Overview

IPEDS Student Financial Aid Component Overview Public Academic Reporters

Welcome to the Student Financial Aid (SFA) component of the U.S. Department of Education's Integrated Postsecondary Education Data System (IPEDS). The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students at your institution.

Changes to This Year's SFA Component

- SFA is now part of the Winter collection. The Winter collection will close for keyholders on February 8, 2012.
- In Part E, an additional column will collect the number of students in Group 4 who were awarded any Title IV grant aid, by income categories.
- For reporting grant or scholarship aid, institutions should report "aid awarded" rather than "aid received" or "aid awarded and accepted." The amount awarded may be different from the amount that was actually disbursed to students. There is no change to how loans to students should be reported. Institutions should continue to report on loans that were awarded to and accepted by the student.
- Veterans education benefits should no longer be reported in SFA, as they are no longer considered Estimated Financial Assistance for Federal Student Aid purposes.

Data Reporting Reminders

Groups

Throughout this component, you will be asked to report information for different groups of students.

- **Group 1:** All undergraduate students
- **Group 2:** Of Group 1, full-time, first-time degree/certificate-seeking students
- **Group 3:** Of Group 2, students who paid the in-state/in-district tuition rate and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution
- **Group 4:** Of Group 2, students who paid the in-state/in-district tuition rate and were awarded any Title IV federal student aid

Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.

College Affordability and Transparency Lists

Net price amounts calculated in SFA will be used to populate the Department's College Affordability and Transparency lists.

Interactive Edits and Error Messages

SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at 1-877-225-2568 for resolution.

Context Boxes

You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

Reason:	This is correct to the best of my knowledge. With such a small number of loans across years in this category, these can show more fluctuation.

Screen: Part E - Enter Information about Group 4				
Screen Entry	The number entered is outside the expected range when compared with last year's value. Please explain. (Error #7169)	Explanation	Yes	Back to survey data
Reason:	As per our Financial Aid Director, this trend of more students living at home coincides with the economy and students tending to move back or stay at home with their parents.			
Screen Entry	The average amount of grant and scholarship aid awarded is smaller than expected for this income level in comparison with the other income levels. Please check the values entered for the number of students in Group 4 who were awarded aid and the total amount of grant and scholarship aid awarded to these students and explain. (Error #7317)	Explanation	Yes	Back to survey data
Reason:	Nearly all aid given to the highest two income categories was Federal Work Study. As we are only reporting grant/scholarship aid, a very small number of cases remain for these two income groups, and given the small numbers, these amounts can fluctuate greatly, thus making the averages appear off. These amounts are correct.			
Screen Entry	The total number of Group 4 students who were awarded any Title IV aid across all income levels is outside of the expected range based on the prior year value. Please fix or explain. (Error #7333)	Explanation	Yes	Back to survey data
Reason:	This Fall term had higher enrollment counts as well as more financial need than the prior Fall term.			
Screen Entry	The total amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution across all income levels is outside of the expected range based on the prior year value. Please fix or explain. (Error #7332)	Explanation	Yes	Back to survey data
