

LIBERAL ARTS AND SCIENCES

Program Code: H.LAS.AA

Associate in Arts (A.A.)

Graduation requirement — 60 semester hours

The Liberal Arts and Sciences transfer area provides students with the broad educational experience and background necessary to pursue a bachelor's degree at a four-year institution as well as to enter almost any profession or career. Emphasis in the first two years is on gaining reading, writing, speaking, and problem-solving skills in humanities, sciences, social sciences, and mathematics.

Students should plan their transfer programs with a Parkland academic success advisor or counselor and the catalog of the four-year college or university they plan to attend. Refer to the general course requirements on p. 71 and to the following suggested sequence of courses as a guide to completing an Associate in Arts degree.

Program note*

Recommended courses are designed to facilitate completion of the A.A. degree and transfer into a four-year college or university with junior standing in a chosen academic path. Students are advised to follow the recommendations.
