Overview

Graduation Rates 200 Overview

The Graduation Rate 200 component of the IPEDS survey is a further extension of the traditional Graduation Rate component. GR200 carries over 100% and 150% graduation rate data from previous cohorts and requests any additional completers and exclusions between 151% and 200% of normal time to completion.

Data Reporting Reminders

The reporting of data for the 200% completion period is not cumulative. Respondents are asked to report data for the time period between 151% and 200% of normal time to completion only.

Changes for 2011-12

An item has been added (Line 9) to collect the number of students still enrolled as of 200% of the normal time to completion of their program. This was added to provide additional information about the status of non-completers.
