Institution: Parkland College (147916)

User ID: P1479161

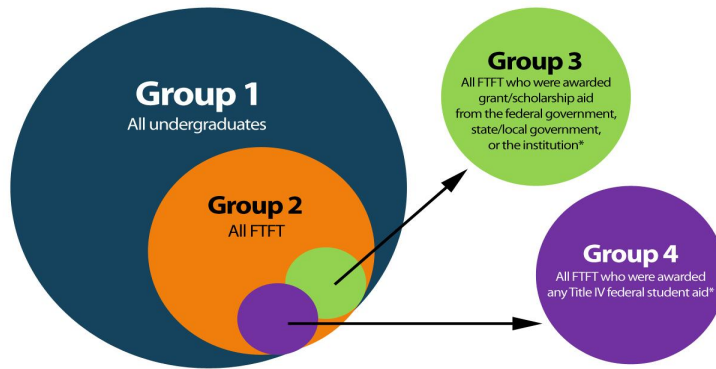

Overview

IPEDS Student Financial Aid Component Overview - Public Academic Reporters

Welcome to the Student Financial Aid (SFA) component. The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students and military/veteran educational benefits for all students at your institution.

Data Reporting Reminders:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.
- Undergraduate Student Groups
You will be asked to report information for different groups of students.
 - Group 1: All undergraduate students
 - Group 2: Of Group 1, full-time, first-time degree/certificate-seeking students (FTFT)
 - Group 3: Of Group 2, FTFT students who paid the lower of in-state/in-district tuition rate and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution
 - Group 4: Of Group 2, FTFT students who paid the lower of in-state/in-district tuition rate and were awarded any Title IV federal student aid

*For public institutions, include only those students paying the in-state or in-district tuition rate. For program reporters, include only those students enrolled in the institution's largest program.

- COA Revisions
Revisions to Cost of Attendance (COA) used to calculate the net price of attendance can be made in this component. Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.
- College Affordability and Transparency Lists
Net price amounts calculated in SFA will be used to populate the U.S. Department of Education's College Affordability and Transparency lists.
- Interactive Edits and Error Messages
SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at (877) 225-2568 for resolution.
- Context Boxes
You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

Changes to reporting:

The following changes were implemented for the 2022-23 data collection period:

- Degree/certificate-seeking and non-degree/certificate-seeking data items were added in Parts A and B to disaggregate financial aid award amounts reported in Part B by these student categories.
- New FAQs were added to clarify concepts.
- Minor wording changes were made for clarification.

Resources:

- To download the survey materials for this component: [Survey Materials](#)
- To access your prior year data submission for this component: [Reported Data](#)

If you have questions about completing this survey, please contact the IPEDS Help Desk at 1-877-225-2568.

Section 1: Comparison Chart

Comparison Chart

Reporting Reminders:

- Based on the information reported on the previous screens for Group 1 (all undergraduates) and Group 2 (full-time, first-time degree/certificate-seeking undergraduates), this comparison chart seeks to help institutions check their reported data. Assuming that the information on Groups 1 and 2 is correct, then the calculated fields for 'All Other Undergraduates' should be the balance (Group 1 minus Group 2). If the balance does not check with your institution's calculations, please correct your reported numbers for Groups 1 and 2 before moving forward with the completion of the SFA survey component.

Note:

- Data for the 'All Other Undergraduates' will appear in the IPEDS Data Center for data users, but not in College Navigator.

Section 1: Cost of Attendance

Cost of attendance for full-time, first-time undergraduate students

Reporting Reminders:

- Please enter the amounts requested below. These data will be made available to the public on College Navigator. If your institution participates in any Title IV programs (Federal Pell Grant, Federal Direct Loan, etc.), you must complete all information.
- Estimates of expenses for books and supplies, room and board, and other expenses are those from the **Cost of Attendance report** used by the financial aid office in determining financial need. Please talk to your financial aid office to get these numbers to ensure that you are reporting correctly.
- These numbers are carried forward from Institutional Characteristics and should only be changed if an error was made in the reporting.

- Report for **Post-9/11 GI Bill Benefits**: July 1, 2021 - June 30, 2022.
- Report for **Department of Defense Tuition Assistance Program**: October 1, 2021 - September 30, 2022
- **Program reporters should be reporting the information on this screen for ALL programs (not just the largest program).**

Reporting Reminders:

- Report the total number of student recipients and the total dollar amounts for each program.
- Student recipients can also include eligible dependents.
- Student recipients may be listed in both categories.
- Consult with your campus certifying official, who may not be in the student financial aid office.
- For Post-9/11 GI Bill Benefits, do not include the matching institutional aid provided through the Yellow Ribbon Program if your school participated.
- Information reported to IPEDS is only what is known to the institution.
- Enter zero (0) if your institution did not have beneficiaries for that student level or program. Please do not leave a cell blank.

Summary

IPEDS Student Financial Aid (SFA) Survey Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2023.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Edit Report

Student Financial Aid

Source	Description	Severity	Resolved	Options
Global Edits				
Perform Edits	You reported 247 full-time, first-time undergraduate students awarded Pell Grant aid; 33 full-time, first-time undergraduate students paying out-of-state tuition; 18 full-time, first-time students of unknown residency; and 178 in-state Title IV full-time, first-time undergraduate students that were awarded any grant or scholarship aid from the federal government, state/local government, or the institution (part E, line 04f, column 2). Based on your reported data, the minimum number of full-time, first-time undergraduate in-state Pell Grant awardees is 196. Since Pell Grants are both Title IV aid and grant aid, the reported value in part E, line 04f, column 2 should be greater than or equal to this value. Please make any necessary corrections, or contact the IPEDS Help Desk for assistance. (Error #7810)	Fatal	Yes	
Reason	Overridden by administrator. This discrepancy is incorrect. Group 4 contains only those students paying the in-district tuition rate (n=211) and is smaller than the number of Pell recipients in Group 2 (n=247) as it is expected to be given, that Group 2 includes all FTFT students, not just in-district. Reason	The amount of aid awarded for CARES grants increased.

Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	The amount of aid awarded for CARES grants increased and the amount of Illinois state MAP grants also increased. Therefore, the amount of need for loans decreased.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 9,119 and 9,693 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	With such a small number of students receiving 'other loans' (N=7), the average amount awarded will fluctuate from year to year.

Screen Entry	The number entered is outside the expected range of between 70 and 128 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason	Based on the new language in the instructions and per direction from IPEDS help desk, we modified Group 3 to only include in-district students (excluded out-of-state students because they pay higher tuition than in-district students). In previous years, we included both in-district and in-state students.			
Screen: Part E - Enter Information about Group 4				

Screen Entry	The number entered is outside the expected range of between 78 and 144 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason	Based on the new language in the instructions and per direction from IPEDS help desk, we modified Group 4 to only include in-district students (excluded out-of-state students because they pay higher tuition than in-district students). In previous years, we included both in-district and in-state students.			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason	Based on the new language in the instructions and per direction from IPEDS help desk, we modified Group 4 to only include in-district students (excluded out-of-state students because they pay higher tuition than in-district students). In previous years, we included both in-district and in-state students.			
Screen Entry	The total number of Group 4 students who were awarded any Title IV aid across all income levels is outside the expected range of between 225 and 375 based on the prior year value. Please correct your data or explain. (Error #7333)	Explanation	Yes	
Reason	Based on the new language in the instructions and per direction from IPEDS help desk, we modified Group 4 to only include in-district students (excluded out-of-state students because they pay higher tuition than in-district students). In previous years, we included both in-district and in-state students.			
Screen Entry	The number entered is outside the expected range of between 304 and 562 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason	Based on the new language in the instructions and per direction from IPEDS help desk, we modified Group 4 to only include in-district students (excluded out-of-state students because they pay higher tuition than in-district students). In previous years, we included both in-district and in-state students.			
Screen Entry	The number entered is outside the expected range of between 116 and 214 when compared with the prior year value. Please correct your data or explain. (Error #7169) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	
Reason	This year 37% of group 4 live with family. Last year 38.1% of group 4 lived with family. That percentage is very close.			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	
Reason	Line 04a average is lower than the average in line 04b. 04b has such a small number of students (N=18), that the amount given to a couple of students can greatly influence the 04b average.			
Screen Entry	The total number of Group 4 students who were awarded any Title IV aid across all income levels is outside the expected range of between 325 and 541 based on the prior year value. Please correct your data or explain. (Error #7333) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	
Reason	From Fall 2019 to Fall 2020, enrollment was down 6.3% so the number of students in Group 4 who received Title IV aid is lower.			
Screen Entry	The total amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution across all income levels is outside the expected range of between 1,459,631 and 2,432,717 based on the prior year value. Please correct your data or explain. (Error #7332) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	
Reason	The number of students awarded Title IV aid is much lower this year compared to last year. Therefore the total amount of Column 3 aid to this group is lower.			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	

Reason	Line 04a average is lower than the average in line 04b. 04b has such a small number of students (N=15), that the amount given to a couple of students can greatly influence the amount in 04b. Also, although the average in column 4 is calculated by dividing the sum amount by ALL students in the line (N=371), when I looked at the average amount of grant aid given to students in line 04a ONLY for those students who received SOME grant aid, students in line 04a received higher amounts of grant aid than line 04b.
