Parkland College Department of Public Safety

Information provided herein is part of Parkland College's commitment to safety and security, to ensure compliance with the federal Student Right-to-Know Act and the Crime Awareness and Campus Security Act of 1990 (also known as the Clery Act).

Dear Campus Community:

The Jeanne Clery Disclosure of Campus Security and Campus Crimes Statistics Act (Clery Act) requires each institution of higher learning to publish on an annual basis a safety and security report. Parkland College provides this report as a means of informing you of the policies put into place to help ensure your safety, as either a student or an employee, while you are on campus. Within this report, you will find many ways in which the Parkland College Police Department works with the college to maintain an atmosphere that is conducive to a safe and productive learning environment. The report also contains statistics regarding Clery Act reportable crimes related to Parkland College properties.

As a current student or employee, you have a right to know the information contained in the report. The report can be found on the Parkland College website under Public Safety Clery Act Compliance (parkland.edu/AnnualSecurityReport). A paper copy of this report is available by contacting the Department of Public Safety. If you have any questions regarding the details in the report, please do not hesitate to contact me or the department's Clery Compliance Officer. We will be glad to offer any further insight or clarification you might need.

The Parkland College Department of Public Safety is a uniformed department with certified police officers on campus 24 hours a day, 7 days a week. Our police officers provide a law enforcement function for the college; however, one of our primary goals is to work with our staff and students to maintain a peaceful environment while respecting the Constitutional rights of all. We cannot sustain a safe campus alone. If you believe there is a threat to public safety on our campus, please do not hesitate to contact us. We are located in room A160 and can also be reached by phone at (217) 351-2369. In addition, if there is an emergency, you may dial 911.

Please reach out to us if we can help in any way. Welcome to Parkland College, and please enjoy our campus while you are here!

Parkland College Department of Public Safety

The Parkland College Department of Public Safety (hereinafter also “Public Safety”) provides law enforcement and security services to Parkland College. The department is comprised of state-certified police officers, telecommunicators, and institutional compliance staff.

Police Functions

Parkland College police officers are certified by the Illinois Law Enforcement Training and Standards Board. The police department’s legal mandate and authority is derived from Illinois Compiled Statutes, Chapter 110 Section 805/3-42.1, 1993. This authorizes community colleges to have members be conservators of the peace and as such, all powers possessed by police officers, including enforcement of all traffic and criminal laws, either state or municipal.

The statutes authorize law enforcement officials’ jurisdiction, county-wide, of the counties contained within Community College #505. Parkland College District 505 includes the following counties: Champaign, Coles, Dewitt, Douglas, Edgar, Ford, Iroquois, Livingston, McLean, Moultrie, Piatt, and Vermillion [See Appendix A].

Public Safety is authorized to enforce the rules and regulations of Parkland College in the following ways: dispersing activities not permitted under campus guidelines; issuing of parking tickets; verbal warnings to cease unauthorized activity; escorting violators from campus facilities; and making lawful arrests (including state felonies, state misdemeanors, and city ordinance violations).

In addition, our agency has sophisticated communications and radio systems to provide for instant communication between local and state agencies in times of emergency.

All Parkland College police officers are also Certified First Responders trained to evaluate and triage medical emergencies that may arise on campus.

Please visit Public Safety’s website at parkland.edu/police. This site includes detailed information about our services, along with a link to a directory of key department personnel.

Support Functions

Parkland College Department of Public Safety also provides other safety and support functions across Parkland College. The Department maintains National Incident Management System (NIMS) compliance, National Campus Safety Initiative compliance, and a command officer serves as the emergency operations coordinator for the campus.

Public Safety organizes multiple aspects of institutional compliance for faculty, staff, and visitors. In coordination with multiple departments throughout the College, a Public Safety Compliance Coordinator is responsible for assisting with the management of all federal and state requirements regarding various oversight programs, including, The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act), Violence Against Women Act (VAWA), Title IX, Drug Free Schools and Communities Act, Preventing Sexual Violence in Higher Education Act, and the Office of Civil Rights.

Public Safety utilizes telecommunicators for patrol operations. The telecommunicators answer radio traffic, handle phone inquiries, and assist Parkland patrons who walk up to the office. They are also responsible for records management and employee key distribution.

Clery Act Crime Statistics

Parkland College prepares this Annual Security Report in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clery Act”) which requires colleges and universities to disclose information about the College’s crime and security policies annually and statistics about crime activity occurring on or near campus. This information is provided so current students, prospective students, employees, and visitors are aware of their environment as it relates to campus safety and security. Statistical information for certain non-campus locations or property owned or controlled by the College, as well as public property within or immediately adjacent to and accessible from the main campus, are collected or requested from the applicable local and state law enforcement agencies.

This annual report, titled Annual Security Report, may be found on the Parkland College website (parkland.edu/AnnualSecurityReport), or a paper copy may be received by contacting Public Safety at 217/351-2369.

Preparing Annual Statistics

The annual crime statistics are prepared by completing a comprehensive review of all incident reports taken by the Parkland College Department of Public Safety, all crime information requested and received from Parkland Campus Security Authorities, and all crime information requested and received from relevant local and state law enforcement agencies, including Champaign Police Department, Urbana Police Department, University of Illinois Police Department, Champaign County Sheriff’s Office, and Illinois State Police. In order to have the most comprehensive crime information, all criminal activity should be reported to Public Safety. For statistical purposes, crime statistics are recorded in the calendar year the crime was reported. Parkland College submits the annual crime statistics published in this report to the Department of Education (ED) and is available to the public through the ED website.

Parkland College annual crime report information is collected by the Compliance Coordinator under the direction of the Director of Public Safety. Information is reviewed by the Clery Act Compliance Committee consisting of the Vice President of Student Services, Director of Public Safety, Associate Director of Public Safety, Compliance Coordinator, and assigned Patrol Supervisor.

Crime Statistics Classifications and Categories

The Clery Act requires higher education institutions to report specific crimes that occur in specific locations. Reporting of statistics under the Clery Act uses federal offense definitions that allow comparability across campuses/locations, regardless of the state/location in which the campus is located. Below are the definitions of these crimes and locations used to gather the statistics in this report.

Geography Classifications

On-Campus: immediate vicinity of the main campus grounds including academic and research areas, athletic fields and buildings, and parking lots.

Non-Campus: buildings, grounds, or property not on the college’s main campus, but are owned or controlled by Parkland College.

Public Property: public streets, sidewalks, and parking facilities that may be contiguous, but are deemed not to be a part of campus grounds.

[See Appendix B]

Crime Categories

Murder/Non-Negligent Manslaughter: The willful (non-negligent) killing of one human being by another. NOTE: Deaths caused by negligence, attempts to kill, assaults to kill, suicides, accidental deaths, and justifiable homicides are excluded.

Manslaughter by Negligence: The killing of another person through gross negligence

Aggravated Assault: The Clery Act definition of aggravated assault is an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. (This is the equivalence to aggravated battery in the state of Illinois.) This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used which could or probably would result in a serious potential injury if the crime were successfully completed.

Robbery: Taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Burglary: The unlawful entry of a structure to commit a felony or a theft. For reporting purposes this definition includes: unlawful entry with intent to commit a larceny or a felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts to commit any of the aforementioned.

Motor Vehicle Theft: The theft or attempted theft of a motor vehicle. (Motor vehicle theft classifications are all cases where motor vehicles are taken by persons not having lawful access, even though the vehicles are later abandoned, including joy riding.)

Arson: The willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, or personal property of another kind.

Weapon Law Violations: The violation of laws or ordinances dealing with weapon offenses, regulatory in nature, such as: manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; furnishing deadly weapons to minors; aliens possessing deadly weapons; all attempts to commit any of the aforementioned.

Drug Abuse Violations: Violations of state and local laws relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs. The relevant substances include: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics (Demerol, methadone); and dangerous non-narcotic drugs (barbiturates, Benzedrine).

Liquor Law Violations: The violation of laws or ordinance prohibiting the manufacture, sale, transporting, furnishing, and possessing of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to minor or intemperate person; using a vehicle for illegal transportation of liquor; drinking on a train or public conveyance; and all attempts to commit any of the aforementioned. - By a current or former spouse or intimate partner of the Complainant;
- By a person with whom the Complainant shares a child in common;
- By a person who is cohabitating with, or has cohabitated with, the Complainant as a spouse or intimate partner;

- By a person similarly situated to a spouse of the Complainant under the domestic or family violence laws of Illinois;
- By any other person against an adult or youth Complainant who is protected from that person's acts under the domestic or family violence laws of Illinois.

*To categorize an incident as Domestic Violence, the relationship between the Respondent and the Complainant must be more than just two people living together as roommates. The people cohabitating must be current or former spouses or have an intimate relationship.

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the Complainant. The existence of such a relationship shall be determined based on the Complainant's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition –

- Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
- Dating violence does not include acts covered under the definition of domestic violence.

For the purposes of complying with the requirements of this section and §668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to –

- Fear for the person's safety or the safety of others; or
- Suffer substantial emotional distress.

For the purposes of this definition –

- i. Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.
- ii. Reasonable person means a reasonable person under similar circumstances and with similar identities to the Complainant.
- iii. Substantial emotional distress means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.

Hate Crime Violations: The Clery Act requires institutions to separately report all Hate Crime statistics on any of the previously mentioned offenses or any other crime involving bodily injury reported to local police agencies or to a campus security authority, that manifest evidence that the victim was intentionally selected because of the perpetrator's bias or the perpetrator perceived the person to be in one of the protected group categories. In addition to the crime categories as noted above, a hate crime occurs where there is an incident involving intimidation, vandalism, larceny, simple assault, or other bodily injury that is motivated by the offender's bias based on one or more of the following categories: race, religion, ethnicity, gender, sexual orientation, disability, national origin, and gender identity.

Sexual Assault: An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting (UCR) program. Per the National Incident-Based Reporting System User Manual from the FBI UCR Program, a sex offense is "any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent."

- Rape: The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- Fondling: The touching of the private parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
- Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent.

Violence Against Women Reauthorization Act (VAWA)

The Violence Against Women Reauthorization Act (VAWA) imposes obligations for colleges and universities under its Campus Sexual Violence Act (“SaVE Act”) provision, Section 304 including disclosing annual statistics for dating violence, domestic violence, sexual assault, and stalking. Parkland College strictly prohibits the crimes of dating violence, domestic violence, sexual assault, and stalking.

Under VAWA, colleges and universities are required to:

- Report domestic violence, dating violence, and stalking beyond crime categories the Clery Act already mandates;
- Adopt certain student discipline procedures, such as for notifying purported victims of their rights; and
- Adopt certain institutional policies to address and prevent campus sexual violence, such as to train in particular respects pertinent institutional personnel.

Daily Crime Log

The Department of Public Safety maintains a Daily Crime Log that records, by the date the incident was reported, all crimes that occur within the Parkland College Police Department's patrol footprint [See Appendix B].

The Daily Crime Log is available for public inspection at the Public Safety office located in Room A160. Additionally, it can be found on the Parkland College Website at parkland.edu/CrimeLog.

The log reports include the nature, date, time, and general location of each incident reported to the Department, as well as the disposition of the complaint, if this information is known at the time the log is created.

The Department posts specific incidents within two business days of receiving a report of an incident and reserves the right to exclude reports from the log in certain circumstances, such as ongoing investigations or cases in which reporting would hinder investigations.

Campus Counselors Exemption

Campus "Pastoral Counselors" and Campus "Professional Counselors," when acting as such, are not considered to be a Campus Security Authority and are not required to report crimes for inclusion in the annual disclosure of crime statistics. Parkland College is also not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

Counselors in these roles are defined as follows:

Pastoral Counselor

A person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling and is functioning within the scope of that recognition as a pastoral counselor. Parkland College does not employ pastoral counselors.

Professional Counselor

A person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of the counselor's license or certification. Professional Counselors at the Counseling and Advising Center encourage clients to report crimes on a voluntary, confidential basis for inclusion of crime statistics in accordance with the Clery Act.

Campus Safety and Crime Prevention

The Parkland College Department of Public Safety is committed to providing a safe and secure campus. In addition to responding to incidents, Public Safety also provides information regarding campus safety, security, and crime prevention programs. This information may be disseminated and or communicated as follows (but is not limited to these measures):

- Classroom presentations are given at various times throughout the year at the request of instructors on a variety of safety issues.

- Brochures are available on various topics (domestic violence, identity theft, sexual assault, and parking regulations) at the main office (Room A160), satellite offices (Room U136), and various places on campus.
- An all-hazards presentation to faculty and staff is given at various times throughout the year.
- Rape Aggression Defense System (R.A.D.) classes are offered at various times. This class, currently offered at the University of Illinois Urbana campus, is usually offered in four three-hour sessions and includes lecture, discussion, and self-defense techniques. www.rad-systems.com/
- ALICE Training for faculty, staff, and students is presented throughout the year and can be available by request.
- Information can be obtained through the Public Safety website, parkland.edu/police, as well as the web-based student/faculty portal site my.parkland.edu

Public Safety will facilitate (per departmental discretion) various awareness campaigns based on the Public Safety education calendar and with consideration for the specific needs of the college and community. Public Safety provides these types of security awareness programs designed to inform students and employees about campus security procedures and practices and to encourage students and employees to be responsible for their own security and the security of others.

Reporting Crime, Suspicious Activities, and Emergencies

Parkland College encourages accurate and prompt reporting of all crimes to the campus police and the appropriate police agencies, when the victim of a crime elects to, or is unable to, make such a report. All students, employees, and guests are encouraged to promptly report incidents of crime, suspicious activity, and emergencies as noted below:

- Parkland College phones: Dial 911 or 911 button (located in the upper right corner of office phones). Please note that these will directly go to METCAD (Champaign County's emergency dispatch center). They will then relay the information to Parkland's in-house dispatchers.
- Parkland College offices/classrooms: Click the 911 icon (located on the desktop of most networked computers)
- Calling 911 from a Mobile Phone. Note that even on Parkland's Campus, dialing 911 from your mobile phone will go directly to METCAD.

Crimes should also be reported to Parkland College Police Department for the purpose of determining if a crime warrants a Timely Warning report to the community and for possible inclusion in the annual statistical disclosure. Crimes may also be reported to the Title IX Coordinator, Dean of Students, or any Campus Security Authority on a voluntary, confidential basis if an individual doesn't want to report to campus police for the purpose of making Timely Warning reports and the annual statistical disclosure.

Reasons to Call 911

- You observe someone that appears to need immediate medical care.
- You hear a scream or call for help.
- You observe a crime that is occurring or notice evidence that a crime has occurred.
- You observe a suspicious vehicle or person loitering or repeatedly driving up and down a specific area.
- If you see something, say something.

Upon receipt of a report criminal actions or other emergencies occurring on campus, Parkland College Police Department will dispatch an officer to investigate and determine appropriate course of action in response to these reports.

Parkland College Public Safety is available for service 24 hours per day, 7 days per week, 365 days per year.

Off-Campus Crime Reporting

Parkland College relies on close working relationships with local law enforcement agencies to receive information about incidents involving students on campus. The Department of Public Safety will actively investigate any allegation of crime it receives concerning or involving a member of the campus community. If the college is notified of a situation in which a campus member is the victim of a crime, Public Safety may issue a Campus Safety Alert. This alert will detail the incident and provide information so that the campus and affiliated community members will be made aware of the particular crime activity, as a measure to ensure the prevention of any increased crime activity.

When off campus, members of the Parkland College community are encouraged to report all crimes and public safety incidents to the local police agency in a timely manner. In cases of emergency, call 911.

Confidential Reporting

We encourage anyone who witnessed or has been a victim of a crime to immediately report the incident by calling 911, or for a non-emergency, 217/351-2369. Police reports in the state of Illinois are public records, and Parkland College Police Department cannot hold reports of crime in confidence. Please continue reading below to learn more about how to make a confidential report.

Parkland College Public Safety collects reports of Clery reportable crimes from Campus Security Authorities. These authorities are defined by the Clery Act as Parkland College Public Safety employees, individuals who have responsibility for campus security but who do not work for Parkland Police, or officials who have significant responsibility for student and campus activities, including but not limited to campus activities, student discipline, and campus judicial proceedings. An official is defined as any person who has the authority and duty to take action or respond to particular issues on behalf of the institution.

Campus Security Authorities report Clery-reportable crimes they have received throughout the year. Each of these reports is reviewed by the Parkland College Clery Committee to confirm that they meet the requirements under the Clery Act.

If you are the victim of a crime and do not want to pursue action within the college or the criminal justice system, you may want to consider making a confidential report. Information disclosed as part of a confidential report will be maintained in a confidential manner to the extent allowable by law and will not be disclosed without your consent to anyone outside of the office to which it is reported. However, consent may not be required in limited situations, such as suspected child or adult abuse or neglect, court orders or subpoenas, or danger to self or others.

Some on-campus resources offer confidentiality, sharing options and advice without having an obligation to report to anyone, unless the complainant wants them to. This privilege is limited to the Counseling Center. Those who make confidential reports may authorize the disclosure of certain information about the incident to campus authorities for inclusion in the annual crime reporting statistics.

The Parkland College Department of Public Safety (and its partners in Clery Act compliance) encourages, but does not limit, crime reporting in the following manners:

Parkland College Public Safety Staff: Confidential and direct communication with Parkland College Public Safety staff (Title IX Coordinator or other Campus Security Authority) may be made, in which a personal consultation occurs to discuss the crime report. Information and matters discussed will be held in strict confidence subject only to release in accordance with regulations as established in a court of law, or by definition in the Clery Act.

Campus Security Authority Form: The Parkland College Public Safety Department encourages all members of the campus community to report crime. However, under the Clery Act, Campus Security Authorities (CSAs) are required to report Clery Act-qualifying crimes which occurred on campus, in public areas bordering campus and in certain non-campus buildings owned or leased by the college. The Parkland College Campus Security Authority form is available online.

Person of Concern Form: The Parkland College Person of Concern form is available online. This reporting tool allows information about erratic or disruptive behavior, drug and/or alcohol abuse, disturbing writings, talk of suicide or other worrisome behaviors to be anonymously reported to the Concern and Response Team (CART) without identifying the person(s) submitting the Person of Concern report. With consideration of this tool's usage intent, the CART and the Department of Public Safety will not attempt to make contact with persons opting to submit a Person of Concern report (excluding cases whereby potential for imminent danger exists for the person submitting the report or potential danger to the college and its community), but will investigate claims made in the report to remedy safety and/or crime concerns or take proactive measures toward education and/or crime prevention.

Amnesty for 911 callers

In general, it is the intention of the college and surrounding community public safety officials to support students who are taking steps to ensure others' safety. Both Illinois state law and college procedures protect students from experiencing legal or academic consequences for certain violations, like underage consumption of alcohol, when they call 911 in an emergency. This protection applies to both the caller and the person in need of emergency assistance. These guidelines are intended to help students take appropriate action in high-risk situations by reducing students' fear of legal or disciplinary consequences to the victim or themselves.

Relationship with Local Law Enforcement

The Parkland College Department of Public Safety maintains close working relationships with the following agencies: Champaign Police Department (CPD), Champaign County Sheriff's Office (CCSO), Illinois State Police (ISP), University of Illinois Police (UIPD), Urbana Police Department (UPD), and other law enforcement agencies.

Public Safety works closely with these agencies when incidents arise that require joint investigative efforts, resources, crime-related reports, alleged criminal incidents, and exchanges of information as deemed necessary. There is a county-wide Mutual Aid Agreement between the aforementioned agencies and other agencies within Champaign County, as well as an informal agreement regarding the investigation of alleged criminal offenses.

Public Safety relies on these relationships for support on several levels. In addition to sharing critical information, Public Safety has direct contact with 911 services through Champaign Police and Fire Departments and METCAD. This arrangement gives Parkland College immediate access to mutual aid and support from all area emergency service agencies.

Sex Offender, Murderer, and Violent Offender Against Youth Registry

The federal Campus Crimes Prevention Act requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by the State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required, under State Law, of each institution of higher education in that State at which a person is employed, carries on a vocation, volunteers' services, or is a student. Parkland College is required to inform the campus community that a list (as well as other associated information) of registered sex offenders, murderers, and violent offenders against youth is available through the Illinois State Police website. Parkland College is located in Champaign County and the zip code is 61821.

Campus Safety and Security

Public Safety is committed to a continual partnership with Parkland College administrators, department chairs, and community emergency response agencies to ensure that adequate policies, training programs, and resources are in place to prevent violence and crime on college property as well to provide Timely Warnings regarding the same. Below, a variety of systems, procedures, and policies are detailed how Parkland College works to maintain a safe and secure environment.

Mass Notification System – Parkland Alerts

Parkland College uses an emergency alert system called Parkland Alerts, designed to send out messages in the case of an on-campus emergency or other pertinent incidents. When a person registers for classes or begins employment they are automatically enrolled in this service with the information they provided. Parkland Alerts allows Parkland College Public Safety personnel to send a message by email, text, and/or phone call. In addition, the system can also deliver messages to Parkland networked computers and Cobravisation monitors. The nature of the incident determines how the message will be delivered.

Parkland Alerts are classified by four separate and distinct categories, some required by the federal law, i.e. the Clery Act. The categories include Emergency Notification, Timely Warning, Safety Notice, and Information Notice. Please see Appendix C for full details of each category.

Timely Warning and Emergency Notifications

Timely Warning – The Clery Act requires the campus community to be alerted of certain crimes in a manner that is timely, that withholds the names of victims as confidential, and that will aid in the prevention of similar crimes.

A Timely Warning is issued when a crime involving Clery statistics presents a serious or continuing threat to students and employees. Timely Warnings shall be issued for crimes required to be evaluated under the Clery Act. The Department of Public Safety will be primarily responsible for creating and issuing Timely Warnings, with input from the Vice Presidents' office. These crimes can be reported to the Department of Public Safety or any Campus Security Authority. Parkland College is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

The decision to issue a Timely Warning will be considered on a case-by-case basis depending on when and where the incident occurred, when it was reported, and the amount of information known by the Department of Public Safety. Such notices shall be provided to students and employees in a manner that is timely, that withholds the names of victims as confidential and that will aid in the prevention of similar occurrences by text and email. For example, if an assault occurs between two students who have a disagreement, there may be no ongoing threat to campus community members and a Timely Warning would not be distributed. Cases involving sexual assault are sometimes reported long after the incident occurred, thus there is no opportunity to distribute a “timely” warning notice to the community.

In the event a situation arises either on or near campus that, in the judgment of the Director of Public Safety (or his designee) or other senior Parkland official(s), constitutes an ongoing or continuing threat to the campus community, a campus-wide Timely Warning notice will be issued.

Emergency Notification – Any significant emergency or dangerous situation involving the immediate threat to the health or safety of students or employees on the campus would qualify for an Emergency Notification. Parkland College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgement of responsible authorities, compromise efforts to assist a victim or to contain, respond to, otherwise mitigate the emergency.

When an initial notification comes in that an emergency may be taking place on campus, the Department of Public Safety will dispatch an officer to investigate and confirm the emergency. The Department of Public Safety will determine which segments of the population should be notified of the emergency through the course of the investigation if the threat is limited to a particular building or segment of the population. Notification will be made by using some or all of the following methods: text, phone, computer alerts, public address systems, Cobravisision, and social media.

Upon confirmation of a significant emergency or dangerous situation by a member of the Department of Public Safety involving an immediate threat to the health and safety of students or staff on campus, the Director of Public Safety, or in his absence the highest-ranking Public Safety member, shall initiate an Emergency Notification. This notice shall be sent out by the on-shift telecommunicator, and will result in a text, email, phone message, or on-screen notification for college computers logged on to the college network system. The following individuals may be involved in deciding who receives the message, what information the message contains, and sending the message itself: Vice President of Student Services, Vice President of Communication and External Affairs, Director of Public Safety, Sergeant, Compliance Coordinator, Officer on duty, or Telecommunicator. Following the conclusion of an emergency, a follow up message may be sent by any of the initial notification options.

The local news media may be utilized to disseminate emergency information to members of the larger community, including neighbors, parents, and other interested parties. The larger community can access emergency information via parkland.edu and/or social media.

Emergency Notifications and Timely Warnings are both required by The Clery Act. However, the circumstances in which they are required are different. If there is an immediate threat to the health or safety of students or employees occurring on campus, Parkland College must follow the Emergency Notification procedures. In following the Emergency Notifications procedures, Parkland College is not

required to issue a Timely Warning based on the same circumstances; however, Parkland must provide adequate follow-up information to the community as needed.

Anyone with information believed to warrant a Timely Warning or Emergency Notification should report the circumstances to the Department of Public Safety by phone (217/351-2369) or in person (Room A160). In any emergency, it is always appropriate to contact local emergency services at 911.

Workplace/Campus Violence

Parkland College will not tolerate violence or threats on campus or in connection with college events.

Employees found to have violated this policy may be subject to discipline which may include a verbal warning, written warning, unpaid suspension, or termination. The severity of a violation will determine the severity of the discipline and some steps along the continuum may be skipped if appropriate.

Students found to have violated this policy may be subject to discipline which may include the following: expulsion with a re-entry petition period ranging from one to two years minimum; suspension ranging from one semester to two years; psychiatric or psychological evaluation; anger management program completion; conduct probation ranging from one semester to a year; mandatory counseling; campus restrictions with limited access to facilities or places, limited access to services, or limited time on campus; domestic violence counseling program completion; mandatory sensitivity training; substance abuse counseling program completion; administrative withdrawal from current classes(standalone sanction, independent of administrative withdrawals associated with suspensions or expulsions); mandatory behavior contract; no contact order; mandatory conflict resolution program completion; community service; mandatory referral to Wellness Coordinator; employment verification. Disciplinary measures are determined on a case-by-case basis and the above list should not be considered exhaustive of all possible disciplinary options.

Individuals who intentionally bring false charges against another may also be subject to the same disciplinary measures.

Weapons on Campus

Unless given special permissions from the Parkland College Department of Public Safety, pursuant to Illinois law 720 ILCS 5/24-1, Unlawful Use of Weapons, all weapons are prohibited on any and all Parkland College campuses. Except for sworn police officers or other law enforcement officials, it is illegal to bring or possess ANY firearm on any Illinois school, college, or university campus.

Firearm restrictions include but may not be limited to any air soft gun, air gun (including pellet and BB guns that utilize air, CO2, or spring pressure to propel a projectile), or any toy gun which strongly resembles a real gun. In addition to firearms, large knives, swords, dirks, daggers, and ice picks are prohibited, as well as slingshots, and explosives of any kind (including fireworks).

If any person is seen carrying or concealing a weapon in or at any facilities owned, operated, or controlled by Parkland College, information regarding same should immediately be reported to Public Safety and/or the local 911 call center. Any unauthorized person in possession of a weapon on campus is in violation of Illinois state law and is subject to arrest. Public Safety reserves the right to confiscate any device that is or could be deemed dangerous or hazardous to self or others.

In accordance with Illinois law 430 ILCS 66/65 (15), Firearm Concealed Carry Act, there is a parking lot exemption for Concealed Carry License holders in prohibited places. Any licensee prohibited from carrying a concealed firearm into the parking area of a prohibited location shall be permitted to carry a concealed firearm on or about his or her person within a vehicle into the parking area and may store a firearm or ammunition concealed in a case within a locked vehicle or locked container out of plain view within the vehicle in the parking area. A licensee may carry a concealed firearm in the immediate area surrounding his or her vehicle within a prohibited parking lot area only for the limited purpose of storing or retrieving a firearm within the vehicle's trunk, provided the licensee ensures the concealed firearm is unloaded prior to exiting the vehicle.

Crisis Management Team

Parkland College is concerned for the safety and well-being of its students, faculty, staff, and visitors. In response to this concern, we have created a Crisis Management Team.

In the event of a large-scale emergency on campus, the Crisis Management Team is responsible for managing the crisis and the aftermath. Once the immediate emergency is over, the Crisis Management Team assists in returning the campus to normal functioning as soon as possible. The Crisis Management Team determines what services are needed to meet the needs of those impacted by the disaster and arranges for those services to be provided.

The Vice President for Student Services will serve as Director of the Crisis Management Team. The Crisis Management Team includes the following Parkland College representatives:

- Vice President for Student Services
- Director of Public Safety
- Public Safety Patrol Sergeant
- Dean of Students
- Vice President for Academic Services
- Dean of Counseling Services
- Director of Physical Plant
- Vice President for Communications and External Affairs
- Administrative representative from the area or areas directly impacted by the emergency (Department Chair, Campus Technology, other vice presidents, etc.) as determined by the Crisis Management Team Director.

Concern and Response Team (CART)

Parkland College is concerned about the care, welfare, safety, and security of the campus community, including, all of its students, faculty, staff, and visitors. The Concern and Response Team (CART) assesses and responds to individuals who need support or are at risk of harm to self or others.

CART uses a collaborative, cross-functional, threat assessment and case management approach to support individuals while mitigating risk to self or others. This proactive approach to campus safety, care and concern, fosters a culture of reporting in order to intervene via educational, rather than punitive, means according to an established protocol and transparent procedures. CART provides training and education as it works together to promote campus community success and student development.

Access to Campus Facilities

Access to Parkland College campus buildings and grounds is a privilege extended to students, faculty, staff, and authorized guests. The college encourages an open environment with limited constraints to ensure the reasonable protection of all members of the campus community. Most campus facilities are open during the weekday business hours. Individuals who wish to access college buildings or property during non-business hours or for special events should contact the appropriate department chair and/or Public Safety.

Many cultural and athletic events held in college facilities, such as the gymnasium, the planetarium, and the theater, are open to the public with the purchase of tickets. Other facilities such as the bookstore, library, and cafeterias are also open to the public during operating hours.

Arrangements to open buildings for special programs that are scheduled throughout the college should be made with the Parkland College Department of Public Safety utilizing the 25Live scheduling software system. Upon request, faculty and staff will be given access to their offices. Faculty and staff can use their faculty/staff ID to enter the building through certain doors equipped with swipe card access. Students are generally not allowed on campus after normal business hours without faculty or staff supervision.

Maintenance of Campus Facilities for Security Considerations

Parkland College is committed to campus safety and security. Exterior lighting and landscape control are a critical part of that commitment. Representatives from various departments continually conduct security surveys to ensure campus lighting is adequate, landscape is appropriately controlled, and other unsafe physical conditions do not exist. Parkland College Public Safety officers conduct routine checks of lighting on campus during regularly assigned patrol duties. If lights are out or dim, officers will initiate a work order, which is acted upon by representative(s) of the Parkland College Physical Plant, usually within 24 hours or next business day. We encourage community members to report any deficiency in lighting to the Physical Plant at 217/373-3769. Any guest or community member who has a concern about physical security should contact Public Safety at 217/351-2369.

Public Safety and Physical Plant representatives work together to identify inoperative locking mechanisms. We encourage community members to promptly report any locking mechanism deficiency to the Physical Plant Department at 217/373-3769 or the Department of Public Safety at 217/351-2369.

Public Safety is available to respond to calls for service regarding unsafe facility conditions or for personal safety and property protection. These conditions may also include unsafe steps or handrails, unsafe roadways on campus, and unsecured equipment.

Emergency Response and Evacuation

As required by federal and state law, the Parkland College has a comprehensive Emergency Operation Plan that details immediate response and evacuation procedures, including the use of electronic and cellular communication. Parkland's Emergency Operations Plan includes information about Incident Management Teams, incident priorities; shelter-in-place and evacuation guidelines; and overall command and control procedures.

Should the decision be made to evacuate the building, a message will be sent out via similar means and decision-making channels, but not limited to, those used to issue an Emergency Notification. As a commuter campus, most students, faculty, staff, and visitors would be expected to provide their own transportation off campus. For those without access to a vehicle, Parkland has a relationship with CUMTD to provide bus transportation to predetermined reunification areas.

Emergency Preparedness

Parkland College is proactive in being prepared for emergency situations. The college activated the Emergency Management Initiative in 2005 under the leadership of the Department of Public Safety and the support of college administrators. This program has facilitated the development of a collaborative college community that is ready and willing to support and protect the campus.

- Through the National Incident Management System (NIMS), Parkland College has developed techniques that support requirements in emergency operations with a focus on Incident Command Systems and Unified Command.
- The Illinois Emergency Management Agency (IEMA) has designated Parkland College as a Ready to Respond Campus. The IEMA designation certifies that Parkland College has passed the program's rigorous campus safety criteria. These criteria address hazard identification, risk assessment and/or consequence analysis, operational planning, incident management, training, and exercise.
- The National Oceanic and Atmospheric Administration (NOAA) National Weather Service (NWS) has designated Parkland College as a StormReady College. The NOAA NWS StormReady designation certifies that Parkland College is better prepared to save lives from the onslaught of severe weather through advanced planning, education and awareness. No community or campus is storm proof, but StormReady can help save lives.
- Partnerships have been developed with all local emergency service agencies.
- A Memorandum of Understanding Agreement was signed by representatives of Parkland College and the Department of Public Health designating Parkland College as an emergency relocation center for the Red Cross and the Clinton Power Station.
- Parkland College is an active member of the International Association of Campus Law Enforcement Administrators (IACLEA).
- Parkland College is also a charter member of the Illinois Campus Law Enforcement Administrators (ICLEA)
- Parkland College maintains a robust mass messaging system, Parkland Alerts, to allow authorized officials of the college to send news and instructions simultaneously to individuals through phone calls, text messaging, email, CobraVison, and computer alerts within moments of a reported critical incident.
- The Parkland College Department of Public Safety's police division actively coordinates and hosts practical response drills.
- All Public Safety police officers are First Responder-certified.

In the event of a significant emergency or dangerous situation on campus that involves an immediate threat to the health and safety of the campus population, the Parkland College Department of Public Safety will initiate, without delay, an Emergency Notification. The notification may be issued with use of any or all of the following communication options:

- Text messages
- Voice messages through phone calls
- College-wide email system to all students, faculty, and staff
- College-wide “pop-up” messaging for all college computers logged on to the college network system
- Messages appearing on CobraVison across campus

Considering the safety of the community, the notification will be sent to all parties in the Parkland College campus alert system unless issuance of the notification will, in the professional judgment of the responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The content of the message will vary depending on the situation.

Further information for those not immediately connected to the campus can be found by monitoring appropriate social media channels, as well as local news media.

After an emergency, such as a tornado, telephone lines may have reduced capacity and telecommunicators will be extremely busy during this time. It is not recommended to attempt to call Parkland College Public Safety immediately after an emergency unless it is to report a life safety situation. This practice will allow lines to remain open for emergency services and communications.

Emergency Operations and Testing

As required by federal and state law, Parkland College has a comprehensive Emergency Operation Plan that details immediate response and evacuation procedures, including the use of electronic and cellular communication. The college’s Emergency Operations Plan includes information about Incident Management Teams, college operating status parameters; incident priorities; shelter-in-place and evacuation guidelines; and overall command and control procedures.

As a part of the comprehensive Emergency Operation Plan for the college, regularly scheduled drills, exercises, and follow-through activities are conducted annually. The college conducts an annual announced test centering on procedures to test the college’s emergency response and evacuation procedures. All tests are documented with description of exercise, date, time and whether announced or unannounced. Appropriate after-action reports are completed and submitted to the state of Illinois for review pursuant to the Illinois Campus Security Enhancement Act. After-action reports detail lessons learned, and follow-up items are identified with responsibilities assigned to appropriate campus entities. Parkland has open lines of communication with METCAD and local police agencies where they inform Parkland about situations reported to them that may warrant an emergency response.

This past year the emergency response and evacuation procedures were tested at a joint evacuation tabletop exercise that was held with the University of Illinois. The exercise was carried out on September 21st, 2021, from 0900—1100 hours, held virtually. It involved both Parkland and University of Illinois police representatives and administrators. The test was announced ahead of time.

Sex and Gender-Based Discrimination, Harassment, and Violence

Parkland College Sex-Based Misconduct Policy

Parkland College is committed to maintaining a safe and healthy educational and employment environment that is free from discrimination, harassment, and other misconduct on the basis of sex, which

includes sexual orientation and gender-related identity. The College prohibits all forms of sex-based misconduct, including but not limited to sex discrimination, sexual harassment, sexual violence, domestic violence, dating violence, and stalking [See Appendix D for definitions]. The College also prohibits discrimination and harassment on the basis of sex, sexual orientation, gender-related identity and expression, pregnancy, and parental status under its Policy 8.26 Harassment/Discrimination – Students and Policy 3.02 Harassment/Discrimination - Employees.

It is the policy of Parkland College to comply with Title IX of the Education Amendments of 1972 (“Title IX”), the Violence Against Women Reauthorization Act (“VAWA”), Title VII of the Civil Rights Act of 1964 (“Title VII”), the Illinois Human Rights Act, the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clery Act”), the Preventing Sexual Violence in Higher Education Act, and all other applicable laws and local ordinances regarding unlawful sex-based discrimination, harassment or other misconduct.

Individuals found to have violated this policy may be subject to discipline which may include the following: expulsion with a re-entry petition period ranging from one to two years minimum; suspension ranging from one semester to two years; psychiatric or psychological evaluation; anger management program completion; conduct probation ranging from one semester to a year; mandatory counseling; campus restrictions with limited access to facilities or places, limited access to services, or limited time on campus; domestic violence counseling program completion; mandatory sensitivity training; substance abuse counseling program completion; administrative withdrawal from current classes (standalone sanction, independent of administrative withdrawals associated with suspensions or expulsions); mandatory behavior contract; no contact order; mandatory conflict resolution program completion; community service; mandatory referral to Wellness Coordinator; employment verification. Disciplinary measures are determined on a case-by-case basis and the above list should not be considered exhaustive of all possible disciplinary options.

Consent

Parkland College recognizes the definition of consent as a knowing and voluntary agreement to engage in sexual activity. Coercion, force, or the threat of either invalidates consent. Consent may not be inferred from silence, passivity, or a lack of verbal or physical resistance. A person’s manner of dress does not constitute consent. Past consent to sexual activities does not imply ongoing or future consent. Consent to engage in sexual activity with one person does not constitute consent to engage in sexual activity with another person. Consent may be withdrawn at any time. A person cannot consent to sexual activity if that person is unable to understand the nature of the activity or give knowing consent due to circumstances, including without limitation the following:

- 1) the person is incapacitated due to the use or influence of alcohol or drugs;
- 2) the person is asleep or unconscious;
- 3) the person is under age; or
- 4) the person is incapacitated due to a mental disability.

The State of Illinois defines consent [720 ILCS 5/11-1.70] as

“...freely given agreement to the act of sexual penetration or sexual conduct in question. Lack of verbal or physical resistance or submission by the victim resulting from the use of force or threat of force by the accused shall not constitute consent. The manner of dress of the victim at the time of the offense shall not constitute consent. (b) It shall be a defense under subsection (b) and subsection (c) of Section 11-1.50 and

subsection (d) of Section 11-1.60 of this Code that the accused reasonably believed the person to be 17 years of age or over. (c) A person who initially consents to sexual penetration or sexual conduct is not deemed to have consented to any sexual penetration or sexual conduct that occurs after he or she withdraws consent during the course of that sexual penetration or sexual conduct.”

Education and Prevention Programs

Parkland College engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking that is

1. culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and
2. considers environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

Educational programming to prevent dating violence, domestic violence, sexual assault, and stalking includes both primary prevention and awareness programs directed at all incoming students and new employees and ongoing awareness and prevention campaigns for students and employees that:

- States Parkland College prohibits the crimes of sexual assault, domestic violence, dating violence, and stalking.
- Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct.
- Defines using definitions provided both by the Department of Education as well as state law what behavior constitutes domestic violence, dating violence, sexual assault, and stalking.
- Defines what behavior and actions constitute consent to sexual activity in the State of Illinois and at Parkland College.
- Provides a description of safe and positive options for bystander intervention. Bystander intervention means safe and positive option that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes recognizing situation of potential harm, understanding institutional structures and cultural condition that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.
- Information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.
- Provides an overview of information contained in the Annual Security Report in compliance with the Clery Act.

Parkland College has developed an annual educational campaign consisting of presentations that include distribution of educational materials to new students and presenting information and materials during new employee orientation.

Procedures for Reporting a Complaint

Parkland College has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal

assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as, academic, transportation and working accommodations, if reasonably available. Parkland College will make such accommodation, if the victim requests them and if they are reasonable and available, regardless of whether the victim chooses to report the crime to Parkland College Public Safety or local law enforcement. Crimes may also be reported to the Title IX Coordinator.

Those who experience an incident of sexual assault, domestic violence, dating violence or stalking have the option to notify law enforcement, including Parkland College Police Department at 217/351-2369 or room A160; be assisted by campus authorities in notifying law enforcement if the victim so chooses; and can decline to notify such authorities.

When a student or employee reports to Parkland College that the student or employee has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus Parkland College will provide the student or employee with a written explanation of the students or employee's rights and options. This includes the procedures victims should follow if a crime of dating violence, domestic violence, sexual assault, or stalking has occurred; information about how Parkland College will protect the confidentiality of victims and other necessary parties, where allowed; information about victim services within Parkland and in the community; options for assistance in, and how to request accommodations to academic, transportation, and working situations and protective measures; and an explanation of the procedures for institutional disciplinary action.

The first priority in a sexual assault is the victim's safety. Those who may have experienced sexual assault, domestic violence, or dating violence are encouraged not to be afraid to seek medical attention and/or to contact the Parkland College Department of Public Safety or other trusted college official to receive resources, professional assistance, and guidance.

If you have been a victim of sexual assault, domestic violence, stalking, or dating violence, give immediate consideration to the following:

Seek medical attention immediately. With the intent of preserving evidence, and not disturbing the crime scene, victims should not shower, change clothes, or disturb the scene of the attack, but should go to the emergency room of a hospital. It is suggested that a friend accompany the victim to the hospital, if possible.

Local hospital/sexual assault resources:

- OSF Medical Center
- Carle Foundation Hospital
- R.A.C.E.S. (Rape Advocacy, Counseling, and Education Services)

Hospital personnel will treat the physical consequences of assault (injury, infection, disease, and pregnancy). Hospitals can also collect evidence that will be needed in the event the victim decides to report the crime to law enforcement. Hospitals are required to inform local law enforcement agencies of sexual assault cases; however, the victim may choose whether to speak with police personnel, college counseling services, or to Public Safety personnel. In the event a victim of sexual assault does not have the financial means (healthcare insurance, self-pay, etc.) to pay for medical treatment resulting from the

assault, upon request, local hospitals do have resources that can grant funding to pay for expenses related to sexual assault including medical procedures, exams, prescriptions, and other medications.

Procedures for Reporting a Complaint to Police

Although it is not required and is entirely left to the discretion of the victim, the Parkland College Department of Public Safety encourages reporting sexual assault, domestic violence, dating violence and stalking to the police. Reporting to the police may seem intimidating, but there is no need to be afraid. Police officers are specially trained to handle such situations with sensitivity and compassion, and victims can feel free to bring a friend or an advocate to accompany a police interview regarding the crime. Properly reporting assault crimes can assist the victim in regaining a sense of personal power and control over the situation.

When a sexual assault, domestic violence, dating violence or stalking case is reported to the police department, the assigned officer will respond to meet the victim in a location preferred by the victim. The victim may request to speak with a male or female officer, depending on personal preference (if there is a preference). The officer will take a preliminary statement in order to obtain the basic facts of the case and will likely recommend the victim seek medical attention if an assault has occurred.

Some victims of sexual assault, domestic violence, dating violence, or stalking are not certain if they want to pursue criminal charges. This is a personal decision that must be made by the victim. Regardless of the choice, the Parkland College Department of Public Safety and the college will respect the decision of the victim as to whether criminal charges are pursued. As means of preventing recurrence of similar crimes, the victim is encouraged to report the crime and the name of the accused so that necessary resources and can be dedicated to recurrence prevention. Additionally, reporting allows for the provision of expanded support service information to the victim.

Victims of sexual assault, domestic violence, dating violence and stalking are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to College hearing boards and police.

For sexual assault, domestic violence, dating violence and stalking that occurs on Parkland College properties or at any Parkland College sanctioned event or activity, contact should be made with the Department of Public Safety at 217/351-2369. Calling 911 on your cell phone will put you through to METCAD. They will take your information and pass it to the Parkland College Police Department, who will respond.

For off-campus incidents, victims may also feel free to contact the Parkland College Police Department as noted above, or the local police department for the city in which the incident occurred. Victims may also report incidents directly to the Title IX Coordinator.

Immediate Care and Preservation of Evidence

If you experience sex- or gender-based discrimination, harassment, or violence; or incidents of rape, acquaintance rape, sexual assault, sexual harassment, stalking, dating violence, or domestic violence, some or all of these safety suggestions may guide you after an incident has occurred:

1. Go to a safe place and speak with someone you trust. Tell this person what happened. If there is any immediate danger, contact the Parkland Police Department at 217.351.2369 or room A160 if you are on campus or call 911 if you are off campus.
2. Consider securing immediate professional support (e.g., counseling, victim advocacy, medical services, etc.) to assist you in the crisis.
3. If you are on campus during regular business hours, you may go to Parkland College Counseling Services in room U267 for support and guidance. This is a confidential resource. After regular business hours, or in any situation where an individual wishes, local resources are also available and may be able to provide confidential assistance.
4. For your safety and well-being, immediate medical attention is encouraged. Further, being examined as soon as possible, ideally within 120 hours, is important in the case of rape or sexual assault.
 - To preserve evidence that may assist in proving a criminal offense occurred or may be helpful in obtaining a protection order, it is recommended that you do not bathe, shower, douche, eat, drink, smoke, brush your teeth, urinate, defecate, or change clothes before receiving medical attention. Even if you have already taken any of these actions, you are still encouraged to have prompt medical care, and evidence may still be recoverable.
 - Typically, if police are involved or will be involved, they will obtain evidence from the scene, and it is best to leave things undisturbed until their arrival. They will gather bedding, linens or unlaundered clothing, and any other pertinent items that may be used for evidence. It is best to allow police to secure items in evidence containers, but if you are involved in transmission of items of evidence, such as to the hospital, secure them in a clean paper bag or clean bedsheet to avoid contamination.
 - If you have physical injuries, photograph or have them photographed, with a date stamp on the photo.
 - Record the names of any witnesses and their contact information. This information may be helpful as proof of a crime, to obtain an order of protection, or to offer proof of a campus policy violation.
 - Try to memorize details (e.g., physical description, names, license plate number, car description, etc.), or even better, write notes to remind you of details, if you have time and the ability to do so.
 - If you obtain external orders of protection (e.g., restraining orders, injunctions, protection from abuse), please notify Parkland College Police Department or the campus Title IX Coordinator so that those orders can be observed on campus.
5. Even after the immediate crisis has passed, consider seeking support from Parkland College Counseling Services and/or the help centers listed on pages 38-39.
6. Contact the Title IX Coordinator if you need assistance with Parkland College concerns, such as no-contact orders or other supportive measures. Parkland College is able to offer reasonable academic supports, transportation resources or modifications, safety escorts, no contact orders, counseling services access, and other supports and resources as needed by a victim. Parkland College is able to offer information about legal assistance, visa/immigration assistance, and student financial aid considerations for victims.

Note: College policy violations are not subject to enforcement for victims of assault or other violent crimes.

Disciplinary Procedures Related to Sexual Assault

With reported cases of sexual assault, domestic violence, dating violence and stalking that come under disciplinary review, both the accuser and the accused are entitled to the following:

- The accuser and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding.
- Both the accuser and the accused are entitled to equal disbursement of information regarding disciplinary proceedings and/or associated investigations.
- Both the accuser and the accused are entitled to the same information regarding the outcome of any institutional disciplinary proceeding that is brought alleging the offense.

Risk Reduction

Although we cannot guarantee that you will never be a victim, there are steps that can be taken to minimize those chances. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence. The following are suggestions to incorporate into daily routines:

On the Street:

- Do not walk alone unless it is absolutely necessary.
- Be aware of what is happening in your surroundings. Know where you are and where you are going.

- If you walk regularly, vary your route. Do not be predictable! Walk away from bushes, alleys and dark entryways. Stay in well-lighted areas.
- Take precaution to prevent being surprised. Attackers rely on the element of surprise. Do not wear headphones when walking alone.
- Trust your instincts. If you think you are being followed, walk toward a busy, lighted area.
- Scream loudly to attract attention and tell someone to call the police.
- If someone bothers you from a car, turn and walk in the opposite direction. If possible, get a license plate number. When you are in a safe place, call 911.

Jogging in Parks and Streets:

- When possible, run with a friend or in a group.
- Try to avoid running alone during the evening hours.

Social Situations:

- When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
- Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, get a new one.
- Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
- Watch out for your friends and vice versa. If a friend seem out of it, is way too intoxicated for the amount of alcohol they've had or is acting out of character, get him or her to a safe place immediately.
- If you suspect you or a friend has been drugged, contact law enforcement immediately. Be explicit with doctors so they can give you the correct tests (You will need a urine test and possibly others). Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
- If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.
- If you need to get out of an uncomfortable or scary situation here are some things that you can try:
 - Remember that being in this situation is not your fault. You did not do anything wrong; it is the person who is making you uncomfortable that is to blame.
 - Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
 - Have a code word with your friends or family so that if you don't feel comfortable you can call them and communicate you discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
 - Lie. If you don't want to hurt the person's feelings, it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else you need to be, etc.

In Your Vehicle:

- Always have keys in your hand as you approach your vehicle. Avoid having to look through bags or purses to find keys.
- Always maintain focus and attention on surroundings. Be aware of what is happening around you. Always look inside your vehicle in the back seat, and on the floor before you get into it.
- Upon entry to your vehicle, immediately lock doors. Keep the car doors locked and your windows up when driving.
- Always have plenty of fuel in the tank of your car.

Preparing for Vehicular Emergencies:

- Know how to change a flat tire. Make certain that the spare tire is in good condition and that the proper auto safety equipment is in your car.
- If your car breaks down at night, turn on your emergency flashers. Remain in your car with the doors locked and the windows closed until the police arrive.
- If another motorist stops to assist you, roll the window down slightly, and ask him or her to call the police or towing service.
- Always carry your cell phone or enough money to make an emergency call.

How to be an Active Bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up or do something about it. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking.

Bystander intervention includes:

- recognizing situations of potential harm,
- understanding institutional structures and cultural conditions that facilitate violence,
- overcoming barriers to intervening
- identifying safe and effective intervention options, and
- taking action to intervene.

We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

- Watch out for your friends and fellow students/employees. If you see someone who look like they could be in trouble or need help, ask if they are okay.
- Confront or report people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
- Speak up when someone discusses plans to take sexual advantage of another person.
- Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
- Refer people to on or off campus resources listed in this report for support in health, counseling, or with legal assistance.

Implementing Parkland’s Policy Prohibiting Sex-Based Misconduct

The College is committed to maintaining a safe and healthy educational and employment environment that is free from discrimination, harassment, and misconduct on the basis of sex, which includes sexual orientation or gender-related identity. The purpose of these Procedures is to implement the College’s Policy Prohibiting Sex-Based Misconduct and Policy 8.26 Harassment/Discrimination – Students and Policy 3.02 Harassment/Discrimination - Employees, ensure a safe and healthy educational and employment environment, and meet legal requirements in accordance with: Title IX of the Education Amendments of 1972 (“Title IX”), which prohibits discrimination on the basis of sex in the College’s education programs or activities; relevant sections of the Violence Against Women Reauthorization Act (“VAWA”); Title VII of the Civil Rights Act of 1964 (“Title VII”), which prohibits discrimination on the basis of sex in employment; relevant sections of the Illinois Human Rights Act, which prohibits discrimination on the basis of sex or sexual orientation, including gender-related identity; the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clery Act”), which requires Timely Warning to the community of certain immediate threats; the Preventing Sexual Violence in Higher Education Act; and other applicable law and local ordinances.

The College has an affirmative duty to take immediate and appropriate action once it knows or its management should know of an act of sex-based discrimination, sexual harassment or other sex-based misconduct in any of its educational or employment programs or activities. The College will promptly and thoroughly investigate any complaints of sexual discrimination, harassment and/or misconduct in accordance with the procedures set forth below.

The College’s Policy Prohibiting Sex-Based Misconduct and these implementing Procedures apply to students, faculty, staff, appointees, or third parties, regardless of sexual orientation or gender-identity, whenever the misconduct occurs:

- A. On College property; or
- B. Off College property if:
 - i. The conduct was in connection with a College or College-recognized program or activity; or
 - ii. The conduct may have the effect of creating a hostile environment for a member of the College community.

These Procedures govern sex-based misconduct in various forms, many of which may trigger legal obligations under one or more state and federal laws. In no case does the inapplicability of a particular legal framework require the College not to address an act of misconduct falling within the scope of these Procedures.

Making a Report of Alleged Sex-Based Misconduct

Any student, employee or community member who wishes to avail himself or herself of these Procedures may do so by making a report to the Title IX Coordinator or Deputy Title IX Coordinator(s). Students may also make a report to any Responsible Employee, as defined below. Detailed information concerning student and employee reporting follows below.

Student Reporting

The College encourages students who have experienced sex-based misconduct to talk with someone about what happened so that they can get the support they need and so that the College can respond appropriately. Different employees on campus have different reporting obligations with regard to alleged sex-based misconduct. Some College employees (referred to as "Responsible Employees") are required to report all incidents of sex-based misconduct to the Title IX Coordinator, including the identities of the persons involved in the incident. While only designated Responsible Employees are required to report all incidents of sex-based misconduct to the Title IX Coordinator, all members of the College community (including students) are encouraged to report such incidents to the Title IX Coordinator.

The various reporting options available are set forth in further detail below. Regardless of to whom a report is made, the College will provide the person alleged to be the victim, if identified, with concise information, written in plain language, of the person's rights and options pursuant to these Procedures.

Immunity for Good Faith Reporting: Students who in good faith report an alleged violation of the College's Policy Prohibiting Sex-Based Misconduct will be granted immunity and will not receive a disciplinary sanction for a student conduct violation (such as underage drinking) revealed during the course of reporting. Immunity will not be provided for student conduct violations which the College

determines are egregious, including without limitation misconduct which places the health or safety of another person at risk.

Student Reporting to the Responsible Employees

A Responsible Employee, as defined in Appendix D, must report to the Title IX Coordinator all relevant details about an alleged incident of sex-based misconduct shared by a student, including the date, time and specific location of the alleged incident, and the names of all involved individuals. To the extent possible, information shared with a Responsible Employee will be disclosed only to the Title IX Coordinator and/or those individuals responsible for handling the College's response to the report.

The following categories of employees are the College's Responsible Employees:

- College Administrators
- Title IX Coordinator
- Faculty
- Campus Police
- Coaches
- All faculty/staff advisors to a Recognized Student Club/Organization
- All full-time Assistants to the President/Vice-Presidents

- All full-time Dean of Students Office staff
- All full-time Human Resources staff

Before a student reveals any information to Responsible Employee, the employee should ensure that the student understands the employee’s reporting obligations. If the student wants to make a confidential report, the Responsible Employee should direct the student to the confidential resources listed below.

If the student wants to tell the Responsible Employee what happened but also maintain confidentiality, the employee should tell the student that the College will consider the request, but that the College cannot guarantee it will be able to honor it. In reporting the details of the incident to the Title IX Coordinator, the Responsible Employee will also inform the Title IX Coordinator of the student’s request for confidentiality.

Student Confidential Reporting

Students who wish to confidentially report an incident of sex-based misconduct may make a confidential report to:

Parkland College Counseling Services
 Room U267
 217-351-2219
 Hours: When College is open, 8 AM-5PM

Parkland College Counselors are Confidential Advisors, as defined in Appendix D. Professional, licensed counselors who provide mental health counseling to students (including counselors who act in that role under the supervision of a licensed counselor) are not required to report any information about an alleged incident to the Title IX Coordinator without a student’s permission.

Note: While the individuals listed above may maintain a student’s confidentiality vis-à-vis the College, they may have reporting or other obligations under State law. Any College employee who suspects or receives knowledge that a minor student may be an abused or neglected child or, for a student aged 18 through 21, an abused or neglected individual with a disability, is required to: 1) immediately report or cause a report to be made to the Illinois Department of Children and Family Services (DCFS) on its Child Abuse Hotline; and 2) follow directions given by DCFS concerning filing a written report within 48 hours with the nearest DCFS field office.

Also Note: If the College determines that a person alleged to be the perpetrator of sexual misconduct poses a serious and immediate threat to the College community, College Police may be called upon to issue a Timely Warning to the College community. Any such warning will not include any information that identifies the person alleged to be the victim.

Employee Reporting

Alleged Sex-Based Misconduct of a Student

In addition to the reporting requirements for Responsible Employees, all College employees who have information regarding sex-based misconduct of a student should report it to the Title IX Coordinator or any Responsible Employee.

Alleged Sex-Based Misconduct of an Employee

An employee should notify the Title IX Coordinator or Human Resources Department if he or she believes that the College or a member of the College community has engaged in sex discrimination, sexual harassment or other sex-based misconduct in violation of the College's Policy 3.01 Prohibition of Sex-Based Misconduct.

Reporting Party's Requesting Confidentiality from the College

Although rare, there are times when the College may not be able to honor a reporting party's request in order to provide a safe, non-discriminatory environment for all students and employees.

The College has designated the following individual(s) to evaluate requests for confidentiality:

- Title IX Coordinator
- Deputy Title IX Coordinators
- Chief of Campus Police

When weighing a reporting party's request for confidentiality or that no investigation or discipline be pursued, a range of factors will be considered, including the following:

- The increased risk that the alleged perpetrator(s) will commit additional acts of sexual
- discrimination, harassment or misconduct, such as:
 - Whether there have been other sexual discrimination complaints about the same alleged perpetrator;
 - Whether the alleged perpetrator has a history of arrests or records from a prior school indicating a history of misconduct or violence;
 - Whether the alleged perpetrator threatened further sexual discrimination or violence against the student victim or others;
- Whether the sexual discrimination was committed by multiple perpetrators;
- Whether the sexual discrimination, harassment or misconduct was perpetrated with a weapon;
- Whether the student victim is a minor;
- Whether the College possesses other means to obtain relevant evidence of the sexual discrimination, harassment or misconduct (e.g., security cameras or physical evidence); And
- Whether the reporting party's report reveals a pattern of perpetration (e.g., via illicit use of drugs or alcohol) at a given location or by a particular group.

The presence of one or more of these factors could lead the College to investigate and, if appropriate, pursue disciplinary action. If none of these factors is present, the College will likely respect the reporting party's request for confidentiality.

If the College determines that it can respect a reporting party's request for confidentiality, the College will take immediate action as necessary to protect and assist the reporting party.

If the College determines that it cannot maintain a reporting party's confidentiality, the College will inform the reporting party at the earliest point possible and will, to the extent possible, only share information with people responsible for handling the College's response. The College will also take immediate action as necessary to protect and assist the reporting party.

If a party's request for confidentiality limits the College's ability to formally investigate a particular allegation, the College may take steps to limit the effects of the alleged sexual discrimination, harassment and/or misconduct and prevent its recurrence without initiating formal action against the alleged perpetrator or revealing the identity of the complainant.

Such action may include, but is not limited to:

- Providing increased monitoring, supervision, or security at locations or activities where the alleged misconduct occurred;
- Providing training and education materials for students and employees;
- Revising and publicizing the College's policies regarding sexual discrimination, harassment and misconduct; and
- Conducting climate surveys regarding sexual misconduct.

Parkland's Response to Reports

Processing of Report

Upon receipt of a report, the Title IX Coordinator will analyze the report to determine the appropriate method for processing and reviewing it.

For any report alleging sexual harassment, as defined under Title IX, and/or alleging sexual violence, domestic violence, dating violence or stalking pursuant to the Preventing Sexual Violence in Higher Education Act, the Title IX Coordinator will promptly contact the person alleged to be the victim (hereinafter "complainant") to:

1. Discuss the availability of supportive measures;
2. Consider the complainant's wishes with respect to supportive measures
3. Inform the complainant of the availability of supportive measures with or without the filing of a formal complaint; and
4. Explain to the complainant the process for filing a formal complaint.

Supportive Measures

Supportive measures (also referred to as "interim protective measures") are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to a complainant or respondent, irrespective of whether a formal complaint has been filed.

Examples of supportive measures that the College may offer include, but are not limited to:

- Counseling, mental health support, and wellness support;
- Extensions of deadlines or other course-related adjustments;
- Leaves of absence;
- Changes to academic, dining, transportation and/or working schedules or situations;
- Increased security and monitoring of certain areas of campus;
- Issuance and enforcement of mutual campus no contact orders; and
- Enforcement of an order of protection or no contact order entered by a State civil or criminal court.

A report of alleged sex-based misconduct may also prompt the College to consider broader remedial action, such as increased monitoring, supervision or security at locations where the alleged incident occurred; increased education and prevention efforts, including to targeted population groups; the use of climate assessments and/or victimization surveys; and/or revisions to the College's policies and practices.

The College will maintain as confidential any supportive measures provided to a complainant or respondent, to the extent that maintaining such confidentiality would not impair the College's ability to provide the supportive measures.

The Title IX Coordinator(s) is/are responsible for coordinating the College's implementation of supportive measures.

Emergency Removals and/or Administrative Leave

Prior to initiating or completing the Grievance Process in response to a formal complaint or in the absence of a formal complaint, the College may remove a respondent from the College's education program or activity on an emergency basis. Where the alleged conduct, if proven, would constitute sexual harassment as defined under Title IX, the College will effectuate an emergency removal only where the College has determined, based on an individualized safety and risk analysis, that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal. In such cases, the College will provide the respondent with notice and an opportunity to challenge the decision immediately following the removal.

In addition, the College may place an employee on administrative leave during the pendency of the Grievance Process in response to a formal complaint.

Clery Act Reporting Obligations

Pursuant to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act ("Clery Act"), 20 U.S.C. § 1092(f), the College will issue Timely Warnings to the campus community about crimes that have already occurred but may continue to pose a serious or ongoing threat to students and employees. The Clery Act also requires the College to maintain a public crime log and publish an Annual Security Report ("ASR") available to all current students and employees. The ASR documents three calendar years of select campus crime statistics (including statistics regarding incidents of dating violence, domestic violence, and stalking), security policies and procedures, and information on the basic rights guaranteed to victims of sexual assault. Parkland College will protect the confidentiality of victims and other necessary parties, such as personally identifying information, in publicly available recordkeeping, including in Timely Warnings and the ASR.

Grievance Process for Complaints

For purposes of this Grievance Process, a formal complaint is a document filed by a complainant or signed by the Title IX Coordinator, alleging (a) sexual harassment in violation of Title IX and/or (b) sexual violence, domestic violence, dating violence or stalking in violation of the Preventing Sexual Violence in Higher Education Act; and requesting that the College investigate the allegation. At the time of filing a formal complaint pursuant to this Grievance Process, the complainant must be participating in or attempting to participate in the College's education programs or activities, either as a student or an employee. Should a formal complaint be filed, the Title IX Coordinator will investigate the formal complaint or appoint a qualified person to undertake the investigation on his or her behalf.

Notice of Allegations

Within 10 school days after signing a formal complaint or receiving a formal complaint filed by a complainant, the Title IX Coordinator will provide written notice to the parties who are known of the following:

1. This Grievance Process, including the informal resolution process, where applicable.

2. The allegations potentially constituting sexual harassment under Title IX and/or sexual violence, domestic violence, dating violence or stalking under the Preventing Sexual Violence in Higher Education Act, including sufficient details known at the time and with sufficient time to prepare a
3. response before any initial interview.
4. That the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process.
5. That the parties may have an advisor of their choice, who may be, but is not required to be, an attorney.
6. That the parties may inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint, including evidence upon which the College does not intend to rely in reaching a determination regarding responsibility, and inculpatory or exculpatory evidence, whether obtained from a party or other source.
7. The College Code of Conduct provision(s) that prohibit knowingly making false statements or knowingly submitting false information during the grievance process.

If, during the course of an investigation, the College decides to investigate allegations that are not included in the initial written notice of allegations, the Title IX Coordinator will provide subsequent written notice of the additional allegations to all known parties.

Informal Resolution

At any time after receiving the initial notice of allegations, and prior to a determination regarding responsibility being reached, the complainant and respondent may request to participate in an informal resolution process. Informal resolution will only occur with both parties' voluntary, written consent. At any time prior to agreeing to a resolution, any party will have the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint.

The College does not permit informal resolution in cases involving alleged sexual harassment, sexual violence, domestic violence, dating violence or stalking by a College employee toward a student.

Consolidation of Formal Complaints

The Title IX Coordinator may consolidate formal complaints as to allegations against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual misconduct arise out of the same facts or circumstances.

Dismissal of Formal Complaints

If, during the course of an investigation or following an investigation into a formal complaint, the Title IX Coordinator or designated Investigator determines that the conduct alleged in the formal complaint would not constitute sexual harassment as defined in 34 C.F.R. § 106.30 (Title IX) even if proved, did not occur in the District's education program or activity, or did not occur against a person in the United States, then the Title IX Coordinator will dismiss the formal complaint with regard to that conduct for purposes of Title IX. In cases where the College determines that Title IX is not applicable but the College still intends to apply this Grievance Process to resolve the alleged misconduct, the College will inform the parties that Title IX is inapplicable but that such Process will nevertheless be applied. In addition, dismissal of a formal complaint for purposes of Title IX does not preclude action under other College policies and procedures.

The Title IX Coordinator may dismiss a formal complaint, or any allegations therein, at any time during an investigation if: (1) the complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; (2) the respondent is no longer

enrolled or employed by the College; or (3) specific circumstances prevent the College from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon dismissal—either of a complaint altogether, or of a complaint for purposes of Title IX—the Title IX Coordinator or Investigator will promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties. Dismissal of a formal complaint under this Process does not preclude action under other College policies and procedures.

Investigation of Formal Complaint

The Title IX Coordinator will appoint one or more trained investigators to undertake an investigation into a formal complaint. Throughout the investigation, the parties will be afforded an equal opportunity to present witnesses including fact and expert witnesses, and other inculpatory and exculpatory evidence. The Investigator will not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence. Any proceeding, meeting, or hearing held to resolve formal complaints pursuant to this Grievance Process will protect the privacy of the participating parties and witnesses.

Both parties will be afforded an opportunity to be accompanied to any meeting or proceeding by an advisor of their choice, who may be, but is not required to be, an attorney. The advisor's role is limited to providing support, guidance and/or advice, and to conducting cross-examination during the live hearing (see Hearing section below). A party's advisor may not speak on behalf of the party during any meeting, interview or hearing and must comply with all behavioral rules and expectations set forth in these Procedures. If a party's advisor violates these Procedures or engages in behavior that harasses, abuses or intimidates a party, witness or individual resolving a complaint, that advisor may be prohibited from further participation.

When a party's participation is invited or expected at an investigative interview or other meeting, the Investigator will provide that party with written notice of the date, time, location, participants, and purpose of said interview or meeting at least three (3) school days prior to the interview or meeting.

At the conclusion of the investigation and prior to the Investigator's completion of his/her investigative report, the Investigator will send to each party (and the party's advisor, if any) the evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint, in electronic format and/or in hard copy. The parties will have 10 school days to submit a written response to the evidence, which the Investigator will consider prior to completion of his/her investigative report.

After receiving and reviewing the parties' written responses, if any, the Investigator will create an investigative report that fairly summarizes the relevant evidence, and will forward a copy of his/her report to the Title IX Coordinator. Upon receipt of the Investigator's Report, the Title IX Coordinator will schedule a hearing. At least ten (10) school days prior to the hearing, the Title IX Coordinator will:

1. Provide both parties with written notice of the hearing date, time, location, participants (including the name of the appointed Hearing Officer) and purpose of the hearing; and
2. Send to each party (and the party's advisor, if any) the investigative report [in electronic format or hard copy] for their review and written response. Any written response submitted by a party to the Title IX Coordinator will be provided to the decision-maker, for the decision-maker's review and consideration, in making a determination of responsibility.

Hearings

A hearing will be conducted by a Hearing Officer appointed by the College. Both parties will have the opportunity to request a substitution if the participation of the appointed Hearing Officer poses a conflict of interest. A party wishing to request a substitution must contact the Title IX Coordinator within three (3) school days after the party's receipt of the notice of hearing to make such a request.

At the request of either party, the College will arrange for the live hearing to occur with the parties located in separate rooms, with technology enabling the Hearing Officer and parties to simultaneously see and hearing the party or witness answering questions. A party wishing to request that the live hearing occur with the parties located in separate rooms must contact the Title IX Coordinator to request such an arrangement at least three (3) school days in advance of the hearing. The College may conduct any live hearing virtually, with the participants in one or more separate geographical locations, and with technology enabling participants simultaneously to see and hear each other.

At the live hearing, each party's advisor will be permitted to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. Such cross-examination will be conducted directly, orally, and in real time by the party's advisor of choice and may never be conducted by a party personally.

The College will assign each party an advisor of the College's choice, free of charge, to conduct cross-examination for that party at the live hearing. Each party will be given notice of such assignment at least ten (10) days prior to the hearing. Each party may elect to bring an advisor of their own choosing instead of the assigned advisor. If a party has already secured an advisor of their own choosing, that party must notify the College of such within three days of receiving notice of the College-assigned advisor. Only relevant questions, as determined by the Hearing Officer, may be asked of a party or witness. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant and will not be permitted, except where:

1. The questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant; or
2. The questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

If a party or witness does not submit to cross-examination at the live hearing, either due to absence from the hearing or due to the party's or witness's refusal to answer cross-examination or other questions, the Hearing Officer will not rely on any statement of that party or witness in reaching a determination regarding responsibility; however, the Hearing Officer will not draw an inference about the determination regarding responsibility based solely on a party's or witness's absence from the live hearing or refusal to answer cross-examination or other questions.

The College will make all evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint available for the parties' inspection and review during the hearing. In addition, the College will create an audio or audiovisual recording, or transcript, of the live hearing, which the Title IX Coordinator will make available to the parties for inspection and review upon request.

Determination Regarding Responsibility

Within ten (10) school days after the conclusion of the hearing, the Hearing Officer will make a decision regarding responsibility. The Hearing Officer will apply a preponderance of the evidence standard when determining responsibility. Within seven (7) school days of reaching his/her decision, the Hearing

Officer will issue a written determination to both parties simultaneously. The written determination will include:

1. Identification of the allegations potentially constituting sexual harassment as defined in 34 C.F.R. § 106.30 (Title IX) and/or constituting sexual violence, domestic violence, dating violence or stalking pursuant to the Preventing Sexual Violence in Higher Education Act;
2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the College Code of Conduct or other conduct standards to the facts;
5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the College imposes on the respondent, and whether remedies designed to restore or preserve equal access to the College's education program or activity will be provided by the College to the complainant; and
6. The procedures and permissible bases for the complainant and respondent to appeal.

Appeals

Both parties will have the right to appeal any determination regarding responsibility, and any dismissal of a formal complaint or allegations therein, to the Title IX Coordinator or designee. An appeal must be based on one or more of the following grounds:

1. A procedural irregularity occurred;
2. New evidence or information exists that could affect the outcome of the matter;
3. The Title IX Coordinator, Investigator or Hearing Officer had a conflict of interest or bias for or against complainants or respondents generally, or the individual complainant or respondent, that affected the outcome of the matter; and/or
4. The sanction is disproportionate with the violation.

A party who wishes to appeal a determination regarding responsibility or a dismissal of a formal complaint or allegations therein must submit a written appeal request to the Title IX Coordinator within seven (7) school days of the party's receipt of the written determination or written dismissal notice. The written appeal request must identify the ground(s) on which the party seeks to appeal the determination or dismissal.

Within seven (7) school days of the Title IX Coordinator's receipt of an appeal request, the Title IX Coordinator will forward the appeal request to a designee assigned by the Title IX Coordinator and will notify the other party in writing that an appeal has been filed. Before reaching a determination regarding the appeal, the designee assigned by the Title IX Coordinator will afford both parties an equal opportunity to submit a statement in support of, or challenging, the determination or responsibility or dismissal that is the subject of the appeal. Within seven (7) school days after the designee has concluded his/her review of the appeal, the designee will issue a written decision simultaneously to both parties, describing the outcome of the appeal and the rationale for the outcome. The designee's decision is final.

Training

The Title IX Coordinator(s) and anyone else involved in the receipt of reports of, responding to, investigating or adjudicating alleged incidents of sexual discrimination, harassment or other misconduct, or involved in the referral or provision of services to survivors receive annual education and training on primary prevention, bystander intervention, risk reduction, consent, reporting obligations, investigation

procedures, confidentiality requirements, relevant College policies and procedures, retaliation, survivor-centered and trauma-informed response, relevant definitions, and other pertinent topics.

In addition to the above training, individuals who investigate or resolve complaints, including through informal resolutions, receive at least 8-10 hours of annual training on issues related to Preventing Sexual Violence in Higher Education Act offenses including sexual violence, domestic violence, dating violence, and stalking; the scope of the College's education program or activity; the Title IX and College definitions of sexual harassment; how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias; and how to conduct the College's Grievance Process. Decision-makers in particular receive training on any technology to be used at live hearings and on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. Investigators in particular receive training on issues of relevance so as to enable them to create an investigative report that fairly summarizes relevant evidence.

All Confidential Advisors receive 40 hours of training on sexual violence before being designated a Confidential Advisor. Annually thereafter, Confidential Advisors attend a minimum of six (6) hours of ongoing educational training on issues related to sexual violence. Confidential Advisors also receive periodic training on the College administrative process, interim protective measures and accommodations, and the College's Grievance Process.

The College, in conjunction with its Parkland College Sexual Violence Prevention task force established pursuant to the Campus Security Enhancement Act of 2008 (110 ILCS 12/10), will annually review its training offerings to identify ways in which to enhance its effectiveness.

Any materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, will not rely on sex stereotypes and will promote impartial investigations and adjudications of formal complaints of sexual harassment.

Drug and Alcohol-Free Campus and Workplace

In compliance with the Drug-Free Workplace Act of 1989 and the Drug-Free Schools and Campuses Amendment of 1989, Parkland College prohibits the unlawful possession, use, manufacture, or distribution of illegal drugs, alcoholic beverages, and unlawful substances by students or by employees on campus property or as part of any college activities. The unlawful possession, use, manufacture, or distribution of illegal drugs, alcoholic beverages and unlawful substances is prohibited in the workplace and as part of the campus environment. The "workplace" encompasses all of the Parkland College campus and any property controlled by the college.

Employees found to have violated this policy may be subject to discipline which may include a verbal warning, written warning, unpaid suspension, or termination. The severity of a violation will determine the severity of the discipline and some steps along the continuum may be skipped if appropriate.

Students found to have violated this policy may be subject to discipline which may include the following: expulsion with a re-entry petition period ranging from one to two years minimum; suspension ranging from one semester to two years; psychiatric or psychological evaluation; anger management program completion; conduct probation ranging from one semester to a year; mandatory counseling; campus restrictions with limited access to facilities or places, limited access to services, or limited time on

campus; domestic violence counseling program completion; mandatory sensitivity training; substance abuse counseling program completion; administrative withdrawal from current classes(standalone sanction, independent of administrative withdrawals associated with suspensions or expulsions); mandatory behavior contract; no contact order; mandatory conflict resolution program completion; community service; mandatory referral to Wellness Coordinator; employment verification. Disciplinary measures are determined on a case-by-case basis and the above list should not be considered to be exhaustive of all possible disciplinary options.

Individuals found to have violated this may also be subject to referral for prosecution for illegal activity, consistent with local, state, and federal laws. In addition, as the campus and all college properties are a smoke-free work environment, the use of any tobacco products is prohibited. This includes but is not limited to smokeless tobacco and electronic cigarettes.

State Laws on Drug and Alcohol Use

In Illinois, it is against the law to sell or deliver alcohol to anyone under 21 or to any intoxicated person. Violations can result in fines of up to \$1,000 and one year in jail. It is also illegal for a person under 21 to present false identification in an attempt to purchase alcohol. On-campus violations are strictly enforced by Parkland Police, and additional penalties may be imposed.

The Secretary of State is authorized to suspend or revoke without a hearing the driver's license or instruction permit of a person under 21 who has purchased or attempted to purchase alcohol from a duly licensed establishment or who has consumed alcohol on licensed premises.

Local liquor commissioners have the duty to report to the Secretary of State any conviction for a violation of the Liquor Control Act, or a similar provision of a local ordinance, prohibiting a person under 21 from purchasing, accepting, possessing or consuming alcohol and prohibiting the transfer or alteration of identification cards, the use of the identification card of another or a false or forged identification card, or the use of false information to obtain an identification card.

The Secretary of State is authorized to suspend or revoke the driver's license or learner's permit of any person convicted of violating any of the prohibitions listed above or similar provisions of local ordinances.

Substantial penalties exist in Illinois for the operation of a motor vehicle by a driver with a blood or breath alcohol concentration of .08 or greater. Arrests are also possible at lower alcohol levels if driving is impaired. The first offense can result in a \$1,000 fine, incarceration for up to one year, and suspension or revocation of the offender's driver's license. Subsequent offenses entail penalties of significantly greater severity. Transporting open alcohol containers in a motor vehicle is also punishable under Illinois law.

Possession and delivery of illicit drugs are prohibited in Illinois through the Cannabis Control Act [740 ILCS 40/0.01 et seq.] and the Controlled Substances Act [720 ILCS 570/100 et seq. and 720 ILCS 570/401 et seq.]. Penalties vary with the amount of the drug confiscated; the type of drug found; the number of previous offenses by the individual; and whether the individual intended to manufacture, sell or use the drug. A first-time conviction of possession of a controlled substance can result in a one- to three-year prison sentence, plus a fine of up to \$15,000. More severe penalties may be imposed for conviction of class 2, 3 or 4 felonies involving manufacture or delivery to a minor. Vehicles used with

knowledge of the owner in the commission of any offense prohibited by the Cannabis Control Act or Controlled Substances Act can be seized by the government, and all ownership rights are forfeited.

Federal Laws on Drug and Alcohol Use

Under federal sentencing guidelines, federal courts can sentence simple-possession first offenders to one year in prison and a \$100,000 fine. Penalties for subsequent convictions are significantly more severe. A sentence of life imprisonment can result from a conviction for possession of a controlled substance that results in death or bodily injury. Possession of more than five grams of cocaine can trigger an intent-to-distribute penalty of 10 to 16 years in prison.

Drug and Alcohol Abuse Education Programs

The following information regarding programming comes from the current Biennial Review as required by the Drug Free School and Communities Act (DFSCA). For further information please reference that document. The programs listed below are categorized by segment of the college.

Student Services

1. Parkland College has continued its involvement with the Illinois Higher Ed Center through Eastern Illinois University.

Those who attend are given a packet which includes brochures about alcohol and drug use, alcohol poisoning, and legal ramifications of under-age drinking and driving.
3. As of March 2020, all campus activities moved online and in tis current format, orientation may be found online with video links on the website to support all new students.
4. Each semester, the Vice President for Student Services distributes an electronic copy of the alcohol policy to all enrolled students.

Counseling Center

Counselors in the Counseling and Advising Center are available to assist students with alcohol and/or other drug-related issues and other personal problems and difficulties.

Upon request or evidenced by need, information was provided on alcohol support groups and treatment options in the Champaign-Urbana area and within and outside the Parkland College district. Every effort was made to assist students in connecting with services. These providers include:

4. Each semester Student Life would coordinate alcohol and drug awareness programs with the Wellness Center and Public Safety. These events include Dine & Discuss: Alcohol and Sex and "New Legalization of Recreational Marijuana: Laws and Restrictions" which provided an overview of the law, discuss how it might impact students, and provided other vital information.

Human Resources

The college complies with Department of Transportation 49 CFR part 40 regulations. Drivers with a CDL who operate vehicles with a gross vehicle weight rating of 26,001 or more pounds or designed to carry 16 or more persons (including the driver) are subject to random drug and alcohol testing. Parkland College participates in a Random Drug Testing Consortium administered by Carle Clinic, Urbana, IL. Testing is scheduled quarterly and names are determined randomly by the Consortium. Testing is also performed when there is a reasonable suspicion of drug/alcohol use.

All public safety officers are screened for alcohol and other drugs as part of their pre-employment process. Random testing may also be done on all officers up to twice a year. Drug or alcohol testing may also be done on individual officers when the College has "reasonable suspicion" that an officer is under the influence of alcohol, marijuana or a controlled substance during work hours.

During the encompassing time frame, there were no formal supervisory referrals and zero employees requested assistance for substance abuse/addiction through Parkland's Employee Assistance Program (EAP).

In 2018 - 2020 Carle Employee Assistance Program provided three training sessions on campus.

The college posts monthly newsletters from Carle for both employees and supervisors, on the internal portal site. We also post these articles in campus news on the portal. This is available to all full and part time employees of the College. EAP posters are mounted in approximately 25 locations.

Parkland College Human Resources posts an annual Alcohol and Drug Use reminder in December of each year. This is posted electronically through the internal portal which is available to all full and part time employees.

Bystander Intervention: see Section 5 of the Preventing Sexual Violence in Higher Education Act, 110 ILCS 155/5.

Complainant: an individual who is alleged to be the victim of conduct that could constitute sex-based misconduct.

Confidential Advisor: a person who is employed or contracted by the College to provide emergency and ongoing support to student survivors of sexual violence. Confidential Advisors may include persons employed by a community-based sexual assault crisis center with whom the College partners. Individuals designated as “Responsible Employees” in Section VI of these Procedures are not Confidential Advisors.

Consent: knowing and voluntary agreement to engage in sexual activity. Coercion, force, or the threat of either invalidates consent. Consent may not be inferred from silence, passivity, or a lack of verbal or physical resistance. A person’s manner of dress does not constitute consent. Past consent to sexual activities does not imply ongoing or future consent. Consent to engage in sexual activity with one person does not constitute consent to engage in sexual activity with another person. Consent may be withdrawn at any time. A person cannot consent to sexual activity if that person is unable to understand the nature of the activity or give knowing consent due to circumstances, including without limitation the following:

- 1) the person is incapacitated due to the use or influence of alcohol or drugs;
- 2) the person is asleep or unconscious;
- 3) the person is under age; or
- 4) the person is incapacitated due to a mental disability.

Dating Violence: violence committed by a person:

- 1) who is or has been in a social relationship of a romantic or intimate nature with the victim; and
- 2) where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

Domestic Violence: includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the State of Illinois, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the State of Illinois.

Education Program or Activity: a location, event, or circumstance over which the College exercised substantial control over both the respondent and the context in which the sex-based misconduct occurs, and also includes any building owned or controlled by a student organization that is officially recognized by the College.

Hate Crime: an act or an attempted act that violates a criminal statute by any person that in any way constitutes an expression of hostility toward the victim because of his or her sex, race, ethnicity, religion, age, disability, national origin, sexual orientation, or gender-related identity, color, marital status, military status or unfavorable military discharge.

Hostile Environment Caused by Sexual Harassment: a sexually harassing hostile environment is created when conduct by an individual is so severe, pervasive or persistent that it denies or limits an individual's ability to participate in or receive the benefits, services or opportunities of the College's educational programs or activities or the individual's employment access, benefits or opportunities. In determining whether a hostile environment has been created, the conduct in question will be considered from both a subjective and an objective perspective of a reasonable person in the alleged victim's position, considering all the circumstances.

Incapacitation: when a person is incapable of giving consent due to the person's age, use of drugs or alcohol, or because an intellectual or other disability which prevents the person from having the capacity to give consent.

Intimidation: to intentionally make another timid or fearful, to compel or deter by or as if by threats. Intimidation is a form of retaliation prohibited by the College's Policy Prohibiting Sex-Based Misconduct and these Procedures.

Preponderance of the Evidence: when considering all the evidence in the case, the decision-maker is persuaded that the allegations are more probably true than not true.

Respondent: an individual who has been reported to be the perpetrator of conduct that could constitute sex-based misconduct.

Responsible Employee: a College employee who has the authority to redress sex-based misconduct, who has the duty to report incidents of such misconduct or other student misconduct, or whom a student could reasonably believe has this authority or duty. Section VI of these Procedures lists categories of employees who are Responsible Employees for the College.

Retaliation: Any form of retaliation, including intimidation, threats, harassment and other adverse action taken or threatened against any complainant or person reporting or filing a complaint alleging sexual discrimination, harassment or misconduct or any person cooperating in the investigation of such allegations (including testifying, assisting or participating in any manner in an investigation) is strictly prohibited. Action is generally deemed adverse if it would deter a reasonable person in the same circumstances from opposing practices prohibited by the College's Sex-Based Misconduct Policy and these Procedures. Retaliation may result in disciplinary or other action independent of the sanctions or supportive measures imposed in response to the allegations of sexual discrimination, harassment or misconduct.

Sexual Assault: any type of sexual contact or behavior that occurs by force or coercion, without consent of the recipient of the unwanted sexual activity, or in a familial relationship of a degree that would prohibit marriage. It includes sexual acts against a person who is unable to consent either due to age or lack of capacity or impairment. Examples include forcible sexual intercourse, forcible sodomy, forcible fondling, child molestation, incest, attempted rape, statutory rape and rape. Sexual assault can occur between members of the same or opposite sex. Sexual assault includes any forced act against one's will where sex is the weapon.

Sex-Based Misconduct: Misconduct on the basis of sex, sexual orientation or gender-related identity. Such misconduct includes sex discrimination, sexual harassment, sexual assault, sexual exploitation, dating violence, domestic violence, sexual violence and stalking.

Sexual Exploitation: when a person takes non-consensual or abusive sexual advantage of another for anyone's advantage or benefit other than the person being exploited, and that behavior does not meet the definition of sexual assault. Sexual exploitation includes prostituting another person, non-consensual visual or audio recording of sexual activity, non-consensual distribution of photos or other images of an individual's sexual activity or intimate body parts with an intent to embarrass such individual, non-consensual voyeurism, knowingly transmitting HIV or a sexually transmitted disease to another, or exposing one's genitals to another in non-consensual circumstances.

Sexual Harassment: Unwelcome sexual advances, requests for sexual acts or favors, and other verbal, non-verbal or physical conduct of a sexual nature when:

- Submission to such conduct is made explicitly or implicitly a term or condition of an individual's employment, academic advancement, evaluation, or grades;
- Submission to or rejection of such conduct by an individual is used as a basis for employment, academic advancement, evaluation, or grading decisions affecting that individual;
- Such conduct has the purpose or effect of substantially interfering with an individual's employment or educational performance or creating an intimidating, hostile, or offensive employment or educational environment; or
- Such conduct denies or limits an individual's ability to participate in or receive the benefits, services or opportunities of the College's educational programs or activities or the individual's employment access, benefits or opportunities.

Examples of conduct of a sexual nature may include:

- Verbal: Specific demands for sexual favors, sexual innuendoes, sexually suggestive comments, jokes of a sexual nature, sexual propositions, or sexual threats, whether spoken or in emails, articles, documents, or other writings.
- Non-Verbal: Sexually suggestive objects or pictures, graphic commentaries, suggestive or insulting sounds or gestures, leering, whistling, or obscene gestures.
- Physical: Touching, pinching, brushing the body, or any unwelcome or coerced sexual activity, including sexual assault.

Sexual Violence: physical sexual acts attempted or perpetuated against a person's will or where a person is incapable of giving consent (e.g., due to the person's age, use of drugs or alcohol, or because an intellectual or other disability prevents the person from having the capacity to give consent). Sexual violence includes, but is not limited to, rape, sexual assault, sexual battery, sexual abuse and sexual coercion. All such acts of sexual violence are forms of sex discrimination prohibited by Title IX.

Survivor: an individual who has experienced sexual violence, domestic violence, dating violence, or stalking while enrolled, employed, or attending an event at a higher education institution.
