COMMUNICATION: BROADCAST TECHNOLOGY

Program Code: F.MCC.AAS

Associate in Applied Science (A.A.S.)

Graduation requirement — 60 semester hours

Students preparing for careers as broadcast technicians or station engineers will find that the Broadcast Technology A.A.S. program prepares them for careers in radio and television engineering and technical support and to attain professional certification. Students gain experience working in broadcast facilities, including Parkland's WPCD-FM radio station. The program stresses maintenance and repair as well as performance measurements and installation of various types of equipment used in the broadcast industry. Students should plan their Broadcast Technology A.A.S. degree program with a Communication faculty advisor.

For more information, see parkland.edu/communication.

Program Note*

Enrollment in COM 292 requires program director or department chair approval and sophomore standing in Broadcast Technology.
