Commencement Speaker

THOMAS R. RAMAGE, ED.D

Retired Parkland College President (2007-2022)

Dr. Thomas R. Ramage is a retired community college president, husband, father, and proud grandfather. He dedicated his professional career to Parkland College, where he served as the institution's fifth president from 2007 until his retirement in 2022.

During his educational journey, Tom earned a master's degree in education and human development with a specialization in educational technology leadership from The George Washington University and a Doctorate of Education with a specialization in instructional technology and distance education from Nova Southeastern University. His dissertation research focused on the cost efficiency and return on investment of online programs.

Tom's professional journey brought him to Parkland College in July 1998 as chair of the newly created Distance and Virtual Learning Department, responsible for developing and administering Parkland's online course delivery systems and policies. He quickly rose through the ranks, with a promotion to associate vice president in 2001 and vice president and chief academic officer in 2003. In 2007, he assumed his role as president. His tenure as president of Parkland College can be characterized as a period of growth and stability, with emphases on advancing technology, leadership development, facility improvements, and strong fiscal stewardship.

Tom was a leader among community college presidents at the state and national levels, serving on several national boards and commissions and leading the Illinois Council of Community College Presidents in 2017. He was also a committed community leader, dedicating his time to serving on boards such as the United Way of Champaign County, Champaign County Court Appointed Special Advocate (CASA), and the Champaign County Chamber of Commerce, among others.

During his career, Tom presented over 40 workshops and seminars and published articles related to technology and leadership. He was recognized with national awards including the Association of Community College Trustees Equity Award in 2009 and the Phi Theta Kappa Michael Bennett Lifetime Achievement Award in 2023. Upon his retirement, Parkland College established a scholarship fund in his name which raised more than \$100,000 in its first year.

Today, Tom's focus is on family. He and his wife Michelle divide their time between their home in Mahomet and the relaxation of Cape Coral, Florida. When they're not enjoying the sunshine on a boat or a beach, they are spending time with their son, Colin, daughter-in-law, Megan, and perfect grandson, Sean. Tom remains a strong supporter and friend of Parkland College.

Distinguished Alumnus Award Recipient

ROBERT "BO" CHANEY
Firefighter and Children's Author

Robert "Bo" Chaney, originally from the Englewood area of Chicago, has cultivated an extensive educational and professional background. A graduate of Dunbar High School, Chaney furthered his education at Parkland College, where he obtained an Associate in Arts degree. He later earned a bachelor's degree in education from Rockford University and a master's degree in education administration from Northern Illinois University.

Chaney's professional journey encompasses over five years of teaching in urban educational settings, demonstrating a strong commitment to youth and education. He has also dedicated 20 years to serving in the fire service in Rockford, Illinois, where he currently holds the position of Recruiter for the Rockford Fire Department. In this role, he focuses on enhancing recruitment processes within the fire service.

Chaney's leadership extends to his chairmanship of the Human Relations Committee for the Associated Fire Fighters of Illinois (AFFI). His contributions were further recognized when he became the first Illinois firefighter selected to serve on the Human Relations Committee for the International Association of Fire Fighters (IAFF).

Driven by a belief in the potential of youth, Chaney is committed to addressing the misconception that society is indifferent to young people. His interactions and personal experiences have fueled a passion for mentoring underserved young adults, empowering them with essential life skills for navigating academic and professional environments. Chaney has invested countless hours in the development of curricula specifically designed to meet the needs of these individuals, aiming to prepare them for successful careers through innovative lessons and strategic networking.

As an author, Chaney has published *The Adventures of Rob and Rocky: The Walk to School*, a work inspired by his sons, Rob and Rakim. This endeavor marks him as the first African-American firefighter to create coloring books focused on introducing children to the fire service, reflecting his dedication to community service and education.

Chaney resides in Rockford with his wife, Charo, and their two sons. He values family time, engages in sports, enjoys coaching, and explores new destinations through travel.

Honorary Associate Degree Recipient

SCOTT BENNETT
Former Illinois State Senator

The late Mr. Scott Bennett grew up in Gibson City, Illinois, where five generations of his family have worked on their family farm, a legacy he cherished. After graduating from Gibson City-Melvin-Sibley High School in 1995, he went on to study history at Illinois State University, graduating in 1998. He earned a law degree from the University of Illinois Urbana-Champaign in 2002.

In 1999, Mr. Bennett earned an internship at The White House, serving the Clinton Administration in the Office of Presidential Gifts. It was here that he met Stacy Meredith, who had been assigned to the same office. They were married in 2002 and in 2013 welcomed twins, Sam and Emma, whom their father adored.

Mr. Bennett started his career as a prosecutor for the City of Chicago and also worked for the Democratic National Committee in Washington, D.C. Although he could have pursued a high-paying career in corporate law, he longed to come back to his roots and the community he treasured. Mr. Bennett returned to central Illinois to work as an assistant state's attorney in Bloomington-Normal and then in Champaign-Urbana. His most important work focused on seeking justice for child victims of crime, a pursuit he was passionate about and continued to work on even after he left the state's attorney's office.

In 2015, Mr. Bennett was appointed to fill the vacant senate seat for Illinois' 52nd District, where he was known for his efforts to rise above partisanship and find common ground. He was humbled and honored to serve his community for eight years as a state senator, and he became a tireless advocate and champion for measures designed to protect and improve the environment, education, and agriculture in Illinois and the quality of life for the most vulnerable in our state: children, families, older adults, and individuals with developmental disabilities and mental health challenges.

During his tenure, Mr. Bennett instituted protections to keep the drinking water in the Mahomet Aquifer safe, promoted compassionate courtrooms by authorizing the use of "comfort dogs," and teamed up with Treasurer Michael Frerichs to create the ABLE Act in Illinois, a program that assists individuals and families in saving money to cover the expenses for people with disabilities. He worked diligently to address the closure of waste pits filled with toxic coal ash across the state. As chair of the Senate's Higher Education Committee, Mr. Bennett fought to increase college affordability, championing the Know Before You Owe Private Education Loan Act, and he worked tirelessly to support the University of Illinois, Parkland College, Danville Area Community College, and all of the state's higher education institutions.

A fierce advocate well-known for his humor and wit, Mr. Bennett used this innate talent as a tool to heal and unite. In doing so, he would bring out laughter in others, putting his audience at ease and creating space for connection. He treasured relationships with everyone, from his constituents and colleagues to his family and friends. No matter the relationship, Mr. Bennett showed up as himself and genuinely cared.

Honorary Associate Degree Recipient

AVERY R. MAY
Former Parkland College Student

Avery R. May was a student in the Parkland College Ford ASSET automotive program from August 2022 through his passing on December 23, 2023, from a tragic automobile accident in Indianapolis. At the time of his death, he was preparing to enter his last semester at Parkland and complete his final sixteen credit hours before his pending graduation this evening. Following a nomination by Parkland faculty and the recommendation of the Posthumous Degree Committee, the Parkland Board of Trustees voted on April 17, 2024, to award Avery a Posthumous Honorary Degree.

Avery was a 2022 graduate of New Palestine High School in Indiana. At Parkland, he made the Dean's List through all of his semesters. Ford ASSET Program Manager David Charney, who nominated Avery for this degree, called him an exemplary student. "Avery was a friend, mentor, and leader in class," Charney explained. "He was seeing great success in school as well as in his work at his dealership, Capitol City Ford in Indianapolis." Capitol City Ford's leadership team also described their time with Avery in this way: "In those two years, it became obvious to us that Avery was an individual of high character and someone that we wanted on our team. Avery was someone who was respected by his peers and was always willing to go above and beyond to help someone in need, personally or professionally."

Avery's family shared the following about his life outside of Parkland College: "Faith, family and friends were very important to Avery. He loved spending time camping, kayaking, fishing, and spending time with his family through these activities. He had been with his girlfriend, Rylee, for four years. He had given a promise ring to her in 2022. He loved spending time with her and her family too. They had planned on marriage after her college graduation, and we had no doubt about that, either. He shared family meals with Rylee's family every week at her grandma's when he was home. He loved spending time playing with his nephew and niece and spoke about how much he couldn't wait to be a dad someday."

The Mays recently shared a special thank you to Parkland College. "Parkland, and especially the Ford ASSET group, will hold a special place in our hearts always. We have nothing but great things to say about the teachers and young men and women that make up that group while Avery has attended. They have gone far beyond what we could have ever expected through the generosity of their hearts and their time after his passing."

It is an honor and a privilege to present the family of Avery R. May with an Honorary Associate in Applied Science this evening.
