

# THEATRE ARTS

Program Code: F.THE.AA

## Associate in Arts (A.A.)

Graduation requirement — 60 semester hours

Students preparing to transfer to a four-year college in Theatre Arts will find that the A.A. degree curriculum prepares them to complete a baccalaureate degree. Students may choose to focus on either performance or design. Performance emphasizes acting, voice, and movement; design emphasizes the role of art and design in theatre. Both concentrations immerse students in the foundational studies of theatre arts and provide a wide range of experiences both on stage and back stage. Transfer admission is competitive and completion of this program alone does not guarantee admission either to the baccalaureate program or to upper-division theatre courses. Students should plan their transfer programs with a theatre faculty advisor and the catalog of the four-year college or university they plan to attend.

For more information, see [parkland.edu/theatrearts](http://parkland.edu/theatrearts).

### Program Note\*

Recommended courses are designed to facilitate completion of the A.A. degree and transfer into a four-year college or university with junior standing in a chosen academic path. Students are advised to follow the recommendations.
