

Student Financial Aid 2023-24

Institution: Parkland College (147916)

User ID: P1479161

Overview

IPEDS Student Financial Aid Component Overview - Academic Reporters

Welcome to the Student Financial Aid (SFA) survey component. The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students and military/veteran educational benefits for all students at your institution.

Data Reporting Reminders:

- Report data to accurately reflect the period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.

- Undergraduate Student Counts

You will be asked to report information for:

- All undergraduate students
- Full-time, first-time degree/certificate-seeking undergraduate students (FTFT)
- FTFT undergraduate students who (paid the lower of in-state/in-district tuition rate for public institutions and) were awarded any grant/scholarship aid from the federal government, state/local government, or the institution
- FTFT undergraduate students who (paid the lower of in-state/in-district tuition rate for public institutions and) were awarded any Title IV federal student aid

- COA Revisions

Revisions to Cost of Attendance (COA) used to calculate the net price of attendance can be made in this component.

Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.

- College Affordability and Transparency Lists

Net price amounts calculated in SFA will be used to populate the U.S. Department of Education's College Affordability and Transparency lists.

- Interactive Edits and Error Messages

SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at (877) 225-2568 for resolution.

- Context Boxes

You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the public.

Changes to reporting:

The following changes were implemented for the 2023-24 data collection period:

- Removed the 'Groups terminology'
- Renumbered lines on screens and in instructions
- Reiterated instructions on what is reported in each part for specific students and reporting periods
- Rephrased "room and board" terminology in survey materials to "food and housing," including Glossary terms
- Added FAQ regarding inclusion of incarcerated students
- Revised FAQ regarding experimental site participants

Resources:

- To download the survey materials for this component: [Survey Materials](#)
- To access your prior year data submission for this component: [Reported Data](#)

If you have questions about completing this survey, please contact the IPEDS Help Desk at 1-877-225-2568.

Section 1: Comparison Chart

Comparison Chart

Reporting Reminders:

- Based on the information reported on the previous screens for all undergraduate students and full-time, first-time degree/certificate-seeking undergraduate students, this comparison chart seeks to help institutions check their reported data. Assuming the information reported is correct, the calculated fields for 'All Other Undergraduate students' should be the balance. Similarly, comparison chart values for all degree/certificate and all non-degree/ certificate undergraduates should match the total reported in columns 1-4 in Section 1, Part B. If the balance does not check with your institution's calculations, please correct your reported numbers before moving forward with the completion of the SFA survey component.
- Data for all degree/certificate seeking undergraduate students and full-time, first-time undergraduate students are published on College Navigator.

Note:

- Data for the 'all other degree/certificate undergraduate' students and all non-degree/certificate undergraduate students will appear in the IPEDS Data Center for data users, but not in College Navigator.

Cost of attendance for full-time, first-time undergraduate students

Reporting Reminders:

- These numbers are carried forward from Institutional Characteristics (IC) Survey and should only be changed if an error was made in the reporting.
- Please review the amounts below for accuracy and consistency with your institution's records. These data will be made available to the public on College Navigator. If your institution participates in any Title IV programs (Federal Pell Grant, Federal Direct Loan, etc.), all information must be reported.
- Estimates of expenses for books and supplies, food and housing, and other expenses are those from the **Cost of Attendance report** used by the financial aid office in determining financial need. Please talk to your IC Survey data reporter before changing these numbers to ensure the data is correct.

Important Note:

- Report for **Post-9/11 GI Bill Benefits**: July 1, 2022 - June 30, 2023.
- Report for **Department of Defense Tuition Assistance Program**: October 1, 2022 - September 30, 2023

Reporting Reminders:

- Report program student counts and disbursed amounts known to the institution for the Veteran's Affairs and Department of Defense programs listed.
- Report unduplicated student counts within a category (e.g., Post 9/11 GI Bill Benefits), however, a student can appear in both categories (i.e., a student can be counted as a Post 9/11 GI Bill Benefits recipient and a Department of Defense Tuition Assistance recipient).
- Student recipients can also include eligible dependents.
- Consult with your campus certifying official, who may not be in the student financial aid office.
- For Post-9/11 GI Bill Benefits, do not include the matching institutional aid provided through the [Yellow Ribbon Program](#) if your school participated.
- Do not leave a cell blank. Enter zero (0) if your institution did not have beneficiaries for the financial assistance program or program level.

Student Financial Aid Component Summary

The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the [College Navigator](#) website and/or your institution's Data Feedback Report (DFR). In addition, all data reported in IPEDS survey components become publicly available through the [IPEDS Use the Data](#) and appear as aggregated statistics in various Department of Education reports. [College Navigator](#) is updated approximately three months after the data collection period closes and DFRs will be available through the [IPEDS Use the Data](#) and sent to your institution's CEO at the end of 2024.

Please review your data for accuracy. If you have questions about the data displayed below or after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Student Financial Aid

Source	Description	Severity	Resolved	Options
Screen: Page 2 - Full-time, first-time degree/certificate-seeking undergraduate students				
Screen Entry	The average amount of this type of aid awarded to FTFT Undergraduate students is outside the expected range of between 3,958 and 4,532 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	The maximum Pell grant increased from last year.			
Screen Entry	The average amount of this type of aid awarded to FTFT Undergraduate students is outside the expected range of between 1,786 and 2,360 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	In Fall 2021, federal grant aid included HEERF grants. In Fall 2022, Parkland did not receive any HEERF grants. This accounts for the difference in the number of students receiving federal aid. If you excluded HEERF grants in Fall 2021, only 371 students would have received federal grants/scholarships.			
Screen Entry	The average amount of this type of aid awarded to FTFT Undergraduate students is outside the expected range of between 4,050 and 4,624 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	In FY22, federal grant aid included HEERF grants. In FY23, Parkland did not receive any HEERF grants. This changed the number of students receiving federal grants and the amount of money that they received in comparison with the previous year.			
Screen Entry	The average amount of this type of aid awarded to FTFT Undergraduate students is outside the expected range of between 1,130 and 1,704 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	Last year (Fall 2021) included HEERF grants, but we did not have any HEERF grants in Fall 2022. Many of those HEERF grants were smaller amounts of money. Therefore, the Fall 2021 average amount was lower than usual. Fall 2022 was a return to normal amounts.			
Screen Entry	The average amount of this type of aid awarded to FTFT Undergraduate students is outside the expected range of between 5,029 and 5,603 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	In Fall 2021, federal grant aid included HEERF grants. In Fall 2022, Parkland did not receive any HEERF grants. The HEERF grants tended to be smaller amounts of money, so without that for Fall 2022, the average award is higher.			
Screen Entry	The average amount of this type of aid awarded to FTFT Undergraduate students is outside the expected range of between 10,245 and 10,819 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	Private loans can be for any amount, so the amount can fluctuate greatly from year to year. This is especially true since the number of students in this group is so small.			
Screen: Cost of Attendance				
Screen Entry	This value is expected to be within 25% of the prior year amount. Please correct your data or explain. (Error #7238)	Explanation	Yes	
Reason	The cost of transportation increased more than typical. Misc expenses also increased.			
Screen Entry	This value is expected to be within 25% of the prior year amount. Please correct your data or explain. (Error #7238)	Explanation	Yes	
Reason	The cost of transportation increased more than typical. Misc expenses also increased.			
Screen: Full-time, first-time degree/certificate-seeking undergraduate students				
Screen Entry	The number entered is outside the expected range of between 43 and 79 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason	We are unaware of any systematic reason that 35% of students in this group were living with family as opposed to 29% in the prior year.			
Screen Entry	The number entered is outside the expected range of between 70 and 128 when compared with the prior year value. Please correct your data or explain. (Error #7169) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	

Reason	Based on the new language in the instructions and per direction from IPEDS help desk, we modified Group 3 to only include in-district students (excluded out-of-state students because they pay higher tuition than in-district students). In previous years, we included both in-district and in-state students.			
Perform Edits	The average amount of aid per grant/scholarship awardee (10,545) for 2022-23 in the "\$110,001 and more" income group is larger than expected based on the cost of attendance(0). Please review your data and make any necessary corrections or explain the discrepancy. (Error #7392)	Explanation	Yes	
Reason	There are only 3 students in this group. Since this is such a small group and the amount for private loans is not limited, this average can vary a lot from year to year.			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to FTFT awarded Title IV Aid students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason	We would expect the amount of aid to increase each year as cost of living increases. For example, the maximum Pell grant amount increased from last year to this year.			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to FTFT awarded Title IV Aid students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason	There are only 4 people in this group. With such a small number of students, the average amount will vary a lot from year to year.			
Screen Entry	The total amount of grant or scholarship aid awarded to FTFT awarded Title IV Aid students from the federal government, state/local government, or the institution across all income levels is outside the expected range of between 716,964 and 1,194,940 based on the prior year value. Please correct your data or explain. (Error #7332)	Explanation	Yes	
Reason	There are more students this year than last year. We would also expect the amount of aid to increase each year as cost of living increases. For example, the maximum Pell grant amount increased from last year to this year.			
Screen Entry	The number entered is outside the expected range of between 78 and 144 when compared with the prior year value. Please correct your data or explain. (Error #7169) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	
Reason	Based on the new language in the instructions and per direction from IPEDS help desk, we modified Group 4 to only include in-district students (excluded out-of-state students because they pay higher tuition than in-district students). In previous years, we included both in-district and in-state students.

Screen Entry	The total number of FTFT awarded Title IV Aid students who were awarded any Title IV aid across all income levels is outside the expected range of between 225 and 375 based on the prior year value. Please correct your data or explain. (Error #7333) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes

Reason	Line 04a average is lower than the average in line 04b. 04b has such a small number of students (N=18), that the amount given to a couple of students can greatly influence the 04b average.
