PARKLAND COLLEGE
TRANSFER PROGRAM GRADUATE FOLLOW-UP SURVEY
CLASS OF 2007-2008

Introduction

The Parkland College Transfer Program Graduate Follow-Up Survey was administered to the Class of 2007-2008 by Institutional Accountability & Research (IAR) and the Career Center (CC).

Methodology

CC and a faculty advisory committee developed the survey instrument from the Student Occupational Follow-Up Survey questionnaire. In this study, graduates were asked questions that were pertinent only to the baccalaureate/transfer programs.

IAR was responsible for mailing and CC for following up on surveys. The combined efforts generated a response rate of 49.3%. Four hundred sixty nine (469) graduates of baccalaureate/transfer programs were initially contacted approximately six weeks after graduation. Non-respondents were mailed a second survey three weeks later. The remaining non-respondents were contacted by telephone calls starting three weeks following the second mailing.

IAR was responsible for data entry, analysis and reporting.

Results

Data are presented in Table 1 on response rates and Tables 10-20 on students' objective in attending college; planned objective for the next semester; satisfaction ratings on major and outside major program of study, student services, academic and college services; perceptions of Parkland's contribution to graduate improvement; and the name of the institution to which they plan to transfer. Data by gender, ethnicity and age group are compiled in Tables 2-9. Tables 21 and 22 reflect perceptions of Parkland's contribution to graduates' improvement in reading, writing, speaking, doing math, and solving problems.

Questions on data presented in this report should be directed to:
