1	Perform Edits	Current year completions (49) are not within the expected range when compared to completions (3) reported in the prior year for: men, 2-digit field (47), award level (1). Please explain or correct.	Explanation	Yes
Reason:	Last year, we were in the middle of a transition to a new administrative data system, and it is probable that some of the completions for last year were under-reported. The completions for several areas of study this year were able to be captured more effectively than last year; hence the jump in completions.
