### **Parkland College Department of Public Safety**

Information provided herein is part of Parkland College's commitment to safety and security, to ensure compliance with the federal Student Right-to-Know Act and the Crime Awareness and Campus Security Act of 1990 (also known as the Clery Act).

*Parkland College Police will, with all due diligence, preserve the safety of all patrons of the college.*

Welcome to Parkland College.

On behalf of the women and men who form the Department of Public Safety, I would like to thank you for visiting or taking classes at our beautiful, award-winning campus!

Parkland College provides this report as a means of informing you of the policies put into place to help ensure your safety while you are on our campus, as either a visitor, a student, or a college employee. Within this report, you will find many ways in which our department works with the college to maintain an atmosphere that is conducive to the learning environment.

Each year, Parkland College embraces a diverse student body of more than 10,000 students as well as 500 employees and countless visitors. Department of Public Safety officers will be the most recognizable members of the college community that you may encounter, as we are a uniformed department with certified police officers on campus 24 hours a day, seven days a week.

Public Safety police officers provide a law enforcement function for the college, investigating criminal activity and making arrests if/when needed. Parkland must report information regarding all criminal activity at our campus and/or arrests made by our police officers to the U.S. Department of Education on an annual basis.

As a potential or current student, employee, or guest of the college, you have a right to know the information contained in this report, presented in compliance with the Clery Act of 1991. If you have any questions regarding the details you find herein, please do not hesitate to contact me or the department's Clery compliance officer; we will be glad to offer any further insight or clarification you might need.

Again, welcome to Parkland College, and please enjoy our campus while you are here!

Sincerely,

William P. Colbrook  
Director of Public Safety/Chief of Police  
Parkland College

## Parkland College Department of Public Safety: An Overview

The Parkland College Department of Public Safety (hereinafter also “Public Safety”) provides law enforcement and security services to Parkland College. The department is comprised of state- certified police officers, security officers, telecommunicators, and civilian support staff.

### **Police Division**

Parkland College police officers are certified by the Illinois Law Enforcement Training and Standards Board. The police department’s legal mandate and authority is derived from Illinois Compiled Statutes, Chapter 110 Section 805/3-42.1, 1993. This authorizes community colleges to have members be conservators of the peace and as such, all powers possessed by police officers, including enforcement of all traffic and criminal laws either state or municipal.

The statutes authorize law enforcement officials’ jurisdiction, county wide, of the counties contained within Community College District #505. Parkland College District 505 includes the following counties: Champaign, Coles, DeWitt, Douglas, Edgar, Ford, Iroquois, Livingston, McLean, Moultrie, Piatt, and Vermillion.

Public Safety is authorized to enforce the rules and regulations of Parkland College in the following ways: dispersing activities not permitted under campus guidelines; issuing of parking tickets; verbal warning to cease unauthorized activity; escorting violators from campus facilities; and making lawful arrests (including state felonies, state misdemeanors, and city ordinance violations).

In addition, our agency has sophisticated communications and radio systems to provide for instant communication between local and state agencies in times of emergency.

Please visit Public Safety’s website at [www.parkland.edu/police](http://www.parkland.edu/police). This site includes detailed information about our services, along with a telephone directory of key department personnel.

### **Security/Support Division**

The Security/Support Division of the Parkland College Department of Public Safety is supervised by the Associate Director. The Associate Director is in charge of NIMS compliance and National Campus Safety Initiative compliance, and also serves as the emergency coordinator for the campus.

Public Safety security officers work closely with our police officers, constantly patrolling college properties and assisting employees and visitors in accessing campus facilities. They are non-sworn, uniformed officers who cannot arrest, but who will call police when necessary.

Public Safety also utilizes telecommunicators for office operations. The telecommunicators are responsible for answering radio traffic, handling phone inquiries, and assisting Parkland patrons who

walk up to the office. They are also responsible for records management and employee key distribution.

## Memorandums of Understanding

The Parkland College Department of Public Safety maintains close working relationships and has established Memorandum of Understanding Agreements with the following agencies: Champaign Police Department (CPD), Champaign County Sheriff's Office (CCSO), Illinois State Police (ISP), University of Illinois Police (UIPD), Urbana Police (UPD), and other law enforcement agencies.

Public Safety works closely with these agencies when incidents arise that require joint investigative efforts, resources, crime-related reports, and exchanges of information as deemed necessary. There is a county-wide Mutual Aid Agreement between the aforementioned agencies and other agencies within Champaign County.

We rely on these relationships for support on several levels. In addition to sharing critical information, Public Safety has immediate contact with 911 services through Champaign Police and Fire Departments and METCAD. This arrangement gives Parkland College immediate access to mutual aid and support from all area emergency service agencies.

## Safety and Crime Prevention Information

The Parkland College Department of Public Safety is committed to providing information regarding campus safety, security, and crime prevention. This information may be disseminated and/or communicated as follows (but is not limited to these measures):

- Classroom talks are given at various times throughout the year at the request of instructors on a variety of campus issues.
- Brochures are available on various topics (domestic violence, identity theft, sexual assault and parking regulations) at the main office (Room X109), satellite offices (Rooms U136, X110), and various places on campus.
- *Plan, Prepare, and Protect*, a campus safety presentation to faculty and staff, is given at various times throughout the year.
- Rape Aggression Defense System (R. A. D.) classes are offered at various times to women. This class is usually offered in four three-hour sessions and includes lecture, discussion, and self-defense techniques. [www.rad-systems.com](http://www.rad-systems.com)
- Safety information is addressed in Parkland's *Prospectus* student newspaper.
- Information can be obtained through the Public Safety website: [www.parkland.edu/police](http://www.parkland.edu/police)
- Information may also be available at <http://my.parkland.edu> (web-based student/faculty portal site) and [www.parkland.edu](http://www.parkland.edu), the college's website.

Public Safety will facilitate (per departmental discretion) various awareness campaigns based on the Public Safety education calendar and with consideration for specific needs of the college.

All students, employees, and guests are encouraged to promptly report incidents of crime, suspicious activity, and emergencies as noted below:

## **Off-Campus Crime Reporting**

Parkland College relies on close working relationships with local law enforcement agencies to receive information about incidents involving students on campus. The Department of Public Safety will actively investigate any allegation of crime it receives concerning or involving a member of the campus community. If the college is notified of a situation in which a campus member is the victim of a crime, Public Safety may issue a Campus Safety Alert. This alert will detail the incident and provide information so that the campus and affiliated community members will be made aware of the particular crime activity, as a measure to insure the prevention of any increased crime activity.

When off campus, members of the Parkland College community are encouraged to report all crimes

and public safety incidents to the local police agency in a timely manner. In cases of emergency, call 9-1-1.

## Campus Safety and Security

### Timely Warning/Emergency Warning Notices

Timely Warning – The Clery Act requires the campus community to be alerted of certain crimes in a manner that is timely and will aid in the prevention of similar crimes. A timely warning is issued when a crime involving Clery statistics presents a serious or continuing threat to students and employees.

Emergency Warning/Notification – Any significant emergency or dangerous situation involving the immediate threat to the health or safety of students or employees on the campus.

In the event a situation arises either on or near campus that, in the judgment of the Director of Public Safety (or his designee) or other senior Parkland official(s), constitutes an ongoing or continuing threat to the campus community, a campus-wide “Timely Warning” or “Emergency Warning” notice will be issued. The warning may be issued with use of any or all of the following communication options:

- **Mass Notification System.** The IRIS Alert (Immediate Response and Information System) provides for voice and/or text messaging and email through Parkland and private mobile phone equipment
- College-wide “pop-up” messaging for all campus computers logged on to the college network
- Posting information on <http://my.parkland.edu> (web-based portal site) and [www.parkland.edu](http://www.parkland.edu)
- Publication in the student newspaper, *The Prospectus*

The relational resources held within the multiple college departments will be activated to optimize communication.

Anyone with information believed to warrant a timely or emergency warning should report the circumstances to the Department of Public Safety, by phone (217/351-2369) or in person (Room X109). Contact may also be established through direct communication to any faculty or staff member, who is then responsible to immediately contact Public Safety. In any emergency, it is always appropriate to contact local emergency services at 9-1-1.

Public Safety is committed to a continual partnership with Parkland College administrators, department chairs, and community emergency response agencies to ensure that adequate policies, training programs, and resources are in place to prevent violence and crime on college property as well to provide timely warnings regarding the same.

### Access to Campus Facilities

Access to Parkland College campus buildings and grounds is a privilege extended to students, faculty, staff, and authorized guests. The college encourages an open environment with limited constraints to ensure the reasonable protection of all members of the campus community. Most campus facilities are open during the weekday business hours. Individuals who wish to access college buildings or property during nonbusiness hours or for special events should contact the appropriate department chair and/or Public Safety.

### **Special Permissions – Building Access**

Arrangements to open buildings for special programs that are scheduled throughout the college should be made with the Parkland College Department of Public Safety utilizing the 25Live scheduling software system. Upon request, faculty and staff will be given access to their offices. Faculty and staff can use their faculty/staff ID to enter the building. Students are not allowed on campus after normal business hours without faculty or staff supervision.

### **Security Considerations – Maintenance of Campus Facilities**

Parkland College is committed to campus safety and security. Exterior lighting and landscape control is a critical part of that commitment. Representatives from various departments continually conduct security surveys to ensure campus lighting is adequate and that the landscape is appropriately controlled. Department members conduct routine checks of lighting on campus during regularly assigned patrol duties. If lights are out or dim, officers will initiate a work order, which is acted upon by representative(s) of the Parkland College Physical Plant, usually within 24 hours or next business day. We encourage community members to report any deficiency in lighting to the Physical Plant at 217/373-3769. Any guest or community member who has a concern about physical security should contact Public Safety at 217/351-2369.

Public Safety and Physical Plant representatives work together to identify inoperative locking mechanisms. We encourage community members to promptly report any locking mechanism deficiency to the Physical Plant Department at 217/373-3769, or to the Department of Public Safety at 217/351-2369.

Public Safety is available to respond to calls for service regarding unsafe facility conditions or for personal safety and property protection. These conditions may also include unsafe steps or handrails, unsafe roadways on campus, and unsecured equipment.

### **Workplace/Campus Violence**

Parkland College will not tolerate violence or threats on campus or in connection with college events. Individuals who violate this policy statement may be subject to disciplinary action up to and including employment termination or expulsion. Individuals who intentionally bring false charges against another may also be subject to disciplinary action up to and including employment termination or expulsion.

### **Crisis Management Team**

Parkland College is concerned for the safety and well-being of its students, faculty, staff, and visitors. In response to this concern, we have created a Crisis Management Team.

In the event of a large-scale emergency on campus, the Crisis Management Team is responsible for managing the crisis and the aftermath. Once the immediate emergency is over, the Crisis Management Team assists in returning the campus to normal functioning as soon as possible. The Crisis Management Team determines what services are needed to meet the needs of those impacted by the disaster and makes arrangements for those services to be provided.

The Vice President for Student Services will serve as Director of the Crisis Management Team. The Crisis Management Team includes the following Parkland College representatives:

Vice President for Student Services

Director of Public Safety

Director of Community Relations

Director of the Counseling and Advising Center

Administrative representative from the area or areas directly impacted by the emergency (Department Chair, Director of Physical Plant, Campus Technology, other vice presidents, etc.) as determined by the Crisis Management Team Director.

### **Behavioral Intervention Team (BIT)**

Parkland College is committed to providing an environment in which individuals are free to work, learn, and teach, unencumbered and uninhibited by threat of intimidation and harm.

The [Behavioral Intervention Team](#) was created to address potential behavioral concerns with individuals. Since faculty, staff, and friends are often among the first to notice when a member of the Parkland College community is distressed or behaving in a potentially dangerous or disruptive manner, the BIT has created a “Person of Concern” confidential report. The BIT will use a collaborative approach to assess and proactively respond when an individual’s behavior causes concern. The Parkland College Behavioral Team Members include:

Vice President of Student Services

Dean of Students

Director of Public Safety

Police Sergeant

Director of Athletics

Director of Adult Education

Director of Disability Services

Employee Relations Manager

Director of the Center for Academic Success

Counselors

### **Weapons on Campus**

Unless given special permissions from the Parkland College Department of Public Safety, pursuant to Illinois law 720 ILCS 5/24-1, Unlawful Use of Weapons, all weapons are prohibited on any and all Parkland College campuses. Except for sworn police officers or other law enforcement officials, it is illegal to bring or possess ANY firearm on any Illinois school, college, or university campus.

Firearm restrictions include, but may not be limited to any air soft gun, air gun (including pellet and BB guns that utilize air, CO<sub>2</sub>, or spring pressure to propel a projectile), or any toy gun which strongly resembles a real gun. In addition to firearms, large knives, swords, dirks, daggers and ice picks are prohibited, as well as slingshots, and explosives of any kind (including fireworks).

If any person is seen carrying or concealing a weapon in or at any facilities owned, operated, or controlled by Parkland College, information regarding same should immediately be reported to Public Safety and/or the local 911 call center. Any unauthorized person in possession of a weapon on campus is in violation of Illinois state law and is subject to arrest. Public Safety reserves the right to confiscate any device that is or could be deemed dangerous or hazardous to self or others.

In accordance with Illinois law 430 ILCS 66/65 (15), Firearm Concealed Carry Act, there is a parking lot exemption for Concealed Carry License holders in prohibited places. Any licensee prohibited from carrying a concealed firearm into the parking area of a prohibited location shall be permitted to carry a concealed firearm on or about his or her person within a vehicle into the parking area and may store a firearm or ammunition concealed in a case within a locked vehicle or locked container out of plain view within the vehicle in the parking area. A licensee may carry a concealed firearm in the immediate area surrounding his or her vehicle within a prohibited parking lot area only for the limited purpose of storing or retrieving a firearm within the vehicles trunk, provided the licensee ensures the concealed firearm is unloaded prior to exiting the vehicle.

## Fire Safety

### **Fire Alarm Policy**

Upon activation of the fire alarm system, all persons shall evacuate their lab, classroom, office, or any other building or structure, and meet at the predetermined emergency assembly point. For large outdoor venues, attendees should proceed towards the nearest exit and follow any verbal direction provided by safety personnel or management, when applicable. When evacuating, people should remain vigilant for dangerous or criminal activity that may have preceded the evacuation notice. Notice is given that there have been recent national trends whereby individuals, often intent on doing harm to others, will create a diversion or activate a fire alarm in an attempt to gather people in one location. Observation of this type of criminal or suspicious activity should be immediately reported to the police.

Individuals who ignore fire alarms and required evacuations may face disciplinary action. Since false alarms may lower the evacuation responses, the college will analyze the cause or causes of false alarms and work to reduce their occurrence. By reducing the number of false alarms, we hope to maintain diligence in responding.

## **Candles and Torches**

Candles (including decorative, unburned wicks, etc.), torches, incense, and any other open flame devices are strictly prohibited in campus buildings.

## **Smoke-free Environment**

Parkland College prohibits smoking and smokeless tobacco of any form in campus properties, including but not limited to classrooms, offices, enclosed buildings and facilities, walkways, in college vehicles, and during indoor athletic events. There are designated smoking areas throughout campus and cigarette-butt receptacles 15 feet from most doorways.

# Emergency Response and Evacuation

## **Emergency Preparedness**

Parkland College is proactive in being prepared for emergency situations. The college activated the Emergency Management Initiative in 2005 under the leadership of the Department of Public Safety and the support of college administrators. This program has facilitated the development of a collaborative college community that is ready and willing to support and protect the campus.

- Through the National Incident Management System (NIMS), Parkland College has developed techniques that support requirements in emergency operations with a focus on Incident Command Systems and Unified Command.
- The National Oceanic and Atmospheric Administration (NOAA) National Weather Service (NWS) has designated Parkland College as a StormReady College. The NOAA NWS StormReady designation certifies that Parkland College is better prepared to save lives from the onslaught of severe weather through advanced planning, education and awareness. No community or campus is storm proof, but StormReady can help save lives.
- Partnerships have been developed with all local emergency service agencies.
- A Memorandum of Understanding Agreement was signed by representatives of Parkland College and the Department of Public Health designating Parkland College as an emergency relocation center for the Red Cross and the Clinton Power Station.
- Parkland College is an active member of the International Association of Campus Law Enforcement Administrators (IACLEA).
- Parkland College is also a charter member of the Illinois Campus Law Enforcement Administrators (ICLEA)
- Parkland College implemented the Immediate Response Information System (IRIS) to allow authorized officials of the college to send news and instructions simultaneously to individuals through landline phone, cell phones, text messaging, and email within moments of a reported critical incident.
- The Parkland College Department of Public Safety's police division actively coordinates and hosts practical response drills.

- Public Safety facilitates coordination and certification of eligible faculty, staff, and students in the area of American Red Cross certification for First Aid, CPR, and AED.
- All Public Safety police officers are licensed EMT-B/D or are First Responder-certified.

In the event of a significant emergency or dangerous situation on campus that involves an immediate threat to the health and safety of the campus population, the Parkland College Department of Public Safety will initiate, without delay, an emergency warning notice. The warning may be issued with use of any or all of the following communication options:

- Communication through college telephone messaging
- Voice and/or text messaging through college and private mobile phone equipment
- College-wide email system to all students, faculty, and staff
- College-wide “pop-up” messaging for all college computers logged on to the college network system
- Posting of information on the *My Parkland* web-based portal electronic bulletin board.

Taking into account the safety of the community, the notification will be sent to all parties in the Parkland College campus alert system unless issuance of the notification will, in the professional judgment of the responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The content of the message will vary depending on the situation.

Information about campus emergencies can be obtained from the following areas:

- Parkland College General Website: [www.parkland.edu](http://www.parkland.edu)
- WPCD Radio Station: 88.7 FM
- Parkland College Department of Public Safety: 217/351-2369

## **Emergency Communications**

After an emergency, such as a tornado, local telephone lines may have reduced capacity. It is not recommended to attempt to make phone calls immediately after an emergency unless it is to report a life safety situation. This practice will allow lines to remain open for emergency services and communications.

## **Rescue Assistance Areas**

Rescue Assistance Areas are gathering points for individuals who need evacuation assistance in the event of a campus emergency. Six Rescue Assistance Areas have been identified across campus and are marked with illuminated signs.

In the event of an emergency, if you need assistance evacuating, go to one of the following designated areas. Rescue personnel will check these areas in the event of a campus evacuation. If necessary, use the phone to dial 9-1-1.

A Wing: 2<sup>nd</sup> floor, elevator

B Wing: 2<sup>nd</sup> floor, men’s restroom

C Wing: 2<sup>nd</sup> floor, men's restroom  
D Wing: 2<sup>nd</sup> floor, restrooms  
L Wing: 2<sup>nd</sup> floor, women's restroom  
M Wing: 2<sup>nd</sup> floor, Near M-209  
Student Union: TBD  
X Wing: 2<sup>nd</sup> floor, men's restroom  
X Wing: 3<sup>rd</sup> floor, restrooms  
Library: Main floor, restrooms

### **Automated External Defibrillators (AED)**

Parkland College has several AEDs throughout the campus. Since we are continually improving on the number and locations of the AEDs, please visit [www.parkland.edu/about/rescueassistance.aspx](http://www.parkland.edu/about/rescueassistance.aspx) for the exact locations of AEDs on campus. As a reminder, call 9-1-1 in the event of an emergency.

### **Victims of Crime**

The Department of Public Safety and the college will treat all victims with respect, state rights and legal options clearly, and cooperate fully with them in exercising those rights. The victim of a crime has the right to have the offense investigated by criminal and civil authorities. Victims of sexual assault have the right to full and prompt cooperation and assistance in obtaining evidence that is necessary for proof of criminal sexual assault, including a medical examination, the right to freedom from pressure by campus authorities to report crimes as lesser offenses, and the right to be made fully aware of and assisted in exercising state or federal legal rights to test sexual assault suspects for communicable diseases.

The college provides counseling services through the Counseling and Advising Department located in the Student Union, Room U267. The counseling services are voluntary and without charge; counselors observe a professional code of ethics. In addition, Parkland College maintains working relationships with several local providers of medical care, including but not limited to Carle Foundation Hospital, Presence Covenant Medical Center, the Pavilion, and Community Elements.

### **Confidential Reporting**

The Parkland College Department of Public Safety (and its partners in Clery Act compliance) encourages, but does not limit, crime reporting in the following manners:

**Confidential and direct communication with Parkland College Public Safety staff** (Title IX Coordinator or other Campus Security Authority) may be made, in which a personal consultation occurs to discuss the crime report. Information and matters discussed will be held in strict confidence subject only to release in accordance with regulations as established in a court of law, or by definition in the Clery Act.

**Person of Concern form.** The Parkland College Person of Concern form is available [online](#). This reporting tool allows information about erratic or disruptive behavior, drug and/or alcohol abuse, disturbing writings, talk of suicide or other worrisome behaviors to be anonymously reported to the Behavioral Intervention Team (BIT) without identifying the person(s) submitting the Person of Concern report. With consideration of this tool's usage intent, the BIT and the Department of Public Safety will not attempt to make contact with persons opting to submit a Person of Concern report (excluding cases whereby potential for imminent danger exists for the person submitting the report or potential danger to the college and its community), but will investigate claims made in the report to remedy safety and/or crime concerns or take proactive measures toward education and/or crime prevention.

## Sexual Assault

### **Sexual Assault Policy Statement**

Sexual assault will not be tolerated at Parkland College. All students, faculty, staff, and visitors are subject to this policy statement. Violators may be subject to discipline including, but not limited to termination, expulsion, or other appropriate institutional sanctions. Prosecution by the criminal and/or civil justice system may also occur. Parkland College affiliates (students, faculty, staff, and/or visitors) suspected and/or accused of sexual assault may be subject to disciplinary proceedings as per college policy.

Parkland College urges any individual who has been sexually assaulted to report the incident to the Department of Public Safety or other trusted college official. Reporting is encouraged, even if the victim opts not to pursue legal prosecution, so that the college can make resources available to the reporting victim to assist in the associated healing process

*The U.S. Department of Justice reports that acquaintances account for 67% of rapes nationwide and 90% on college campuses. These studies further conclude that a woman has between a 20-25% chance of being sexually assaulted during her college years.*

### **Definition of Sexual Assault**

Sexual assault is the commission of an unwanted sexual act, whether by an acquaintance or by a stranger, that occurs without indication of consent by both individuals, or that occurs under threat or coercion. Sexual assault can occur either forcibly and/or against a person's will, or when a person is incapable of giving consent if less than 18 years of age; if intoxicated by drugs and/or alcohol; if developmentally disabled; or if temporarily or permanently mentally or physically unable to give consent.

Anyone can be the target of sexual assault regardless of age, gender, race, ethnicity, sexual orientation, sexual history, or social class. There is no stereotypical victim or rapist, and incidents of rape and attempted rape often occur between acquaintances.

## **If you have been sexually assaulted**

The first priority in a sexual assault is the victim's safety. Those who may have experienced sexual assault are encouraged not to be afraid to seek medical attention and/or to contact the Parkland College Department of Public Safety or other trusted college official to receive resources, professional assistance, and guidance.

If you have been sexually assaulted, give immediate consideration to the following:

*Seek medical attention immediately.* With the intent of preserving evidence, and not disturbing the crime scene, victims should not shower, change clothes, or disturb the scene of the attack, but should go to the emergency room of a hospital. It is suggested that a friend accompany the victim to the hospital, if possible.

Local hospital/sexual assault resources:

- Presence Covenant Medical Center
- Carle Foundation Hospital
- R.A.C.E.S. (Rape Advocacy, Counseling, and Education Services)

Hospital personnel will treat the physical consequences of assault (injury, infection, disease and pregnancy). Hospitals can also collect evidence that will be needed in the event the victim decides to report the crime to law enforcement. Hospitals are required to inform local law enforcement agencies of sexual assault cases; however, the victim may choose whether or not to speak with police personnel, college counseling services, or to Public Safety personnel. In the event a victim of sexual assault does not have the financial means (healthcare insurance, self-pay, etc.) to pay for medical treatment resulting from the assault, upon request, local hospitals do have resources that can grant funding to pay for expenses related to sexual assault including medical procedures, exams, prescriptions, and other medications.

## **Reporting Sexual Assault to the Police**

Although it is not required and is entirely left to the discretion of the victim, the Parkland College Department of Public Safety encourages reporting sexual assault to the police. Reporting a sexual assault to the police may seem intimidating, but there is no need to be afraid. Police officers are specially trained to handle such situations with sensitivity and compassion, and victims can feel free to bring a friend or an advocate to accompany a police interview regarding the assault. Properly reporting assault crimes can assist the victim in regaining a sense of personal power and control over the situation.

For sexual assault that occurs on Parkland College properties or at any Parkland College sanctioned event or activity, contact should be made with the Department of Public Safety at 217/351-2369 or by calling 9-1-1 (on campus phones). Calling 9-1-1 on your cell phone will put you through to

METCAD. They will take your information and pass it to the Parkland College Police Department, who will respond.

For off-campus incidents, victims may also feel free to contact the Parkland College Police Department as noted above, or the local police department for the city in which the incident occurred.

### **What Happens when Sexual Assault is reported to the Police**

When a sexual assault case is reported to the police department, the assigned officer will respond to meet the victim in a location preferred by the victim. The victim may request to speak with a male or female officer, depending on personal preference (if there is a preference). The officer will take a preliminary statement in order to obtain the basic facts of the case, and will likely recommend the victim seek medical attention as a result of the assault.

Some victims of sexual assault are not certain if they want to pursue criminal charges. This is a personal decision that must be made by the victim. Regardless of the choice, the Parkland College Department of Public Safety and the college will respect the decision of the victim as to whether criminal charges are pursued. As means of preventing recurrence of similar crimes, the victim is encouraged to report the crime and the name of the accused so that necessary resources and can be dedicated to recurrence prevention. Additionally, reporting allows for the provision of expanded support service information to the victim.

### **College Services to Sexual Assault Victims**

The Parkland College Department of Public Safety, in collaboration with other college departments and service providers, offers provision of the following services to victims of sexual assault:

- Assurance of confidentiality regarding reporting and associated choices and investigation
- Private meeting for report submission, guidance, and referrals at a time and place as determined by the victim
- Assistance with notice of the assault to individuals(s) designated by the victim, if the victim chooses to give this type of notice
- Assistance with reporting the assault to law enforcement, if the victim chooses to report the crime and the crime occurred off campus
- Assistance and/or referral in arranging for medical services
- Referral to local counselor and resource services

## **Disciplinary Procedures Related to Sexual Assault**

With reported cases of sexual assault that come under disciplinary review, both the accuser and the accused are entitled to the following:

- The accuser and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding.
- Both the accuser and the accused are entitled to equal disbursement of information regarding disciplinary proceedings and/or associated investigations.
- Both the accuser and the accused are entitled to the same information regarding the outcome of any institutional disciplinary proceeding that is brought alleging a sex offense.

## **Protecting Yourself Against Sexual Assault**

Although we cannot guarantee that you will never be a victim, there are steps that can be taken to minimize those chances. The following are suggestions to incorporate into daily routines:

### On the Street:

- Do not walk alone unless it is absolutely necessary.
- Be aware of what is happening in your surroundings. Know where you are and where you are going.
- If you walk regularly, vary your route. Do not be predictable! Walk away from bushes, alleys and dark entryways. Stay in well-lighted areas.
- Take precaution to prevent being surprised. Attackers rely on the element of surprise. Do not wear headphones when walking alone.
- Trust your instincts. If you think you are being followed, walk toward a busy, lighted area. Scream loudly to attract attention and tell someone to call the police.
- If someone bothers you from a car, turn and walk in the opposite direction. If possible, get a license plate number. When you are in a safe place, call 9-1-1.

### Jogging in Athletic Parks and Streets:

- When possible, run with a friend or in a group.
- Try to avoid running alone during the evening hours.

### In Your Vehicle:

- Always have keys in your hand as you approach your vehicle. Avoid having to look through bags or purses to find keys.
- Always maintain focus and attention on surroundings. Be aware of what is happening around you.
- Always look inside your vehicle in the back seat, and on the floor before you get into it.
- Upon entry to your vehicle, immediately lock doors. Keep the car doors locked and your windows up when driving.
- Always have plenty of fuel in the tank of your car.

### Preparing for Vehicular Emergencies:

- Know how to change a flat tire. Make certain that the spare tire is in good condition and that the proper auto safety equipment is in your car.
- If your car breaks down at night, turn on your emergency flashers. Remain in your car with the doors locked and the windows closed until the police arrive.
- If another motorist stops to assist you, roll the window down slightly, and ask him or her to call the police or towing service.
- Always carry your cell phone or enough money to make an emergency call.

## Domestic Violence

Domestic violence is a pattern of abusive and coercive behaviors used to maintain power and control over a former or current partner, roommate, or family member. It is a crime to physically hurt, threaten, or stalk a person. There are many resources for victims who are unsure what to do when dealing with domestic violence. One alternative is the criminal justice system. Those who are subjected to this type of abuse are encouraged to contact appropriate law enforcement authorities. With proper reporting, one of the goals of law enforcement will be to provide some measure of safety for victims of violence and to provide information about additional resources such as available temporary living accommodations, if necessary.

The Parkland College Department of Public Safety can also be contacted for resource referrals regarding victims of domestic violence.

## Stalking

Stalking is defined as any person who willfully, maliciously, and repeatedly follows or harasses another person and who makes a credible threat with the intent to place that person in reasonable fear for his or her safety or the safety of his immediate family, friends, or acquaintances. Stalking is a behavior or series of behaviors that alarm, annoy, or torment a person. These actions or series of actions by the perpetrator make the victim feel fearful, anxious, stressed, and targeted. In most cases, the majority of the stalkers know their victim in some capacity before the stalking begins.

Stalking situations usually involve one or more of the following behavioral elements. The offender:

- frequently observes and/or follows the victim
- gathers information about the victim and/or his personal life
- initiates nonthreatening calls, email, or other forms of communication
- initiates threatening calls, email, or other forms of communication
- initiates some form of vandalism against the victim or victim's acquaintances
- initiates physical or verbal attack(s) against the victim.

Anyone who feels he or she may be a victim of stalking should immediately contact local law enforcement or the Parkland College Department of Public Safety.

## Drug and Alcohol-Free Campus and Workplace

In compliance with the Drug-Free Workplace Act of 1989 and the Drug-Free Schools and Campuses Amendment of 1989, Parkland College prohibits the unlawful possession, use, manufacture, or distribution of drugs, alcohol, and unlawful substances by students or by employees on campus property or as part of any college activities. The unlawful possession, use, manufacture, or distribution of drugs, alcohol and unlawful substances is prohibited in the workplace and as part of the campus environment. The "workplace" encompasses all of the Parkland College campus and any property controlled by the college. Parkland College will impose sanctions on students and on employees for violation of standards of conduct, up to and including expulsion or termination of employment, and referral for prosecution for illegal activity, consistent with local, state, and federal laws. In addition, as the campus and all college properties are a smoke-free work environment, the use of any tobacco products is prohibited. This includes, but is not limited to smokeless tobacco and electronic cigarettes.

## Campus Crime Statistics

In 1990, the federal government, through the U.S. Department of Education, passed the Student Right-to-Know and Campus Security Act. This act requires colleges and universities to provide information to students and to employees regarding campus crime statistics. These statistics are compiled per the calendar year, January 1 through December 31. This information is provided so that current students, prospective students, employees, and visitors are aware of their environment as it relates to campus safety and security. Statistics regarding occurrences of campus crime, as reported to the Parkland College Department of Public Safety, are provided in the annual publication Campus Safety and Security Report, on the Public Safety website ([www.parkland.edu/police](http://www.parkland.edu/police)) and at the Public Safety main office (Room X109).

### **Violence Against Women Reauthorization Act (VAWA)**

The Violence Against Women Reauthorization Act (VAWA), which President Barak Obama signed into law on March 7, 2013, imposes new obligations for colleges and universities under its [Campus Sexual Violence Act \("SaVE Act"\) provision, Section 304](#).

As of March 7, 2014 under VAWA, colleges and universities are required to:

- Report Domestic violence, dating violence, and stalking beyond crime categories the Clery Act already mandates
- Adopt certain student discipline procedures, such as for notifying purported victims of their rights
- Adopt certain institutional policies to address and prevent campus sexual violence, such as to train in particular respected pertinent institutional personnel.

New reporting requirements from VAWA's SaVE Act provision:

- Adds domestic violence, dating violence and stalking to categories that must be reported under Clery, if the incident was reported to a campus security authority or local police agency
- Adds "national origin" and "gender identity" to the hate crime categories that must be reported under the Clery Act
- Requires, with respect to the "timely reports" the Clery Act mandates, that victim's names be withheld

The effective date for these requirements is March 7, 2014. The Department of Education will issue guidance on the annual campus security report by updating its [Handbook for Campus Safety and Security Reporting \(Feb 2011\)](#).

Parkland College Department of Public Safety will continue to update the Annual Crime Report as guidelines are given.

## **Clery Act Compliance Committee**

The Jeanne Clery Act requires all higher education institutions participating in federal financial aid programs to keep and disclose information about crime on and near their campuses.

The Clery Act Compliance Committee is designed to facilitate the following:

- Review and approve Clery Act compliance policies and procedures
- Review and evaluate college compliance to policy and procedures
- Review annual crime statistics collection and reporting process
- Be empowered with accurate information regarding:
  - Annual report and daily log requirements
  - Crime classification definitions
  - How to address a program review and use Department of Education resources
- Support the college effort to identify, inform, and train campus security authorities.

## **Annual Disclosure Requirements**

The annual crime statistics are prepared by completing a comprehensive review of all incident reports taken by the Parkland College Department of Public Safety, all crime information requested and received from a Parkland Campus Security Authority, and all crime information requested and received from local law enforcement. In order to have the most comprehensive crime information, all criminal activity should be reported to Public Safety.

The annual report, titled Campus Safety and Security Report, may be found on the Parkland College website ([www.parkland.edu/police/stats.aspx](http://www.parkland.edu/police/stats.aspx)), or a paper copy may be received by contacting Public Safety at 217/351-2369.

Parkland College annual crime report information is collected by the Clery Act Compliance Coordinator under the direction of the Director of Public Safety. Information is reviewed by the Clery Act Compliance Committee consisting of the Director of Public Safety, Clery Act Compliance Coordinator, and assigned Patrol Supervisor.

## **Daily Crime Reports**

Public Safety maintains Daily Crime Report logs that record, by the date the incident was reported, all crimes and other serious incidents that occur on the Parkland College campus, in a non-campus building or property, on public property, or within the department's patrol jurisdiction.

Daily Crime Reports are available for public inspection at the Public Safety office located in Room X109.

Additionally, summary of annual crime statistics are available on the web at:  
[www.parkland.edu/police/stats.aspx](http://www.parkland.edu/police/stats.aspx).

The log reports include the nature, date, time, and general location of each incident reported to the Department, as well as the disposition of the complaint, if this information is known at the time the log is created.

The Department posts specific incidents within two business days of the receiving a report of an incident and reserves the right to exclude reports from the log in certain circumstances.
