Students matriculating in and graduating from a Parkland College Massage Therapy health career program must be able to meet the Essential Requirements of the academic program and must not pose a threat to the well-being of patients, other students, staff, or themselves. As an incoming massage therapy student you will need, at a minimum, the following types of skills and abilities and will need to maintain and demonstrate these abilities throughout the program.

Students are encouraged to discuss their specific academic needs with the course instructor/program director prior to beginning a course of study. Consultation between Accessibility Services, the student and the program director are encouraged in order to address concerns.
