

NETWORK ADMINISTRATION AND SUPPORT

NETWORK ADMINISTRATION AND SUPPORT A.A.S.

Program code: T.CNA.AAS

Associate in Applied Science (A.A.S.)

Graduation requirement — 65–67 semester hours

The Computer Network System Administrator program prepares students to manage and administer the computer networks of small to medium-sized enterprises. Students will learn to use a variety of operating systems: use, install, and maintain networks; program routers and switches; develop networking software and develop and study documentation used to manage a network. Students will receive extensive hands-on experience.

Program Notes*

- Students planning to transfer to a 4-year institution should take COM 103; those planning to enter the workforce upon graduation should take COM 120.
- Successful completion of CSC 117 earns the student a Google-issued industry-recognized credential as an IT support professional
