

# Going to the Planetarium

My Field Trip Story

Today I am going on a field trip! I'm so excited!

First, I will get off the bus and walk into the lobby.

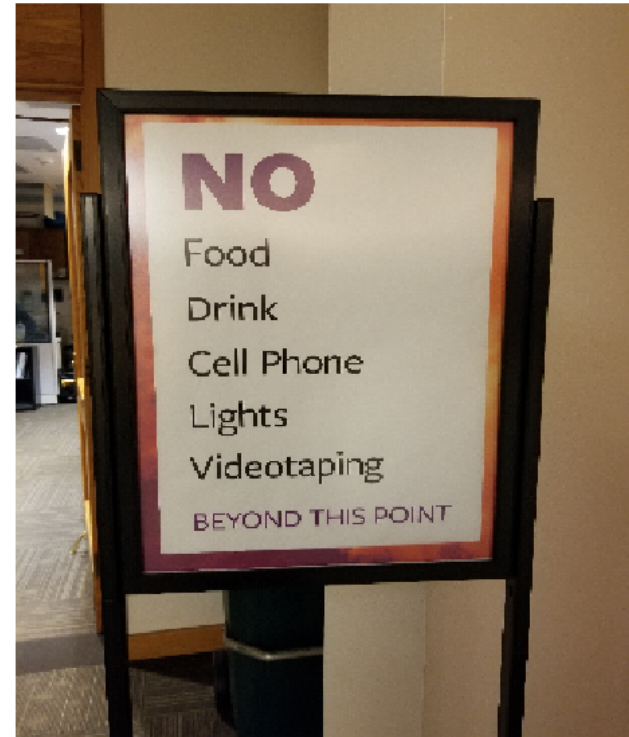

Next, I line up in the lobby and wait with my class for instructions.

If I need to use the bathroom, I should ask my teacher first!

There are some rules I need to follow before I go into the theatre.

They are easy! I need to stay in my seat, use my quiet voice, and not use my phone or lights.

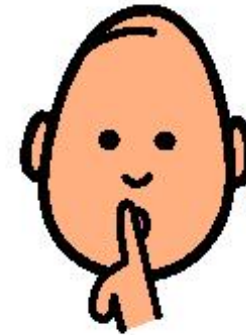

I will line up with my classmates to go inside of the theatre!

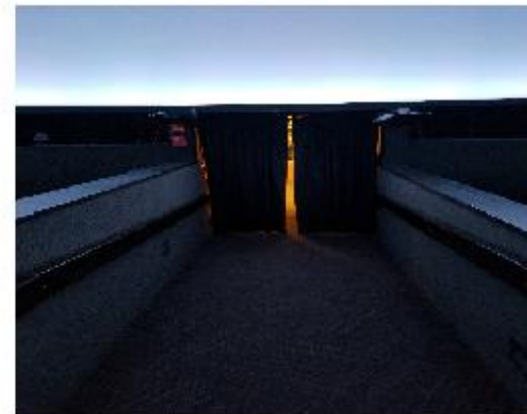

Once I go inside, I will find a seat. It's almost time!

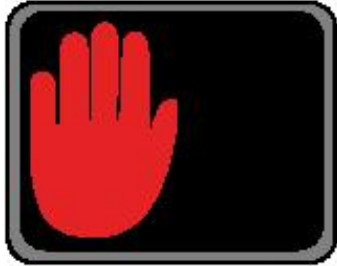

If I need to leave, I should tell my teacher quietly, so I don't interrupt.

Once I tell my teacher, I will exit to the door on the right that has the black curtains over it.

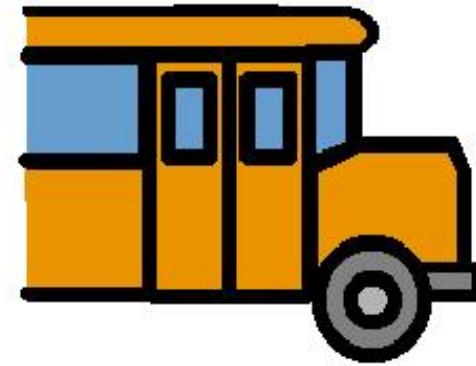

I need to wait in my seat until the lights come on.

My teacher will give me instructions to exit the Planetarium.

It is time to get on the bus to go home.

I had such a great field trip. The Planetarium is a cool place and I hope to come back soon!
