

# Going to the Planetarium

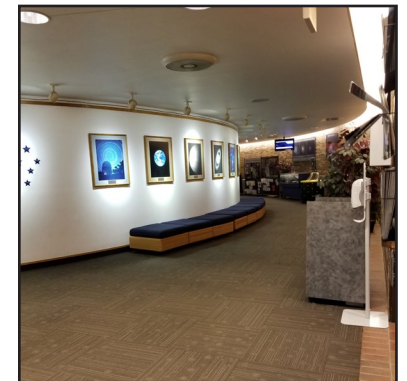

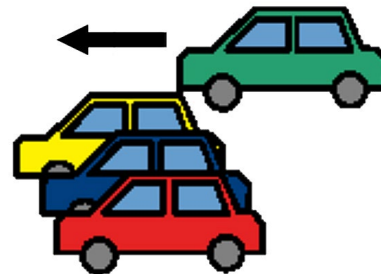

## My Public Show Social Story

I am going to the Planetarium today with my family, and I can't wait!

First, we need to park the car in the parking lot, then walk to the Planetarium lobby.

Once we get inside, we need to wait in line to get tickets for the show.

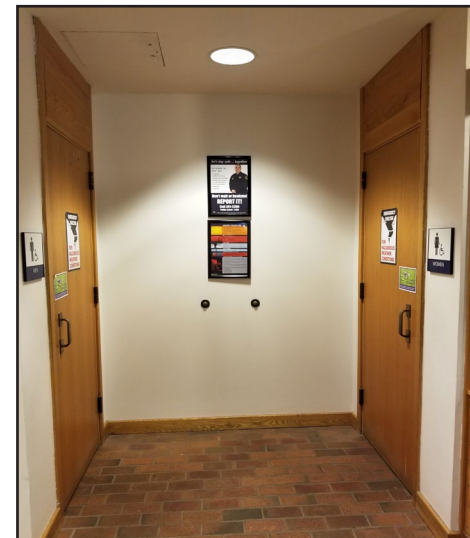

If my parents say it's okay, I can even buy something from the gift shop.

After we buy the tickets, we wait in the lobby and look at the displays.

This is a good time to use the bathroom.

**There are some rules I need to follow to make sure I have a great time!**

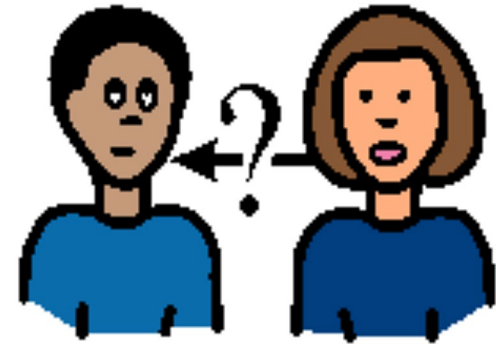

**They are easy! I need to stay in my seat, use my quiet voice, and not use my phone or lights.**

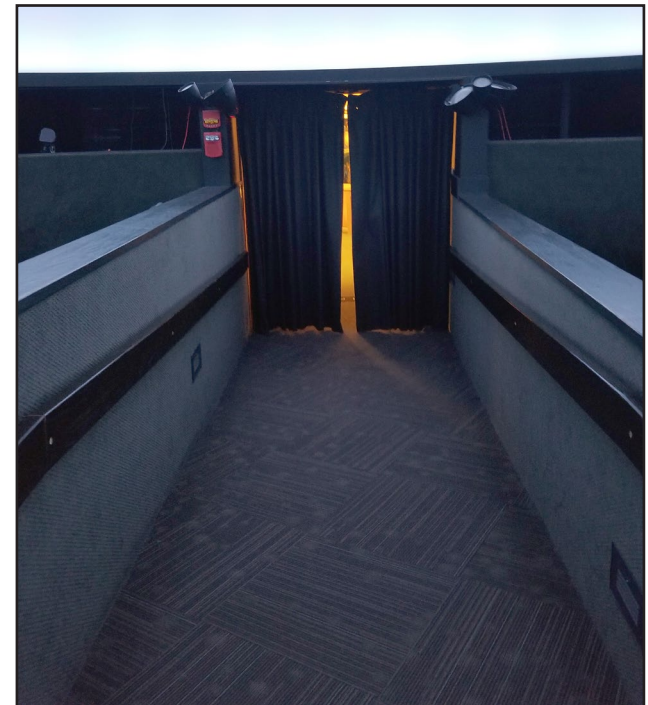

**Once I'm ready to follow the rules, I can walk inside the theatre!**

**If I need to get up and leave, I should first ask my parent.**

**Then, I can exit to the door on my right. It has black curtains over it!**

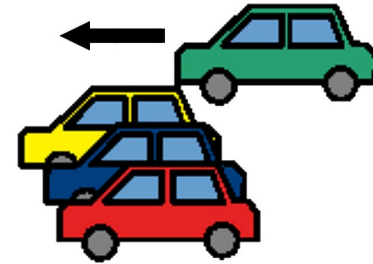

The show is all done! Now, I need to stay in my seat until the lights turn on and the presenter is done speaking.

I exit through the open doors on the right.

Next, I exit the Planetarium with my family and go home.

It is time to go home. I had so much fun! I learned so much about planets!
