

KINESIOLOGY

Program Code: N.PED.AS

Associate in Science (A.S.)

Graduation requirement — 60 semester hours

The following curriculum is designed for students planning to transfer to a four-year institution to pursue a bachelor's degree in kinesiology or physical education. Graduates may teach and/or coach at the elementary, secondary, or college level, or pursue careers in exercise physiology, athletic training, and sports management.

Students should plan their program of study with a Parkland counselor or academic advisor and the catalog of the four-year college or university they plan to attend.

Program Notes*

- At least one course from an area other than psychology is required to fulfill the Social/Behavioral Science elective.
- KIN 103, 147, 203, and 247 are not repeatable for kinesiology elective credit.
- General Education Core Curriculum requirements for the Associate in Science (A.S.) degree do not fully satisfy the IAI General Education Core Curriculum (GECC) requirements. Additional courses to complete the GECC may be taken at Parkland or after transferring. Contact Counseling Services for guidance on GECC completion.
- Recommended courses are designed to facilitate completion of the A.S. degree and transfer into a four-year college or university with junior standing in a chosen academic path. Students are advised to follow the recommendations.

General Education Core Courses

(32–34 hours)

Cr. Hrs.

Communications (9)	
ENG 101 Composition I	3
ENG 102 Composition II	3
COM 103 Introduction to Public Speaking	3
Humanities/Fine Arts electives	6
• <i>Must choose one course from Humanities and one from Fine Arts</i>	
Social/Behavioral Sciences electives	6
• <i>Soc/Beh Sci courses must be from at least two different disciplines</i>	
• <i>One course from Hum/Fine Arts or Soc/Beh Sci must fulfill the non-Western culture requirement</i>	
Mathematics elective	3
Recommended: MAT 108 Intro to Applied Statistics (3)	
Life Sciences (laboratory-based) elective	4–5
Physical Sciences (laboratory-based) elective	4–5

A.S. Degree Requirement (7–8 hours)

Cr. Hrs.

Must include one additional mathematics and one additional physical or life science course. Any AST, BIO, CHE, ESC, PHY, or SCI courses numbered 100 through 289 whose second digit is even, beyond the general education requirements in science, may fulfill the additional science course requirement.
Recommended: MAT 107 General Education Mathematics (3)
