2015–2016  
*Outstanding Teaching Award Recipients*

TONI BURKHALTER  
Natural Sciences

ELIZABETH JINKS  
Health Professions

PEGGY SHAW  
Fine and Applied Arts

*Commencement Speaker*

LORI GOLD PATTERSON  
Co-founder and CEO, Pixo

Lori Gold Patterson co-founded Pixo, a software engineering consulting firm located in Urbana, Illinois, in 1998. Since then, her staff has grown from 3 to 33 people. Pixo designs and builds custom systems, mobile apps, enterprise websites, and cutting-edge hardware and software integrations.

A Parkland College pre-engineering alumna and mechanical engineering graduate of the University of Illinois, Lori uses her corporate management experience to lead the team of bright engineers and creatives at Pixo. She spent the first 15 years of her career in corporate America, first working for Andersen Consulting (now Accenture) in Chicago before moving to Caterpillar to head up a 20-person product development team. She later worked for Solo Cup, where she re-engineered processes and products throughout the company.

Lori's successful business leadership includes service as chair of both the Urbana Business Association and the board of the Economic Development Corporation. She has received the Woman on the Rise Award from the Illinois State Treasurer's Office, the Entrepreneurial Excellence in Management Award, and the Athena Award. The Parkland College Foundation will honor Lori with the 2016 V. Dale Cozad Entrepreneur of the Year Award in June.

## *Distinguished Alumnus Award Recipient*

PETER B. ALEXANDER  
Founder and CEO, Peter B's Automotive

Automotive entrepreneur Peter B. Alexander's career success epitomizes what a solid foundation of training from Parkland College can provide to the student. An Urbana native, Peter graduated from Parkland in 1979 with an Associate in Applied Science degree in Automotive Technology and a certificate in Farm Power and Equipment Service. Just four years later, he began his own full-service automotive business, Peter B's Automotive, in Urbana.

"Steady but unstoppable" is how Peter describes this success. He has been a master Automotive Service Excellence (ASE) technician since 1980, is a master ASE medium/heavy truck technician, has earned 66 credits toward the industry's Accredited Automotive Manager (AAM) designation, and has factory automotive training from Subaru, Jeep, Renault, and Robert Bosch Corporation, along with many aftermarket company certifications. Recognized as the NAPA/ASE Technician of the Year in 1990, Peter has persevered in creating one of the most respected auto repair shops in east central Illinois.

A proud Parkland alum, Peter continuously gives back to the college to support future generations of students. A past president of the Parkland Alumni Association and a member of its automotive advisory board, he keeps the college updated on innovations in the automotive field. He has participated in numerous procedures that help our Automotive Technology program remain current in National Automotive Technicians Education Foundation (NATEF) certification, and he has employed many Parkland graduates over the years. Peter and his wife, Diane, have a daughter, Jacqueline, and a son, Blake.

## *Honorary Associate Degree Recipients*

JOANN MCGRAIN  
Parkland Nursing Faculty and Program Director (Retired)

JoAnn McGrain grew up in Northern Illinois and earned her bachelor's and master's degrees from DePaul University in Chicago. She joined Parkland College in 1968 as one of four faculty to begin the Associate Degree Nursing program and remained here for the next 30 years.

During her tenure, JoAnn also served as coordinator of the nursing program for eight years and actively served on community committees related to the program. The years brought many challenges and rewards as the nursing program and the college developed and flourished; JoAnn both witnessed and participated in many Parkland College advancements until her retirement in 1998.

Today, JoAnn continues her commitment to Parkland through the Parkland College Foundation. She is a strong supporter of scholarships for Parkland students who are in need of financial assistance. In March 2013, the Parkland College Foundation honored JoAnn and retired nursing program colleague Dr. Joanne Huff by naming the college's high-fidelity simulation laboratory, located in Parkland's Health Professions wing, after them.

## *Candidates for Certificates*

Kathleen E. Aberle  
Elizabeth Anne Allison\*  
Richard T. Ballard
