate the public and provide you with a better understanding of home care systems and options available.*

Digital SLR Photography
Show the world what you see through the lens of your digital SLR camera. Professional photographer Mike Heiniger will offer suggestions and guidance to capture beautiful details, unique angles, and perfect perspective with various subject matter in this interactive, hands-on experience. Equipment discussions and group critiques will help you shoot with greater confidence and a keener eye.
*Bring your single-lens reflex camera, lenses, and accessories.*
8/3–8/17 Tue 6–8:30 PM Class ID: 10945
Deadline: 7/27 Location: CE $89

After the Shoot
Learn how to improve your photos once the shoot is over. Local photographer Thomas Nelsoppen will give you a better understanding of editing photos with software, organizing your photo galleries, and improving your workflow from the camera to the final product.
*Recommended for advanced beginner photographers.*
6/8–6/22 Tue 6–8 PM Class ID: 10676
Deadline: 6/1 ONLINE $79

Beginning Painting
Have you always had an interest in learning to paint but didn’t know where to begin? Learn the basics in this four-week class as Paula McCarty explains color mixing, composition, paint handling, and more. You can expect to complete two small still-life paintings.
*Level: Beginner*
6/29–7/20 Tue 6–8 PM Class ID: 10961
Deadline: 6/22 Location: PC-C190 $109

Landscape Painting Simplified
Learn to take nature’s complexity and reduce it to the most basic shapes and planes as a means to organize a coherent whole. Economy and size of brush strokes will be discussed along with historical references. You’ll work from a projected image and can expect to create one painting.
*For advanced beginner and intermediate painters. Oil and acrylic painters are welcome.*
8/31–9/9 Tue & Thu 6–8:45 PM Class ID: 10964
Deadline: 8/24 Location: PC-C190 $139

Painting the Still Life: Summer Whites
Still-life painting is an exceptional way to explore the fundamentals of paint and painting. The focus of this class is direct observation of simple life. You will learn about tonal and chromatic development, materials, and the handling of paint. Paula McCarty, MFA, will lead the course.
*For advanced beginner and intermediate painters. Oil and acrylic painters are welcome.*
7/27–8/17 Tue 6–8:45 PM Class ID: 10963
Deadline: 7/20 Location: PC-C190 $139

Drawing Fundamentals
Everyone can learn to draw! Discover how to get your vision onto paper by understanding the fundamental techniques and materials. Artist Jackie Tice will guide you through exploration of line and contour, shape and form, light and shadow, space and depth, and proportion and perspective. Get acquainted with a range of materials and drawing media as you discover more about the visual arts.
9/9–9/30 Thu 6–8:30 PM Class ID: 10962
Deadline: 9/2 Location: PC-C188 $109

More fun with a friend!
Palette Knife Floral Painting
Explore the impasto technique using palette knives to create lush, thick paintings with artist and instructor Paula McCarty, MFA. Using small floral arrangements, you will learn how to simplify the illusion of glass, water, and air. Impasto technique is particularly well suited to oil paint, but acrylics also can be used.

*For advanced beginner and intermediate painters. Oil and acrylic painters are welcome.*

7/8–7/29 Thu 6–8:45 PM Class ID: 10944
Deadline: 7/1 Location: PC-C190 $139

**Flower Power with Colored Pencils**
This beginner class will walk you through how to draw a beautiful flower using colored pencils. Upon registration you’ll receive a video to get you started on your drawing. Then you’ll join instructor Lori Fuller for Zoom sessions where you discuss colored pencil art, begin identifying your style, and experiment with techniques such as blending and incorporating water. You’ll have time to work through problems you have with your drawing as Lori guides you through this engaging course.

6/15–6/22 Tue 6–7:30 PM Class ID: 10700
Deadline: 6/8 ONLINE $49

**Introduction to Glass Blowing**
Make blown-glass objects using a benchtop torch in the private studio of glass artist Jason Mack. You will make and take home a few custom-made pieces of your own as you learn the basics. Jason will guide you through your projects while discussing the best types of tools and glass for the craft and necessary safety precautions. Your craftwork will be one of a kind and you’ll be ready to come back for more.

8/25 Wed 6–7:30 PM Class ID: 10956
Deadline: 8/18 Location: Mack Glass $79

9/15 Wed 6–7:30 PM Class ID: 10957
Deadline: 9/8 Location: Mack Glass $79

9/18 Sat 12–1:30 PM Class ID: 10958
Deadline: 9/11 Location: Mack Glass $79

**Fire It Up! Intermediate Glass Blowing**
Fine-tune the skills learned in Introduction to Glass Blowing and try out some new techniques with torch work such as sculpting and blowing. You’ll learn about the various kinds of glass to work with while you continue to create works of art, such as flowers, marbles, and pendants. These classes are limited in size to allow instructor Jason Mack the opportunity to give you hands-on attention with your chosen project.

6/7 Mon 6–7:30 PM Class ID: 10899
Deadline: 5/31 Location: Mack Glass $89

**Totally Tie-Dye**
In this hands-on tie-dye process you will learn three traditional tie design patterns, how to fold your T-shirt, and then how to tie them and dye them. Instructor Steven Welland will use fiber-reactive dyes that work on natural fibers (think cotton!) to transform your T-shirts into unique, vibrant, high-quality creations. The professional-grade products used withstand washing and maintain their bright tie-dye patterns for years to come. Just bring your shirts, imagination, and a happy tie-dye spirit!

6/12 Sat 10 AM–1 PM Class ID: 10698
Deadline: 6/5 Location: CEA-Y113 $55
Food & Beverage

Korean Cooking $225
For Mina Cho, RN, MSN-Ed, healthy cooking is the key to better living. Teaching for both Parkland Health Professions and Community Education allows her plenty of opportunities to share her traditional Korean cuisine and her concept of wellness through nutrition. Savory, spicy, a little sweet, and a whole lot of flavor characterize Mina’s cooking, and it’s definitely what you can look forward to in this series of classes. Mina will show you how to adjust the heat levels to suit your taste buds, but know your comfort level with these types of foods before registering. Register for all three classes and save!

Korean Cooking: Bibimbap with Bean Sprout Soup
Loaded with vitamin C, low in calories, and a good source of vegetarian protein, bean sprout soup allows you to experience delicious flavor without guilt. Bibimbap is served as a bowl of warm white rice with a variety of toppings. The hot dish is stirred together thoroughly just before eating. Instructor Mina Cho, RN, MSN-Ed, will walk you through preparation and the various toppings that can be added for a unique flavor combination.

9/14 Tue 6–8:30 PM Class ID: 10966 Deadline: 9/7 Location: PC-X118 $79

Korean Cooking: Bulgogi and Spicy Pork with Cabbage Salad
Discover how to prepare these popular meaty Korean dishes with experienced instructor Mina Cho, RN, MSN-Ed. Bulgogi (beef) itself is not considered a spicy dish, but you can add some fire to it depending on the dipping sauce you choose. Learn how to adjust the level of spiciness in the pork dish to suit your taste buds. Learn to make cabbage salad as your side dish, and you’ll have a complete hearty meal you’ll be glad to add to your dinner rotation.

9/30 Thu 6–8:30 PM Class ID: 10967 Deadline: 9/23 Location: PC-X118 $79

Korean Cooking: Japchae with Kimchi
Popular in Korean cuisine, japchae is a savory and slightly sweet dish of stir-fried glass noodles or sweet potato noodles. With guidance from Mina Cho, RN, MS-Ed, you’ll learn how to create this dish and have the chance to taste kimchi, a traditional side dish.

10/14 Thu 6–8:30 PM Class ID: 10968 Deadline: 10/7 Location: PC-X118 $79

Introduction to PC Troubleshooting
Don’t spend your hard-earned cash on PC repairs that you can fix yourself with a little troubleshooting knowledge. You’ll walk step by step through typical problems with hardware and operating systems encountered by technicians, learn troubleshooting techniques to decipher any problem, and gain the skills necessary for solving them!
Register at ed2go.com/pc

7/14–8/25 24 hours ONLINE $115
8/18–9/29 24 hours ONLINE $115
9/15–10/27 24 hours ONLINE $115

Beginner Computers
Jane Bateman is great at giving students all the individual attention they need and helping them get more use out of a computer. If you’re comfortable with a mouse, and the keyboard doesn’t confuse you, among the next steps are to format a document; copy, cut, and paste; find files; and save. You’ll also learn how to use a USB flash drive for saving and storing files such as documents and pictures.

8/11–9/1 Wed 1–3 PM Class ID: 10946
Deadline: 8/4 Location: CE $79

Introduction to PC Troubleshooting
Don’t spend your hard-earned cash on PC repairs that you can fix yourself with a little troubleshooting knowledge. You’ll walk step by step through typical problems with hardware and operating systems encountered by technicians, learn troubleshooting techniques to decipher any problem, and gain the skills necessary for solving them!
**Honeybees and Human Health**
The bees have been around since the first homo sapiens walked the earth. Hive products have been used by humans since the earliest of times. Learn how products such as honey, wax, and propolis can benefit human health. Recipes for honey lemonade, propolis tincture, and chocolate honey caramels included.

6/10 Thu 6–8 PM Class ID: 10680
Deadline: 6/3 Location: CE $29

**The Midsummer Beehive**
Get a bee's-eye view of summer from master beekeeper Maggie Wachter. She'll share the challenges the warmest months present each year and how to overcome them. Learn the tips and techniques for mite and beetle busting, honey harvesting, and feeding and splitting hives. Area beekeepers are welcome to bring all of their questions and concerns. Maggie also welcomes “friends of bees” interested in the life and preservation of these essential pollinators.

7/14 Wed 6–7:30 PM Class ID: 10681
Deadline: 7/7 Location: CE $29

**Overwintering Our Hives**
Observe how to give the assistance that one third of your bees may need as winter approaches. Maggie Wachter will discuss the tactics that honeybees use to survive the long winter months and thrive in the spring and summer. She will carefully review fall and winter hive preparations that you can carry out to improve honeybee survival. This class is for beekeepers and those concerned with honeybee survival.

9/1 Wed 6–7:30 PM Class ID: 10682
Deadline: 8/25 Location: CE $29

**Dairy Goat Products You Make**
June is National Dairy Month! Try your hand at making dairy goat products such as queso blanco, fresh herbed chevre, mozzarella, and yogurt. While you are making delicious products, you'll learn how a small family farm produces and uses natural goat's milk at home. Discover how the equipment for cream separation works and get a chance to churn a batch of goat's milk butter.

6/17 Thu 5:30–8:30 PM Class ID: 10686
Deadline: 6/10 Location: Joy of Illinois Farm $75

**Hands-On Chicken Processing**
Learn to efficiently and safely harvest a chicken in this hands-on class for those interested in how their food gets on their plates, DiYers, and those raising backyard flocks. Using step-by-step instruction, Penny Gioja will cover the legal aspects, tools and equipment needed, food safety and sanitation, and processing a chicken from live to ready to cook.

*Class price includes one prime pastured-meat chicken.*

6/23 Thu 6–9 PM Class ID: 10909
Deadline: 6/25 Location: Joy of Illinois Farm $79

**Purge Pesky Garden Pests and Prepare for a Prolific Harvest**
Insects or critters destroying your beautiful landscape? Fend them off by incorporating herbs and veggies into your landscape. Not only will you learn to politely uninvite unwanted garden guests, but you will also pick up tips on organically improving soil quality for garden veggies. Your garden will be on its way to the cream of the crop!

6/23 Thu 6–7:30 PM Class ID: 10972
Deadline: 6/16 ONLINE $25

**The Lazy Landscaper**
Looking for the picture-perfect yard without a lot of maintenance? Frustrated trying to figure out what to plant in shade and sun and in between? Master gardener Becky Prather offers up advice on resilient plants to fit your landscaping needs. Learn what trees, shrubs, grasses, and climbers will work best to turn your backyard into a relaxing oasis.

*Flexible format: online and in person simultaneously.*

8/4 Wed 6–7:30 PM Class ID: 10973
Deadline: 7/28 Location: Joy of Illinois Farm or ONLINE $25

**Introduction to Automotive Refinishing**
With a focus on airbrush and custom painting, gain hands-on experience applying flames, scallops, stenciling and taping and finishing techniques. You'll learn and practice airbrush and spray gun applications and how to safely operate and prepare material and equipment in Parkland College’s well-equipped Collision Repair Training Center.

7/20–8/26 Tue & Thu 6–8:30 PM Class ID: 10990
Deadline: 7/13 Location: PC-T146 $599

= More fun with a friend!
MUSIC ENSEMBLES

8/25–12/8  Wed 6–8:45 PM
CMS 484 001  Location: PC-C142

Modern Vehicle Maintenance: What You Need to Know
With today’s technology you might question if there’s anything you can do on your own to keep your vehicle running smoothly. Transportation and EST faculty chair Jon Ross will walk you through what is needed to maintain your vehicle, what to check for, and what those dashboard lights really mean. Experience some hands-on activities with vehicles. He’ll also offer tips to help you communicate more effectively with your service professional. Whether you own a brand-new or an older car, this information is a must.
9/14–10/12  Tue 6:30–8:30 PM  Class ID: 10965
Deadline: 9/7  Location: PC-T117  $99

INSTRUCTOR SPOTLIGHT
Maggie Wachter
In 2008, Maggie Wachter arrived in Champaign from France, where she had spent many years working for the United Nations. She enrolled in the U of I School of Social Work in 2009. In the same year, she received her first beehive as a gift. By the time she graduated with an MSW in 2015, Maggie had become a commercial beekeeper with an interest in environmental social work. Along the way, she learned mindfulness from the bees and how to eat from the French, a delightful combination.
Images of America: Robert Allerton, His Parks and Legacies

Today many Central Illinois communities around Monticello, Champaign, and Decatur know the name Robert Allerton only as the former owner of Allerton Park and Retreat Center outside of Monticello, Illinois. Some people may also know of his Kauai, Hawaii, paradise called Lawai-Kai, today part of the National Tropical Botanical Garden. Author Maureen Holtz will share a presentation about the man, his history, and why he wound up in Central Illinois and Kauai.

Flexible format: online and in person simultaneously.
8/30 Mon 6–7:30 PM Class ID: 10979
Deadline: 8/23 Location: CE or ONLINE $19

Images of America: Monticello

Carved out of timber and prairie and surrounded by fields of soybeans and corn, Monticello, Illinois was founded in 1822 and named after Thomas Jefferson’s Virginia estate. Among the many tidbits shared by author Maureen Holtz about the National Main Street Community is its history as one of the patent medicine capitals of the world, its connection to Lincoln and Douglas, and the street known as Millionaires’ Row.

Flexible format: online and in person simultaneously.
9/13 Mon 6–7:30 PM Class ID: 10980
Deadline: 9/6 Location: CE or ONLINE $19

American History and Today

In this exploration of significant historic events and pop culture milestones beginning with 1914, presenter John LeGear will captivate your heart and mind as you journey through history in a unique visual and musical guided tour. Step through time to relive highlights, tragedies, and events that changed America’s course. Leave educated, entertained, and armed with a new appreciation for American history.

9/23–9/30 Thu 7–8:30 PM Class ID: 10978
Deadline: 9/16 ONLINE $19

Armchair Travel: Safari into Tanzania, Mozambique, and Madagascar

Travel through Tanzania’s vast Serengeti Plain to see elephant herds, lions, wildebeests and more. Make a stop at Olduvia Gorge to see a 1.75 million-year-old human skull and footprints and drive into the Ngorongoro Crater and visit a Masai village. Next move on to Mozambique and Madagascar with your host Shirley Splittstoesser and get a glimpse of the only place on earth where you can see lemurs in the wild!

Flexible format: online and in person simultaneously.
9/21 Tue 1:30–3 PM Class ID: 10969
Deadline: 9/14 Location: CE or ONLINE $9

Certificate in Data Analysis

Data analysis is quickly becoming one of the most sought-after skills in the workplace. Companies have vast amounts of data, but it is rare to have someone with the ability to analyze that data to show trends and make predictions. Begin with getting a basic understanding of analyzing data in a business setting. Then learn how many of your business decisions involve comparing groups for differences. You will know the statistics behind these group differences and relationships. Finally, you will find out how to perform inquiries that will be useful to your business or organization and have the skill necessary for communicating these results through graphs and text that your fellow employees will understand. Home-based business or a large company, this certificate will take you to the next level where important decision making is concerned.

6/7–8/27 ONLINE Class ID: 10596 $495
9/7–11/26 ONLINE Class ID: 11093 $495

SQL Certificate

Structured Query Language (SQL) is the industry-standard database programming language. It is one of the most in-demand skills in occupations that require interaction with data and analyzing data. Through your knowledge of SQL, you will become more marketable in computer-related career fields that pertain to database administration. Learning SQL can also lead to a job that is specific to analyzing data such as a data analyst, a quality assurance analyst, or a business analyst. You’ll learn about relational database structures, the history and uses of SQL, and how to use it to create a database, add records to database tables, and use SQL queries to extract meaningful data from database tables. You’ll also learn how to alter data in a database and gather significant statistics from data stored in a database. Finally, you’ll learn techniques that will enable you to write powerful queries that perform complicated searches and sorts on your data. This certificate will enhance your competitiveness in the field of database administration and data analyst jobs.

Three one-month courses.

6/7–8/27 ONLINE Class ID: 10635 $595

How to Get Sh*t Done: Book Group
Ladies, if we’re not climbing the corporate ladder, building our side hustle, preparing home-cooked meals, tucking the kids in at night, meditating daily, and scheduling playdates, date nights, and girls’ nights every week, we feel like we’re not living our best lives. Traditional productivity books barely touch the tangle of cultural pressures women feel when facing a to-do list. Using the book How to Get Sh*t Done by Erin Falconer, you will explore a whole new approach to modern productivity. How to Get Sh*t Done will show you how to zero in on the three areas of your life in which you want to excel and how to off-load, outsource, or just stop giving a damn about the rest. The book is packed with dozens of actionable resources and activities to forever reframe your productivity.
Flexible format: online or in person simultaneously.

  - Real Estate Broker Topics (60 hours)
  - Broker Pre-License Applied Real Estate Principles—Interactive (15 hours)
Section 5-27(a)(5) of the Real Estate License Act of 2000 requires an applicant for licensure as a broker to provide satisfactory evidence of having completed 75 hours of instruction in real estate courses approved by the Department, 15 hours of which must consist of situational and case studies presented in the classroom or by live, interactive webinar or online distance education.
Register by August 29 to receive a $50 discount.
9/13–11/17 Mon & Wed 6–9 PM Class ID: 11016
Deadline: 9/6 Location: CE $849

Broker’s Pre-LICENSE Principles
Fulfill 15 of the 75 hours of pre-license education with this state-approved course. Apply what you learned in the 60-hour Broker Pre-License Topics, practice dealing with buyers and sellers in a safe environment using the laws and rules reviewed in Broker Pre-License Topics, and gain insight on the proper application of the laws and rules.
Prerequisite: Broker’s Pre-License Topics.
Register by November 14 to receive a $50 discount.
11/29–12/13 Mon & Wed 6–9 PM Class ID: 11017
Deadline: 11/22 Location: CE $299

NEW Introduction to Home Inspection
Becoming a qualified home inspector requires hands-on training, not just a YouTube video and an online quiz. You’ll have interactive and classroom training, plus 5 live inspections! You’ll be prepared and know what to look for in the field. Not only will you spend time in homes, but the classroom is filled with physical props for you see and work on. Because that’s what it takes to be qualified, not just certified™.
Register by August 29 to receive a $100 discount.
9/11–10/30 Sat 8 AM–5 PM Class ID: 11011
Deadline: 8/27 Location: CE $2,499

Real Estate Investing
This course provides the foundations for successful real estate investment. This comprehensive course will use learning activities, practice exams, and assignments to help you learn the components to becoming a successful real estate investor. 25 hours, accessible for 12 months.
ONLINE class begins upon registration. Class ID: 10126 $140

Illinois licensing requirements: Those eligible to obtain an Illinois broker’s license must be at least 18 years of age, have a social security number or individual taxpayer identification number, have a high school diploma or equivalent (GED), and have successfully completed 75 hours of pre-license education. You must attend a minimum of 90 percent of course sessions and receive a passing grade on the final course examination in order to qualify for a Uniform Real Estate Transcript, which is required for taking the state examination.
Payment plan available: Contact us before enrolling to set up your payment plan: 217/351-2235 or communityeducation@parkland.edu.
Funding options: This program has been approved for Workforce Innovation and Opportunity Act (WIOA) funding for qualifying individuals. To find out if you qualify, contact the local WIOA office at 217/531-8282.
Attention veterans: Veterans are eligible to use their GI Bill benefits for real estate pre-license education courses offered by the IAR Licensing and Training Center. Visit illinoisrealtor.org/GIBill.
Did you know that there is a construction labor shortage?

If you like to work with your hands and brain, the construction industry needs you. The Highway Construction Careers Training Program (HCCTP) is designed to increase the number of minorities, women, underrepresented populations, and disadvantaged individuals by accessing Earn as You Learn apprenticeship training programs to fill these vital skilled-trade careers. Learn how to access high-paying jobs with benefits, gain skills that last a lifetime, work with your hands, drive heavy machinery, swing a hammer, and be a part of a team.

The training consists of intensive 22-week or 14-week programs that enable you to learn the skills necessary for acceptance into registered apprenticeships of the highway construction trades and gives the opportunity for a career with high wage potential. This pre-apprenticeship program covers these areas:

- Math for the trades
- Job readiness
- Tool safety and use
- OSHA 30 certification
- Forklift and aerial lift operations
- Intro to welding
- Backhoe and skid steer driving
- First aid and CPR certifications

There is no cost to the student. Funded by the Illinois Department of Transportation.

Program Requirements:

- Valid Illinois driver’s license by the testing date (approximately 1 week after orientation)
- 18 years or older before the class start date
- High school diploma or GED
- You must be able to pass a reading and math assessment at the 7th grade level
- You must be able to pass a drug test prior to acceptance and throughout the program
- Interest in working in the construction trades

Step one is to register and attend ONE upcoming orientation. Register at parkland.edu/HCCTP-apply.

continuing education

**wioa** Customer Service Representative (CSR) Exam Prep
You will learn about the duties and responsibilities of the customer service provider, and you will practice these using a variety of exercises, hypothetical interactions, and assignments. The goal is to prepare you to be an outstanding, reliable, and successful customer service representative in a business or other organization. In addition to providing you with a comprehensive education in customer service, this course will prepare you to take nationally recognized customer service certification exams, including the HDI Customer Service Representative Certification Exam.
200 hours, accessible for 12 months.
ONLINE class begins upon registration. Class ID: 10077 $395

Food Service Sanitation Manager Certification
Succeed in the restaurant industry by earning the Food Service Sanitation Manager Certification. Equip yourself with valuable knowledge and leave with a solid understanding of food safety. Keep your customers, employer, and employees safe and successful. Katie Taylor covers foodborne illness, time and temperature control, personal hygiene, cleaning and sanitizing, HACCP, food safety, preparation and serving, cross-contamination, and government regulations. This course meets all IDPH food code requirements to become a certified food protection manager (CFPM).
The exam is available in English, Spanish, traditional Chinese, simplified Chinese, Korean, and Japanese. The course is taught in English.
Register by June 27 to receive a $30 discount.

**new** Contact Tracing
According to the Medscape Coronavirus Resource Center, at least 44 states and the District of Columbia have begun expanding their contact tracing workforce. To help meet the need for training for contact tracers, we are offering this course based on CDC and public health guidelines. This contact tracer training will provide you with a skill that is in demand on the job market. While taking this training does not guarantee that you will become employed as a contact tracer, the information and skills you learn in the course will provide you with skills necessary for consideration for employment.

Certificate in Accounting and Finance for Non-Financial Managers
Certificate in Accounting and Finance for Non-Financial Managers explains the financial concepts and accounting processes used in most businesses and provides practical techniques that will increase your effectiveness and career. First, get a foundation for understanding the seven steps in the accounting cycle and use financial information in decision making. Come away with the knowledge to analyze resource allocation and evaluate financial performance. Then find out what you need to know about cash in order to make a difference in the day-to-day activities. Discover how to maximize cash flow, learn the importance of cash, and determine your role in cash flow success. Finally, acquire advanced knowledge on the financial information that drives your organization. See how business reports are assessed and analyzed. An understanding of this information will help you make smart decisions in budgeting, setting goals, and assessing performance within your area of influence.
Three one-month courses.

**Spanish for Medical Professionals**

Are you frustrated by the communication gap that can occur between you and your Spanish-speaking patients? If so, this Spanish class—designed specifically for health care professionals—will help you bridge that gap. You will practice the basic, practical language skills needed for effective communicating with your Spanish-speaking patients and their families. You will learn the basics of the language, gain an understanding of the culture, and know how to ask the questions crucial to high-quality health care. Whether you speak some Spanish and need a refresher or speak no Spanish, you will complete the course with the skills you will need to effectively communicate with your Spanish-speaking patients.

9/7–10/29 ONLINE  Class ID: 11070  $290

**Patient Care Technician**

CareerStep Patient Care Technician prepares you for certification with one of three nationally recognized health care organizations and will help launch your new career in the medical field. By completing this training and including externship experience, you will be fully prepared to assist doctors, nurses, and other medical professionals in caring for the needs of sick and injured patients.

130 hours, accessible for 12 months.

ONLINE class begins upon registration.  Class ID: 11024  $3,499

Register online at partner.careerstep.com/parkland.

**Telehealth Coordinator Program**

Learn what telehealth is and how digital care is changing the industry. Get all the info on best practices for implementing and maintaining exceptional telehealth processes. Find out how to protect your business, your patients, and your professional reputation by adhering to a specific set of laws and standards.

ONLINE class begins upon registration.  Class ID: 11025  $2,599

Register online at partner.careerstep.com/parkland.

**Medical Assistant—Live Online**

This program prepares students to be professional medical assistants dedicated to patient care management. Graduates are equipped to assist physicians with examinations and treatments, take medical histories, perform diagnostic tests, expose X-ray films, sterilize instruments and supplies, assist with minor surgery, and administer medications. The program goal is to prepare competent entry-level medical assistants in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains.

Prerequisite: High school diploma or GED.

Register online at parkland.theknowledgebase.org.

6/29–10/12  Tue & Thu 6–9 PM  Class ID: 10865  $2,995

Deadline: 6/22  ONLINE  $2,995

**EKG Technician Career Prep—Live Online**

Combine theory and practice in all aspects of EKG technology and patient care. You will learn about the anatomy and physiology of the cardiovascular system, appropriate patient care, and how to properly conduct an electrocardiogram (also referred to as EKG or ECG).

Learn how to diagnose various rhythms discovered through EKG tests. Additional topics include the use of pacemakers as well as EKG artifacts and the 12-lead EKG and acute myocardial infarction. Upon completing this course, you will have gained knowledge and confidence to be able to move one step closer to taking either the AMCA EKG Technician Certification (ETC) exam or the NHA EKG Technician Certification (CET) exam. The cost of the course includes the cost of the national certification voucher. Note: Students must complete 10 live EKGs before they can sit for the exam.

Prerequisite: High school diploma or GED.

Register online at parkland.theknowledgebase.org.

9/1–11/10  Wed 6–9 PM  Class ID: 11020

Deadline: 8/25 ONLINE  $1,730

**Medical Administrative Assistant Career Prep**

The need for professionals that understand how to utilize computerized medical office software and perform administrative office procedures is growing substantially. Physician practices, hospitals, chiropractic practices, and other health care providers all depend on administrative professionals for day-to-day-support. In the Medical Administrative Assistant course you will learn medical terminology, patient confidentiality, scheduling, customer service, basic patient documentation, and basic billing as well as other administrative duties required by front office personnel.

265 hours, accessible for 12 months.

ONLINE class begins upon registration.  Class ID: 9990  $1,645

**Dental Assistant Career Prep**

Dental assistants help prepare patients for dental procedures and often assist with the procedures. Depending on the type of dental office, dental assistants may be involved in laboratory or surgical procedures. However, regardless of the specialty, dental assistants provide direct patient care by working alongside the dentist. This course presents the information and skills necessary for serving in this role.

Learn how to prepare patients for treatment, including taking X-rays, and to prepare equipment for each procedure. Learn about dental specialties and the responsibilities of the dental assistant in each area of specialization.

330 hours, accessible for 12 months.

ONLINE class begins upon registration.  Class ID: 9979  $1,595
CPR for Health Care Providers: Hybrid
Learn life-saving skills through a variety of e-learning tools such as dramatizations, e-simulations, animations, self-directed learning, and interactive activities. After completing the online portion, you will attend a structured basic life skills (BLS) hands-on session with an American Heart Association (AHA) instructor. This session focuses on meaningful skills practice, debriefing, team scenarios, discussions of local protocols, and skills testing. Upon completion, you will be issued an American Heart Association BLS Healthcare Provider Course Completion Card.

This hybrid course is for health care professionals seeking an alternative method for completing a BLS course. You must complete HeartCode BLS at onlineaha.org, print your certificate of completion, and bring it with you to class. Fee is an additional $31 (to be paid online). Classes held at Community Education, $89 each.

Register by July 4 to receive a $10 discount.
7/20 Tue 5:30–6:30 PM Class ID: 10993 Deadline: 7/13
Tue 6:30–7:30 PM Class ID: 10994

Tue 6:30–7:30 PM Class ID: 10998

CPR for Health Care Providers—Instructor-Led
Learn to promptly recognize several life-threatening emergencies, give high-quality chest compressions, deliver appropriate ventilations, and provide early use of an AED. Upon completion, you will be issued an American Heart Association BLS Healthcare Provider Course Completion Card.

You will be emailed an access code for the e-book manual on the registration deadline. If you prefer a hard copy in exchange for an e-book, it MUST be picked up at Community Education at least one week before class during the hours of 8 am to 5 pm, Mon–Thu.

Register by July 18 to receive a $10 discount.
8/7 Sat 8 AM–12 PM Class ID: 10999 Deadline: 7/31 Location: CE $89

CPR FAQs

How soon should I register for a CPR course? Classes fill fast! Your program deadline will affect your certification needs. Please contact your program manager for the deadline. If you choose to complete the hybrid class, your online certificate of completion is valid for only 60 days. You must complete the hands-on skills portion within 60 days.

How long is my CPR card valid? Your card is valid for two years.

Do I need a book? Yes. Textbooks are an integral part of the instructor-led CPR education before, during, and after the course. You may reuse your textbook during renewals or updates until new science guidelines are published.

When will I receive my CPR Card? It typically takes two to three weeks to process. If you need proof sooner, your instructor can issue you a temporary card upon successful completion of the course.
Phlebotomy Technician
As a vital member of the clinical laboratory team, the phlebotomist obtains patients’ blood specimens for analysis. Phlebotomists are employed in hospitals, neighborhood health centers, medical group practices, HMOs, public health facilities, veterans’ hospitals, insurance carriers, and other health care settings. The demand for phlebotomy technicians has increased substantially. Become familiar with all aspects of blood collection and review the skills required for performing venipunctures safely. Terminology, blood-collection procedures, and order of draw are among the engaging topics. This program includes the Certified Phlebotomy Technical (CPT) exam and an optional clinical externship at a local health care provider.

470 hours, accessible for six months.
ONLINE class begins upon registration. Class ID: 9070 $2,595

Pharmacy Technician—Live Online
This program prepares you to be a professional pharmacy technician dedicated to assisting registered pharmacists in quality pharmacy operational procedures. Graduates are equipped to assist the pharmacist filling prescriptions according to doctors’ orders. Pharmacy technicians also participate in ordering products and inventory control as well as billing and receiving payments. Trained graduates who pass this course are eligible to sit for a national certification exam. Once you pass the course and certification exam, you can submit an application to participate in an internship program with national affiliation partners like CVS and Walgreens, or local pharmacy operations near your residence. Completion of this internship tells employers in the industry you are ready for this high-demand job.

Prerequisite: high school diploma or GED.
8/5–10/14 Tue & Thu 6–9 PM Class ID: 11022
Deadline: 7/29 ONLINE $1,595
Register online at parkland.theknowledgebase.org

Home Health Aide w/ Medical Terminology
A home health aide (HHA), also known as a home caregiver or residential assistant (RA), provides basic, personal care and direct health-related services to individuals who require more assistance than family or friends can provide. Learn the practical skills involved in recording provided patient services as well as patient condition and progress. Master the basics of medical terminology and begin speaking and writing terms right away. Learn medical terms in the context of human anatomy and physiology, with case studies, vignettes, and activities demonstrating how these terms are used in practice. The companion website includes medical animations, word games, and flash cards. You will be amazed at how easily medical terminology becomes part of your vocabulary.

405 hours, accessible for 12 months.
ONLINE class begins upon registration. Class ID: 9037 $3,995

**UAS Certification Exam Prep**
Get licensed to fly drones commercially! Take your business to new heights and discover new opportunities through commercial drone use. The safety, efficiency, and cost benefits of drones make them increasingly attractive for a range of business and government functions: marketing, agriculture, real estate, media, special events, and inspections. The Federal Aviation Administration requires drone operators to pass a UAS (unmanned aerial system) aeronautical knowledge test in order to fly drones commercially. Discover what UAS operators need to know about regulations, airspace, weather, and more. For an additional $160, you may also register to take the FAA certification written exam. Instructions for registering for the FAA exam will be sent approximately three weeks prior to the start of the class. **Register by May 23 to receive a $30 discount.**

William M. Staerkel Planetarium

The William M. Staerkel Planetarium is the second-largest planetarium in the state of Illinois. The Digistar 6 digital planetarium projection system transforms the 50-foot dome ceiling into an immersive virtual environment.

While the Staerkel Planetarium remains in a digital format, we will continue to brighten your day through online resources, virtual presentations, and suggestions for engaging children in the wonders of science.

The planetarium hosts numerous shows, programs, and special events. To stay up to date, please call our show hotline at 217/351-2446 or visit us online at parkland.edu/planetarium.

- Open during the week for school and civic groups. Reservations required. Virtual shows also available.
- Public presentations Fridays only in July and Fridays and Saturdays in August and September at 7 and 8 pm. Tickets $5 to $6 at the door. Virtual shows are free!
- Join Friends of Staerkel Planetarium (FOSP) and see FREE shows for a year.
- Teachers: Book your field trip with us! Find a complete list of school programs by grade level, plus activities for before or after your visit, including links to the NGSS. Call the office at 217/351-2568 or use our Microsoft Bookings form.
- Book a unique rental space. A birthday party package under the stars!
- Join the Galaxy Club: Kids get a stamp card and begin to earn free admission to a show plus our quarterly newsletter.
- Rent-a-Scope: 10-inch Dobsonian telescopes for $10 for one night or $15 for a weekend.
- Get your astro news: northern lights, eclipses, and meteor showers, plus be the first to hear of upcoming programs at the planetarium. Subscribe to our electronic mailing list.

James B. Kaler Science Lecture Series
Mainstream science from the laboratory to you. On the first Friday of each month that school is in session, the planetarium welcomes a scientist from the community into the dome to share his or her expertise. Past topics include nuclear power, microbiology, climatology, and birdwatching. Visit parkland.edu/planetarium for schedule. All talks are at 7 pm and tickets are $2 at the door or free if offered virtually. Beginning October 1.

See the Real Sky
Join members of the Champaign–Urbana Astronomical Society through Zoom on select Saturdays to see what’s visible from your backyard. Visit cuas.org for skywatch topics and links to the Zoom meetings. No registration required.
July 19, August 14, September 11, 7 pm to 8 pm
Giertz Gallery

Giertz Gallery at Parkland College is a learning lab for student artists and a space for generating critical thought and discussion through the visual arts. It is also a cultural center for our community.

At the time of this printing, it is undetermined whether the gallery will remain in digital format through the summer or if we will be reopened. Either way, we continue to bring artists and the community opportunities. Please visit our website or social media platforms, including Facebook, Instagram, and email.

This summer, watch for our visiting artists, virtual travel, and online exhibitions produced in the past year. Also coming this summer is our “Around the Block: Artists from our Neighborhood” exhibit (virtual or in person).

If you are an artist or would like to know about our events, visit our website to experience the work and learn about our current opportunities. We will see you in the gallery soon! Thank you for your continued support. For more information, visit parkland.edu/gallery or email us at giertzgallery@parkland.edu.
theatre

Parkland Theatre serves as a training center for actors and theatrical technicians as well as a cultural center for our community.

We continue to work on new ways to create opportunity for our students to develop their skills and bring theatre to you through a myriad of resources and online engagement through Facebook, Instagram, and email. We are looking forward to getting back on the stage and thank you for your continued support.

Visit us online at parkland.edu/theatre and click on our Facebook page for information about upcoming events, or email theatre@parkland.edu.

7 WAIVER AND RELEASE (REQUIRED)

**IMPORTANT INFORMATION**

Parkland College holds the safety of its students in high regard and is committed to conducting Community Education courses in a safe manner. Parkland College continually strives to reduce such risks and insists that all students follow safety rules and instructions that are designed to ensure everyone’s safety. However, students must recognize that there is an inherent risk of injury when choosing to participate.

**WARNING OF RISK**

Community Education courses are intended to challenge and engage the student. Depending on the particular activity, students must understand that certain inherent risks always exist. Despite careful and proper preparation of instructors, there is still a risk when participating in courses. In this regard, it must be recognized that it is impossible for Parkland College to guarantee absolute safety.

**WAIVER AND RELEASE OF ALL CLAIMS AND ASSUMPTION OF RISK**

I understand that there may be certain risks of physical injury, damage or loss which I and/or my dependents may sustain as a result of participating in any and all activities associated with Parkland College courses offered by Community Education. In registering and participating in these courses, I expressly assume the risk and legal liability, waiving and releasing all claims for risk connected with said courses. Furthermore, I grant Parkland College and PCTV permission to record and/or photograph myself or my dependents for future promotion. In addition, I understand that there will be no refunds for classes canceled due to severe weather conditions, power outages, or situations that may affect the safety of the program or Parkland College.

*I have read and understand the above important information, warning of risk, and waiver and release of all claims and assumption of risk.*

Participant’s name (PLEASE PRINT)

Signature of adult participant or parent/guardian (if participant is under 18 years old) __________________________ Date ____________

*Participation may be denied if the signature of adult participant or parent/guardian and date are not on this waiver.*

community education AT PARKLAND COLLEGE
**Introduction to Automotive Refinishing**

With a focus on airbrush and custom painting, gain hands-on experience applying flames, scallops, stenciling and taping, and finishing techniques. You’ll learn and practice airbrush and spray gun applications and how to safely operate and prepare material and equipment in Parkland College’s well-equipped Collision Repair Training Center.

**7/20–8/26 Tue & Thu 6–8:30 PM see page 25**

**KEEPING YOU SAFE**

Parkland College is committed to providing a safe learning environment while following local guidelines. Your safe campus includes the following for individuals and campus staff:

- Completing a self-assessment prior to each visit to campus
- Wearing a face covering in any college building, including offices, classrooms, and labs
- Maintaining a social distance of six feet
- Washing and sanitizing hands frequently
- Cleaning and sanitizing classrooms and high-touch areas
- Providing self-assessment information to those registered via email

Thank you for continuing to learn with us. All programs are subject to change or cancellation based on state and local guidelines. Masks are required. Find more information at parkland.edu/covid19.

**CUSTOMIZED TRAINING**

Are you looking for specific training for your organization? If you don’t see what you need here, our experts can develop a program tailored to your needs.

Our top 10 customized programs:

- Leadership and Supervisory Skills
- Computer Skills
- Workplace Safety
- Customer Service
- Workplace Essentials
- English as a Second Language
- Dental Hygiene
- Project Management
