DEAR TRAVELER

***BY LAW, EVERY TOUR OPERATOR MUST RECOMMEND THAT PASSENGERS
PURCHASE INSURANCE FOR HEALTH, ACCIDENT AND TRIP CANCELLATION /
INTERRUPTION.***

For more than two decades CLUB EUROPA has offered and recommended **TRAVELEX** as their trusted provider for protecting their clients' travel activities. In the very rare cases where an insurance claim was filed, TRAVELEX has always been very helpful and respectful to our customers.

The first step is for you to calculate the premium for the travel insurance you want. In order to get this quote, please go to their website

<https://www.travelexinsurance.com>

and answer a short set of questions regarding your journey.

In the field *AGENCY LOCATION* you type **13-6051**

No need to fill in *Agent Name*, but you can use: **Marti Auler**

For *TRIP COST* you enter the total land AND air cost.

The airline you are using for your trip is: **SAS - Scandinavian Airlines**

The tour operator for this journey to Scandinavia is: **CLUB EUROPA**

The website then takes you to a page with several insurance options.

You may, of course, choose a different insurance company – there are plenty out there.

If you plan to use the insurance coverage provided by a credit card, please make sure that your specific needs are covered (for example: several credit cards only protect your DOMESTIC travel activities, but not international / transatlantic !)

We wish you SAFE and HAPPY TRAVELS !!!
