

MEDICAL LABORATORY TECHNOLOGY

Program Code: G.MLT.AAS

Graduation requirement — 71 semester hours

The Medical Laboratory Technology Program is a sequence of courses and clinical practicum experiences that prepares students for technician positions in medical laboratories and related businesses and industries. Learning opportunities develop academic, technical, and professional knowledge and skills required for job acquisition, retention, and advancement. Working in cooperation with Kankakee Community College, students may complete the general education course work at Parkland College. Graduates of this program are eligible to take the national registry examination given by the American Society of Clinical Pathologists (ASCP) and other certifying agencies.

Medical Laboratory Technology graduates are prepared to enter medical technology/medical laboratory science bachelor's degree programs at selected state universities with junior status.

The program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS), 5600 N. River Road, Suite 720, Rosemont, IL 60018, 773/714-8880.

Students must apply to and be accepted into the Medical Laboratory Technology program at Kankakee Community College. The MEDT courses from Kankakee will be offered in an online hybrid format with the exception of lab work. Students meet every two weeks.

For more information, call Parkland College, 217/353-2760, or Kankakee Community College, 815/802-8500, or email advising@kcc.edu.
